27 2. Respondent Robert Charles Lowry, M.D. (Respondent) is represented in this
28 proceeding by attorney Nathan Mubasher, whose address is:

1 Law Offices of Nathan Mubasher
2 2621 Green River Rd.
3 STE 105, PMB 403
4 Corona, CA 92882

5 3. On or about September 22, 2004, the Board issued Physician's and Surgeon's
6 Certificate No. G 87326 to Robert Charles Lowry, M.D. The Physician's and Surgeon's
7 Certificate was in full force and effect at all times relevant to the charges brought in Accusation
8 No. 800-2019-051616, and will expire on January 31, 2020, unless renewed.

9 **JURISDICTION**

10 4. Accusation No. 800-2019-051616 was filed before the Board, and is currently
11 pending against Respondent. The Accusation and all other statutorily required documents were
12 properly served on Respondent on May 30, 2019. Respondent filed his Notice of Defense
13 contesting the Accusation.

14 5. A copy of Accusation No. 800-2019-051616 is attached as exhibit A and incorporated
15 herein by reference.

16 **ADVISEMENT AND WAIVERS**

17 6. Respondent has carefully read, fully discussed with counsel, and understands the
18 charges and allegations in Accusation No. 800-2019-051616. Respondent has also carefully read,
19 fully discussed with counsel, and understands the effects of this Stipulated Settlement and
20 Disciplinary Order.

21 7. Respondent is fully aware of his legal rights in this matter, including the right to a
22 hearing on the charges and allegations in the Accusation; the right to confront and cross-examine
23 the witnesses against him; the right to present evidence and to testify on his own behalf; the right
24 to the issuance of subpoenas to compel the attendance of witnesses and the production of

27 8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and
28 every right set forth above.

1 CULPABILITY

2 9. Respondent understands and agrees that the charges and allegations in Accusation
3 No. 800-2019-051616, if proven at a hearing, constitute cause for imposing discipline upon his
4 Physician's and Surgeon's Certificate.

5 10. For the purpose of resolving the Accusation without the expense and uncertainty of
6 further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual
7 basis for the charges in the Accusation, and that Respondent hereby gives up his right to contest
8 those charges.

9 11. Respondent agrees that his Physician's and Surgeon's Certificate is subject to
10 discipline and he agrees to be bound by the Board's imposition of discipline as set forth in the
11 Disciplinary Order below.

12 CONTINGENCY

13 12. This stipulation shall be subject to approval by the Medical Board of California.
14 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
15 Board of California may communicate directly with the Board regarding this stipulation and
16 settlement, without notice to or participation by Respondent or his counsel. By signing the
17 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek
18 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
19 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
20 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
21 action between the parties, and the Board shall not be disqualified from further action by having
22 considered this matter.

23 13. The parties understand and agree that Portable Document Format (PDF) and facsimile
24 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
25 signatures thereto, shall have the same force and effect as the originals.

26 14. In consideration of the foregoing admissions and stipulations, the parties agree that
27 the Board may, without further notice or formal proceeding, issue and enter the following
28 Disciplinary Order:

1 DISCIPLINARY ORDER

2 A. PUBLIC REPRIMAND

3 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 87326 issued
4 to Respondent ROBERT CHARLES LOWRY, M.D shall be and is hereby publicly reprimanded.
5 pursuant to California Business and Professions Code section 2227 subdivision (a)(4). This
6 Public Reprimand, which is issued in connection with Respondent's actions as set forth in
7 Accusation No. 800-2019-051616 is as follows:

8 In December 2018, the Texas Medical Board issued an Order concluding that Respondent
9 failed to adequately document a physical examination for a patient. The Order also found that
10 Respondent improperly employed or associated with a person in the practice of medicine whose
11 license had been suspended. The Texas Medical Board ordered that Respondent pass a medical
12 jurisprudence examination and complete continuing medical education. Respondent is seeking
13 judicial review in Texas of part of the Texas Medical Board Order.

14 B. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the
15 effective date of this Decision, Respondent shall enroll in a course in medical record keeping
16 approved in advance by the Board or its designee. Respondent shall provide the approved course
17 provider with any information and documents that the approved course provider may deem
18 pertinent. Respondent shall participate in and successfully complete the classroom component of
19 the course not later than six (6) months after Respondent's initial enrollment. Respondent shall
20 successfully complete any other component of the course within one (1) year of enrollment. The
21 medical record keeping course shall be at Respondent's expense and shall be in addition to the
22 Continuing Medical Education (CME) requirements for renewal of licensure.

23 A medical record keeping course taken after the acts that gave rise to the charges in the
24 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
25 or its designee, be accepted towards the fulfillment of this condition if the course would have
26 been approved by the Board or its designee had the course been taken after the effective date of
27 this Decision.

28 Respondent shall submit a certification of successful completion to the Board or its

1 designee not later than 15 calendar days after successfully completing the course, or not later than
2 15 calendar days after the effective date of the Decision, whichever is later.

3 Respondent understands and agrees that failure to enroll in and complete the course, as set
4 forth above, shall constitute unprofessional conduct and grounds for further disciplinary action.

21 **PARTIES**

22 1. Kimberly Kirchmeyer (Complainant) is the Executive Director of the Medical Board
23 of California, Department of Consumer Affairs, and brings this Accusation solely in her official
24 capacity.

25 2. On September 22, 2004, the Board issued Physician's and Surgeon's Certificate
26 Number G 87326 to Robert Charles Lowry, M.D. (Respondent). The certificate is renewed and
27 current with an expiration date of January 31, 2020.

JURISDICTION

3. This Accusation is brought before the Medical Board of California (Board) under the authority of the following sections of the California Business and Professions Code (Code) and other relevant statutory enactments:

4. Section 2227 of the Code provides, in part, that the Board may revoke, suspend for a period not to exceed one year, or place on probation, the license of any licensee who has been found guilty under the Medical Practice Act, and may recover the costs of probation monitoring.

5. Section 2305 of the Code provides, in part, that the revocation, suspension, or other discipline, restriction or limitation imposed by another state upon a license to practice medicine issued by that state, or the revocation, suspension, or restriction of the authority to practice medicine by any agency of the federal government, that would have been grounds for discipline in California under the Medical Practice Act, constitutes grounds for discipline for unprofessional conduct against the licensee in California.

6. Section 141 of the Code provides:

(a) For any licensee holding a license issued by a board under the jurisdiction of the department, a disciplinary action taken by another state, by any agency of the federal government, or by another country for any act substantially related to the practice regulated by the California license, may be a ground for disciplinary action by the respective state licensing board. A certified copy of the record of the disciplinary action taken against the licensee by another state, an agency of the federal government, or another country shall be conclusive evidence of the events related therein.

(b) Nothing in this section shall preclude a board from applying a specific statutory provision in the licensing act administered by that board that provides for discipline based upon a disciplinary action taken against the licensee by another state, an agency of the federal government, or another country.

CAUSE FOR DISCIPLINE

(Discipline, Restriction, or Limitation Imposed by another State)

7. On December 7, 2018, the Texas Medical Board (Texas Board) entered a Final Order against Respondent. The Final Order found that Respondent (1) aided and abetted the unlicensed practice of medicine by employing a physician, whose license was suspended, to interpret and sign off on EEG reports, (2) violated medical recordkeeping requirements, (3) failed to exercise due diligence in his practice when he failed to sign, or have another Texas-licensed physician

1 sign, a patient's EEG report, and (4) failed to follow the standard of care and failed to use proper
2 diligence by failing to evaluate a patient's pain management regimen in any way after the patient
3 tested positive for opioids. The Final Order required, among other conditions, Respondent
4 (within one year and three attempts) to pass a medical jurisprudence exam, and within one year
5 complete at least 32 hours of continuing medical education, with eight hours in each of the
6 following areas: medical recordkeeping, billing, medical ethics, and risk management. A copy of
7 the Final Order issued by the Texas Board is attached as Exhibit A.

8 8. Respondent's conduct and the action of the Texas Board as set forth above constitute
9 unprofessional conduct within the meaning of section 2305 and conduct subject to discipline
10 within the meaning of section 141(a).

12 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,

HEARING CONDUCTED BY THE
TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS
SOAH DOCKET NO. 503-17-5961.MD
TEXAS MEDICAL LICENSE NO. J-9179

IN THE MATTER OF THE
COMPLAINT AGAINST

ROBERT CHARLES LOWRY, M.D.

BEFORE THE

TEXAS MEDICAL BOARD

FINAL ORDER

During an open meeting at Austin, Texas, the Texas Medical Board (Board) finds that the above-styled case was assigned to and presided over by Administrative Law Judge (ALJ) Meitra Farhadi of the State Office of Administrative Hearings (SOAH). The hearing on the merits was convened on June 12, 2018. The ALJ issued a Proposal for Decision (PFD) on September 26, 2018 that contained Findings of Fact and Conclusions of Law. The PFD was properly served on all parties, and all parties were given an opportunity to file exceptions and replies as part of the record herein. No exceptions were filed.

The Board, after review and due consideration of the PFD, adopts the Findings of Fact and Conclusions of Law of the ALJs.

FINDINGS OF FACT

Factual Background

1. Robert Charles Lowry, M.D. is a physician and holds Texas Medical License No. J-9179. Dr. Lowry's medical license was issued by a predecessor agency to the Texas Medical Board (Board), the Texas State Board of Medical Examiners, on December 8, 1995.
2. Dr. Lowry practices in the area of physical medicine and rehabilitation. He is not Board-certified. In the last 7 or 8 years, he has focused on concussive syndrome in patients, and uses electroencephalograms (EEGs) as a tool in diagnosing concussions.

Aiding and Abetting the Unlicensed Practice of Medicine

3. Dr. Lowry hired Dr. Dennis Barson, a neurologist, in 2014. Dr. Lowry knew that Dr. Barson was under federal investigation for medical billing fraud at a previous clinic. Dr. Barson was paid for each day he was in the clinic, and no written employment agreement was executed.

4. Dr. Barson's license to practice medicine was suspended by the Board on February 26, 2015.
5. After Dr. Barson's license was suspended by the Board, he no longer saw patients at Dr. Lowry's clinic; but he was still paid by Dr. Lowry to interpret and sign off on EEG reports for at least three patients.
6. Dr. Barson's Virginia medical license was suspended on April 29, 2015. After that date, Dr. Lowry still called Dr. Barson to ask his opinion regarding Dr. Lowry's interpretation of patient EEGs.
7. Dr. Lowry employed and associated in the practice of medicine with Dr. Barson after Dr. Barson's Texas medical license had been suspended.

Standard of Care and Nontherapeutic Prescribing

8. The standard of care for a patient presenting with pain and mental health symptoms requires a physician to explore the patient's complaint and pursue a diagnosis and treatment plan if possible.
9. The standard of care for a patient presenting with depression, mood swings, and possible bipolar behavior, and also testing positive for oxycodone, requires a physician to order some sort of special consult.
10. A patient's medical history is very important for determining whether they are presenting with a neurological condition or a psychiatric condition.
11. There was no evidence regarding what the general accepted standard of care requires a physician to include in a patient's medical history.
12. Patient 4 was referred to Dr. Lowry by their primary care physician to perform an EEG.
13. Patient 4's medical records contain no record of a physical examination.
14. There was no evidence that the general accepted standard of care requires a doctor performing an EEG requested by a patient's PCP to perform a physical exam.
15. EEG reports must be signed by the physician who interpreted the data. The EEG report contained in Patient 4's medical records is unsigned.
16. Patient 5 was referred to Dr. Lowry from their PCP for a complaint of neck, shoulder and right extremity pain. Patient 5 also complained of difficulty sleeping, depressed mood, and mood swings. After learning the patient had been in an accident 4 years prior, Dr. Lowry ordered an 84-hour ambulatory EEG and subsequently diagnosed the patient as having a concussion.

17. Ambulatory EEGs lasting longer than 48 hours are not typical, but are sometimes used.
18. There was no evidence that ordering an 84-hour ambulatory EEG for possible concussion is outside the generally-accepted standard of care.
19. The medical records for Patient 5 suggest that the EEG was ordered to evaluate the patient for epileptic activity due to a history of convulsions and seizures; in fact, Dr. Lowry ordered the EEG for a possible concussion.
20. There was no evidence that failing to document the appropriate rationale for ordering Patient 5's EEG is a violation of the standard of care.
21. Patient 5 tested positive for oxycodone.
22. Dr. Lowry did not evaluate Patient 5's pain management regimen in any way after the patient tested positive for opioids.
23. Patient 5 showed signs of psychological distress, but Dr. Lowry did not refer Patient 5 for a psychiatric consult because he believed the patient's problems were neurological rather than psychiatric.
24. Dr. Lowry referred Patient 5 for neuropsych testing.

Medical Recordkeeping

25. Dr. Lowry's medical records for Patient 4 consist of 3 pages: (1) an unsigned EEG report; (2) a document showing who the referring physician was, the patient's medical history, and a list of medications the patient is taking; and (3) billing for the EEG test.
26. There is no documentation of a physical examination or of prior diagnostic imaging for Patient 4.
27. Patient 4's medical records contain the rationale for the encounter, relevant history, an assessment, a plan for care, and the rationale and results of diagnostic services.
28. For Patient 4, Dr. Lowry failed to adequately document a physical examination.
29. Patient 5's medical records include previous imaging studies, the patient's history, a list of medications, and the EEG and signed report.
30. For Dr. Lowry's medical records for Patient 5, some of the patient encounters are missing a list of medications, and one is missing a plan of care.
31. For Patient 5, Dr. Lowry failed to adequately document a plan of care for one patient encounter, and a medication list for two patient encounters.

Aggravating and Mitigating Factors

32. Dr. Lowry committed one or more violations that involve more than one patient.
33. No evidence showed actual harm to any patient.

Procedural History

34. Staff of the Board (Staff) filed the Complaint in this case on August 31, 2017.
35. Staff filed the Notice of Adjudicative Hearing and Corrections to the Complaint on May 25, 2018.
36. The Notice of Adjudicative Hearing contained a statement of the time, place, and nature of the hearing; a statement of the legal authority and jurisdiction under which the hearing was to be held; a reference to the particular sections of the statutes and rules involved; and a short, plain statement of the factual matters asserted.
37. The hearing on the merits convened on June 12, 2018 before Administrative Law Judge Meitra Farhadi at the hearings facility of the State Office of Administrative Hearings (SOAH) in Austin, Texas. Staff was represented by attorney Michelle McFaddin, and Respondent was represented by attorney Kevin Miller. The record closed on July 30, 2018, after the parties filed their written closing briefs.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter pursuant to the Medical Practice Act, Texas Occupations Code, Title 3, Subtitle B.
2. SOAH has jurisdiction to hold a contested case hearing and to issue findings of fact and conclusions of law pursuant to Texas Government Code, Chapter 2003.
3. Dr. Lowry was adequately and timely apprised of the hearing and the allegations against him. Tex. Occ. Code §164.005(f); Tex. Gov't Code §§2001.051-.052.
4. Staff had the burden of proving the alleged violations by a preponderance of the evidence. 1 Tex. Admin. Code §155.427.

Aiding and Abetting the Unlicensed Practice of Medicine

5. The Act prohibits anyone from practicing medicine in Texas unless they are licensed by the Board. Tex. Occ. Code §155.001.
6. "Practicing medicine" means the diagnosis, treatment, or offer to treat a mental or physical disease or disorder or a physical deformity or injury to any system or method, or

the attempt to effect cures of those conditions, by a person who: (A) publicly professes to be a physician or surgeon; or (B) directly or indirectly charges money or other compensation for those services. Tex. Occ. Code §151.002(13).

7. The Act also prohibits physicians from directly or indirectly employing a person whose license to practice medicine has been suspended, canceled, or revoked; or associating in the practice of medicine with a person: (A) whose license to practice medicine has been suspended, canceled, or revoked; or (B) who has been convicted of the unlawful practice of medicine in this state or elsewhere. Tex. Occ. Code §164.052(a)(14)-(15).
8. Dr. Lowry is subject to discipline under §164.051(a)(1) of the Act, which authorizes the Board to take disciplinary action against a physician who commits an act prohibited under §164.052.

Medical Recordkeeping

9. A physician is required to maintain an adequate medical record for each patient that is complete, contemporaneous, and legible: 22 Tex. Admin. Code §165.1.
10. An adequate medical record should include documentation of, inter alia, each patient encounter including the reason for the encounter and relevant history, physical examination findings, and prior diagnostic test results; an assessment, clinical impression, or diagnosis; and a plan for care; and the rationale for and results of diagnostic and other ancillary services. 22 Tex. Admin. Code §165.(a)(1), (3).
11. Respondent violated medical recordkeeping requirements generally applicable to physicians by:
 - Failing to adequately document a physical examination for Patient 4;
 - Failing to adequately document a plan of care for one encounter with Patient 5;
 - Failing to adequately document a medication list for two patient encounters with Patient 5.

22 Tex. Admin Code §165.1(a).

12. Because he violated the Board's rules on medical recordkeeping, Respondent is subject to discipline by the Board. Tex. Occ. Code §164.051(a)(3).

Standard of Care and Nontherapeutic Prescribing

13. Dr. Lowry failed to exercise due diligence in his practice when he failed to sign, or have another Texas-licensed physician sign, Patient 4's EEG report.
14. Dr. Lowry failed to follow the standard of care and failed to use proper diligence in his medical practice by failing to evaluate Patient 5's pain management regimen in any way after the patient tested positive for opioids.

15. Dr. Lowry is subject to discipline under §164.051(a)(6) of the Act, which authorizes the Board to take disciplinary action against a physician who fails to practice medicine in an acceptable professional manner consistent with public health and welfare. "[F]ailure to practice in an acceptable professional manner" includes: failing to treat a patient according to the generally accepted standard of care; and failing to use proper diligence on one's professional practice. 22 Tex. Admin. Code §190.8(1)(A), (C).
16. The Board may take disciplinary action against a physician who prescribes or administers a drug or treatment that is nontherapeutic. Tex. Occ. Code §164.053(a)(5).
17. Staff did not prove that Dr. Lowry engaged in nontherapeutic prescribing.

Sanction

18. The Board, except for good cause shown, is required to take disciplinary action against a licensed physician determined to have violated a Board rule or the Act. Tex. Occ. Code §164.001.
19. Aggravating and mitigating factors may be considered by the Board in disciplinary actions. Staff had the burden to present evidence regarding aggravating factors, while Dr. Lowry had the burden to present evidence regarding mitigating factors. 22 Tex. Admin. Code §190.15.

ORDER

The Board hereby adopts the Findings of Fact and Conclusions of Law as proposed by the ALJ.
