FIRST AMENDED ACCUSATION

17 **Physician's and Surgeon's Certificate**
18 **No. A 35028,**

19 Respondent.

20 **PARTIES**

21 1. Kimberly Kirchmeyer (Complainant) brings this First Amended Accusation solely in
22 her official capacity as the Executive Director of the Medical Board of California, Department of
23 Consumer Affairs (Board).

24 2. On or about March 17, 1980, the Medical Board issued Physician's and Surgeon's
25 Certificate Number A 35028 to Khanh Quoc Nguyen, M.D. (Respondent). The Physician's and
26 Surgeon's Certificate was in full force and effect at all times relevant to the charges brought
27 herein and will expire on March 31, 2020, unless renewed.
28

1 **JURISDICTION**

2 3. This First Amended Accusation is brought before the Board, under the authority of
3 the following laws. All section references are to the Business and Professions Code (Code)
4 unless otherwise indicated.

5 4. Section 2004 of the Code provides that the Board¹ is responsible for the
6 administration and hearing of disciplinary actions involving enforcement of the Medical Practice
7 Act (section 2000 et seq.) and the carrying out of disciplinary action appropriate to findings made
8 by the Board or an administrative law judge with respect to the quality of medical practice carried
9 out by physician's and surgeon's certificate holders.

10 5. Section 2227 of the Code provides that a licensee who is found guilty under the
11 Medical Practice Act may have his or her license revoked or suspended for a period not to exceed
12 one year; or the licensee may be placed on probation and may be required to pay the costs of
13 probation monitoring; or may have any other such action taken in relation to discipline as the
14 Board deems proper.

15 6. Section 2234 of the Code, states in relevant part:

16 "The board shall take action against any licensee who is charged with unprofessional
17 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not
18 limited to, the following:

19 "...

20 "(b) Gross negligence.

21 "(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or
22 omissions. An initial negligent act or omission followed by a separate and distinct departure from
23 the applicable standard of care shall constitute repeated negligent acts.

24 "(1) An initial negligent diagnosis followed by an act or omission medically appropriate for
25 that negligent diagnosis of the patient shall constitute a single negligent act.

26
27 ¹ The term "Board" means the Medical Board of California. "Division of Medical
28 Quality" shall also be deemed to refer to the Medical Board. (Bus. & Prof. Code, § 2002.)

1 11. On or about August 2, 2016, Patient A returned for a follow-up and stated that her
2 injury improved and she wanted to be released back to work. The patient refused to allow
3 Respondent to perform any physical examination. Patient A had been scheduled for an
4 appointment on August 1, 2016 but did not go because she did not want to see Respondent again.
5 She returned to Respondent's office only because her employer required a physician's note to
6 allow her back to work.

7 12. Sometime after Patient A's encounters with Respondent, she complained to her
8 insurance carrier about Respondent's inappropriate touching and behavior. As of December 23,
9 2016, ROMC advised Patient A's health insurance company that it had implemented a chaperone
10 requirement for all patient examinations.

11 13. Respondent is guilty of unprofessional conduct and subject to disciplinary action
12 based on the following:

13 a. Respondent rubbed and caressed Patient A's thighs and legs without medical
14 indication.

15 b. Respondent asked Patient A inappropriate and intrusive questions about her personal
16 life.

17 c. Respondent used a stethoscope in such a manner that he made inappropriate contact
18 with the patient's breasts.

19 **SECOND CAUSE FOR DISCIPLINE**

20 **(Unprofessional Conduct: gross negligence; and/or repeated negligent acts in the care of**

21 **Patient B**

22 14. Respondent is subject to disciplinary action for unprofessional conduct [2234], and/or
23 gross negligence [2234(b)], and/or repeated negligent acts [2234(c)] based on the care provided to
24 Patient B. The circumstances are as follows:

25 15. On or about March 22, 2018, Patient B, accompanied by her son, went to ROMC for
26 a medical follow-up appointment. The Patient had seen other providers at ROMC previously, but
27 had not seen Respondent until this appointment. The patient was seated on the examination table
28 when Respondent came into the room, while her son was also in the room. He positioned himself

1 so close to Patient B that her knees touched his groin area. Respondent immediately took the
2 patient's hands and commented that she was too pretty to have anything wrong with her. During
3 the examination portion of the appointment, Respondent rubbed his hands up and down the
4 patient's legs from the top of her knees to the top of her thighs. He also rubbed her arms. When
5 the patient pulled her hands and arms away from Respondent, he would again grab them. He
6 repeated that she was too pretty to be having medical issues and she should study tai chi.
7 Towards the end of the appointment, Respondent placed his stethoscope over the patient's
8 clothed breasts, with his hand open, and then moved the stethoscope around "a couple of times"
9 before he completed the examination. When Patient B left the exam room she immediately
10 complained to a nurse that Respondent was "touchy". The patient also tried to tell the office
11 manager but he was not in the office at that time. Patient B wrote a note that she did not want to
12 see Respondent again. After several additional attempts to contact the office manager, Patient B
13 was told to find a new doctor. Patient B emailed ROMC on March 23, 2018 to report the
14 incident.

15 16. On or about March 26, 2018, Patient B contacted the Redding Police Department to
16 report Respondent's conduct.

17 17. Respondent is guilty of unprofessional conduct and subject to disciplinary action
18 based on the following:

- 19 a. Respondent rubbed Patient B's arms and thighs without medical indication.
- 20 b. Respondent inappropriately commented on the Patient's looks.
- 21 c. Respondent performed a medically unnecessary chest and heart examination that was
22 done in an inappropriate manner.
- 23 d. Respondent used a stethoscope in such a manner that he made inappropriate contact
24 with the patient's breasts.
