RE: Physician's and Surgeon's Certificate No. A 99986
Case No. 800-2019-055597

Public Letter of Reprimand

An investigation conducted by the Board revealed that you deviated from the standard of care for medical record-keeping, lack of an operative note, and inability to retrieve or provide pertinent data and information regarding a patient's office surgery. In addition, you failed to adequately assess a patient's psychological and medical condition, as well as the presence of scarring from a prior operation, and to make an appropriate, safe recommendation for the degree of anesthesia and proper location for a patient's planned surgical procedure.

These actions constitute a violation of Business and Professions Code Section(s): 2266 and 2234.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
