RE: Physician's and Surgeon's Certificate No. A74440
Case No. 800-2018-043328

Public Letter of Reprimand

An investigation by the Medical Board of California revealed you departed from the standard of care during the course of treatment of two patients when you failed to provide appropriate treatment and/or medications to a patient with pneumonia; and when you gave instructions for a patient in respiratory distress to be taken to the emergency department, but failed to coordinate the emergent referral to a higher level of care.

These actions constitute a violation of California Business and Professions Code, section 2234(c) – Repeated Negligent Acts.

Pursuant to the authority of the California Business and Professions Code, section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
