1           7. Unprofessional conduct under Business and Professions Code section 2234 is conduct  
2 which breaches the rules or ethical conduct of the medical profession, or conduct which is  
3 unbecoming to a member in good standing of the medical profession, and which demonstrates an  
4 unfitness to practice medicine. (*Shea v. Board of Medical Examiners* (1978) 81 Cal.App.3d 564,  
5 575.)

6           8. Section 2236 of the Code states:

7           “(a) The conviction of any offense substantially related to the qualifications,  
8 functions, or duties of a physician and surgeon constitutes unprofessional conduct  
9 within the meaning of this chapter [Chapter 5, the Medical Practice Act]. The record  
10 of conviction shall be conclusive evidence only of the fact that the conviction  
11 occurred.

12           “... ”

13           “(d) A plea or verdict of guilty or a conviction after a plea of nolo contendere is  
14 deemed to be a conviction within the meaning of this section and Section 2236.1.  
15 The record of conviction shall be conclusive evidence of the fact that the conviction  
16 occurred.”

17           9. Section 2239 of the Code states:

18           “(a) The use or prescribing for or administering to himself or herself, of any  
19 controlled substance; or the use of any of the dangerous drugs specified in Section  
20 4022, or of alcoholic beverages, to the extent, or in such a manner as to be dangerous  
21 or injurious to the licensee, or to any other person or to the public, or to the extent that  
22 such use impairs the ability of the licensee to practice medicine safely or more than  
23 one misdemeanor or any felony involving the use, consumption, or  
24 self-administration of any of the substances referred to in this section, or any  
25 combination thereof, constitutes unprofessional conduct. The record of the  
26 conviction is conclusive evidence of such unprofessional conduct.

27           “(b) A plea or verdict of guilty or a conviction following a plea of nolo  
28 contendere is deemed to be a conviction within the meaning of this section. The

1 Division of Medical Quality may order discipline of the licensee in accordance with  
2 Section 2227 or the Division of Medical Quality may order the denial of the license  
3 when the time for appeal has elapsed or the judgment of conviction has been affirmed  
4 on appeal or when an order granting probation is made suspending imposition of  
5 sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of  
6 the Penal Code allowing such person to withdraw his or her plea of guilty and to enter  
7 a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation,  
8 complaint, information, or indictment.”<sup>1</sup>

9 10. California Code of Regulations, title 16, section 1360, states:

10 “For the purposes of denial, suspension or revocation of a license, certificate or  
11 permit pursuant to Division 1.5 (commencing with Section 475) of the code, a crime  
12 or act shall be considered to be substantially related to the qualifications, functions or  
13 duties of a person holding a license, certificate or permit under the Medical Practice  
14 Act if to a substantial degree it evidences present or potential unfitness of a person  
15 holding a license, certificate or permit to perform the functions authorized by the  
16 license, certificate or permit in a manner consistent with the public health, safety or  
17 welfare. Such crimes or acts shall include but not be limited to the following:  
18 Violating or attempting to violate, directly or indirectly, or assisting in or abetting the  
19 violation of, or conspiring to violate any provision of the Medical Practice Act.”

20 **FIRST CAUSE FOR DISCIPLINE**

21 **(Use of Alcohol in a Dangerous or Injurious Manner)**

22 11. Respondent is subject to disciplinary action under sections 2227 and 2234, as defined  
23 by section 2239, of the Code, and California Code of Regulations, title 16, section 1360, in that  
24 she used alcoholic beverages, to the extent, or in such a manner, as to be dangerous or injurious to  
25 herself, or to any other person or to the public, as more particularly alleged as follows:

26 \_\_\_\_\_  
27 <sup>1</sup> There is a nexus between a physician’s use of alcoholic beverages and his or her fitness to  
28 practice medicine, established by the Legislature in section 2239, “in all cases where a licensed physician  
used alcoholic beverages to the extent or in such a manner as to pose a danger to himself or others.”  
(*Watson v. Superior Court (Medical Board)* (2009) 176 Cal.App.4th 1407, 1411.)

1           12. On or about November 30, 2018, at approximately 9:30 a.m., a Nevada County  
2 Deputy Sheriff (“Deputy J.C.”)—who was on assignment at Nevada Union High School—  
3 observed Respondent drive a tan color minivan into a parking spot near his patrol car.  
4 Respondent and her son, a dependent adult, exited the vehicle and walked towards the entrance of  
5 the school. Deputy J.C. completed a service call at another location and returned to Nevada Union  
6 High School at approximately 10:00 a.m. When Deputy J.C. arrived at the school, the Assistant  
7 Principal advised him that Respondent was in the attendance office and appeared to be  
8 intoxicated. The Assistant Principal and Deputy J.C. approached Respondent and began speaking  
9 to her. Deputy J.C. immediately noticed that Respondent’s eyes were “extremely bloodshot” and  
10 watery and her speech was slurred.

11           13. Based on the Assistant Principal’s comments and the observations noted above,  
12 Deputy J.C. requested that Respondent follow him to his office for a further investigation.  
13 Deputy J.C. observed Respondent walking off-balance and with an unsteady gait. When they  
14 arrived at Deputy J.C.’s office, Respondent said that she needed her inhaler, which she had left in  
15 her vehicle. As they walked to Respondent’s vehicle, Respondent continued to walk with an  
16 unsteady gait. After they reached Respondent’s vehicle, Deputy J.C. talked to Respondent for  
17 several minutes and noticed the smell of alcohol on Respondent’s breath. Deputy J.C. requested  
18 that California Highway Patrol (“CHP”) respond to his location for a DUI investigation.

19           14. CHP Officer T.K. was dispatched at approximately 10:27 a.m. and arrived at Nevada  
20 Union High School shortly thereafter. Officer T.K. observed Respondent standing in the parking  
21 lot next to her vehicle. When he approached Respondent, he immediately detected the “strong  
22 odor” of alcohol on her breath and person. Officer T.K. began asking Respondent a series of pre-  
23 Field Sobriety Test questions. As Respondent spoke, her speech was slurred and Officer T.K.  
24 again detected the same “strong odor” of alcohol on her breath and person. Officer T.K. further  
25 observed that Respondent’s eyes were red and watery.

26           15. Officer T.K. asked Respondent to perform a series of field sobriety tests, which he  
27 explained and demonstrated. Respondent failed each of these tests. During the horizontal gaze  
28 nystagmus test, Respondent displayed lack of smooth pursuit and distinct nystagmus at the

1 extremes and onset prior to 45 degrees. Her pupils also appeared dilated. During the Rhomberg  
2 balance test, Respondent estimated 16 seconds as 30 seconds, displayed eyelid tremors, swayed  
3 from front to back, used her arms to balance, and took a large step backwards to prevent herself  
4 from falling. During the one-leg-stand test, Respondent raised her right foot off the ground and  
5 had to use her arms for balance. She also placed her foot on the ground several times to maintain  
6 her balance. Respondent chose not to submit to a preliminary alcohol screening (PAS) test.

7 16. At approximately 10:59 a.m., Officer T.K. arrested Respondent for driving under the  
8 influence of alcohol. After Officer T.K. advised Respondent of her rights under Vehicle Code  
9 section 23612, Respondent agreed to a blood test to determine the alcoholic content of her blood.  
10 Officer T.K. transported her to the Nevada County Jail, where he observed a phlebotomist obtain  
11 a blood sample from Respondent's left arm at approximately 11:55 a.m. The blood sample  
12 measured a blood alcohol concentration of 0.19%.

13 17. On or about December 13, 2018, in *The People of the State of California v. Ann*  
14 *Knabe Engel*, Case No. M18-001675, Respondent was charged with the following: (1) Driving  
15 Under the Influence of Alcohol, in violation of Vehicle Code section 23152(a); and (2) Driving  
16 While Having a 0.08% or Higher Blood Alcohol, in violation of Vehicle Code section 23152(b).  
17 It was further alleged that Respondent had a blood alcohol concentration over 0.15%, by weight,  
18 thus subjecting her to additional punishment under Vehicle Code section 23578.

19 18. On or about February 25, 2019, Respondent pleaded no contest to Driving While  
20 Having a 0.08% or Higher Blood Alcohol, in violation of Vehicle Code section 23152(b).  
21 Respondent also admitted, pursuant to Vehicle Code section 23578, that she drove with a blood  
22 alcohol concentration over 0.15%. The Superior Court judge sentenced Respondent to: serve  
23 three (3) years' probation; serve five (5) days in Nevada County jail (including four (4) days in  
24 the Work Release Program); attend a DUI Victim Impact Panel; enroll in and complete 3-month  
25 DUI program; submit to chemical testing of blood, breath, or urine; pay fines and fees totaling  
26 \$2,323.25; refrain from knowingly operating a motor vehicle without a valid driver's license and  
27 insurance; and refrain from driving with a measurable amount of alcohol in her blood.
