7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

## CULPABILITY

By signing this stipulation, Respondent fully understands and agrees that he may not withdraw his agreement or seek to rescind this stipulation prior to the time the Executive Director, on behalf of the Board, considers and acts upon it.

14. The parties agree that this Stipulated Surrender of License and Disciplinary Order shall be null and void and not binding upon the parties unless approved and adopted by the Executive Director on behalf of the Board, except for this paragraph, which shall remain in full

1 force and effect. Respondent fully understands and agrees that in deciding whether or not to  
2 approve and adopt this Stipulated Surrender of License and Disciplinary Order, the Executive  
3 Director and/or the Board may receive oral and written communications from its staff and/or the  
4 Attorney General's Office. Communications pursuant to this paragraph shall not disqualify the

JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 822 of the Code states:

If a licensing agency determines that its licensee's ability to practice his or her profession safely is impaired because the licensee is mentally ill, or physically ill affecting competency, the licensing agency may take action by any one of the following methods:

- (a) Revoking the licensee's certificate or license.
- (b) Suspending the licensee's right to practice.
- (c) Placing the licensee on probation.
- (d) Taking such other action in relation to the licensee as the licensing agency in its discretion deems proper.

The licensing agency shall not reinstate a revoked or suspended certificate or license until it has received competent evidence of the absence or control of the condition which caused its action and until it is satisfied that with due regard for the public health and safety the person's right to practice his or her profession may be safely reinstated.

5. Section 2227 of the Code states, in pertinent part:

(a) A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

- (1) Have his or her license revoked upon order of the board.
- (2) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.
- (3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.
- (4) Be publicly reprimanded by the board. The public reprimand may include a requirement that the licensee complete relevant educational courses approved by the board.
- (5) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper.

6. Section 2234 of the Code, states, in pertinent part:

The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

(e) The commission of any act involving dishonesty or corruption that is substantially related to the qualifications, functions, or duties of a physician and surgeon.

7. Section 2236 of the Code states, in pertinent part:

(a) The conviction of any offense substantially related to the qualifications, functions, or duties of a physician and surgeon constitutes unprofessional conduct within the meaning of this chapter [Chapter 5, the Medical Practice Act]. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred.

(d) A plea or verdict of guilty or a conviction after a plea of nolo contendere is deemed to be a conviction within the meaning of this section and Section 2236.1. The record of conviction shall be conclusive evidence of the fact that the conviction occurred.

8. Section 2239 of the Code states, in pertinent part:

(a) The use or prescribing for or administering to himself or herself, of any controlled substance; or the use of any of the dangerous drugs specified in Section 4022, or of alcoholic beverages, to the extent, or in such a manner as to be dangerous or injurious to the licensee, or to any other person or to the public, or to the extent that such use impairs the ability of the licensee to practice medicine safely or more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this section, or any combination thereof, constitutes unprofessional conduct. The record of the conviction is conclusive evidence of such unprofessional conduct.

#### FIRST CAUSE FOR DISCIPLINE

(Use of Alcoholic Beverages to the Extent, or in a Manner, as to be Dangerous to Respondent, Another Person, or the Public)

9. Respondent has subjected his Physician's and Surgeon's Certificate No. G 51221 to disciplinary action under sections 2227 and 2234, as defined by section 2239, subdivision (a), of the Code, in that he has used alcoholic beverages to the extent, or in such a manner, as to be dangerous or injurious to himself, another person, or the public, as more particularly alleged

hereinafter:

10. Respondent has a long documented history of alcohol dependence. Respondent first used alcohol at age 17. In or around 2008, Respondent was arrested and convicted of driving under the influence of alcohol (DUI), and was sentenced to probation. In or around 2010, he completed his probation and had his conviction expunged.<sup>1</sup>

11. In or around 2013, Respondent began to drink alcohol daily, and drank to excess on days he was not working as an emergency room physician. Sometimes he would take extra shifts at work in order to avoid drinking.

12. In or around June 2018, Respondent received treatment for alcohol abuse at a substance abuse program in Pasadena for approximately two weeks. Shortly after his discharge from the program, Respondent began drinking again.

13. On or about December 15, 2018, Respondent stopped to drink alcohol on his way to work. When he arrived at the emergency room, he realized it was a bad decision and took the day off. In or around that same timeframe, Respondent also experienced suicidal ideation.

14. Between on or about December 18, 2018, through on or about January 13, 2019, Respondent took a leave of absence from work and received residential treatment for severe alcohol dependence at the Betty Ford Center (Betty Ford). During his first three days of treatment, Respondent was placed in a medical stabilization unit due to his acute alcohol withdrawal.

15. On or about January 16, 2019, at approximately 1:45 p.m., police officers were called after witnesses observed Respondent sideswipe a parked vehicle and then crash into a pole. When police officers arrived, Respondent was still seated in the driver's seat. Respondent initially admitted drinking one beer before driving, but later admitted to drinking whiskey when officers located an almost empty bottle of Jack Daniels on the driver's side floorboard. Respondent told the officers that he had previously suffered a conviction for driving under the influence of alcohol approximately eleven (11) years earlier. Respondent performed poorly on

<sup>1</sup> Conduct related to an expunged criminal conviction is for informational purposes and for consideration in a cause for action only. It is not alleged as a basis for discipline.

1 field sobriety tests and his blood alcohol content registered .22 and .23 on a preliminary alcohol  
2 screening device. Respondent was placed under arrest, and at approximately 4:10 p.m., two  
3 breath samples were obtained from Respondent that revealed he had blood alcohol levels of 0.19  
4 and 0.18 percent, respectively.

5 16. On or about January 28, 2019, after drinking heavily, Respondent sent an email to his  
6 niece informing her that he intended to overdose on self-prescribed medications. Respondent's  
7 niece called police, who then transported Respondent to Del Amo Hospital on involuntary hold  
8 pursuant to Welfare and Institutions Code section 5150. Respondent received treatment at Del  
9 Amo Hospital for a mood disorder and severe alcohol use disorder until on or about January 31,  
10 2019, when he was discharged to receive outpatient care at Betty Ford.

11 17. On or about February 5, 2019, the Los Angeles County District Attorney filed a  
12 criminal complaint against Respondent in the matter entitled, *The People of the State of*  
13 *California v. Jerry Owen Waters*, Orange County Superior Court Case No. 9AR00212. The  
14 complaint charged Respondent with two misdemeanor counts, including, driving under the  
15 influence of alcohol, in violation of Vehicle Code section 23152, subdivision (a), and driving with  
16 a blood alcohol content level of 0.08 percent or more, in violation of Vehicle Code section 23152,  
17 subdivision (b).

18 18. In or around February 2019, Respondent received outpatient treatment at Betty Ford  
19 for severe alcohol dependence.

20 19. On or about March 27, 2019, Respondent was convicted upon his plea of nolo  
21 contendere to driving under the influence of alcohol, in violation of Vehicle Code section 23152,  
22 subdivision (a), and was sentenced to three years of probation subject to various terms and  
23 conditions.

24 20. On or about April 11, 2020, at approximately 1:13 p.m., police officers were called  
25 after a witness observed Respondent sideswipe a parked vehicle and continue driving. The  
26 witness provided the officers with Respondent's license plate number, which the officers used to  
27 locate Respondent's home address. Officers arrived at Respondent's home shortly thereafter, and  
28 found him attempting to exit his vehicle. The officers immediately noted the vehicle had fresh

1 collision damage to the passenger side door, and that Respondent smelled of alcohol, had slurred  
2 speech, and had recently urinated on himself. Respondent admitted drinking whiskey before  
3 driving, but denied knowing he had hit another vehicle. Respondent was then placed under arrest  
4 and had a blood sample obtained, which revealed he had a blood alcohol content of .22 percent.

5 21. In or around April 2020, Respondent fell and hit his head, resulting in a hematoma  
6 and hemorrhaging.

7 22. Between on or about April 16, 2020, through on or about May 15, 2020, Respondent  
8 received treatment for severe alcohol use disorder at Tres Vistas Recovery Center (Tres Vistas),  
9 where he admitted drinking approximately one pint of whiskey every day, and having previously  
10 experienced a subdural hematoma from a drunken fall. Upon his discharge from Tres Vistas, it  
11 was noted that Respondent "is at high risk of relapse due to long history of chronic relapsing and  
12 an inability to remain sober for extended periods of time... [Respondent] does show a sense of  
13 denial and the serious nature of his alcoholism... If [Respondent] does not adjust focus [he] has a  
14 high chance for relapse."

15 23. On or about April 21, 2020, while receiving treatment at Tres Vistas, Respondent  
16 submitted to an interview by an investigator for the Board. During that interview, Respondent  
17 was asked, other than his 2019 DUI, if he had ever been arrested or convicted of a misdemeanor  
18 or felony in any state. In response, Respondent admitted having been convicted of a prior DUI  
19 twelve (12) years ago, during which he claimed he had been pulled over for not wearing his  
20 seatbelt and his blood alcohol content was registered to be approximately .13 percent. He  
21 informed the investigator that he had since had that conviction expunged. Respondent did not  
22 inform the investigator at any time during the interview about his April 11, 2020, DUI arrest.
