17 license.

20 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty  
21 (30) calendar days.

11. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards's Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing..

12. COMPLETION OF PROBATION. Respondent shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the

1 completion of probation. Upon successful completion of probation, Respondent's certificate shall  
2 be fully restored.

3 13. VIOLATION OF PROBATION. Failure to fully comply with any term or  
4 condition of probation is a violation of probation. If Respondent violates probation in any  
5 respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke  
6 probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to  
7 Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation,  
8 the Board shall have continuing jurisdiction until the matter is final, and the period of probation  
9 shall be extended until the matter is final.

10 14. LICENSE SURRENDER. Following the effective date of this Decision, if  
11 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
12 the terms and conditions of probation, Respondent may request to surrender his or her license.  
13 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in  
14 determining whether or not to grant the request, or to take any other action deemed appropriate  
15 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
16 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its  
17 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
18 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
19 application shall be treated as a petition for reinstatement of a revoked certificate.

20 15. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
21 with probation monitoring each and every year of probation, as designated by the Board, which  
22 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of  
23 California and delivered to the Board or its designee no later than January 31 of each calendar

26 <sup>2</sup> There is a nexus between a physician's use of alcoholic beverages and his or her fitness  
27 to practice medicine, established by the Legislature in section 2239, "in all cases where a licensed  
28 physician used alcoholic beverages to the extent or in such a manner as to pose a danger to  
himself or others." (Watson v. Superior Court (Medical Board) (2009) 176 Cal.App.4th 1407,  
1411.)

1 vehicle (SUV) had sustained front damage. The officer additionally observed Respondent, who  
2 was the vehicle's owner and driver of the vehicle, who appeared to be stumbling, and almost fell  
3 to the ground twice as he was approaching the officer.

4 11. The LCPD officer made contact with two individuals (Witness 1 and Victim 1), who  
5 proceeded to converse with him about the events leading up to the accident. When asked what  
6 had happened, Witness 1 responded that Respondent had driven the Porsche SUV out of a nearby  
7 shopping center. While exiting the shopping center, Respondent had nearly struck Witness 1's  
8 vehicle. Respondent then proceeded to drive westbound for approximately two (2) miles, during  
9 which time Respondent drove "all over the road," or words to that effect, and "into oncoming  
10 traffic," or words to that effect. This caused Witness 1 to contact the LCPD to report Respondent.  
11 Respondent then drove into a business parking lot, where he caused his vehicle to crash into the  
12 left rear side of the vehicle belonging to Victim 1.

13 12. When asked by the LCPD officer about the accident, Victim 1 identified Respondent  
14 as the driver of the Porsche SUV. He additionally stated that Respondent had appeared  
15 intoxicated.

16 13. Upon personal contact with Respondent, the LCPD officer observed that Respondent  
17 had displayed bloodshot eyes, slurred speech, loss of balance, unusual actions, and the smell of  
18 alcoholic beverage emanating from his person.

19 14. During questioning, the LCPD officer observed that Respondent was slow to respond  
20 to questions directed at him, causing the officer to repeat himself several times; Respondent was  
21 unable to provide a clear timeline of the events leading up to the accident, and changed his story  
22 several times; and seemed unaware that he had already given his insurance information to the  
23 other parties at the scene of the accident. At one point during questioning, Respondent attempted  
24 to retrieve his insurance information from Witness 1's vehicle, as he apparently mistook it for his  
25 own vehicle. After being asked to provide his driver's license to the LCPD officer, Respondent  
26 was unable to provide it. During a search of Respondent's vehicle, the LCPD officer discovered  
27 a partially-consumed bottle of Johnnie Walker Blended Scotch Whiskey located under the  
28 driver's seat.

1        15. The LCPD officer administered a series of Field Sobriety Tests (FSTs) which  
2 Respondent was unable to complete as explained and demonstrated. Respondent was placed  
3 under arrest. While in the back of the LCPD patrol car, Respondent consented to providing a  
4 blood sample. Respondent was then transported to the University of Texas Medical Branch  
5 (UTMB) at Victory Lakes, Texas, where his blood was drawn.

6        16. On or about April 27, 2017, the Texas Department of Public Safety, Crime  
7 Laboratory, issued a forensic report with a complete analysis of the April 4, 2017, blood draw on  
8 Respondent. The blood test results revealed that Respondent had tested positive for 0.179 grams  
9 of alcohol per 100 milliliters of blood.

10       17. On or about April 27, 2017, a Criminal Complaint was filed against Respondent in  
11 the matter of *The State of Texas vs. Bangaruswamy Kumar*, County Court of Law No. 2 of  
12 Galveston County, State of Texas Case No. MD372592. Respondent was charged with a  
13 violation of Texas Penal Code, section 49.04, driving while intoxicated, 2<sup>nd</sup> offense, a  
14 misdemeanor.

15       18. On August 7, 2018, Respondent pled Nolo Contendere and was convicted of driving  
16 while intoxicated, in violation of Texas Penal Code, section 49.04. Respondent's sentence was as  
17 follows:

- 18           a. Serve three (3) consecutive days in the Galveston County Jail, followed by
- 19           community supervision for eighteen (18) months;
- 20           b. Pay fines, fees and assessments totaling \$2,433.00;
- 21           c. Enroll in and successfully complete the twelve (12) hour DWI class program that
- 22           had been approved by the Court;
- 23           d. Attend and successfully complete one (1) Victim Impact Panel;
- 24           e. Respondent shall install and maintain at his own expense, on his motor vehicle, a
- 25           device that uses a deep lung breath analysis to make impractical the operation of
- 26           a motor vehicle if ethyl alcohol is detected in his breath, with camera;

27       ///

28       ///

- 1 f. Respondent will not operate any motor vehicle that does not have installed a  
2 device that uses a deep lung breath analysis mechanism to make impractical the  
3 operation of a motor vehicle if ethyl alcohol is detected in his breath, with  
4 camera; and  
5 g. Respondent may not refuse a blood, urine, or breathe test during the period of  
6 probation.

7 19. On or about December 13, 2018, Respondent was interviewed by a Board  
8 Investigator. During the interview, Respondent admitted that during the evening of April 3, 2017,  
9 he had consumed approximately six (6) alcoholic beverages, throughout the evening, which  
10 ended at approximately 3:00 A.M., on the morning of April 4, 2017.
