2 Periods of non-practice will not apply to the reduction of the probationary term.

7 Controlled Substances; and Biological Fluid Testing..

10 completion of probation. Upon successful completion of probation, Respondent's certificate shall  
11 be fully restored.

12 13. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
13 of probation is a violation of probation. If Respondent violates probation in any respect, the  
14 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
15 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke  
16 Probation, or an Interim Suspension Order is filed against Respondent during probation, the  
17 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall  
18 be extended until the matter is final.

19 14. LICENSE SURRENDER. Following the effective date of this Decision, if  
20 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
21 the terms and conditions of probation, Respondent may request to surrender his or her license.  
22 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in  
23 determining whether or not to grant the request, or to take any other action deemed appropriate  
24 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
25 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its  
26 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
27 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
28 application shall be treated as a petition for reinstatement of a revoked certificate.

1 15. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
2 with probation monitoring each and every year of probation, as designated by the Board, which  
3 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of

7 a new license or certification, or petition for reinstatement of a license, by any other health care  
8 licensing action agency in the State of California, all of the charges and allegations contained in  
9 Second Amended Accusation No. 800-2015-014879 shall be deemed to be true, correct, and

JURISDICTION

1  
2       3.    This Second Amended Accusation is brought before the Board, under the authority of  
3 the following laws. All section references are to the Business and Professions Code unless  
4 otherwise indicated.

5       4.    Section 2227 of the Code provides that a licensee who is found guilty under the  
6 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed  
7 one year, placed on probation and required to pay the costs of probation monitoring, or such other  
8 action taken in relation to discipline as the Board deems proper.

9       5.    Section 2234 of the Code states:

10           The board shall take action against any licensee who is charged with  
11 unprofessional conduct. In addition to other provisions of this article, unprofessional  
12 conduct includes, but is not limited to, the following:

12           ...  
13           (b) Gross negligence.

14           (c) Repeated negligent acts. To be repeated, there must be two or more  
15 negligent acts or omissions. An initial negligent act or omission followed by a  
16 separate and distinct departure from the applicable standard of care shall constitute  
17 repeated negligent acts.

18           (1) An initial negligent diagnosis followed by an act or omission  
19 medically appropriate for that negligent diagnosis of the patient shall constitute a  
20 single negligent act.

21           (2) When the standard of care requires a change in the diagnosis, act, or  
22 omission that constitutes the negligent act described in paragraph (1), including, but  
23 not limited to, a reevaluation of the diagnosis or a change in treatment, and the  
24 licensee's conduct departs from the applicable standard of care, each departure  
25 constitutes a separate and distinct breach of the standard of care.

26           ....

27       6.    Section 2242 of the Code provides, "[p]rescribing, dispensing, or furnishing  
28 dangerous drugs as defined in Section 4022 without an appropriate examination and a medical  
indication, constitutes unprofessional conduct."

      7.    Section 2266 of the Code states: "The failure of a physician and surgeon to maintain  
adequate and accurate records relating to the provision of services to their patients constitutes  
unprofessional conduct."

1 8. Section 2305 of the Code states:

2 The revocation, suspension, or other discipline, restriction or limitation imposed  
3 by another state upon a license or certificate to practice medicine issued by that state, or the  
4 revocation, suspension, or restriction of the authority to practice medicine by any agency of  
5 the federal government, that would have been grounds for discipline in California of a  
6 licensee under this chapter [Chapter 5, the Medical Practice Act] shall constitute grounds  
7 for disciplinary action for unprofessional conduct against the licensee in this state.

8 9. Section 141 of the Code states:

9 (a) For any licensee holding a license issued by a board under the jurisdiction  
10 of the department, a disciplinary action taken by another state, by any agency of the  
11 federal government, or by another country for any act substantially related to the practice  
12 regulated by the California license, may be a ground for disciplinary action by the  
13 respective state licensing board. A certified copy of the record of the disciplinary action  
14 taken against the licensee by another state, an agency of the federal government, or  
15 another country shall be conclusive evidence of the events related therein.

16 (b) Nothing in this section shall preclude a board from applying a specific  
17 statutory provision in the licensing act administered by that board that provides for  
18 discipline based upon a disciplinary action taken against the licensee by another state, an  
19 agency of the federal government, or another country.

20 **FIRST CAUSE FOR DISCIPLINE**

21 **(Repeated Negligent Acts)**

22 10. Respondent is subject to disciplinary action under Code section 2234, subdivision (c),  
23 in that she was negligent in her care and treatment of three patients.<sup>1</sup> The circumstances are as  
24 follows:

25 A. During the relevant time period, Respondent was engaged in the private practice of  
26 adult psychiatry and psychopharmacology in both the State of California and the State of Texas.

27 B. The Board opened an investigation into Respondent's prescribing practices after it  
28 received a complaint that Respondent may be excessively and improperly prescribing controlled  
substances to one of her family members.

C. During the course of the investigation, the Board identified three patients to whom  
Respondent had inappropriately prescribed medications. Each of those patients was diagnosed

<sup>1</sup> The identity of the three patients is being withheld here to protect their privacy.  
Respondent is aware of their identities, which were disclosed to Respondent during the course of  
the Board's investigation and again in the Board's discovery production(s) in this action.

1 with Attention Deficit Disorder (ADD). Respondent prescribed the three patients Adderall,  
2 dextroamphetamine and Vyvanse, which are central nervous system stimulants used in the  
3 treatment of ADD. Respondents' care and treatment of each of the three patients departed from  
4 the applicable standard of care in the medical community.

5 D. Specifically with regards to each of the three patients,

6 (1) The patient's record is devoid of evidence to support the diagnosis of ADD. Namely,  
7 the patient's records are devoid of any comprehensive evaluations for ADD, including any  
8 evidence that the patient suffered from ADD as a child, a necessary pre-requisite, and at least  
9 moderate impairment in the core criteria of the diagnosis such as inattention, distractibility, task  
10 completion, procrastination, impulsivity, interrupting, forgetfulness, losing things and  
11 organizational capacity.

12 (2) Respondent prescribed suprathreshold doses of Adderall in combination with  
13 Vyvanse without any documentation to support the failure of lower doses of stimulants or side  
14 effect profiles in relation to these high doses.

15 E. Respondent's care and treatment of each of the three patients represents a simple  
16 departure from the standard of care.

17 **SECOND CAUSE FOR DISCIPLINE**

18 **(Out of State Discipline)**

19 11. Respondent is subject to disciplinary action under sections 2305 and 141 of the Code  
20 in that she was disciplined in Texas for prescribing controlled substances and other medications  
21 to a person with whom she had a close, personal relationship, without a demonstrated or  
22 documented immediate need. The circumstances are as follows:

23 A. On June 12, 2015, the Texas Medical Board issued an Agreed Order regarding  
24 Respondent's license to practice medicine in Texas. The Agreed Order contains findings that  
25 Respondent admitted to prescribing controlled substances and other medications to a person with  
26 whom she has a close, personal relationship, without a demonstrated or documented immediate  
27 need. The Texas Medical Board concluded that Respondent's conduct constituted unprofessional  
28 conduct and failure to adhere to acceptable practice standards under various provisions of Texas

1 law. Respondent's Texas medical license was publicly reprimanded. She was prohibited from  
2 treating or serving as a physician for her immediate family, and ordered not to prescribe any  
3 controlled substances or dangerous drugs with addictive potential or potential for abuse to herself  
4 or her immediate family. Respondent was ordered to take and pass the Texas Board's Medical  
5 Jurisprudence Examination, to complete courses in prescribing practices and medical  
6 recordkeeping, as well as continuing medical education in the areas of risk management and  
7 ethics. A \$3,000 administrative penalty was imposed.

8 **THIRD CAUSE FOR DISCIPLINE**

9 **(Prescribing Dangerous Drugs Without an Examination)**

10 12. Respondent is subject to disciplinary action under section 2242, subdivision (a), of  
11 the Code, in that Respondent prescribed dangerous drugs to each of the three patients above,  
12 without appropriate prior examinations and/or medical indications. The circumstances are as  
13 follows:

14 A. The allegations contained in paragraph 10 herein is incorporated by reference as if  
15 fully set forth, and represent the prescribing of dangerous drugs without an appropriate prior  
16 examination and/or medical indication.

17 **FOURTH CAUSE FOR DISCIPLINE**

18 **(Failure to Maintain Adequate and Accurate Records)**
