In the Matter of the Accusation Against: **ALFRED BOCHNER, M.D.** 1225 Crane Street, Suite 7198 Menlo Park, CA 94025 Physician and Surgeon Certificate No. C25822 Respondent.	**No. D-4857** **STIPULATION AND WAIVER**

IT IS HEREBY STIPULATED by and between the respondent ALFRED BOCHNER, M.D., by and through his attorney, Laurence P. Wilson, and the Executive Director of the Medical Board of California, by and through its attorney, Isa R. Rodriguez, Deputy Attorney General, as follows:

1. That Accusation No. D-4857 is presently pending against respondent ALFRED BOCHNER, M.D., (hereinafter referred to as "respondent") in the above-entitled matter.

2. That respondent was served by registered mail with the Accusation, Statement to Respondent, and Notice of Defense in the above-entitled matter.

3. That respondent understands the nature of the charges alleged in the above-mentioned pending Accusation as constituting possible grounds for

disciplinary action against his certificate.

4. That respondent is fully aware of his right to a hearing on the charges and allegations contained in the above-mentioned pending accusation.

5. That respondent fully and voluntarily waives his right to a hearing on the charges and allegations contained in the above-mentioned pending accusation and that he further agrees to waive his right to reconsideration, judicial review, and any and all other rights which may be accorded him by the Administrative Procedure Act and the law of the State of California with regard to Accusation NO. D-4857.

6. That it is acknowledged by the parties hereto that this Stipulation constitutes an offer in settlement to the Medical Board of California (hereinafter referred to as "Board") and is not effective until adoption by said agency.

7. That in the event this Stipulation is not adopted by the Board, nothing herein recited shall be construed as a waiver of respondent's right to a hearing or as an admission of the truth of any of the matters charged in the Accusation.

8. That all admissions of fact and conclusions of law contained in this Stipulation are made exclusively for this proceeding and any further proceedings between the Board and the respondent and shall not be deemed to be admissions for any purpose in any other administrative, civil or criminal action, forum, or proceeding.

9. That respondent acknowledges that the Board could establish the violations of Business and Professions Codes section 2241 contained in Accusation No. D-4857 (hereinafter attached as Exhibit A) with prima facie evidence including documents and testimony and that this would constitute grounds for discipline as alleged.

10. That respondent asserts that had this matter proceeded to hearing he would have introduced legal and equitable defenses as well as mitigatory and explanatory evidence. However, for purposes of these negotiations and in order to avoid the unduly burdensome cost and uncertainty inherent in litigation, respondent has

chosen to forego his right to defend against the allegations as to Business and Professions Code section 2241.

11. That by entering into this Stipulation respondent does not thereby deprive himself of the right to defend against these allegations in any other forum or proceeding.

12. That respondent expressly denies all other allegations.

13. That based on the foregoing recitals respondent agrees that the Board has grounds for imposing discipline.
