6 further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual
7 basis for the charges in the Accusation, and that Respondent hereby gives up his right to contest
8 those charges.

9 10. Respondent agrees that his Physician's and Surgeon's Certificate is subject to
10 discipline and he agrees to be bound by the Board's probationary terms as set forth in the

4 been approved by the Board or its designee had the course been taken after the effective date of
5 this Decision.

7 designee not later than 15 calendar days after successfully completing the course, or not later than
8 15 calendar days after the effective date of the Decision, whichever is later.

8 circumstances shall a post office box serve as an address of record, except as allowed by Business
9 and Professions Code section 2021(b).

16 license.

17 Travel or Residence Outside California

18 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
19 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
20 (30) calendar days.

21 In the event Respondent should leave the State of California to reside or to practice
22 ,Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of

1 more than 30 calendar days and within 15 calendar days of Respondent's return to practice.

2 Non-practice is defined as any period of time Respondent is not practicing medicine as
3 defined in Business and Professions Code sections 2051 and 2052 for at least 15 hours in a
4 calendar month in direct patient care, clinical activity or teaching, or other activity as
5 approved by the Board. If Respondent resides in California and is considered to be in non-
6 practice, Respondent shall comply with all terms and conditions of probation. All time
7 spent in an intensive training program which has been approved by the Board or its
8 designee shall not be considered non-practice and does not relieve Respondent from
9 complying with all the terms and conditions of probation. Practicing medicine in another
10 state of the United States or Federal jurisdiction while on probation with the medical
11 licensing authority of that state or jurisdiction shall not be considered non-practice. A
12 Board-ordered suspension of practice shall not be considered as a period of non-practice.

13 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
14 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
15 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program

17 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

18 Respondent's period of non-practice while on probation shall not exceed two (2) years.

19 Periods of non-practice will not apply to the reduction of the probationary term.

20 Periods of non-practice for a Respondent residing outside of California will relieve
21 Respondent of the responsibility to comply with the probationary terms and conditions with the
22 exception of this condition and the following terms and conditions of probation: Obey All Laws;
23 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
24 Controlled Substances; and Biological Fluid Testing..

27 completion of probation. Upon successful completion of probation, Respondent's certificate shall
28 be fully restored.

1 11. VIOLATION OF PROBATION. Failure to fully comply with any term or
2 condition of probation is a violation of probation. If Respondent violates probation in any
3 respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke
4 probation and carry out the disciplinary order that was stayed. If an Accusation, Petition to
5 Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation,
6 the Board shall have continuing jurisdiction until the matter is final, and the period of probation
7 shall be extended until the matter is final.

8 12. LICENSE SURRENDER. Following the effective date of this Decision, if
9 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
10 the terms and conditions of probation, Respondent may request to surrender his license. The
11 Board reserves the right to evaluate Respondent's request and to exercise its discretion in
12 determining whether or not to grant the request, or to take any other action deemed appropriate
13 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
14 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
15 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
16 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
17 application shall be treated as a petition for reinstatement of a revoked certificate.

18 13. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
19 with probation monitoring each and every year of probation, as designated by the Board, which
20 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
21 California and delivered to the Board or its designee no later than January 31 of each calendar
22 year.

JURISDICTION

3. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, or such other action taken in relation to discipline as the Board deems proper.

5. Section 2234 of the Code states, in pertinent part:

“The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

“(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

“(b) Gross negligence.

“(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts. . . .

“”

6. Section 2266 of the Code makes it unprofessional conduct for a physician to fail to maintain adequate and accurate records relating to the provision of professional services unprofessional conduct.

7. At all times relevant to this matter, Respondent was licensed and practicing medicine in California. All of the incidents described herein occurred in California.

FACTS

8. On March 18, 2017, Patient P-1¹, a sixteen-year old girl, presented to the Saint Louise Hospital emergency room (ER) with a twenty-four hour history of abdominal pain, with nausea

¹ The patient is designated in this document as Patient P-1 to protect her privacy. Respondent knows the name of the patient and can confirm her identity through discovery.

1 and anorexia, that had started in the epigastrium but thereafter localized in the right lower
2 quadrant of the abdomen. A CT scan revealed findings consistent with an uncomplicated acute
3 appendicitis.

4 9. Respondent examined P-1 in the ER at approximately 10:00 p.m. that evening and
5 agreed with the diagnosis of acute appendicitis. Respondent scheduled her for an open
6 appendectomy that same evening.

7 10. In that surgery, Respondent made a small right lower quadrant abdominal incision to
8 enter the peritoneal cavity. The incision was much more medial than the standard variations of
9 the McBurney's point incision.² Respondent had difficulty finding the appendix so he mobilized
10 the cecum medially. He reported seeing an inflamed tubular structure that he believed came from
11 the tip of the cecum and proceeded to dissect it down into the pelvis. He reported that he could
12 not find the end of it but reassured himself that it was coming from the cecum and transected it
13 distally.

14 11. He rotated the cecum more medially for better viewing and saw another structure
15 which he recognized as the appendix and its mesoappendix. He dissected this structure
16 completely but did not describe the transection of the distal end in his operative report. Not
17 knowing what the first structure he had transected was, he was concerned about a possible
18 transection injury to the right ureter, especially after a Foley catheter he had placed in the
19 patient's bladder showed bloody urine. He closed the incision without consulting with another
20 surgeon or a urologist and arranged for a CT scan of the abdomen and pelvis. The CT scan
21 confirmed his suspicion that the right ureter flow was disrupted at the level of the surgical field.

22 12. Respondent prepared operative reports that present different, evolving versions of the
23 surgery. The first was his operative report which was dictated right after the surgery was
24 completed, at around 1:09 a.m. on March 19, 2017. Following that, he prepared two different and
25 more detailed descriptions of the surgery in discharge summaries he dictated on March 19, 2017,

26
27 ² McBurney's point is the name given to the point over the right side of the abdomen that
28 is one-third the distance from the anterior superior iliac spine to the umbilicus which roughly
corresponds to the most common location of the base of the appendix where it is attached to the
cecum. It also allows for easy extension along fascial plains if needed for better visualization.

1 at 10:46 a.m. and 6:51 p.m., respectively. The discharge summaries included a fair amount of
2 detail about the operation, emphasizing previously unmentioned aspects of his operative
3 techniques and findings.

4 13. In the initial operative report, Respondent described following and dissecting what he
5 had assumed was the appendix into the pelvis and not being able to find the end of it yet
6 transecting it distally anyway. In his second discharge summary, prepared approximately 19
7 hours after the surgery, he stated that he had found the appendiceal tip on the first structure,
8 dissected it free, and followed it back to the cecum before transecting it.

9 14. None of Respondent's accounts mention the taeniae coli, a consistent landmark at the
10 posterior tip of the cecum where the base of the appendix starts. If the cecum had been
11 sufficiently mobilized medially to clearly see the convergence of the taeniae coli, it would have
12 been apparent that the initial structure was the ureter and not the appendix.

13 **FIRST CAUSE FOR DISCIPLINE**

14 **(Gross Negligence/Negligence)**

15 15. The allegations of paragraphs 8 through 14 above are incorporated by reference as if
16 set out in full. Respondent has subjected his license to disciplinary action for unprofessional
17 conduct under section 2234, subdivisions (a) (violating the Medical Practice Act), (b) (gross
18 negligence), and/or (c) (repeated negligent acts), of the Code, in that Respondent's use of a non-
19 standard medial abdominal surgical incision on P-1 giving a suboptimal visualization of the
20 surgical field and failure to extend the incision to correct the shortcoming was a departure from
21 the standard of care constituting gross negligence or, in combination with the other departures
22 alleged herein, repeated negligent acts.

23 **SECOND CAUSE FOR DISCIPLINE**

24 **(Gross Negligence/Negligence)**

25 16. The allegations of paragraphs 8 through 14 above are incorporated by reference as if
26 set out in full. Respondent has subjected his license to disciplinary action for unprofessional
27 conduct under section 2234, subdivisions (a) (violating the Medical Practice Act), (b) (gross
28 negligence), and/or (c) (repeated negligent acts), of the Code, in that Respondent failed to

adequately mobilize P-1's cecum in order to identify the area of the cecum where the taeniae coli and the cecum converge, a departure from the standard of care constituting gross negligence or, in combination with the other departures alleged herein, repeated negligent acts.

THIRD CAUSE FOR DISCIPLINE

(Gross Negligence/Negligence)

17. The allegations of paragraphs 8 through 14 above are incorporated by reference as if set out in full. Respondent has subjected his license to disciplinary action for unprofessional conduct under section 2234, subdivisions (a) (violating the Medical Practice Act), (b) (gross negligence), and/or (c) (repeated negligent acts), of the Code, in that Respondent failed to identify the area on P-1's cecum where the taeniae coli and the cecum converge, a separate departure from the standard of care constituting gross negligence or, in combination with the other departures alleged herein, repeated negligent acts.

FOURTH CAUSE FOR DISCIPLINE

(Gross Negligence/Negligence)

18. The allegations of paragraphs 8 through 14 above are incorporated by reference as if set out in full. Respondent has subjected his license to disciplinary action for unprofessional conduct under section 2234, subdivisions (a) (violating the Medical Practice Act), (b) (gross negligence), and/or (c) (repeated negligent acts), of the Code, in that Respondent transected the distal aspect of the structure he assumed was P-1's appendix without adequate mobilization and visualization of the tip of the "appendix," which resulted in his distally transecting P-1's right ureter instead of her appendix, a departure from the standard of care constituting gross negligence or, in combination with the other departures alleged herein, repeated negligent acts.

FIFTH CAUSE FOR DISCIPLINE

(Gross Negligence/Negligence)

19. The allegations of paragraphs 8 through 14 above are incorporated by reference as if set out in full. Respondent has subjected his license to disciplinary action for unprofessional conduct under section 2234, subdivisions (a) (violating the Medical Practice Act), (b) (gross negligence), and/or (c) (repeated negligent acts), of the Code, in that Respondent failed to call for

1 an intraoperative second opinion of another surgeon or a urologist prior to closing P-1's incision,
2 a departure from the standard of care constituting gross negligence or, in combination with the
3 other departures alleged herein, repeated negligent acts.

4 **SIXTH CAUSE FOR DISCIPLINE**

5 **(Failure to Keep Accurate Records)**

6 20. The allegations of paragraphs 8 through 14 above are incorporated by reference as if
7 set out in full. Respondent has subjected his license to disciplinary action for unprofessional
8 conduct under section 2266, in that Respondent's entry into the medical records of multiple
9 versions of his report of Patient P-1's surgery—in which the later versions contain detailed
10 information not mentioned in the original operative summary—constitutes a failure to maintain
11 adequate and accurate medical records.

12 **PRAYER**

13 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
14 and that following the hearing, the Medical Board of California issue a decision:

- 15 1. Revoking or suspending Physician's and Surgeon's Certificate Number A 33066,
16 issued to Dennis Salcido, M.D.;
- 17 2. Revoking, suspending or denying approval of Dennis Salcido, M.D.'s authority to
18 supervise physician assistants and advanced practice nurses;
- 19 3. Ordering Dennis Salcido, M.D., if placed on probation, to pay the Board the costs of
20 probation monitoring; and
- 21 4. Taking such other and further action as deemed necessary and proper.
