In the Matter of the First Amended Accusation Against: **RENYAN WANG, M.D.** **23670 Ridgecrest Court** **Diamond Bar, CA 91765** **Physician's and Surgeon's Certificate No. A 51781,** Respondent.	Case No. 800-2014-007236 **STIPULATED SURRENDER OF LICENSE AND ORDER**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Kimberly Kirchmeyer (Complainant) is the Executive Director of the Medical Board of California (Board). She brought this action solely in her official capacity and is represented in this matter by Xavier Becerra, Attorney General of the State of California, by Christina L. Sein, Deputy Attorney General.

2. Renyan Wang, M.D. (Respondent) is representing himself in this proceeding and has chosen not to exercise his right to be represented by counsel.

3. On or about May 24, 2001, the Medical Board issued Physician's and Surgeon's Certificate Number A 51781 to Respondent. The Physician's and Surgeon's Certificate is

currently in delinquent status.

JURISDICTION

4. First Amended Accusation No. 800-2014-007236 was filed before the Board and is currently pending against Respondent. The First Amended Accusation and all other statutorily required documents were properly served on Respondent. A copy of First Amended Accusation No. 800-2014-007236 is attached as Exhibit A and incorporated by reference.

ADVISEMENT AND WAIVERS

5. Respondent has carefully read, and understands the charges and allegations in First Amended Accusation No. 800-2014-007236. Respondent also has carefully read, and understands the effects of this Stipulated Surrender of License and Order.

6. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the First Amended Accusation; the right to be represented by counsel, at his own expense; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

8. Respondent does not contest that, at an administrative hearing, Complainant could establish a *prima facie* case with respect to the charges and allegations contained in First Amended Accusation No. 800-2014-007236, agrees that cause exists for discipline and hereby surrenders Physician's and Surgeon's Certificate Number A 51781 for the Board's formal acceptance.

9. Respondent understands that by signing this stipulation he enables the Board to issue an order accepting the surrender of his Physician's and Surgeon's Certificate without further process.

CONTINGENCY

10. This stipulation shall be subject to approval by the Board. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Board regarding this stipulation and surrender, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Surrender and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

11. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Surrender of License and Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

12. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Order:

ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate Number A 51781 issued to Respondent Renyan Wang, M.D., is surrendered and accepted by the Medical Board of California.

1. The surrender of Respondent's Physician's and Surgeon's Certificate and the acceptance of the surrendered license by the Board shall constitute the imposition of discipline against Respondent. This stipulation constitutes a record of the discipline and shall become a part of Respondent's license history with the Medical Board of California.

2. Respondent shall lose all rights and privileges as a Physician and Surgeon in California as of the effective date of the Board's Decision and Order.

3. Respondent shall cause to be delivered to the Board his pocket license and, if one was issued, his wall certificate on or before the effective date of the Decision and Order.

///

4. If Respondent ever files an application for licensure or a petition for reinstatement in the State of California, the Board shall treat it as a petition for reinstatement. Respondent must comply with all the laws, regulations and procedures for reinstatement of a revoked license in effect at the time the petition is filed, and all of the charges and allegations contained in First Amended Accusation No. 800-2014-007236 shall be deemed to be true, correct and admitted by Respondent when the Board determines whether to grant or deny the petition.

5. If Respondent should ever apply or reapply for a new license or certification, or petition for reinstatement of a license, by any other health care licensing agency in the State of California, all of the charges and allegations contained in First Amended Accusation, No. 800-2014-007236 shall be deemed to be true, correct, and admitted by Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or restrict licensure.

ACCEPTANCE

I have carefully read the Stipulated Surrender of License and Order. I understand the stipulation and the effect it will have on my Physician's and Surgeon's Certificate. I enter into this Stipulated Surrender of License and Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Medical Board of California.

DATED: Sep 19 2017

RENYAN WANG, M.D.
Respondent

Complainant alleges:

PARTIES

1. Kimberly Kirchmeyer (Complainant) brings this First Amended Accusation solely in her official capacity as the Executive Director of the Medical Board of California, Department of Consumer Affairs (Board).

2. On or about May 24, 2001, the Medical Board issued Physician's and Surgeon's Certificate Number A 51781 to Renyan Wang, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought herein and is currently in delinquent status.

///

JURISDICTION

3. This First Amended Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 822 of the Code states:

"If a licensing agency determines that its licentiate's ability to practice his or her profession safely is impaired because the licentiate is mentally ill, or physically ill affecting competency, the licensing agency may take action by any one of the following methods:

"(a) Revoking the licentiate's certificate or license.

"(b) Suspending the licentiate's right to practice.

"(c) Placing the licentiate on probation.

"(d) Taking such other action in relation to the licentiate as the licensing agency in its discretion deems proper.

"The licensing section shall not reinstate a revoked or suspended certificate or license until it has received competent evidence of the absence or control of the condition which caused its action and until it is satisfied that with due regard for the public health and safety the person's right to practice his or her profession may be safely reinstated."

5. Section 2234, subdivision (c), of the Code states:

"The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

"....

"(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts.

"(1) An initial negligent diagnosis followed by an act or omission medically appropriate for that negligent diagnosis of the patient shall constitute a single negligent act.

"(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care."

6. Section 118, subdivision (b), of the Code states:

"(b) The suspension, expiration, or forfeiture by operation of law of a license issued by a board in the department, or its suspension, forfeiture, or cancellation by order of the board or by order of a court of law, or its surrender without the written consent of the board, shall not, during any period in which it may be renewed, restored, reissued, or reinstated, deprive the board of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground."

FIRST CAUSE FOR DISCIPLINE

(Impaired Ability to Practice Safely)

7. Respondent's license is subject to disciplinary action under section 822 of the Code in that Respondent is suffering from personal health issues related to memory and, as a result, stopped practicing medicine in 2014. Respondent has no intention to return to the practice of medicine.

SECOND CAUSE FOR DISCIPLINE

(Repeated Negligent Acts)

8. Respondent's license is subject to disciplinary action under section 2234, subdivision (c), of the Code in that he committed repeated negligent acts in his care and treatment of R.F. The circumstances are as follows

9. At all times relevant to the allegations contained herein, Respondent was a licensed physician and surgeon, board certified in anesthesiology.

10. On or about September 28, 2011, R.F.,[1] a 47-year-old male at the time, was scheduled

[1] The patient is referred to by initials to protect his privacy.

for an umbilical hernia repair. Anesthesia for the procedure was provided by Respondent.

11. Anesthesia start time was 8:35 a.m. Surgery start time was 8:50 a.m. Surgery end time was 9:00 a.m. Anesthesia end time was 9:35 a.m.

12. At the start time of the procedure, 8:50 a.m., the patient's oxygen saturation fell to 85%. Respondent replaced the laryngeal mask airway with an endotracheal tube. CPR and advanced cardiac life support (ACLS) later followed. The patient was resuscitated and transported to the hospital where he developed a fatal arrhythmia and died on September 29, 2011.

13. Anesthesiology focuses on, but is not limited to, the preoperative, intraoperative, and postoperative evaluation and treatment of patients who are rendered unconscious and/or insensible to pain and emotional stress during surgical or other medical procedures, clinical management of cardiac and pulmonary resuscitation, and evaluation of respiratory function and application of respiratory therapy.

14. The standard of care requires performance of a preanesthesia evaluation involving the assessment of information from multiple sources, including medical records, patient interviews, physical examinations, and findings from preoperative tests. The standard preanesthesia evaluation contains four parts: content, timing, routine preoperative tests, and selective preoperative tests.

15. Anesthesia care is a continuum and is viewed as consisting of preanesthesia, intraoperative/procedural anesthesia and post anesthesia components. The standard of care requires that anesthesia care be documented to reflect these components and facilitate review.

16. Under the standard of care, anesthesiologists' responsibilities to patients include assessment of, consultation for and preparation of patients for anesthesia, determination of the patient's medical status and developing and prescribing a plan of anesthesia care, medical management of patients and the anesthetic for the planned procedures including obtaining consults as necessary, and postanesthetic evaluation and treatment. Anesthesiologists are also experts in additional areas such as resuscitation procedures.

///

17. Respondent's care and treatment of R.F. as set forth above in Paragraphs 10 through 17, include the following acts and/or omissions which constitute repeated negligent acts:

A. The content of the preanesthesia evaluation lacked Respondent's evaluation of the preoperative cardiac evaluation and his review of R.F.'s medications.

B. The intraoperative documentation omitted several pieces of information and therefore lacked accuracy, including the (i) induction dose; (ii) vaporizing agent use; (iii) site of the IV; (iv) placement of the blood pressure cuff; (v) monitoring of the ETCO2; (vi) mode of ventilation; (vii) a 0.2 mg dose of Epinephrine; (viii) pulseless electrical activity (PEA); and (ix) reason for the change from a laryngeal mask airway to an endotracheal tube.

C. Respondent's documentation did not accurately document the time and dosage of medications given to R.F.

D. Respondent failed to display knowledge of diagnosis of Bupivacaine intravascular injection, PEA, the treatment of PEA, resuscitation procedures as provided in ACLS certification, and drug doses of Epinephrine used in resuscitation.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

1. Revoking or suspending Physician's and Surgeon's Certificate Number A 51781, issued to Renyan Wang, M.D.;

2. Revoking, suspending or denying approval of Renyan Wang, M.D.'s authority to supervise physician assistants and advanced practice nurses;

3. Ordering Renyan Wang, M.D., if placed on probation, to pay the Board the costs of probation monitoring; and
