18  
19 **STIPULATED SETTLEMENT AND**  
20 **DISCIPLINARY ORDER**

21 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-  
22 entitled proceedings that the following matters are true:

23 **PARTIES**

24 1. Christine J. Lally (Complainant) is the Interim Executive Director of the Medical  
25 Board of California (Board). She brought this action solely in her official capacity and is  
26 represented in this matter by Xavier Becerra, Attorney General of the State of California, via  
27 Joshua M. Templet, Deputy Attorney General.

28 2. Respondent David Ari Friedberg, M.D. (Respondent) is represented in this  
proceeding by attorney Mark B. Guterman, LaFollette, Johnson, DeHaas, Fesler & Ames,  
865 South Figueroa Street, 32nd Floor, Los Angeles, CA 90017.

1           3.     On April 20, 2010, the Board issued Physician’s and Surgeon’s Certificate  
2 No. A 112102 to Respondent. The Physician’s and Surgeon’s Certificate was in full force and  
3 effect at all times relevant to the charges brought in Accusation No. 800-2017-030158, and will  
4 expire on April 3, 2020, unless renewed.

5   **JURISDICTION**

6           4.     Accusation No. 800-2017-030158 (Accusation) was filed before the Board and is  
7 currently pending against Respondent. The Accusation and all other statutorily required  
8 documents were properly served on Respondent, on December 4, 2019. Respondent timely filed  
9 his Notice of Defense contesting the Accusation.

10          5.     A copy of the Accusation is attached as **Exhibit A** and incorporated herein by  
11 reference.

12   **ADVISEMENT AND WAIVERS**

13          6.     Respondent has carefully read, fully discussed with counsel, and understands the  
14 charges and allegations in the Accusation. Respondent has also carefully read, fully discussed  
15 with his counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

16          7.     Respondent is fully aware of his legal rights in this matter, including the right to a  
17 hearing on the charges and allegations in the Accusation; the right to confront and cross-examine  
18 the witnesses against him; the right to present evidence and to testify on his own behalf; the right  
19 to the issuance of subpoenas to compel the attendance of witnesses and the production of  
20 documents; the right to reconsideration and court review of an adverse decision; and all other  
21 rights accorded by the California Administrative Procedure Act and other applicable laws.

22          8.     Respondent voluntarily, knowingly, and intelligently waives and gives up each and  
23 every right set forth above.

24   **CULPABILITY**

25          9.     Respondent understands and agrees that the charges and allegations in the  
26 Accusation, if proven at a hearing, constitute cause for imposing discipline on his Physician’s and  
27 Surgeon’s Certificate.

28 ///

1           10. Respondent does not contest that, at an administrative hearing, Complainant could  
2 establish a prima facie case with respect to the charges and allegations in the Accusation and that  
3 he has thereby subjected his Physician's and Surgeon's Certificate to disciplinary action.

4           11. Respondent agrees that his Physician's and Surgeon's Certificate is subject to  
5 discipline and he agrees to be bound by the Board's probationary terms as set forth in the  
6 Disciplinary Order below.

7           12. The admissions made by Respondent herein are only for the purposes of this  
8 proceeding, or any other proceedings in which the Board or other professional licensing agency is  
9 involved, and shall not be admissible in any other criminal or civil proceeding.

10   **CONTINGENCY**

11           13. This stipulation shall be subject to approval by the Board. Respondent understands  
12 and agrees that counsel for Complainant and the staff of the Board may communicate directly  
13 with the Board regarding this stipulation and settlement, without notice to or participation by  
14 Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he  
15 may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board  
16 considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order,  
17 the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this  
18 paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not  
19 be disqualified from further action by having considered this matter.

20           14. Respondent agrees that if he ever petitions for early termination or modification of  
21 probation, or if an accusation and/or petition to revoke probation is filed against him before the  
22 Board, all of the charges and allegations contained in the Accusation shall be deemed true, correct  
23 and fully admitted by Respondent for purposes of any such proceeding or any other licensing  
24 proceeding involving Respondent in the State of California.

25           15. The parties understand and agree that Portable Document Format (PDF) and facsimile  
26 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile  
27 signatures thereto, shall have the same force and effect as the originals.

28 ///

1 A medical record keeping course taken after the acts that gave rise to the charges in the  
2 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
3 or its designee, be accepted towards the fulfillment of this condition if the course would have  
4 been approved by the Board or its designee had the course been taken after the effective date of  
5 this Decision.

6 Respondent shall submit a certification of successful completion to the Board or its  
7 designee not later than 15 calendar days after successfully completing the course, or not later than  
8 15 calendar days after the effective date of the Decision, whichever is later.

9 3. PRACTICE MONITORING. Within 30 calendar days of the effective date of this  
10 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice  
11 monitor the name and qualifications of one or more licensed physicians and surgeons whose  
12 licenses are valid and in good standing, and who are preferably American Board of Medical  
13 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal  
14 relationship with Respondent, or other relationship that could reasonably be expected to  
15 compromise the ability of the monitor to render fair and unbiased reports to the Board, including  
16 but not limited to any form of bartering; shall be in Respondent's field of practice; and must agree  
17 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

18 The Board or its designee shall provide the approved monitor with copies of the Decision  
19 and Accusation, and a proposed monitoring plan. Within 15 calendar days of receipt of the  
20 Decision, Accusation, and proposed monitoring plan, the monitor shall submit a signed statement  
21 that the monitor has read the Decision and Accusation, fully understands the role of a monitor,  
22 and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees with the  
23 proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed  
24 statement for approval by the Board or its designee.

25 Within 60 calendar days of the effective date of this Decision, and continuing throughout  
26 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall  
27 make all records available for immediate inspection and copying on the premises by the monitor  
28 at all times during business hours and shall retain the records for the entire term of probation.

1 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective  
2 date of this Decision, Respondent shall receive a notification from the Board or its designee to  
3 cease the practice of medicine within three calendar days after being so notified. Respondent shall  
4 cease the practice of medicine until a monitor is approved to provide monitoring responsibility.

5 The monitor shall submit a quarterly written report to the Board or its designee, which  
6 includes an evaluation of Respondent's performance, indicating whether Respondent's practices  
7 are within the medical standards of care, and whether Respondent is practicing medicine safely. It  
8 shall be the sole responsibility of Respondent to ensure that the monitor submits the quarterly  
9 written reports to the Board or its designee within ten calendar days after the end of the preceding  
10 quarter.

11 If the monitor resigns or is no longer available, Respondent shall, within five calendar days  
12 of such resignation or unavailability, submit to the Board or its designee, for prior approval, the  
13 name and qualifications of a replacement monitor who will be assuming that responsibility within  
14 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60  
15 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a  
16 notification from the Board or its designee to cease the practice of medicine within three calendar  
17 days after being so notified. Respondent shall cease the practice of medicine until a replacement  
18 monitor is approved and assumes monitoring responsibility.

19 In lieu of a monitor, Respondent may participate in a professional enhancement program  
20 approved in advance by the Board or its designee that includes, at minimum, quarterly chart  
21 review, semi-annual practice assessment, and semi-annual review of professional growth and  
22 education. Respondent shall participate in the professional enhancement program at Respondent's  
23 expense during the term of probation.

24 4. NOTIFICATION. Within seven days of the effective date of this Decision, the  
25 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the  
26 Chief Executive Officer at every hospital where privileges or membership are extended to  
27 Respondent, at any other facility where Respondent engages in the practice of medicine,  
28 including all physician and locum tenens registries or other similar agencies, and to the Chief

1 Executive Officer at every insurance carrier which extends malpractice insurance coverage to  
2 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15  
3 calendar days.

4 This condition shall apply to any change in hospitals, other facilities, or insurance carrier.

5 5. OBEY ALL LAWS. Respondent shall obey all federal, state, and local laws, and all  
6 rules governing the practice of medicine in California, and shall remain in full compliance with  
7 any court ordered criminal probation, payments, and other orders.

8 6. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations  
9 under penalty of perjury on forms provided by the Board, stating whether there has been  
10 compliance with all the conditions of probation.

11 Respondent shall submit quarterly declarations not later than ten calendar days after the end  
12 of the preceding quarter.

13 7. GENERAL PROBATION REQUIREMENTS.

14 Compliance with Probation Unit

15 Respondent shall comply with the Board's probation unit.

16 Address Changes

17 Respondent shall, at all times, keep the Board informed of Respondent's business and  
18 residence addresses, email address (if available), and telephone number. Changes of such  
19 addresses shall be immediately communicated in writing to the Board or its designee. Under no  
20 circumstances shall a post office box serve as an address of record, except as allowed by Business  
21 and Professions Code section 2021, subdivision (b).

22 Place of Practice

23 Respondent shall not engage in the practice of medicine in Respondent's or patient's place  
24 of residence, unless the patient resides in a skilled nursing facility or other similar licensed  
25 facility.

26 License Renewal

27 Respondent shall maintain a current and renewed California physician's and surgeon's  
28 license.

1           Travel or Residence Outside California

2           Respondent shall immediately inform the Board or its designee, in writing, of travel to any  
3 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than 30  
4 calendar days.

5           In the event Respondent should leave the State of California to reside or to practice,  
6 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of  
7 departure and return.

8           8.    INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be  
9 available in person upon request for interviews either at Respondent's place of business or at the  
10 probation unit office, with or without prior notice throughout the term of probation.

11          9.    NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or  
12 its designee in writing within 15 calendar days of any periods of non-practice lasting more than  
13 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is  
14 defined as any period of time Respondent is not practicing medicine as defined in Business and  
15 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct  
16 patient care, clinical activity or teaching, or other activity as approved by the Board. If  
17 Respondent resides in California and is considered to be in non-practice, Respondent shall  
18 comply with all terms and conditions of probation. All time spent in an intensive training program  
19 which has been approved by the Board or its designee shall not be considered non-practice and  
20 does not relieve Respondent from complying with all the terms and conditions of probation.  
21 Practicing medicine in another state of the United States or federal jurisdiction while on probation  
22 with the medical licensing authority of that state or jurisdiction shall not be considered non-  
23 practice. A Board-ordered suspension of practice shall not be considered as a period of non-  
24 practice.

25          In the event Respondent's period of non-practice while on probation exceeds 18 calendar  
26 months, Respondent shall successfully complete the Federation of State Medical Boards' Special  
27 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program  
28 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model

1. Disciplinary Orders and Disciplinary Guidelines” prior to resuming the practice of medicine.

2. Respondent’s period of non-practice while on probation shall not exceed two years.

3. Periods of non-practice will not apply to the reduction of the probationary term.

4. Periods of non-practice for a Respondent residing outside of California will relieve

5. Respondent of the responsibility to comply with the probationary terms and conditions with the  
6. exception of this condition and the following terms and conditions of probation: Obey All Laws;  
7. General Probation Requirements; and Quarterly Declarations.

8. 10. COMPLETION OF PROBATION. Respondent shall comply with all financial  
9. obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the  
10. completion of probation. Upon successful completion of probation, Respondent’s certificate shall  
11. be fully restored.

12. 11. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
13. of probation is a violation of probation. If Respondent violates probation in any respect, the  
14. Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
15. carry out the disciplinary order that was stayed. If an Accusation, Petition to Revoke Probation, or  
16. Interim Suspension Order is filed against Respondent during probation, the Board shall have  
17. continuing jurisdiction until the matter is final, and the period of probation shall be extended until  
18. the matter is final.

19. 12. LICENSE SURRENDER. Following the effective date of this Decision, if  
20. Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
21. the terms and conditions of probation, Respondent may request to surrender his license. The  
22. Board reserves the right to evaluate Respondent’s request and to exercise its discretion in  
23. determining whether or not to grant the request, or to take any other action deemed appropriate  
24. and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
25. shall within 15 calendar days deliver his wallet and wall certificate to the Board or its designee  
26. and shall no longer practice medicine. Respondent then will no longer be subject to the terms and  
27. conditions of probation. If Respondent re-applies for a medical license, the application shall be  
28. treated as a petition for reinstatement of a revoked certificate.

1 **JURISDICTION**

2 3. This Accusation is brought before the Board, under the authority of the following  
3 laws. All section references are to the Business and Professions Code (Code) unless otherwise  
4 indicated.

5 **STATUTORY PROVISIONS**

6 4. Section 2227 of the Code states:

7 (a) A licensee whose matter has been heard by an administrative law judge of  
8 the Medical Quality Hearing Panel as designated in Section 11371 of the Government  
9 Code, or whose default has been entered, and who is found guilty, or who has entered  
into a stipulation for disciplinary action with the board, may, in accordance with the  
provisions of this chapter:

10 (1) Have his or her license revoked upon order of the board.

11 (2) Have his or her right to practice suspended for a period not to exceed one  
12 year upon order of the board.

13 (3) Be placed on probation and be required to pay the costs of probation  
monitoring upon order of the board.

14 (4) Be publicly reprimanded by the board. The public reprimand may include a  
15 requirement that the licensee complete relevant educational courses approved by the  
board.

16 (5) Have any other action taken in relation to discipline as part of an order of  
17 probation, as the board or an administrative law judge may deem proper.

18 (b) Any matter heard pursuant to subdivision (a), except for warning letters,  
19 medical review or advisory conferences, professional competency examinations,  
20 continuing education activities, and cost reimbursement associated therewith that are  
agreed to with the board and successfully completed by the licensee, or other matters  
made confidential or privileged by existing law, is deemed public, and shall be made  
available to the public by the board pursuant to Section 803.1.

21 5. Section 2234 of the Code states:

22 The board shall take action against any licensee who is charged with  
23 unprofessional conduct. In addition to other provisions of this article, unprofessional  
conduct includes, but is not limited to, the following:

24 (a) Violating or attempting to violate, directly or indirectly, assisting in or  
25 abetting the violation of, or conspiring to violate any provision of this chapter.

26 (b) Gross negligence.

27 (c) Repeated negligent acts. To be repeated, there must be two or more  
28 negligent acts or omissions. An initial negligent act or omission followed by a  
separate and distinct departure from the applicable standard of care shall constitute  
repeated negligent acts.

1 (1) An initial negligent diagnosis followed by an act or omission medically  
2 appropriate for that negligent diagnosis of the patient shall constitute a single  
3 negligent act.

4 (2) When the standard of care requires a change in the diagnosis, act, or  
5 omission that constitutes the negligent act described in paragraph (1), including, but  
6 not limited to, a reevaluation of the diagnosis or a change in treatment, and the  
7 licensee's conduct departs from the applicable standard of care, each departure  
8 constitutes a separate and distinct breach of the standard of care.

9 (d) Incompetence.

10 (e) The commission of any act involving dishonesty or corruption which is  
11 substantially related to the qualifications, functions, or duties of a physician and  
12 surgeon.

13 (f) Any action or conduct which would have warranted the denial of a  
14 certificate.

15 (g) The practice of medicine from this state into another state or country  
16 without meeting the legal requirements of that state or country for the practice of  
17 medicine. Section 2314 shall not apply to this subdivision. This subdivision shall  
18 become operative upon the implementation of the proposed registration program  
19 described in Section 2052.5.

20 (h) The repeated failure by a certificate holder, in the absence of good cause, to  
21 attend and participate in an interview by the board. This subdivision shall only apply  
22 to a certificate holder who is the subject of an investigation by the board.

23 6. Section 2266 of the Code states: The failure of a physician and surgeon to maintain  
24 adequate and accurate records relating to the provision of services to their patients constitutes  
25 unprofessional conduct.

### 26 FACTUAL ALLEGATIONS

27 7. At all times relevant to the allegations herein, Respondent was a physician practicing  
28 in the area of orthopedics.

8. Patient 1 was a 60-year-old female, right-hand-dominant, suffering from a right  
trigger thumb. She was referred by her primary care physician to Respondent for an orthopedic  
consult.

9. On or about August 25, 2016, Patient 1 was evaluated by Respondent, who diagnosed  
a "trigger thumb, left thumb." Respondent treated the right thumb with an injection of  
corticosteroid, however, his notes indicated that the injection site was the left knee. On or about  
September 15, 2016, Respondent noted again the patient's history of "left" trigger thumb, but  
then charted the finger pain was located in the "right" thumb.

1           10. Subsequently, Patient 1 called Respondent advising that her symptoms had recurred  
2 and she was interested in proceeding with surgery. Following the phone call, Respondent  
3 scheduled Patient 1 for right trigger thumb release surgery without seeing her preoperatively for  
4 an evaluation or consultation. Respondent did not document in Patient 1's medical records that  
5 during any such preoperative visit he discussed alternatives to surgery, what the surgery would  
6 entail both preoperatively and postoperatively, and the relative risks and benefits of the proposed  
7 surgery.

8           11. On or about October 24, 2016, Respondent performed a right trigger thumb release on  
9 Patient 1. Following the surgery, Patient 1 presented to the emergency room four times  
10 complaining of significant pain in her hand as well as symptoms of numbness. On or about  
11 November 11, 2016, Patient 1's white blood cell count was elevated at 13.5 and C-reactive  
12 Protein (CRP) was also elevated at 0.77. She was diagnosed with a cellulitis and possible post-  
13 operative infection, admitted to the hospital, and given intravenous (IV) antibiotics. Respondent  
14 had been telephoned and recommended that she be admitted to rule out tenosynovitis.

15           12. On or about December 9, 2016, while at the emergency room, Patient 1 complained  
16 of increasing hand swelling. Respondent was notified and indicated that he had nothing to offer  
17 the patient unless she has an infection. A complete blood count (CBC) was performed showing a  
18 left shift with neutrophils at 74.2 and lymphocytes at 15. On December 29, 2016, Patient 1  
19 returned to the emergency room with right hand and thumb swelling.

20           13. Approximately six weeks post surgery, Respondent saw Patient 1 in the hospital and  
21 diagnosed her with complex regional pain syndrome (CRPS) as the cause of her pain. However,  
22 Respondent never instituted treatment or made a referral to address the patient's purported CRPS.

23           14. On or about January 5, 2017, Patient 1 presented to Respondent's office with  
24 complaints of swelling, pain, and purulent drainage from her thumb. Respondent's examination  
25 revealed complete wound dehiscence with exposed tendon at the level of the right  
26 metacarpophalangeal joint with macerated skin, but no fluid collection, erythema, or evidence of  
27 purulent drainage.

28           15. On or about January 9, 2017, Respondent performed debridement of nonviable-

1 appearing skin and nonviable portions of the tendon. He described “diminutive flexor tendon of  
2 the thumb with pathological appearance and relative insufficiency,” yet he did not make the  
3 connection that the tendon was infected nor did he take a culture and sensitivity, which could  
4 have been done to rule out a deep infection. He removed specimens of tendon and necrotic tissue,  
5 but did not send those for culture and sensitivity, nor for pathological examination, all of which  
6 could have identified a deep infection.

7 **FIRST CAUSE FOR DISCIPLINE**

8 **(Gross Negligence)**

9 16. Respondent’s license is subject to disciplinary action under section 2234, subdivision  
10 (b), of the Code in that he committed gross negligence in his care and treatment of Patient 1. The  
11 circumstances are as follows:

12 17. Complainant refers to and, by this reference, incorporates paragraphs 7 through 15,  
13 above, as though set forth fully herein.

14 18. The standard of care requires that a preoperative visit be performed within a  
15 reasonable time before surgery so that the patient could be examined, and all of the patient’s  
16 questions can be answered about a proposed surgical procedure, the pathology, the options of  
17 treatment, preoperative and postoperative course of therapy, and the possible risks and benefits of  
18 the surgery can be fully explained. Furthermore, the surgeon can reassesses the pathology and  
19 planned procedure as well as any changes in symptoms.

20 19. Respondent recommended trigger thumb release surgery to Patient 1 following a  
21 phone call. There is no documentation that the patient was examined, that alternatives of therapy  
22 were discussed, that she was advised as to the pathology of a trigger finger, what the surgery  
23 would entail either preoperatively or postoperatively, and the relative risks and benefits of the  
24 proposed surgery. Not performing a preoperative visit is an extreme departure from the standard  
25 of care.

26 20. The standard of care is that proper diagnosis be made during the course of treatment  
27 to effectuate timely care in preoperative, operative, and postoperative care, to most effectively  
28 treat the patient and to avoid unnecessary complications.

1           21. Respondent's failure to properly diagnose a deep infection and failure to treat the  
2 infection appropriately represents an extreme departure from the standard of care.

3           22. Respondent's acts and/or omissions as set forth in Paragraphs 17 through 21, above,  
4 whether proven individually, jointly, or in any combination thereof, constitute gross negligence  
5 pursuant to section 2234, subdivision (b), of the Code. Therefore, cause for discipline exists.

6   **SECOND CAUSE FOR DISCIPLINE**

7   **(Repeated Negligent Acts)**

8           23. Respondent's license is subject to disciplinary action under section 2234, subdivision  
9 (c), of the Code in that he committed repeated negligent acts in his care and treatment of Patient

10 1. The circumstances are as follows:

11           24. The allegations of the First Cause for Discipline are incorporated herein by reference  
12 as if fully set forth.

13           25. Medical records are integral in the care of patients. The standard of care requires  
14 careful history taking, examination, and supportive documentation to help make a diagnosis and  
15 formulate a cogent treatment plan. Medical record keeping also requires careful identification of  
16 body parts involved and identification of the correct side (*e.g.*, left or right) to be noted.

17           26. Respondent's medical record keeping intermixed the right and left thumbs, and on the  
18 note of August 25, 2016, the injection of corticosteroid is indicated as going into the knee.  
19 Respondent's failure to review and correct the chart prior to surgery is a simple departure from  
20 the standard of care.

21           27. There is no documentation in Respondent's records that he performed a preoperative  
22 visit, during which the alternative of therapy were discussed with Patient 1, that she was advised  
23 as to the pathology of a trigger finger, what the surgery would entail, both pre- and  
24 postoperatively, and the relative risks and benefits of the proposed surgery.

25           28. Respondent's acts and/or omissions as set forth in Paragraphs 24 through 27, above,  
26 whether proven individually, jointly, or in any combination thereof, constitute repeated negligent  
27 acts pursuant to section 2234, subdivision (c), of the Code. Therefore, cause for discipline exists.

28           ///

1 **THIRD CAUSE FOR DISCIPLINE**

2 **(Failure to Maintain Adequate and Accurate Records)**

3 29. Respondent's license is subject to disciplinary action under section 2266 of the Code  
4 in that he failed to maintain adequate and accurate records of his care and treatment of Patient 1.

5 The circumstances are as follows:

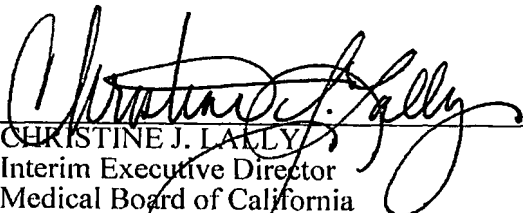

6 30. The allegations of the Second Cause for Discipline are incorporated herein by  
7 reference as if fully set forth.

8  
9 **PRAYER**

10 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,  
11 and that following the hearing, the Medical Board of California issue a decision:

- 12 1. Revoking or suspending Physician's and Surgeon's Certificate Number A 112102,  
13 issued to David Ari Friedberg, M.D.;
- 14 2. Revoking, suspending or denying approval of David Ari Friedberg, M.D.'s authority  
15 to supervise physician assistants and advanced practice nurses;
- 16 3. Ordering David Ari Friedberg, M.D., if placed on probation, to pay the Board the  
17 costs of probation monitoring; and
- 18 4. Taking such other and further action as deemed necessary and proper.
