10 (a) Revoking the licentiate's certificate or license.

11 (b) Suspending the licentiate's right to practice.

19 safely reinstated.

20 5. Section 2227 of the Code states, in pertinent part:

21 (a) A licensee whose matter has been heard by an administrative law judge of

(5) Have any other action taken in relation to discipline as part of an order of
probation, as the board or an administrative law judge may deem proper.

1 6. Section 2234 of the Code, states, in pertinent part:

28
FIRST CAUSE FOR DISCIPLINE

**(Use of Alcoholic Beverages to the Extent, or in a Manner, as to be Dangerous to
Respondent, Another Person, or the Public)**

9. Respondent has subjected his Physician's and Surgeon's Certificate No. G 51221 to
disciplinary action under sections 2227 and 2234, as defined by section 2239, subdivision (a), of
the Code, in that he has used alcoholic beverages to the extent, or in such a manner, as to be
dangerous or injurious to himself, another person, or the public, as more particularly alleged

1 hereinafter:

2 10. Respondent has a long documented history of alcohol dependence. Respondent first
3 used alcohol at age 17. In or around 2008, Respondent was arrested and convicted of driving
4 under the influence of alcohol (DUI), and was sentenced to probation. In or around 2010, he
5 completed his probation and had his conviction expunged.¹

6 11. In or around 2013, Respondent began to drink alcohol daily, and drank to excess on
7 days he was not working as an emergency room physician. Sometimes he would take extra shifts
8 at work in order to avoid drinking.

9 12. In or around June 2018, Respondent received treatment for alcohol abuse at a
10 substance abuse program in Pasadena for approximately two weeks. Shortly after his discharge
11 from the program, Respondent began drinking again.

12 13. On or about December 15, 2018, Respondent stopped to drink alcohol on his way to
13 work. When he arrived at the emergency room, he realized it was a bad decision and took the day
14 off. In or around that same timeframe, Respondent also experienced suicidal ideation.

15 14. Between on or about December 18, 2018, through on or about January 13, 2019,
16 Respondent took a leave of absence from work and received residential treatment for severe
17 alcohol dependence at the Betty Ford Center (Betty Ford). During his first three days of
18 treatment, Respondent was placed in a medical stabilization unit due to his acute alcohol
19 withdrawal.

20 15. On or about January 16, 2019, at approximately 1:45 p.m., police officers were called
21 after witnesses observed Respondent sideswipe a parked vehicle and then crash into a pole.
22 When police officers arrived, Respondent was still seated in the driver's seat. Respondent
23 initially admitted drinking one beer before driving, but later admitted to drinking whiskey when
24 officers located an almost empty bottle of Jack Daniels on the driver's side floorboard.
25 Respondent told the officers that he had previously suffered a conviction for driving under the
26 influence of alcohol approximately eleven (11) years earlier. Respondent performed poorly on

27
28 ¹ Conduct related to an expunged criminal conviction is for informational purposes and for
consideration in a cause for action only. It is not alleged as a basis for discipline.

1 field sobriety tests and his blood alcohol content registered .22 and .23 on a preliminary alcohol
2 screening device. Respondent was placed under arrest, and at approximately 4:10 p.m., two
3 breath samples were obtained from Respondent that revealed he had blood alcohol levels of 0.19
4 and 0.18 percent, respectively.

5 16. On or about January 28, 2019, after drinking heavily, Respondent sent an email to his
6 niece informing her that he intended to overdose on self-prescribed medications. Respondent's
7 niece called police, who then transported Respondent to Del Amo Hospital on involuntary hold
8 pursuant to Welfare and Institutions Code section 5150. Respondent received treatment at Del
9 Amo Hospital for a mood disorder and severe alcohol use disorder until on or about January 31,
10 2019, when he was discharged to receive outpatient care at Betty Ford.

11 17. On or about February 5, 2019, the Los Angeles County District Attorney filed a
12 criminal complaint against Respondent in the matter entitled, *The People of the State of*
13 *California v. Jerry Owen Waters*, Orange County Superior Court Case No. 9AR00212. The
14 complaint charged Respondent with two misdemeanor counts, including, driving under the
15 influence of alcohol, in violation of Vehicle Code section 23152, subdivision (a), and driving with
16 a blood alcohol content level of 0.08 percent or more, in violation of Vehicle Code section 23152,
17 subdivision (b).

18 18. In or around February 2019, Respondent received outpatient treatment at Betty Ford
19 for severe alcohol dependence.

20 19. On or about March 27, 2019, Respondent was convicted upon his plea of nolo
21 contendere to driving under the influence of alcohol, in violation of Vehicle Code section 23152,
22 subdivision (a), and was sentenced to three years of probation subject to various terms and
23 conditions.

24 20. On or about April 11, 2020, at approximately 1:13 p.m., police officers were called
25 after a witness observed Respondent sideswipe a parked vehicle and continue driving. The
26 witness provided the officers with Respondent's license plate number, which the officers used to
27 locate Respondent's home address. Officers arrived at Respondent's home shortly thereafter, and
28 found him attempting to exit his vehicle. The officers immediately noted the vehicle had fresh

1 collision damage to the passenger side door, and that Respondent smelled of alcohol, had slurred
2 speech, and had recently urinated on himself. Respondent admitted drinking whiskey before
3 driving, but denied knowing he had hit another vehicle. Respondent was then placed under arrest
4 and had a blood sample obtained, which revealed he had a blood alcohol content of .22 percent.

5 21. In or around April 2020, Respondent fell and hit his head, resulting in a hematoma
6 and hemorrhaging.

7 22. Between on or about April 16, 2020, through on or about May 15, 2020, Respondent
8 received treatment for severe alcohol use disorder at Tres Vistas Recovery Center (Tres Vistas),
9 where he admitted drinking approximately one pint of whiskey every day, and having previously
10 experienced a subdural hematoma from a drunken fall. Upon his discharge from Tres Vistas, it
11 was noted that Respondent "is at high risk of relapse due to long history of chronic relapsing and
12 an inability to remain sober for extended periods of time... [Respondent] does show a sense of
13 denial and the serious nature of his alcoholism... If [Respondent] does not adjust focus [he] has a
14 high chance for relapse."

15 23. On or about April 21, 2020, while receiving treatment at Tres Vistas, Respondent
16 submitted to an interview by an investigator for the Board. During that interview, Respondent
17 was asked, other than his 2019 DUI, if he had ever been arrested or convicted of a misdemeanor
18 or felony in any state. In response, Respondent admitted having been convicted of a prior DUI
19 twelve (12) years ago, during which he claimed he had been pulled over for not wearing his
20 seatbelt and his blood alcohol content was registered to be approximately .13 percent. He
21 informed the investigator that he had since had that conviction expunged. Respondent did not
22 inform the investigator at any time during the interview about his April 11, 2020, DUI arrest.
