Case No. 800-2015-016016

**DEFAULT DECISION
AND ORDER**

[Gov. Code, §11520]

17 **FINDINGS OF FACT**

18 1. On or about May 16, 2017, Complainant Kimberly Kirchmeyer, in her official
19 capacity as the Executive Director of the Medical Board of California, filed Accusation No. 800-
20 2015-016016 against Christopher Dean Owens, M.D. (Respondent) before the Board.

21 2. On or about July 1, 2009, the Medical Board of California (Board) issued Physician's
22 and Surgeon's Certificate No. A108740 to Respondent. The Physician's and Surgeon's Certificate
23 was in full force and effect at all times relevant to the charges brought herein and will expire on
24 July 31, 2017, unless renewed. On April 26, 2017, said certificate was suspended by order of the
25 Board and the suspension will continue until a final decision is issued.

26 3. On August 14, 2015, the Board received a consumer complaint that Respondent
27 might be using illicit substances. On December 29, 2016, the Board ordered Respondent to
28

1 undergo a psychiatric evaluation to determine whether his ability to practice medicine was
2 impaired by substance abuse.

3 4. On January 20, 2017, Respondent was evaluated by a psychiatrist. The psychiatrist
4 performed testing, interviewed Respondent and reviewed extensive investigation materials. The
5 expert opined that Respondent suffers from a Substance Abuse Disorder and his continued
6 practice of medicine endangers patients. (Declaration of Salma Khan, M.D., Exhibit Package,
7 Exhibit A¹)

8 5. On April 25, 2017, a hearing was held before an Administrative Law Judge who
9 concluded that Respondent is unsafe to practice medicine and issued an Interim Suspension
10 Order. (Decision, Exhibit B) The Order required the Board to file an Accusation within 30 days
11 of the effective date of the Order, which was April 26, 2017.

12 6. On May 16, 2017, an Accusation was served from the Department of Justice.
13 Michelle C. Dubonnet, an employee of the Department of Justice, served by Certified Mail a copy
14 of the Accusation No. 800-2015-016016, Statement to Respondent, Notice of Defense, Request
15 for Discovery, and Government Code sections 11507.5, 11507.6, and 11507.7 to Respondent's
16 address of record with the Board, which was and is UCSF Vascular Surgery Dept., 400 Parnassus
17 Avenue, Suite A-581, San Francisco, CA 94143. The Statement to Respondent advised
18 Respondent that he was required to complete, sign and return a Notice of Defense if he desired a
19 hearing on the charges. A copy of the Accusation, the related documents, and Declaration of
20 Service are included in the Exhibit Packet as Exhibit C.

21 7. Based upon statements made by Respondent at an interview with the Board's
22 investigator, the Board had reason to believe that, although Respondent had not changed his
23 address of record with the Board, that Respondent might receive mail at 50 Illinois Street, Apt.
24 311, Indianapolis, Indiana 47031. Copies of the above-described documents were also served by
25 Certified Mail to that address.

27 ¹ The evidence in support of this Default Decision and Order is submitted herewith as
28 "Exhibit Package."

8. At all relevant times, Respondent was represented by attorney Lewis Romero, whose address is 885 Bryant Street, Floor 2, San Francisco, CA 94103. Copies of the above-described documents were served on Respondent's attorney on the same date as service on Respondent.

9. Service of the Accusation was effective as a matter of law under the provisions of Government Code section 11505, subdivision (c).

10. On or about May 24, 2017, the aforementioned documents were returned from Respondent's address of record by the U.S. Postal Service (USPS) marked "No longer here -- RTS." A copy of the envelope returned by the post office is included as Exhibit D, and is incorporated herein by reference. On June 9, 2017, a search of USPS for the copies sent to the Indianapolis address revealed that, despite receiving a notice of attempted delivery, the documents were unclaimed by Respondent. A tracking report for the Certified Mail delivery is included as Exhibit E.

11. On May 31, 2017, a green delivery receipt card showing actual service on Respondent's attorney was received and a copy is included as Exhibit F.

12. On May 31, 2017, a Courtesy Notice of Default was served by Certified Mail to Respondent's address of record, his Indiana address and the address of his attorney of record. The Notice of Default provided Respondent with a copy of the Accusation and Notice of Defense, advised him that he was in default and cautioned him that a decision would be rendered by the Board without a hearing if he did not take action. Respondent did not file a Notice of Defense or otherwise respond. A copy of the Notice and the green delivery receipt card showing actual delivery to his attorney of record are included as Exhibit G.

STATUTORY AUTHORITY

13. Section 820 of the Code provides as follows:

“Whenever it appears that any person holding a license, certificate or permit under this division or under any initiative act referred to in this division may be unable to practice his or her profession safely because the licentiate's ability to practice is impaired due to mental illness, or physical illness affecting competency, the licensing agency may order the licentiate to be examined by one or more physicians and surgeons or psychologists designated by the agency.

1 The report of the examiners shall be made available to the licentiate and may be received as direct
2 evidence in proceedings conducted pursuant to Section 822."

3 14. Section 822 of the Code provides that if the Board determines that a licensee's ability
4 to practice his profession safely is impaired because the licensee is mentally ill, or physically ill
5 affecting competency, the licensing agency may take action by revoking or suspending the
6 license, placing the licensee on probation, or taking such other action as the licensing agency in
7 its discretion deems proper.

8 15. Section 2239 of the Code states:

9 A(a) The use or prescribing for or administering to himself or herself, of any controlled
10 substance; or the use of any of the dangerous drugs specified in Section 4022, or of alcoholic
11 beverages, to the extent, or in such a manner as to be dangerous or injurious to the licensee, or to
12 any other person or to the public, or to the extent that such use impairs the ability of the licensee
13 to practice medicine safely or more than one misdemeanor or any felony involving the use,
14 consumption, or self-administration of any of the substances referred to in this section, or any
15 combination thereof, constitutes unprofessional conduct. The record of the conviction is
16 conclusive evidence of such unprofessional conduct.

17 16. Government Code section 11506 states, in pertinent part:

18 "(c) The respondent shall be entitled to a hearing on the merits if the respondent files a
19 notice of defense, and the notice shall be deemed a specific denial of all parts of the accusation
20 not expressly admitted. Failure to file a notice of defense shall constitute a waiver of
21 respondent's right to a hearing, but the agency in its discretion may nevertheless grant a hearing."

22 17. Respondent failed to file a Notice of Defense within 15 days after service upon him
23 of the Accusation, and therefore waived his right to a hearing on the merits of Accusation No.
24 800-2015-016016.

25 18. California Government Code section 11520 states, in pertinent part:

26 "(a) If the respondent either fails to file a notice of defense or to appear at the hearing, the
27 agency may take action based upon the respondent's express admissions or upon other evidence
28 and affidavits may be used as evidence without any notice to respondent."

1 19. Pursuant to its authority under Government Code section 11520, the Board finds
2 Respondent is in default. The Board will take action without further hearing and, based on
3 Respondent's express admissions by way of default and the evidence before it, contained in
4 Exhibits A-G finds that the allegations in Accusation No. 800-2015-016016 are true.

5 DETERMINATION OF ISSUES

6 1. Based on the foregoing findings of fact, Respondent Christopher Dean Owens, M.D.
7 has subjected his Physician's and Surgeon's Certificate No. A108740 to discipline.

8 2. A copy of the Accusation and the related documents and Declaration of Service are
9 attached.

10 3. The agency has jurisdiction to adjudicate this case by default.

11 4. The Board is authorized to revoke Respondent's Physician's and Surgeon's Certificate
12 based upon the following violations alleged in the Accusation:

13 "Respondent Christopher Dean Owens, M.D. is subject to disciplinary action under sections
14 2234, 2239 and 822 of the Code, in that he self-administered illicit drugs and has been diagnosed
15 with a substance abuse disorder."

16 ORDER

17 IT IS SO ORDERED that Physician's and Surgeon's Certificate No. A108740, heretofore
18 issued to Respondent Christopher Dean Owens, M.D., is revoked.

19 Pursuant to Government Code section 11520, subdivision (c), Respondent may serve a
20 written motion requesting that the Decision be vacated and stating the grounds relied on within
21 seven (7) days after service of the Decision on Respondent. The agency in its discretion may
22 vacate the Decision and grant a hearing on a showing of good cause, as defined in the statute.

23 This Decision shall become effective on July 21, 2017 at 5:00 p.m.

24 It is so ORDERED on June 22, 2017.

5. Section 2234 of the Code, states:

“The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

“(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

3 related to the qualifications, functions, or duties of a physician and surgeon.

4 “(f) Any action or conduct which would have warranted the denial of a certificate.

7 apply to this subdivision. This subdivision shall become operative upon the implementation of the

FIRST CAUSE FOR DISCIPLINARY ACTION

(Mental/Physical Impairment; Substance Abuse)

11. Respondent Christopher Dean Owens, M.D. is subject to disciplinary action under sections 2234, 2239 and 822 of the Code, in that he self-administered illicit drugs and has been diagnosed with a substance abuse disorder. The circumstances are as follows:

12. On August 14, 2015, the Central Complaint Unit of the Medical Board of California received a consumer complaint that Respondent was prescribing controlled substances to his girlfriend, D.P.¹, who was not his patient and was not receiving medical care from him. The complaint also stated that Respondent's girlfriend had reported that Respondent was abusing illicit, non-prescription drugs.

¹ Names are abbreviated to protect privacy interests.

12. Investigators for the Board proceeded to investigate the allegations of inappropriate prescribing. The Board's investigators obtained CURES² reports and prescription profiles, which showed that Respondent did in fact prescribe oxycodone, a potent opioid medication, to D.P. between January 27, 2011 and June 11, 2015. Respondent was also prescribing opioids, benzodiazepines and amphetamines to other individuals. The prescriptions, which total 81, were written while Respondent's field of practice was Vascular Surgery and his DEA Certificate was restricted to "official university duties" attendant to his academic appointment at UCSF Medical Center ("UCSF"). The custodian of records for UCSF certified that no medical records for any of these individuals existed, thereby giving rise to a concern that the prescriptions were not supported by a bona fide medical condition.

13. On June 2, 2016, the Board received information that D.P. had died. The Board's investigators obtained the reports of the San Francisco Police Department ("SFPD"), the Medical Examiner and the UCSF Police Department, which revealed that D.P. died at her home on June 1, 2016, due to an overdose of gamma-Hydroxybutyric acid³ and methamphetamine. The SFPD report stated that Respondent was present in the home at the time, but he told the investigating officers he had fallen asleep after they ingested GHB together and did not find D.P. deceased in the shower until hours after her overdose.

14. On June 3, 2016, UCSF summarily suspended Respondent's staff privileges and conducted an investigation of Respondent's prescribing. UCSF notified the Board of its adverse

² The Controlled substance Utilization Review and Evaluation System (CURES) stores Schedule II, III, and IV controlled substance prescription information reported as dispensed in California. CURES contains the following information: patient name, patient date of birth, patient address, prescriber name, prescriber DEA number, pharmacy name, pharmacy license number, date prescription was dispensed, prescription number, drug name, drug quantity and strength, and number of refills remaining.

³ Gamma-Hydroxybutyric acid, also referred to by street names GHB, Liquid Ecstasy and Liquid X, is a central nervous system depressant and drug of abuse referred to as a "club drug" or "date rape drug."

1 action against Respondent and the Board's investigators issued an 805.1 subpoena⁴ for the
2 internal disciplinary documents. Those documents included many emails between Respondent
3 and the Director of Medical Staff Affairs, as well as an interview with the Medical Staff
4 Committee, in which Respondent vehemently denied writing any illegal prescriptions and also
5 denied using any prescribed or non-prescribed narcotics other than "a little pot."

6
7 15. Respondent was arrested by UCSF Police Department detectives on November 3,
8 2016 on charges of fraudulent prescribing. In an interview that was conducted after Respondent
9 had been read his *Miranda* rights, Respondent contradicted his statements to the UCSF Medical
10 Staff and admitted to prescribing opioids for D.P. and others. He stated that D.P. was addicted to
11 methamphetamine. When asked about his own methamphetamine use, Respondent stated that he
12 had smoked methamphetamine, but insisted he had done so no more than a dozen times.

13
14 16. On December 22, 2016, pursuant to Business and Professions Code section 820,
15 the Board issued an Order compelling Respondent to undergo a psychiatric evaluation to
16 determine whether he was able to safely and effectively perform the duties of a physician and
17 surgeon.

18
19 17. On January 20, 2017, Respondent was evaluated a psychiatrist retained by the
20 Board for that purpose. On February 2, 2017, the psychiatrist provided her report, which contains
21 her findings, opinions and conclusions regarding Respondent's fitness to practice medicine.
22 Respondent admitted a substance abuse history dating from adolescence. He also admitted that
23 his writing prescriptions to his girlfriend and to other friends and colleagues was based on
24

25
26
27 ⁴ Business and Professions Code §805 provides that a peer review body must notify the
28 Medical Board of any adverse action against a physician's staff privileges. Section 805.1
provides that the Board may inspect the records of any disciplinary proceeding before a peer
review body.

1 “dubious moral grounds.” The evaluator diagnosed Respondent with Alcohol Use Disorder,
2 Likely Methamphetamine Use Disorder and likely Gamma-Hydroxybutyric Acid Use Disorder.

3 18. On March 30, 2017, Respondent was interviewed by the Board’s investigator and
4 medical consultant. Respondent stated that he believed D.P. to be addicted to opiates, both legal
5 and illegal. At that time, Respondent admitted personally using illicit substances, including GHB
6 and methamphetamine. Respondent stated that he was working at recovery from a substance
7 abuse disorder and that his drug of choice had been methamphetamine.
8

9 **SECOND CAUSE FOR DISCIPLINARY ACTION**

10 (Violation of Drug Laws)

11 19. Respondent Christopher Dean Owens, M.D. is subject to disciplinary action under
12 sections 2234, 2238 and 2241 in that he prescribed controlled substances to non-patients without
13 a valid medical indication and who he knew or reasonably believed would use the drugs for a
14 nonmedical purpose. The circumstances are as follows:
15

16 20. Complainant incorporates Paragraphs 11, 12, 14, 15 and 18 of the First Cause for
17 Disciplinary Action herein as though fully set forth.

18 21. None of the persons to whom he prescribed were patients at the UCSF Medical
19 Center, albeit his DEA certificate was restricted to his duties at that institution. Respondent had
20 no records of examination, diagnosis or treatment for any of the persons to whom he prescribed
21 controlled substances. Respondent admitted that he knew or reasonably believed D.P. to be an
22 addict during the time that he prescribed controlled substances to her.
23

24 **PRAYER**

25 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
26 and that following the hearing, the Board issue a decision:
27
28

1 1. Revoking or suspending Physician's and Surgeon's Certificate Number A108740,
2 issued to Christopher Dean Owens, M.D.;

3 2. Revoking, suspending or denying approval of Christopher Dean Owens, M.D.'s
4 authority pursuant to section 3527 of the Code to supervise physician assistants and advanced
5 practice nurses;

6 3. Ordering Christopher Dean Owens, M.D., if placed on probation, to pay the Board the
7 costs of probation monitoring; and

8 4. Taking such other and further action as deemed necessary and proper.
