This Public Reprimand is issued as a result of action undertaken by the Illinois Department of Financial and Professional Regulation Division of Professional Regulation:

On December 24, 2014, a Consent Order was issued regarding Respondent’s license to practice medicine in Illinois. The Consent Order was based on allegations that in her treatment of pediatric patients for symptoms associated with autism, Respondent: failed to disclose her financial interest in a treatment she recommended (hyperbaric chamber oxygen therapy) and the compounding of medications that she prescribed to patients; failed to keep adequate medical records; and, failed to obtain informed consent for certain treatments, including chelation therapy. Under the terms of the Consent Order, Respondent’s Illinois license was placed on indefinite probation for a minimum of one year. Respondent was required to take continuing medical education in proper record
keeping and documentation, professional responsibility and medical ethics. She was required to submit patient charts for review of her record keeping and charting of patient treatment, and to pay a fine.

A professionalism program taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the program would have been approved by the Board or its designee had the program been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the program or not later than 15 calendar days after the effective date of the Decision, whichever is later. 3. This Accusation is brought before the Medical Board of California (Board) under the authority of the following sections of the California Business and Professions Code (Code) and/or other relevant statutory enactment:

A. Section 2227 of the Code provides in part that the Board may revoke, suspend for a period not to exceed one year, or place on probation, the license of any licensee who has been found guilty under the Medical Practice Act, and may recover the costs of probation monitoring.

B.
