16 "(b) Any matter heard pursuant to subdivision (a), except for warning letters, medical

19 successfully completed by the licensee, or other matters made confidential or privileged by
20 existing law, is deemed public, and shall be made available to the public by the board pursuant to
21 Section 803.1."

22 7. Section 820 of the Code states:

23 "Whenever it appears that any person holding a license, certificate or permit under this
24 division or under any initiative act referred to in this division may be unable to practice his or her
25 profession safely because the licensee's ability to practice is impaired due to mental illness, or
26 physical illness affecting competency, the licensing agency may order the licensee to be
27 examined by one or more physicians and surgeons or psychologists designated by the agency.

28 ///

7 "(a) Revoking the licentiate's certificate or license.

8 "(b) Suspending the licentiate's right to practice.

9 "(c) Placing the licentiate on probation.

10 "(d) Taking such other action in relation to the licentiate as the licensing agency in its
11 discretion deems proper.

12 "The licensing agency shall not reinstate a revoked or suspended certificate or license until
13 it has received competent evidence of the absence or control of the condition which caused its
14 action and until it is satisfied that with due regard for the public health and safety the person's
15 right to practice his or her profession may be safely reinstated."

16 **CAUSE FOR DISCIPLINE**

17 **(Inability to Practice Medicine Safely Due to**

18 **Physical and/or Mental Impairments Affecting Competency)**

19 9. Respondent Lelys Campos, M.D. is subject to disciplinary action under section 822 of
20 the Code in that she is unable to engage in the practice medicine due to physical and/or mental
21 impairments affecting competency. The circumstances are as follows:

22 10. On June 27, 2019, the Board received a complaint alleging that Respondent is
23 cognitively impaired and initiated an investigation based upon the complaint.

24 11. On August 15, 2019, an investigator for the Board visited Respondent's medical
25 office and interviewed Respondent and her Office Manager, SJG. The investigator for the Board
26 observed Respondent to appear frail and confused during the interview. She was also forgetful
27 and repeated herself.

28 ///

12. During their respective interviews, Respondent and SJG gave conflicting statements regarding who performed cosmetic procedures at Respondent's office. Respondent stated that SJG performed the procedures. SJG, who has no medical training, denied performing cosmetic procedures and instead stated that they are performed by Respondent and another doctor.

13. Respondent agreed to undergo voluntary mental and physical examinations to assess for mental or physical illness, pursuant to section 820 of the Code.

14. On September 10, 2019, Respondent underwent a mental examination by psychiatrist, N.L., M.D. At that time, Respondent completed a two-hour Comprehensive Psychiatric Evaluation. Testing included an interview, administration of the Minnesota Multiphasic Personality Inventory – Second Edition; administration of the Beck Depression Inventory, Administration of the Beck Anxiety Inventory, administration of the Folstein Mini Mental Status Examination; review of a CURES report, and urine drug and alcohol testing. Dr. N.L. diagnosed Respondent with severe neurocognitive disorder. Dr. N.L. found that Respondent suffers from cognitive impairment and is unable to safely practice medicine. Based upon his examination and evaluation of Respondent, it is Dr. N.L.'s opinion that Respondent is unable to practice medicine safely and that there is no monitoring that would allow Respondent to practice medicine safely.

15. On October 17, 2019, Respondent underwent a neurological examination by neurologist, R.F., M.D. The examination included a history, physical examination and review of Respondent's medical records and imaging studies from 2009, 2014, 2018 and 2019. Based upon Respondent's history, physical examination and review of her medical records and imaging studies from 2009, 2014, 2018 and 2019, Dr. R.F. formed the opinion that Respondent has dementia. As such, Respondent is unable to practice medicine without posing a present danger or threat to public health, safety and welfare.

16. Respondent's ability to practice medicine safely is impaired due to physical and/or mental impairments affecting competency.

DISCIPLINARY CONSIDERATIONS

17. To determine the degree of discipline, if any, to be imposed on Respondent, Complainant alleges that, in a prior disciplinary action entitled *In the Matter of the Accusation*

1 *Against Lelys Campos, M.D.* before the Medical Board of California, in Case Number D-4071,
2 Respondent's license was revoked for unprofessional conduct in that Respondent's clinical
3 practice privileges were permanently suspended by the Department of the Army in or about April,
4 1988, for various reasons, including (1) inadequate documentation of emergency room treatment
5 records; (2) failure to report a possible child abuse case; and (3) not performing correct work-ups.
6 However, the revocation of Respondent's license was stayed and Respondent was placed on five
7 years of probation, effective July 11, 1991, with the requirement that she complete an oral clinical
8 examination and an educational program or course related to general medicine and other standard
9 terms and conditions. That decision is now final and is incorporated by reference as if fully set
10 forth herein.

11 **PRAYER**

12 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
13 and that following the hearing, the Medical Board of California issue a decision:

- 14 1. Revoking or suspending Physician's and Surgeon's Certificate Number A 36358,
15 issued to Lelys Campos, M.D.;
- 16 2. Revoking, suspending or denying approval of Lelys Campos, M.D.'s authority to
17 supervise physician assistants and advanced practice nurses;
- 18 3. Ordering Lelys Campos, M.D., if placed on probation, to pay the Board the costs of
19 probation monitoring; and
- 20 4. Taking such other and further action as deemed necessary and proper.
