**BEFORE THE  
MEDICAL BOARD OF CALIFORNIA  
DEPARTMENT OF CONSUMER AFFAIRS  
STATE OF CALIFORNIA**

**In the Matter of the Accusation Against:**

**NARINDER SINGH PARHAR, M.D., Respondent**

**Case No. 800-2017-035680**

**OAH No. 2018030980.1**

**PROPOSED DECISION**

Marcie Larson, Administrative Law Judge, Office of Administrative Hearings (OAH), State of California, heard this matter telephonically on May 14, 2020, in—  
Sacramento, California.

Megan O'Carroll, Deputy Attorney General, represented Denise Pines, President of the Medical Board of California.

Lawrence Giardina, Attorney at Law, represented respondent Narinder Singh Parhar, M.D., who appeared telephonically at the hearing.

Evidence was received, the record closed, and the matter was submitted for decision on May 14, 2020.

## **FACTUAL FINDINGS**

### **Background and Procedural History**

1. The Medical Board of California (Board) issued respondent Physician's and Surgeon's Certificate Number C 43320 (license).<sup>1</sup>

2. On March 4, 2020, complainant Denise Pines, President of the Board, filed an Accusation against respondent. Complainant notified respondent that, pursuant to Business and Professions Code section 2232, his license was automatically revoked by operation of law effective on March 4, 2020. Specifically, respondent's license was subject to automatic revocation based on a criminal conviction and requirement that he register as a sex offender pursuant to Penal Code section 290. Respondent was notified of his right to request a hearing.

3. On March 30, 2020, respondent timely requested a hearing. The matter was set for an evidentiary hearing before an Administrative Law Judge of the Office of Administrative Hearings, an independent adjudicative agency of the State of California, pursuant to Government Code section 11500 et seq.

---

<sup>1</sup> No evidence was presented at hearing concerning the date the license was issued.

## **Criminal Conviction**

4. On November 27, 2019, in the Superior Court of California, County of Placer, respondent was convicted on his plea of nolo contendere of violating Penal Code section 243.4, subdivision (c), a felony, which states in part:

Any person who touches an intimate part of another person for the purpose of sexual arousal, sexual gratification, or sexual abuse, and the victim is at the time unconscious of the nature of the act because the perpetrator fraudulently represented that the touching served a professional purpose, is guilty of sexual battery.

Respondent was sentenced to five years of formal probation. He was also ordered to register with the local policy agency as a sex offender, for life, pursuant to Penal Code section 290, within five days of his sentencing on December 11, 2019. Respondent was also ordered to not practice medicine. No evidence was presented at hearing concerning the circumstances underlying the conviction.

## **Respondent's Testimony**

5. Respondent requested that an "extreme administrative action" be taken to prevent the revocation of his license. Respondent explained that he is involved in a lung treatment program that could treat patients affected by the coronavirus. If he is allowed to maintain his license, he will have the ability to present his research and treatment recommendations to many hospitals. Respondent further explained that he has been involved in patient care his entire career and does not want to "sit on the sidelines" while people are dying.

## **Analysis**

6. Complainant establish by clear and convincing evidence that respondent was convicted of felony sexual battery and must register as a sex offender pursuant to Penal Code section 290, for the remainder of his life. As a result, pursuant to Business and Professions Code section 2232, subdivision (a), his license is automatically revoked.

## **LEGAL CONCLUSIONS**

1. The burden of proof in this matter is on complainant to show by clear and convincing evidence to a reasonable certainty that respondent engaged in wrongful conduct that warrants disciplinary action. (*Ettinger v. Board of Medical Quality Assurance* (1982) 135 Cal.App.3d 853, 855-56.)

2. Business and Professions Code section 2232, subdivision (a) provides:

(a) Except as provided in subdivisions (c), (d), and (e), the board shall automatically revoke the license of any person who, at any time after January 1, 1947, has been required to register as a sex offender pursuant to the provisions of Section 290 of the Penal Code, regardless of whether the related conviction has been appealed. The board shall notify the licensee of the license revocation and of his or her right to elect to have a hearing as provided in subdivision (b).

3. As set forth in Factual Finding 4, respondent was convicted of sexual battery, a violation of Penal Code section 243.4, subdivision (c), a felony. Respondent was ordered to register as a sex offender for life, pursuant to Penal Code section 290. Thus, revocation of respondent's license is mandatory.

### **ORDER**

Physician's and Surgeon's Certificate Number C 43320 issued to Narinder Singh Parhar, M.D., is REVOKED.

23 1. Kimberly Kirchmeyer (Complainant) brings this Accusation solely in her official  
24 capacity as the Executive Director of the Medical Board of California, Department of Consumer  
25 Affairs (Board).

26 2. On or about October 11, 1995, the Medical Board issued Physician's and Surgeon's

1 herein and will expire on May 31, 2019, unless renewed. On January 2, 2018, an Interim  
2 Suspension Order was issued pursuant to Government Code section 11529 prohibiting  
3 Respondent from practicing medicine. On January 31, 2018, it was ordered that the Interim  
4 Suspension Order remain in force and effect.

### 5 JURISDICTION

6 3. This Accusation is brought before the Board, under the authority of the following  
7 laws. All section references are to the Business and Professions Code (Code), unless otherwise  
8 indicated.

9 4. Section 2227 of the Code provides that a licensee who is found guilty under the  
10 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed  
11 one year, placed on probation and required to pay the costs of probation monitoring, or such other  
12 action taken in relation to discipline as the Board deems proper.

13 5. Section 2234 of the Code, states:

14 “The board shall take action against any licensee who is charged with unprofessional  
15 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not  
16 limited to, the following:

17 “(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the  
18 violation of, or conspiring to violate any provision of this chapter.

19 “(b) Gross negligence.

20 “(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or  
21 omissions. An initial negligent act or omission followed by a separate and distinct departure from  
22 the applicable standard of care shall constitute repeated negligent acts.

23 “(1) An initial negligent diagnosis followed by an act or omission medically appropriate  
24 for that negligent diagnosis of the patient shall constitute a single negligent act.

25 “(2) When the standard of care requires a change in the diagnosis, act, or omission that  
26 constitutes the negligent act described in paragraph (1), including, but not limited to, a  
27 reevaluation of the diagnosis or a change in treatment, and the licensee’s conduct departs from the

28 ///

1 applicable standard of care, each departure constitutes a separate and distinct breach of the  
2 standard of care.

3 “(d) Incompetence.

4 “(e) The commission of any act involving dishonesty or corruption which is substantially  
5 related to the qualifications, functions, or duties of a physician and surgeon.

6 “(f) Any action or conduct which would have warranted the denial of a certificate.

7 “(g) The practice of medicine from this state into another state or country without meeting  
8 the legal requirements of that state or country for the practice of medicine. Section 2314 shall not  
9 apply to this subdivision. This subdivision shall become operative upon the implementation of the  
10 proposed registration program described in Section 2052.5.

11 “(h) The repeated failure by a certificate holder, in the absence of good cause, to attend and  
12 participate in an interview by the board. This subdivision shall only apply to a certificate holder  
13 who is the subject of an investigation by the board.”

14 6. Section 726 of the Code states:

15 “(a) The commission of any act of sexual abuse, misconduct, or relations with a patient,  
16 client, or customer constitutes unprofessional conduct and grounds for disciplinary action for any  
17 person licensed under this or under any initiative act referred to in this division.

18 “(b) This section shall not apply to consensual sexual contact between a licensee and his or  
19 her spouse or person in an equivalent domestic relationship when that licensee provides medical  
20 treatment, to his or her spouse or person in an equivalent domestic relationship.”

21 7. Section 729 (a) of the Code states:

22 “Any physician and surgeon, psychotherapist, alcohol and drug abuse counselor or any  
23 person holding himself or herself out to be a physician and surgeon, psychotherapist, or alcohol  
24 and drug abuse counselor, who engages in an act of sexual intercourse, sodomy, oral copulation,  
25 or sexual contact with a patient or client, or with a former patient or client when the relationship  
26 was terminated primarily for the purpose of engaging in those acts, unless the physician and  
27 surgeon, psychotherapist, or alcohol and drug abuse counselor has referred the patient or client to  
28 an independent and objective physician and surgeon, psychotherapist, or alcohol and drug abuse

1 counselor recommended by a third-party physician and surgeon, psychotherapist, or alcohol and  
2 drug abuse counselor for treatment, is guilty of sexual exploitation by a physician and surgeon,  
3 psychotherapist, or alcohol and drug abuse counselor.”

4 **FIRST CAUSE FOR DISCIPLINE**

5 **(Sexual Misconduct)**

6 8. Respondent, Narinder Singh Parhar, M.D., is subject to disciplinary action under  
7 sections 2227, 2234, 726, and 729 (a) of the Code, in that he engaged in sexual abuse,  
8 misconduct, and/or relation with his patient. The facts are as follows:

9 9. On or about August 9, 2017, the patient<sup>1</sup> had an appointment with Respondent at his  
10 office on North Sunrise Avenue in Roseville, California for treatment of potentially cancerous  
11 growths on her face and thighs. She had been a patient of Respondent's for approximately nine  
12 years. Respondent took biopsies of three sites. During this visit, Respondent placed his hands  
13 inside her bra and felt both of her breasts. Respondent then had a nurse come into the treatment  
14 room to perform an EKG and blood pressure test.

15 10. On or about August 14, 2017, the patient received a phone call from Respondent  
16 asking her how her wounds from the biopsy were healing. The patient told Respondent that the  
17 wounds were still oozing. Respondent asked her if she could come in to have the sites checked at  
18 approximately 4:30 p.m. that afternoon. The patient agreed. About an hour later, Respondent  
19 called the patient back and asked her if she could come in at 3:15 p.m. that afternoon instead. The  
20 patient agreed.

21 11. When the patient arrived at the clinic at approximately 3:15 p.m., she immediately  
22 noticed that the office was empty and there was no receptionist. She signed in at the sign in sheet  
23 at the front desk, and about two minutes later, Respondent came out and showed her into an exam  
24 room. Respondent looked at the biopsy wounds and placed cream on three Band-Aids before  
25 applying them to the three sites. Respondent then gave the patient a gown and told her to remove  
26 her clothes and put on the gown opening in the front. Respondent returned to the room and began

27 <sup>1</sup> The patient will not be referenced by her name in the Accusation in order to preserve her  
28 privacy.

1 rubbing lotion on the patient's chest. He then began rubbing the patient's vagina and penetrated  
2 her vagina approximately a half inch. Respondent then told the patient to turn on her side at  
3 which point he began rubbing her bottom and then her back. The patient had previously reported  
4 some vaginal pain to Respondent, and she initially thought that he had possibly found something  
5 wrong and that was why he was touching her. Respondent then had the patient sit up and she  
6 stood on the edge of the platform of the examination table. Respondent grabbed the patient and  
7 hugged her tightly. At this time, the patient could feel Respondent's erect penis through his  
8 clothes. Respondent then kissed the patient and she turned her head so he kissed her cheek. The  
9 patient asked Respondent what he was doing, but he did not answer.

10 12. Respondent told the patient to go into another treatment room where he was going to  
11 perform a laser hair treatment. The patient stated she wanted to get dressed first, but Respondent  
12 told her she did not need to get dressed because she had the gown on. After they moved to the  
13 other treatment room, Respondent took the patient's gown off her shoulders and began rubbing  
14 some cream on her chest and back. The patient had a cyst on one of her nipples and thought that  
15 Respondent was checking her cyst. Respondent then put his mouth on the patient's left nipple  
16 and she immediately pushed him away and asked what he was doing. Respondent then placed a  
17 blindfold on the patient similar to the ones she had worn in the past before receiving laser hair  
18 treatments. Although Respondent indicated he was doing laser hair treatments, the patient did not  
19 hear the sound of the laser machine as she had during previous occasions when she had laser hair  
20 treatments. Respondent told the patient to get dressed and then to open the door so he could talk  
21 to her. After the patient was dressed, Respondent came back into the room and gave her a bag  
22 with three treatment creams in it. The patient reported that one of the creams is an expensive anti-  
23 wrinkle cream that Respondent sells at his practice. Respondent told the patient, "I will take  
24 really good care of you."

25 13. The patient left the appointment and went straight home and told her husband what  
26 had occurred. The patient and her husband called the Roseville Police Department (RPD) to  
27 report the incident. At approximately five minutes to 6:00 p.m. that evening, a detective  
28

1 responded to the patient's home and took her statement. A Crime Scene Investigation (CSI) unit  
2 arrived and took swabs of the patient's breasts for potential DNA evidence.

3 14. On or about August 16, 2017, the patient met with detectives at the RPD. A pretext  
4 call was made to Respondent's office with detectives listening in. The patient was ultimately  
5 transferred to Respondent and spoke to him at approximately 5:20 p.m. Respondent attempted to  
6 schedule the patient to come in for an appointment, but the patient confronted him about rubbing  
7 her breasts and he did not deny having done so. He again attempted to schedule the patient to  
8 come in to speak to him in person. The patient accused Respondent of having placed his mouth  
9 on her breast, but he stated that he "did not recall that." Ultimately, he agreed to call the patient  
10 back the next day at 2:00 p.m. On or about August 17, 2017, the patient returned to RPD, and  
11 received Respondent's telephone call at approximately 2:02 p.m. During this call, the patient  
12 again accused Respondent of massaging her breasts and vagina and he stated that he did not recall  
13 that. Instead, Respondent stated that he could not say anything more about it, but that he  
14 respected the patient. The patient told Respondent that he sexually assaulted her and he  
15 responded, "I disagree with that. I don't think so." In neither telephone call did Respondent  
16 specifically deny the behavior the patient accused him of.

17 15. On or about August 22, 2017, RPD served a search warrant on the residence and  
18 office of Respondent. Detectives spoke with Respondent at his office. Respondent verified that  
19 the patient had come in for a biopsy check and hair treatment on August 14, 2017. He stated that  
20 the rest of the staff was absent at that time, having completed their duties for the day. He  
21 indicated that he does not normally see patients alone when no other staff are present, but that the  
22 patient usually brought her husband with her to appointments and he thought that she would have  
23 done so again that day. He confirmed that he checked the patient's biopsy sites and performed a  
24 laser hair treatment. He stated that the patient was fully clothed at the appointment, and never  
25 undressed or wore a gown. When detectives informed Respondent of the allegations that he put  
26 his mouth on the patient's breast, or tried to kiss her, he denied having done so. He indicated that  
27 if there had been a need for any kind of unclothed examination he would have had her return for  
28 the examination and had someone present during it. Respondent denied that there had ever been a

1 sign-in sheet for the patient's appointment on August 14, 2017. Detectives took a swab of  
2 Respondent's cheek to obtain a DNA profile.

3 16. RPD detectives obtained video footage of the front office area at Respondent's  
4 practice for August 14, 2017. It shows the patient entering the empty waiting room at  
5 approximately 3:15 p.m. and signing in on a sign in sheet. Respondent then met her in the front  
6 office area and took her back into the treatment area. Later footage shows Respondent and the  
7 patient exiting through the front office. On or about November 1, 2017, the Department of Justice  
8 Bureau of Forensic Services issued a report showing that DNA from Respondent was found to be  
9 present on the swab of the patient's left breast collected by RPD CSI personnel on or about  
10 August 14, 2017.

11 **SECOND CAUSE FOR DISCIPLINE**

12 **(General Unprofessional Conduct)**

13 17. Respondent Narinder Singh Parhar, M.D. is further subject to disciplinary action  
14 under sections 2227 and 2234, of the Code, in that he has engaged in conduct which breaches the  
15 rules or ethical code of the medical profession, or conduct which is unbecoming to a member in  
16 good standing of the medical profession, and which demonstrates an unfitness to practice  
17 medicine, as more particularly alleged in paragraphs 8 through 16, above, which are hereby  
18 incorporated by reference and realleged as if fully set forth herein.
