1 CULPABILITY

2 9. Respondent understands and agrees that the charges and allegations in Accusation  
3 No. 800-2016-023790, if proven at a hearing, constitute cause for imposing discipline upon his  
4 Physician's and Surgeon's Certificate.

5 10. Respondent does not contest that, at an administrative hearing, complainant could  
6 establish a prima facie case or factual basis with respect to the charges and allegations in  
7 Accusation No. 800-2016-023790, a true and correct copy of which is attached hereto as Exhibit  
8 A, and that he has thereby subjected his Physician's and Surgeon's Certificate, No. A 45684 to  
9 disciplinary action. Respondent agrees that if he ever petitions for early termination or  
10 modification of probation, or if the Board ever petitions for revocation of probation, all of the  
11 charges and allegations contained in Accusation No. 800-2016-023790 shall be deemed true,  
12 correct and fully admitted by respondent for purposes of that proceeding or any other licensing  
13 proceeding involving respondent in the State of California.

14 11. ACKNOWLEDGMENT. Respondent acknowledges the Disciplinary Order below,  
15 requiring the disclosure of probation pursuant to Business and Professions Code section 2228.1,  
16 serves to protect the public interest.

17 12. Respondent agrees that his Physician's and Surgeon's Certificate is subject to  
18 discipline and he agrees to be bound by the Board's probationary terms as set forth in the  
19 Disciplinary Order below.

20 CONTINGENCY

21 13. This stipulation shall be subject to approval by the Medical Board of California.  
22 Respondent understands and agrees that counsel for Complainant and the staff of the Medical  
23 Board of California may communicate directly with the Board regarding this stipulation and  
24 settlement, without notice to or participation by Respondent or his counsel. By signing the  
25 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek  
26 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails  
27 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary  
28 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal

1 action between the parties, and the Board shall not be disqualified from further action by having  
2 considered this matter.

3 14. The parties understand and agree that Portable Document Format (PDF) and facsimile  
4 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile  
5 signatures thereto, shall have the same force and effect as the originals.

6 15. In consideration of the foregoing admissions and stipulations, the parties agree that  
7 the Board may, without further notice or opportunity to be heard by the Respondent, issue and  
8 enter the following Disciplinary Order:

9 **DISCIPLINARY ORDER**

12 Respondent is placed on probation for seven (7) years on the following terms and conditions:

13 1. **PATIENT DISCLOSURE.** Before a patient's first visit following the effective date  
14 of this order and while the respondent is on probation, the respondent must provide all patients, or  
15 patient's guardian or health care surrogate, with a separate disclosure that includes the  
16 respondent's probation status, the length of the probation, the probation end date, all practice  
17 restrictions placed on the respondent by the board, the board's telephone number, and an  
18 explanation of how the patient can find further information on the respondent's probation on the  
19 respondent's profile page on the board's website. Respondent shall obtain from the patient, or the  
20 patient's guardian or health care surrogate, a separate, signed copy of that disclosure. Respondent  
21 shall not be required to provide a disclosure if any of the following applies: (1) The patient is  
22 unconscious or otherwise unable to comprehend the disclosure and sign the copy of the disclosure  
23 and a guardian or health care surrogate is unavailable to comprehend the disclosure and sign the  
24 copy; (2) The visit occurs in an emergency room or an urgent care facility or the visit is  
25 unscheduled, including consultations in inpatient facilities; (3) Respondent is not known to the  
26 patient until immediately prior to the start of the visit; (4) Respondent does not have a direct

1           2.     PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of  
2 the effective date of this Decision, Respondent shall enroll in a professionalism program, that  
3 meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1.  
4 Respondent shall participate in and successfully complete that program. Respondent shall  
5 provide any information and documents that the program may deem pertinent. Respondent shall  
6 successfully complete the classroom component of the program not later than six (6) months after  
7 Respondent's initial enrollment, and the longitudinal component of the program not later than the  
8 time specified by the program, but no later than one (1) year after attending the classroom  
9 component. The professionalism program shall be at Respondent's expense and shall be in  
10 addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

11           A professionalism program taken after the acts that gave rise to the charges in the  
12 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
13 or its designee, be accepted towards the fulfillment of this condition if the program would have  
14 been approved by the Board or its designee had the program been taken after the effective date of  
15 this Decision.

16           Respondent shall submit a certification of successful completion to the Board or its  
17 designee not later than 15 calendar days after successfully completing the program or not later  
18 than 15 calendar days after the effective date of the Decision, whichever is later.

19           3.     PROFESSIONAL BOUNDARIES PROGRAM. Within 60 calendar days from the  
20 effective date of this Decision, Respondent shall enroll in a professional boundaries program  
21 approved in advance by the Board or its designee. Respondent, at the program's discretion, shall  
22 undergo and complete the program's assessment of Respondent's competency, mental health  
23 and/or neuropsychological performance, and at minimum, a 24 hour program of interactive  
24 education and training in the area of boundaries, which takes into account data obtained from the  
25 assessment and from the Decision(s), Accusation(s) and any other information that the Board or  
26 its designee deems relevant. The program shall evaluate Respondent at the end of the training  
27 and the program shall provide any data from the assessment and training as well as the results of  
28 the evaluation to the Board or its designee.

1 Failure to complete the entire program not later than six (6) months after Respondent's  
2 initial enrollment shall constitute a violation of probation unless the Board or its designee agrees  
3 in writing to a later time for completion. Based on Respondent's performance in and evaluations  
4 from the assessment, education, and training, the program shall advise the Board or its designee  
5 of its recommendation(s) for additional education, training, psychotherapy and other measures  
6 necessary to ensure that Respondent can practice medicine safely. Respondent shall comply with  
7 program recommendations. At the completion of the program, Respondent shall submit to a final  
8 evaluation. The program shall provide the results of the evaluation to the Board or its designee.  
9 The professional boundaries program shall be at Respondent's expense and shall be in addition to  
10 the Continuing Medical Education (CME) requirements for renewal of licensure.

11 The program has the authority to determine whether or not Respondent successfully  
12 completed the program.

13 A professional boundaries course taken after the acts that gave rise to the charges in the  
14 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
15 or its designee, be accepted towards the fulfillment of this condition if the course would have  
16 been approved by the Board or its designee had the course been taken after the effective date of  
17 this Decision.

18 If Respondent fails to complete the program within the designated time period, Respondent  
19 shall cease the practice of medicine within three (3) calendar days after being notified by the  
20 Board or its designee that Respondent failed to complete the program.

21 4. PSYCHIATRIC EVALUATION. Within 30 calendar days of the effective date of  
22 this Decision, and on whatever periodic basis thereafter may be required by the Board or its  
23 designee, Respondent shall undergo and complete a psychiatric evaluation (and psychological  
24 testing, if deemed necessary) by a Board-appointed board certified psychiatrist, who shall  
25 consider any information provided by the Board or designee and any other information the  
26 psychiatrist deems relevant, and shall furnish a written evaluation report to the Board or its  
27 designee. Psychiatric evaluations conducted prior to the effective date of the Decision shall not  
28 be accepted towards the fulfillment of this requirement. Respondent shall pay the cost of all

1 psychiatric evaluations and psychological testing.

2 Respondent shall comply with all restrictions or conditions recommended by the evaluating  
3 psychiatrist within 15 calendar days after being notified by the Board or its designee.

4 5. PSYCHOTHERAPY. Within 60 calendar days of the effective date of this Decision,  
5 Respondent shall submit to the Board or its designee for prior approval the name and  
6 qualifications of a California-licensed board certified psychiatrist or a licensed psychologist who  
7 has a doctoral degree in psychology and at least five years of postgraduate experience in the  
8 diagnosis and treatment of emotional and mental disorders. Upon approval, Respondent shall  
9 undergo and continue psychotherapy treatment, including any modifications to the frequency of  
10 psychotherapy, until the Board or its designee deems that no further psychotherapy is necessary.

11 The psychotherapist shall consider any information provided by the Board or its designee  
12 and any other information the psychotherapist deems relevant and shall furnish a written  
13 evaluation report to the Board or its designee. Respondent shall cooperate in providing the  
14 psychotherapist with any information and documents that the psychotherapist may deem  
15 pertinent.

16 Respondent shall have the treating psychotherapist submit quarterly status reports to the  
17 Board or its designee. The Board or its designee may require Respondent to undergo psychiatric  
18 evaluations by a Board-appointed board certified psychiatrist. If, prior to the completion of  
19 probation, Respondent is found to be mentally unfit to resume the practice of medicine without  
20 restrictions, the Board shall retain continuing jurisdiction over Respondent's license and the  
21 period of probation shall be extended until the Board determines that Respondent is mentally fit  
22 to resume the practice of medicine without restrictions.

23 Respondent shall pay the cost of all psychotherapy and psychiatric evaluations.

24 6. THIRD PARTY CHAPERONE. During probation, Respondent shall have a third  
25 party chaperone present while consulting, examining or treating female patients. Respondent  
26 shall, within 30 calendar days of the effective date of the Decision, submit to the Board or its  
27 designee for prior approval name(s) of persons who will act as the third party chaperone.

28 If Respondent fails to obtain approval of a third party chaperone within 60 calendar days of

1 the effective date of this Decision, Respondent shall receive a notification from the Board or its  
2 designee to cease the practice of medicine within three (3) calendar days after being so notified.  
3 Respondent shall cease the practice of medicine until a chaperone is approved to provide  
4 monitoring responsibility.

5 Each third party chaperone shall sign (in ink or electronically) and date each patient  
6 medical record at the time the chaperone's services are provided. Each third party chaperone  
7 shall read the Decision(s) and the Accusation(s), and fully understand the role of the third party  
8 chaperone.

9 Respondent shall maintain a log of all patients seen for whom a third party chaperone is  
10 required. The log shall contain the: 1) patient initials, address and telephone number; 2) medical  
11 record number; and 3) date of service. Respondent shall keep this log in a separate file or ledger,  
12 in chronological order, shall make the log available for immediate inspection and copying on the  
13 premises at all times during business hours by the Board or its designee, and shall retain the log  
14 for the entire term of probation.

15 Respondent is prohibited from terminating employment of a Board-approved third party  
16 chaperone solely because that person provided information as required to the Board or its  
17 designee.

18 If the third party chaperone resigns or is no longer available, Respondent shall, within five  
19 (5) calendar days of such resignation or unavailability, submit to the Board or its designee, for  
20 prior approval, the name of the person(s) who will act as the third party chaperone. If Respondent  
21 fails to obtain approval of a replacement chaperone within 30 calendar days of the resignation or  
22 unavailability of the chaperone, Respondent shall receive a notification from the Board or its  
23 designee to cease the practice of medicine within three (3) calendar days after being so notified.  
24 Respondent shall cease the practice of medicine until a replacement chaperone is approved and  
25 assumes monitoring responsibility.

26 Respondent shall provide written notification to Respondent's patients that a third party  
27 chaperone shall be present during all consultations, examination, or treatment female patients.  
28 Respondent shall maintain in the patient's file a copy of the written notification, shall make the

1 notification available for immediate inspection and copying on the premises at all times during  
2 business hours by the Board or its designee, and shall retain the notification for the entire term of  
3 probation.

4 7. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the  
5 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the  
6 Chief Executive Officer at every hospital where privileges or membership are extended to  
7 Respondent, at any other facility where Respondent engages in the practice of medicine,  
8 including all physician and locum tenens registries or other similar agencies, and to the Chief  
9 Executive Officer at every insurance carrier which extends malpractice insurance coverage to  
10 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15  
11 calendar days.

12 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

13 8. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE  
14 NURSES. During probation, Respondent is prohibited from supervising physician assistants and  
15 advanced practice nurses.

16 9. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules  
17 governing the practice of medicine in California and remain in full compliance with any court  
18 ordered criminal probation, payments, and other orders.

19 10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations  
20 under penalty of perjury on forms provided by the Board, stating whether there has been  
21 compliance with all the conditions of probation.

22 Respondent shall submit quarterly declarations not later than 10 calendar days after the end  
23 of the preceding quarter.

24 11. GENERAL PROBATION REQUIREMENTS.

25 Compliance with Probation Unit

26 Respondent shall comply with the Board's probation unit.

27 Address Changes

28 Respondent shall, at all times, keep the Board informed of Respondent's business and

1 residence addresses, email address (if available), and telephone number. Changes of such  
2 addresses shall be immediately communicated in writing to the Board or its designee. Under no  
3 circumstances shall a post office box serve as an address of record, except as allowed by Business  
4 and Professions Code section 2021, subdivision (b).

5 Place of Practice

6 Respondent shall not engage in the practice of medicine in Respondent's or patient's place  
7 of residence, unless the patient resides in a skilled nursing facility or other similar licensed  
8 facility.

9 License Renewal

10 Respondent shall maintain a current and renewed California physician's and surgeon's  
11 license.

12 Travel or Residence Outside California

13 Respondent shall immediately inform the Board or its designee, in writing, of travel to any  
14 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty  
15 (30) calendar days.

16 In the event Respondent should leave the State of California to reside or to practice  
17 ,Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of  
18 departure and return.

19 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be  
20 available in person upon request for interviews either at Respondent's place of business or at the  
21 probation unit office, with or without prior notice throughout the term of probation.

22 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or  
23 its designee in writing within 15 calendar days of any periods of non-practice lasting more than  
24 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is  
25 defined as any period of time Respondent is not practicing medicine as defined in Business and  
26 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct  
27 patient care, clinical activity or teaching, or other activity as approved by the Board. If  
28 Respondent resides in California and is considered to be in non-practice, Respondent shall

1 comply with all terms and conditions of probation. All time spent in an intensive training  
2 program which has been approved by the Board or its designee shall not be considered non-  
3 practice and does not relieve Respondent from complying with all the terms and conditions of  
4 probation. Practicing medicine in another state of the United States or Federal jurisdiction while  
5 on probation with the medical licensing authority of that state or jurisdiction shall not be  
6 considered non-practice. A Board-ordered suspension of practice shall not be considered as a  
7 period of non-practice.

8 In the event Respondent's period of non-practice while on probation exceeds 18 calendar  
9 months, Respondent shall successfully complete the Federation of State Medical Boards's Special  
10 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program  
11 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model  
12 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

13 Respondent's period of non-practice while on probation shall not exceed two (2) years.

14 Periods of non-practice will not apply to the reduction of the probationary term.

15 Periods of non-practice for a Respondent residing outside of California will relieve  
16 Respondent of the responsibility to comply with the probationary terms and conditions with the  
17 exception of this condition and the following terms and conditions of probation: Obey All Laws;  
18 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or  
19 Controlled Substances; and Biological Fluid Testing.

20 14. COMPLETION OF PROBATION. Respondent shall comply with all financial  
21 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the  
22 completion of probation. Upon successful completion of probation, Respondent's certificate shall  
23 be fully restored.

24 15. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
25 of probation is a violation of probation. If Respondent violates probation in any respect, the  
26 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
27 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,  
28 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have

1 continuing jurisdiction until the matter is final, and the period of probation shall be extended until  
2 the matter is final.

3 16. LICENSE SURRENDER. Following the effective date of this Decision, if  
4 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
5 the terms and conditions of probation, Respondent may request to surrender his or her license.  
6 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in  
7 determining whether or not to grant the request, or to take any other action deemed appropriate  
8 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
9 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its  
10 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
11 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
12 application shall be treated as a petition for reinstatement of a revoked certificate.

13 17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
14 with probation monitoring each and every year of probation, as designated by the Board, which  
15 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of  
16 California and delivered to the Board or its designee no later than January 31 of each calendar  
17 year.

18 18. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for  
19 a new license or certification, or petition for reinstatement of a license, by any other health care  
20 licensing action agency in the State of California, all of the charges and allegations contained in  
21 Accusation No. 800-2016-023790 shall be deemed to be true, correct, and admitted by  
22 Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or  
23 restrict license.

1           9.     Section 729 of the Code states:

2           “(a) Any physician and surgeon, psychotherapist, alcohol and drug abuse counselor or any  
3 person holding himself or herself out to be a physician and surgeon, psychotherapist, or alcohol  
4 and drug abuse counselor, who engages in an act of sexual intercourse, sodomy, oral copulation,  
5 or sexual contact with a patient or client, or with a former patient or client when the relationship  
6 was terminated primarily for the purpose of engaging in those acts, unless the physician and

9 counselor recommended by a third-party physician and surgeon, psychotherapist, or alcohol and

20 or by both that imprisonment and fine.

21           “(3) An act or acts in violation of subdivision (a) with two or more victims shall be  
22 punishable by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code for a  
23 period of 16 months, two years, or three years, and a fine not exceeding ten thousand dollars  
24 (\$10,000); or the act or acts shall be punishable by imprisonment in a county jail for a period of

27           “(4) Two or more acts in violation of subdivision (a) with a single victim, when the  
28 offender has at least one prior conviction for sexual exploitation, shall be punishable by

1 imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code for a period of 16  
2 months, two years, or three years, and a fine not exceeding ten thousand dollars (\$10,000); or the  
3 act or acts shall be punishable by imprisonment in a county jail for a period of not more than one  
4 year, or a fine not exceeding one thousand dollars (\$1,000), or by both that imprisonment and  
5 fine.

6 “(5) An act or acts in violation of subdivision (a) with two or more victims, and the

9 months, two years, or three years, and a fine not exceeding ten thousand dollars (\$10,000).

10 “For purposes of subdivision (a), in no instance shall consent of the patient or client be a  
11 defense. However, physicians and surgeons shall not be guilty of sexual exploitation for touching  
12 any intimate part of a patient or client unless the touching is outside the scope of medical  
13 examination and treatment, or the touching is done for sexual gratification.

14 “(c) For purposes of this section:

15 “(1) “Psychotherapist” has the same meaning as defined in Section 728.

16 “(2) “Alcohol and drug abuse counselor” means an individual who holds himself or herself  
17 out to be an alcohol or drug abuse professional or paraprofessional.

18 “(3) “Sexual contact” means sexual intercourse or the touching of an intimate part of a  
19 patient for the purpose of sexual arousal, gratification, or abuse.

22 “(d) In the investigation and prosecution of a violation of this section, no person shall seek  
23 to obtain disclosure of any confidential files of other patients, clients, or former patients or clients  
24 of the physician and surgeon, psychotherapist, or alcohol and drug abuse counselor.

25 “(e) This section does not apply to sexual contact between a physician and surgeon and his  
26 or her spouse or person in an equivalent domestic relationship when that physician and surgeon  
27 provides medical treatment, other than psychotherapeutic treatment, to his or her spouse or person  
28 in an equivalent domestic relationship.

1           “(f) If a physician and surgeon, psychotherapist, or alcohol and drug abuse counselor in a  
2 professional partnership or similar group has sexual contact with a patient in violation of this  
3 section, another physician and surgeon, psychotherapist, or alcohol and drug abuse counselor in  
4 the partnership or group shall not be subject to action under this section solely because of the  
5 occurrence of that sexual contact.”

6           10. Section 490 of the Code states:

7           “(a) In addition to any other action that a board is permitted to take against a licensee, a  
8 board may suspend or revoke a license on the ground that the licensee has been convicted of a  
9 crime, if the crime is substantially related to the qualifications, functions, or duties of the business  
10 or profession for which the license was issued.

11           “(b) Notwithstanding any other provision of law, a board may exercise any authority to  
12 discipline a licensee for conviction of a crime that is independent of the authority granted under  
13 subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties  
14 of the business or profession for which the licensee’s license was issued.

15           “(c) A conviction within the meaning of this section means a plea or verdict of guilty or a  
16 conviction following a plea of nolo contendere. Any action that a board is permitted to take  
17 following the establishment of a conviction may be taken when the time for appeal has elapsed, or

19 made suspending the imposition of sentence, irrespective of a subsequent order under the  
20 provisions of Section 1203.4 of the Penal Code.

21           “(d) The Legislature hereby finds and declares that the application of this section has been  
22 made unclear by the holding in *Petropoulos v. Department of Real Estate* (2006) 142 Cal.App.4th  
23 554, and that the holding in that case has placed a significant number of statutes and regulations  
24 in question, resulting in potential harm to the consumers of California from licensees who have  
25 been convicted of crimes. Therefore, the Legislature finds and declares that this section  
26 establishes an independent basis for a board to impose discipline upon a licensee, and that the  
27 amendments to this section made by Senate Bill 797 of the 2007-08 Regular Session do not  
28 constitute a change to, but rather are declaratory of, existing law.”

1 **FIRST CAUSE FOR DISCIPLINE**

2 **(Sexual Misconduct)**

3 11. Respondent has subjected his Physician's and Surgeon's Certificate No. A 45684 to  
4 disciplinary action under section 2227, as defined by section 729, of the Code, in that he engaged  
5 in sexual misconduct. The circumstances are as follows:

6 12. Respondent is Board Certified in Family Medicine and operates a solo family practice  
7 medical office in Bishop, California. The clinic is typically open Monday through Thursday from  
8 10:00 a.m. to 5:00 p.m. Respondent's office staff consists of two-part time medical assistants and  
9 his wife, who is the office manager. Respondent is on call for his patients at all times. When the  
10 office is closed, patient messages are relayed to his cell phone, which he uses to follow up  
11 directly with patients.

12 13. Patient A<sup>1</sup> presented to Respondent for primary care for approximately 11 years,  
13 continuing through June 14, 2016. Patient A's history included hypothyroidism, hypertension,  
14 cystic breasts, anxiety, depression and recurrent bronchitis. Typically, Patient A would only  
15 make appointments to see Respondent if she was sick or in need of laboratory work. Respondent  
16 also provided gynecological care for Patient A, performing breast exams each year and pelvic  
17 exams every couple of years.

18 14. On or about March 8, 2016, Patient A, a 43-year-old female patient, presented to  
19 Respondent for a follow up visit related to her illness. Respondent documented her vital signs,  
20 and noted that she was experiencing soreness in her mouth, cough, nasal discharge, heaviness in  
21 her chest, and difficulty taking deep breaths. Respondent ordered a series of lab tests including a  
22 throat culture and thyroid tests. The labs revealed that Patient A was suffering from 'B pertussis  
23 IgG Ab,' commonly referred to as whooping cough.

24 15. On or about April 2, 2016, Patient A, presented to the emergency room complaining  
25 of increased pain and difficulty breathing related to her pertussis. It was believed, but never  
26 confirmed, that Patient A had suffered broken or fractured ribs related to her illness. Patient A  
27 was treated and discharged with a prescription for 15 pills of Vicodin. Patient A had taken

28 <sup>1</sup> To protect the privacy of patients, individual names are not identified in this Accusation.

1 Vicodin more than a year prior, and didn't like the way it made her feel. As a result of that  
2 experience, Patient A avoids taking Vicodin, and doesn't recall whether she ever took the 15 pills  
3 prescribed by the hospital. Patient A's CURES<sup>2</sup> report shows that prior to April 2, 2016, she had  
4 not received a prescription from any provider for an opiate since November 15, 2014.

5 16. At one of Patient A's visits between March and June of 2016, Respondent gave  
6 Patient A sixty dollars cash as a gift because she was experiencing financial difficulties.  
7 Respondent told Patient A to take the money because he knew that she needed it, and that she  
8 didn't have to pay him back. Patient A protested that she didn't want to take the money because  
9 she could not pay him back, but Respondent assured her it was a gift and not to worry about it.  
10 During another visit, Respondent told Patient A that he was not going to charge for the visit, but  
11 Respondent's wife, the office manager, mailed an invoice for the visit by mail requesting  
12 payment. Respondent called Patient A and told her that he wanted her to come into the office to  
13 talk to her about the bill for the prior visit. Patient A told him that she didn't need to come into  
14 the office, and that she would just pay the bill.

15 17. On or about May 24, 2016, Patient A presented to Respondent with symptoms related  
16 to pertussis and high blood pressure. Patient A was suffering from congestion, green phlegm, and  
17 other related symptoms. Respondent wrote multiple prescriptions for Patient A, none of which  
18 were for controlled substances. Respondent told her that he and his wife were "having  
19 problems," and "going through something similar." Patient A stated that it was abnormal for  
20 Respondent to provide details about his personal life, and she was not interested in learning about  
21 his personal life. Respondent offered Patient A \$80 to cover the cost of the bill from her prior  
22 visit. Respondent didn't want his wife to learn that he was paying for the visit, so he asked  
23 Patient A to put it in an envelope and put it under the door to the office. Patient A declined and  
24 provided Respondent with an \$80 personal check for the visit.

medical practice or patient care.

1       18. On or about June 14, 2016, at 5:34 p.m., Respondent called Patient A from his cell  
2 phone and asked her to come to his office to get orders for lab work related to her thyroid and  
3 check her blood pressure. Patient A was not alarmed by the personal phone call from  
4 Respondent, as he typically calls his patients directly. As she had received other calls from him  
5 in the past, she knew it was Respondent calling from the caller identification on her cell phone.  
6 The call lasted approximately 3 minutes, and was verified by Patient A's cell phone records.  
7 Patient A worked a short distance from Respondent's medical office and agreed to come over on  
8 her way home from work. Patient A had been to Respondent's office after hours previously, and  
9 Respondent was usually in the office with his wife. Patient A parked in the parking lot behind the  
10 medical office, and entered in through the back door of the building.

11       19. Patient A was greeted by Respondent, who was alone at the office. Patient A did not  
12 see any other staff or Respondent's wife in the building at any time during the office visit.  
13 Respondent recommended that she allow him to check her lungs while she was in the office.  
14 Respondent led her to an examination room, and began to examine Patient A's lungs. While  
15 examining her lungs, Respondent asked if she had obtained her mammogram yet. Patient A told  
16 him that she had not, but planned to get one on Friday when she had another appointment for an  
17 MRI. Respondent suggested that he perform a breast exam today, given her history of cystic  
18 breasts. Patient A allowed Respondent to perform a breast examination. Respondent lifted her  
19 shirt, examined one breast with his hands, followed by the other breast. Immediately after  
20 examining her second breast with his hands, and without warning, Respondent placed his mouth  
21 over her nipple and began to suck. Respondent continued to suck on Patient A's breast for  
22 several seconds, while Patient A was in shock. Patient A pushed Respondent away and shouted,  
23 "No, no, no, no!" Respondent said, "Please forgive me, please forgive me. I'm sorry. You're so  
24 beautiful. I'm sorry. I'm sorry, please forgive me." Respondent reached into his pocket to grab  
25 money and attempted to hand it to her saying, "Please." Patient A was offended, refused his offer  
26 of money, and asked for her thyroid lab orders. Respondent was nervous, and his hands were  
27 abnormally shaking as he handed her the lab order slip. Respondent provided Patient A with the  
28 order for her thyroid laboratory tests, and told Patient A "I'm so sorry."

1           26. On or about June 15, 2016, Patient A visited Wild Iris<sup>3</sup>, a victim advocate support  
2 center, to report Respondent's misconduct. A detective from BPD arrived at the Wild Iris office  
3 to take Patient A's statement. Patient A's interview was audio and video recorded by BPD  
4 Detectives. Patient A emphatically denied that she had or could be romantically involved with  
5 Respondent, and expressly denied any history of abusing drugs or seeking controlled substances  
6 from Respondent. Patient A agreed to assist the BPD Detectives by participating in recorded  
7 pretext calls<sup>4</sup> to Respondent as a part of the criminal investigation.

8           27. During the first pretext call, Respondent did not answer the phone.

9           28. During the second pretext call, Respondent answered the phone. Patient A identified  
10 herself by her first name. Respondent said, "Yeah, I'm sorry. I missed your call. And I was  
11 going to tell you that – um – are you still there?" Patient A confirmed that she was still on the  
12 line and could hear him. Respondent said, "I'm getting another call. Can I call you right back?  
13 Just a second okay? I'll call you right back."

14           29. During the next three pretext call attempts, Respondent didn't answer the phone.

15           30. On or about June 15, 2016 at 3:21 p.m., Respondent called Patient A from his cell  
16 phone. The call was verified by phone records and lasted approximately 2 minutes. Patient A  
17 was sitting alongside officers who were recording the conversation. Respondent said, "Hi  
18 [Patient A]. This is not the best way to ask, but I was going ask you – um – will you marry me  
19 once you get divorced from the other man?" Patient A said, "What? No. What are you talking  
20 about?" Respondent replied, "I'm so sorry. Uh – uh – you know we are going through a difficult  
21 time right now and – uh – I understand what you're going through and I'm extremely sorry.  
22 Okay?" Patient A replied, "Why would you do that to me though? I trusted you. You've been  
23 my doctor for a long time. And I – uh what...I don't – why – like, you sucked my breast? Why  
24 would you do that?" Respondent answered, "I – I – you know, I'm – I'm – I'm extremely sorry.

25

<sup>4</sup> A pretext phone call is an investigative tool that is often used by law enforcement during  
criminal investigations. It is a planned phone call between the victim of a crime and the suspect,  
monitored and recorded by law enforcement.

1 Okay? Thank you. And I'll call you back. I'm in the mountains right now. Okay?"

2 Respondent then terminated the phone call.

3 31. On or about June 20, 2016, at approximately 8:15 a.m., Respondent was interviewed  
4 by BPD Detectives at his medical office. The entire interview was video and audio recorded.  
5 Respondent told BPD Detectives that he didn't know why they wanted to meet with him, but  
6 speculated that it was "because of the patient." Respondent went on to describe Patient A as a  
7 disgruntled, Vicodin seeking patient that was seeking retribution against him for refusing to  
8 prescribe her Vicodin. Respondent stated that she called him multiple times requesting  
9 prescriptions for pain killers, which he refused to provide. Respondent admitted that Patient A  
10 came by his office about one week prior, around 5:30 p.m. to pick up her lab orders. Respondent  
11 admitted that there were no other people present in the building when Patient A came to his  
12 office. According to Respondent, Patient A told him that she was under a lot of stress and asked  
13 him to check her blood pressure. Respondent contends that Patient A asked if he would marry  
14 her after she got divorced from her husband. Respondent states that he told her he couldn't marry  
15 her, because he was already married, then Patient A laughed and told him it was a joke.  
16 Respondent claimed that he refused to provide Patient A with Vicodin and explained that he  
17 didn't "prescribe Vicodin because it's an addicting drug." According to Respondent, Patient A  
18 accused him of calling her a drug addict and told him "...I'll make you pay for it."

19 32. In his interview with BPD Detectives, Respondent explained that he left Bishop to  
20 drive to his home in Orange County at approximately 2:00 p.m. on Wednesday, June 15, 2016.  
21 Respondent admitted to receiving several phone calls from Patient A during this time frame  
22 (Respondent did not know that the pretext calls were directed and recorded by BPD Detectives at  
23 the time he gave his statement). Respondent stated that he answered the phone, and told patient A  
24 that "It's not going to work talk [sic] to you when driving," then blocked her number.  
25 Respondent denied having any feelings for Patient A, and told BPD Detectives that he had  
26 nothing to hide and was being honest. BPD Detectives told Respondent that they did not believe  
27 he was being honest, because they already knew the answers to many of the questions that they  
28

1 asked him. Respondent replied by immediately requesting an attorney "before I say anything  
2 else."

3 33. On or about June 20, 2016 at approximately 12:15 p.m., BPD Detectives met with  
4 Patient A to address the allegations Respondent made about her during his interview. Patient A  
5 reported that she had taken narcotics in the past related to a neck surgery, but was not currently  
6 taking any narcotics. Patient A reported that she didn't tolerate Vicodin, because she had taken it  
7 in the past and didn't like the way it made her feel. Patient A was upset, crying and offended by  
8 Respondent's allegation that she was seeking Vicodin from him. Patient A expressly refuted his  
9 claims and signed releases to allow investigators to obtain copies of her prescription records.  
10 Patient A's prescribing records reveal that she was not regularly receiving any prescriptions for  
11 opiates or controlled substances from any health care providers. On or about April 2, 2016,  
12 Patient A received a single prescription from the emergency room for 15 pills of Vicodin to treat  
13 pain related to her possibly broken ribs while suffering from whooping cough. This was the only  
14 prescription for any opiates that Patient A received during the prior 18 months, and Patient A was  
15 unable to remember if she even took the 15 prescribed Vicodin pills.

16 34. On or about January 18, 2017, Respondent provided an allegedly complete copy of  
17 Patient A's medical records to the Inyo County District Attorney for delivery to Patient A. The  
18 records were being delivered to Patient A to allow her to coordinate her care with her future  
19 medical providers. The records consisted of 179 pages, and are inconsistent with the medical  
20 records provided by Respondent to the Board. On the same day, Respondent sent a copy of  
21 Patient A's medical records for Patient A to the Board. The records delivered to the Board  
22 consisted of 71 pages, and contained a signed certification under penalty of perjury that  
23 Respondent had provided all records relating to Patient A from September 14, 2013 through June  
24 14, 2016. Neither the records provided to the Inyo County District Attorney, nor the records  
25 provided to the Board, contained a two page handwritten note about the encounter with Patient A  
26 on June 14, 2016.

27 35. On or about June 28, 2018, Respondent participated in a subject interview with  
28 investigators working on behalf of the Board. Respondent admitted to investigators that he was

1 convicted of criminal battery in Bishop County Superior Court related to the incident that  
2 occurred with Patient A on June 14, 2016. Respondent reviewed the care and treatment provided  
3 to Patient A with investigators. Respondent explained that some of his medical records were kept  
4 electronically, while others were hand written by himself, medical assistants or his wife. Despite  
5 previously completing a certification under penalty of perjury that he had provided all records  
6 relating to Patient A from September 14, 2013 through June 14, 2016, Respondent arrived at the  
7 subject interview with two new pages of medical records. The newly produced records consist of  
8 a two page handwritten note purportedly created by Respondent within two hours after Patient A  
9 left his office on June 14, 2016. The two page handwritten note, produced by Respondent for the  
10 first time on or about June 28, 2018, is a self-serving fabrication.

11 36. Respondent's two page handwritten note is summarized as follows. It was the end of  
12 the day and Respondent was doing paperwork in his office. He heard a knock at the back door,  
13 opened it, and it was Patient A. Respondent claims that there was no prior phone call, and that he  
14 was not expecting Patient A to come to his office. Patient A stated that she was there to pick up  
15 her lab order, but asked him to go to her car so that she could show him a rash. Respondent  
16 claims that he was worried it was a chicken pox rash, so he followed Patient A to her car.  
17 Respondent claims that immediately upon entering Patient A's car, Patient A "lifted her top and  
18 thrust her breasts on my face. I was gasping for air, and was shocked. So I pushed her away  
19 from me, and she probably hit her head against the window." Respondent states that Patient A  
20 then complained to him that she had not had sex in some time, to which he responded, "that is  
21 very wrong, as I am your physician. And both of us are married." He then told her to move her  
22 car, and he would go to the office to get her lab order. Respondent returned to the office to get  
23 her lab order, then heard Patient A's voice from the examination room asking him to check her  
24 blood pressure. Respondent claims that he believed that Patient A might be under the influence  
25 of drugs, so he checked her blood pressure, and noted it in her medical records. Patient A then  
26 complained to him about life stressors including her pending divorce, and her back and hip pain.  
27 Respondent told her that he was sorry to hear about her divorce. Patient A then asked Respondent  
28 if he would marry her after she got divorced. Respondent claims that he was shocked, and

1 rejected Patient A's marriage proposal. Patient A then asked him for Vicodin. Respondent  
2 explains that he refused to provide her Vicodin, and told her that it is an addictive drug.  
3 Respondent then told Patient A that he was terminating her care, and that she needed to find  
4 another doctor in the next thirty days. According to Respondent, Patient A believed that he called  
5 her a drug addict, got angry, and left the building telling Respondent that she would make him  
6 "pay for this."

7 37. Respondent, now aware that he was recorded during the BPD Detectives' pretext  
8 calls, provided a new characterization of the calls. Respondent told Board investigators that  
9 Patient A called him on June 16, 2016, while he was driving to Dana Point. Respondent admits  
10 that the first time she called, he didn't pick up, but claims he answered the phone the second time.  
11 According to Respondent, Patient A asked for Vicodin, and threatened to kill herself. Respondent  
12 claims he told her to go to the emergency room immediately, and hung up the phone. These  
13 claims are not substantiated in the recorded calls, and are false. Then, despite Patient A's alleged  
14 threat of suicide, Respondent explained that he called her back, and asked her to marry him.  
15 Respondent claims that he was being sarcastic, because he was angry that she had asked him to  
16 marry him the day prior, just to flatter him into prescribing narcotics. Respondent claims that he  
17 had trouble hearing anything after that as he was entering the mountain range, and hung up the  
18 phone.

19 38. Respondent told Board investigators that Patient A had never asked for narcotics  
20 before. Respondent admitted that Patient A had never asked him for any money in the past.  
21 Respondent claimed that he had never given her any money or gifts in the past. According to  
22 Respondent, other than Patient A thrusting her breasts upon him, he never willingly touched any  
23 other part of her body, or placed his mouth on her breast at any time.

24 39. Respondent did not mention the newly produced records to BPD Detectives during  
25 the criminal investigation. Respondent did not provide the new medical records to Patient A  
26 when he was ordered to provide her with a complete copy of her medical record in August, 2016,  
27 as a part of the criminal prosecution. Respondent did not provide the newly produced medical  
28 records when he completed a certification under penalty of perjury that he provided all of the

1 relevant records to the Board pursuant to the Board's investigation. Respondent's only  
2 explanation for his failure to provide these highly relevant, self-serving, allegedly exculpatory  
3 documents until two years after the event, was that they were "very confidential" and he "didn't  
4 want to do it until I spoke with my attorney."

5 40. By falsely stating in his medical record that Patient A sought Vicodin; by providing  
6 the Bishop Police Department with a false statement regarding his June 14, 2016 encounter with  
7 Patient A, and a false statement regarding his June, 15, 2016, telephone conversation with Patient  
8 A; by providing Board investigators with false statements regarding both the June 14, 2016  
9 encounter and the June 15, 2016 telephone call; and by providing Board investigators with a  
10 fabricated two-page note purporting to be a part of Patient A's medical record, Respondent  
11 committed acts of dishonesty and corruption that were substantially related to the qualifications,  
12 functions, or duties of a physician and surgeon.

13 **THIRD CAUSE FOR DISCIPLINE**

14 **(False Medical Records)**

15 41. Respondent has subjected his Physician's and Surgeon's Certificate No. A 45684 to  
16 disciplinary action under section 2227, as defined by section 2262, of the Code, in that he altered,  
17 modified or created false medical records, with fraudulent intent, which constitutes  
18 unprofessional conduct. The circumstances are set forth above in paragraphs 12 through 19, and  
19 23 through 39, which are reincorporated and re-alleged as if set forth fully herein.

20 **FOURTH CAUSE FOR DISCIPLINE**

21 **(Gross Negligence)**

22 42. Respondent has subjected his Physician's and Surgeon's Certificate No. A 45684 to  
23 disciplinary action under section 2227, as defined by section 2234, subdivision (b), of the Code,  
24 in that committed gross negligence in the care and treatment of Patient A.

25 43. The circumstances and allegations set forth above in paragraphs 12 through 19, and  
26 23 through 39, are reincorporated and re-alleged as if set forth fully herein. Additional  
27 circumstances are as follows:

28 \\\

1           **Departures**

2           44. Respondent performed an unsupervised breast examination on Patient A. During the  
3 breast examination, Respondent proceeded to suck on her right breast. Respondent's sucking of  
4 Patient A's breast was for the purpose of sexual arousal, gratification or abuse. Respondent  
5 inappropriately touched Patient A, which constitutes an extreme departure from the standard of  
6 care.

7           45. Respondent violated the sanctity of the physician-patient relationship with Patient A  
8 on several occasions. Respondent shared personal information with Patient A regarding his  
9 dissatisfaction in his own marriage. Respondent provided Patient A with unsolicited gifts of  
10 money. Respondent lured Patient A to his office for an examination after normal business hours.  
11 Respondent used Patient A's history of fibrocystic change and her past due mammogram status to  
12 gain access to her exposed breasts. Respondent used Patient A's medical history to gain access to  
13 her exposed breast, then proceeded to suck on her breast. Respondent repeatedly told Patient A  
14 that he was sorry for what he did, and that she was very beautiful. During the criminal  
15 investigation, Patient A confronted Respondent with his sexual misconduct on a recorded  
16 telephone call. In response, Respondent asked Patient A if she would marry him after she  
17 finalized her divorce. Respondent repeatedly engaged in conduct that violated the appropriate  
18 boundaries of the physician-patient relationship. Each of these actions constitutes a separate and  
19 distinct extreme departure from the standard of care.

20           46. Respondent documented that Patient A sought pain medication, specifically Vicodin,  
21 from him on June 14, 2016. Respondent's claim is inconsistent with his prior prescribing, the  
22 balance of Patient A's medical record, and Patient A's statements to law enforcement. During the  
23 Board's investigative interview, Respondent claimed that Patient A was seeking Vicodin from  
24 him, that he refused to provide it, and that he documented this in the medical records.  
25 Respondent characterized Patient A as a drug addict who falsified claims of sexual misconduct as  
26 retaliation for his refusal to provide her with a prescription for Vicodin. At the subject interview,  
27 Respondent provided two pages of new medical records detailing his most recent version of  
28 events, in which he characterizes Patient A as the aggressor. In August of 2016 as a part of the

1 criminal prosecution, Respondent provided Patient A with a complete copy of her medical record  
2 so that she could give them to her new physician. In January of 2017, Respondent signed a  
3 declaration of penalty of perjury that he provided the Board with a complete copy of the medical  
4 records for Patient A from September 4, 2013 through June 14, 2016. Respondent's production  
5 of records to Patient A and to the Board did not include the two-page statement that appeared for  
6 the first time at his subject interview. Respondent did not provide this purported medical record  
7 until the subject interview because the two-page note constituted false medical records, fabricated  
8 long after the events of June 14, 2016.

9 47. Respondent altered or modified Patient A's medical records with fraudulent intent, or  
10 created a false medical record with false intent, which constitutes an extreme departure from the  
11 standard of care.

12 **FIFTH CAUSE FOR DISCIPLINE**

13 **(Repeated Negligent Acts)**

14 48. Respondent has subjected his Physician's and Surgeon's Certificate No. A 45684 to  
15 disciplinary action under section 2227, as defined by section 2234, subdivision (c), of the Code,  
16 in that he committed repeated negligent acts of negligence in the care and treatment of Patient A.

17 49. The circumstances and allegations set forth above in paragraphs 12 through 19, and  
18 23 through 39, are reincorporated and re-alleged as if set forth fully herein.

19 **SIXTH CAUSE FOR DISCIPLINE**

20 **(Conviction of a Crime)**

21 50. Respondent has subjected his Physician's and Surgeon's Certificate No. A 45684 to  
22 disciplinary action under section 2227, as defined by sections 490, 2234 (a), and/or 2234,  
23 subdivision (f), in that he was convicted of a crime substantially related to the qualifications,  
24 functions, or duties of a physician or surgeon. The circumstances are set forth above in  
25 paragraphs 12 through 19, and 23 through 39, which are reincorporated and re-alleged as if set  
26 forth fully herein. Additional circumstances are as follows:

27 51. On or about June 20, 2016, at approximately 3:01 p.m., Respondent was arrested by  
28 officers from the Bishop Police Department. Respondent invoked his right to counsel, and

1 declined to provide a statement. Respondent was arrested on a felony charge of Penal Code  
2 243.4(c), commonly referred to as sexual battery.

3 52. On or about June 20, 2016, in the Superior Court of California, in a criminal  
4 proceeding entitled *The People of the State of California vs. Ashvin Chandrashanker Pandya*,  
5 Case No. MBCRF 16-59535, Respondent was charged with one violation of Penal Code sections  
6 243.4(c) unlawfully touching an intimate part of Patient A on June 14, 2016.

7 53. On or about October 24, 2017, in a criminal proceeding entitled *The People of the*  
8 *State of California vs. Ashvin Chandrashanker Pandya*, Case No. MBCRF 16-59535, a Joint  
9 Stipulation and Order was issued pursuant to Penal Code section 23, ordering Respondent to  
10 utilize a third party chaperone when treating or examining any female patients.

11 54. On or about February 21, 2017, in a criminal proceeding entitled *The People of the*  
12 *State of California vs. Ashvin Chandrashanker Pandya*, Case No. MBCRF 16-59535, Respondent  
13 was convicted upon his plea of nolo contendere to a charge of Penal Code section 242/243(a)  
14 (battery), a misdemeanor. The Court sentenced Respondent to three (3) years' probation and  
15 ordered him to serve 30 days in jail, stayed; to complete 120 hours of community work service,  
16 permanently stayed upon completion of community work service within 24 months; pay fines and  
17 fees; complete a physician's boundaries course; follow the rules and regulations of the Medical  
18 Board; and ordered him not to have any contact with the victim (Patient A).

19 **SEVENTH CAUSE FOR DISCIPLINE**

20 **(Failure to Maintain Adequate and Accurate Medical Records)**

21 55. Respondent has subjected his Physician's and Surgeon's Certificate No. A 45684 to  
22 disciplinary action under section 2227, as defined by section 2266, in that he failed to maintain  
23 adequate and accurate medical records related to Patient A. The circumstances are set forth  
24 above in paragraphs 12 through 19, and 23 through 39, which are reincorporated and re-alleged as  
25 if set forth fully herein.
