RE: Physician's and Surgeon's Certificate No. A 110804
Case No. **800-2019-059949**

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you departed from the standard of care with one patient by failing to seek timely follow-up appointments including examination and x-rays to assess fracture alignments; and concluding that the patient had a huge remodeling potential and reasoning that follow-up timely examinations were not necessary to assess neurological status, status of the skin and quality of the cast, as well as the position of the fracture.

These actions constitute a violation of California Business and Professions Code section 2234 and 2234(b).

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.

William Prasifka
Executive Director
