21. 1. On or about October 9, 2020, Complainant William Prasifka, in his official capacity
22. as the Executive Director of the Medical Board of California, Department of Consumer Affairs,
23. filed Accusation No. 800-2019-059444 against Gregory Leo Murphy, M.D. (Respondent) before

25. 2. On or about April 2, 1984, the Medical Board of California (Board) issued
26. Physician's and Surgeon's Certificate No. G 52151 to Respondent. The Physician's and
27. Surgeon's Certificate was in full force and effect at all times relevant to the charges brought
28. therein and will expire on January 31, 2022, unless renewed. A true and correct copy of the

1 Certificate of Licensure is attached as Exhibit A to the accompanying Default Decision Evidence
2 Packet.¹

3 3. On or about September 22, 2020, following a noticed hearing, an Interim Suspension
4 Order was issued by the Office of Administrative Hearings, immediately suspending Physician's
5 and Surgeon's Certificate No. G 52151, and prohibiting Respondent from practicing medicine in
6 the State of California. A true and correct copy of the Interim Suspension Order is attached as
7 Exhibit B.

8 4. On or about October 9, 2020, Merlene Francis, an employee of the Board, served by
9 Certified and First Class Mail a copy of the Accusation No. 800-2019-059444, Statement to
10 Respondent, Notice of Defense, and Request for Discovery to Respondent's address of record
11 with the Board, which was and is 1750 Calle del Oro, Corona, CA 92882. A copy of the
12 Accusation, the related documents, and Declaration of Service are attached as Exhibit C.

13 5. Service of the Accusation was effective as a matter of law under the provisions of
14 Government Code section 11505, subdivision (c).

15 6. On or about October 21, 2020, having not yet received the Notice of Defense, Deputy
16 Attorney General, Karolyn M. Westfall (DAG Westfall), emailed Respondent a copy of the
17 Accusation, the related documents, and Declaration of Service at his last known email address,
18 and inquired of the status of his Notice of Defense. Shortly thereafter, DAG Westfall received a
19 notice that the email was returned as undeliverable. (Exhibit D, Declaration of Deputy Attorney
20 General, Karolyn M. Westfall, ¶ 6.)

21 7. On or about October 22, 2020, having not yet received the Notice of Defense, DAG
22 Westfall left a voice mail for Respondent at his last known phone number, informing him of the
23 returned email and inquired of the status of his Notice of Defense. (Exhibit D, ¶ 7.)

24 8. On or about October 26, 2020, Atur Gilou, an employee of Attorney General's office,
25 served by Certified and First Class Mail a Courtesy Notice of Default along with a copy of the
26 Accusation, related documents, and Declaration of Service to Respondent's address of record

27 ¹ All exhibits are true and correct copies of the originals, and are attached to the
28 accompanying Default Decision Evidence Packet. The Default Decision Evidence Packet is
hereby incorporated by reference, in its entirety, as if fully set forth herein.

1 with the Board, which was and is 1750 Calle del Oro, Corona, CA 92882. (Exhibit D, ¶ 9.) A
2 copy of the Courtesy Notice of Default and Declaration of Service are attached as Exhibit E.

3 9. On or about November 2, 2020, the Attorney General's office received a signed
4 certified mail return receipt from the Courtesy Notice of Default that was mailed to Respondent's
5 address of record on or about October 26, 2020. (Exhibit D, ¶ 10.) A copy of the signed certified
6 mail return receipt is attached as Exhibit F.

7 10. Government Code section 11506 states, in pertinent part:

8 (c) The respondent shall be entitled to a hearing on the merits if the respondent
9 files a notice of defense, and the notice shall be deemed a specific denial of all parts
10 of the accusation not expressly admitted. Failure to file a notice of defense shall
11 constitute a waiver of respondent's right to a hearing, but the agency in its discretion
12 may nevertheless grant a hearing.

11 11. To date, Respondent has not filed a Notice of Defense. (Exhibit D, ¶ 11.)

12 12. Respondent failed to file a Notice of Defense within 15 days after service upon him
13 of the Accusation, and therefore waived his right to a hearing on the merits of Accusation No.
14 800-2019-059444.

15 13. California Government Code section 11520 states, in pertinent part:

16 (a) If the respondent either fails to file a notice of defense or to appear at the
17 hearing, the agency may take action based upon the respondent's express admissions
18 or upon other evidence and affidavits may be used as evidence without any notice to
19 respondent.

19 14. Pursuant to its authority under Government Code section 11520, the Board finds
20 Respondent is in default. The Board will take action without further hearing and, based on
21 Respondent's express admissions by way of default and the evidence before it as contained in the
22 separate accompanying Default Decision Evidence Packet, Exhibits A through J, finds that the
23 allegations in Accusation No. 800-2019-059444, and each of them, separately and severally, are
24 true and correct.

1 **BUSINESS AND PROFESSIONS CODE VIOLATIONS**

2 28. Respondent has subjected his Physician's and Surgeon's Certificate No. G 52151 to
3 disciplinary action under sections 2227, and 2234, as defined by section 2239, subdivision (a), of
4 the Code, in that he has administered controlled substances to himself, as more particularly
5 alleged hereinafter:

6 (a) Between in or around 1984, through in or around 2019, Respondent worked as an
7 emergency room physician at Pomona Valley Medical Center. (Exhibit G, Declaration of
8 Investigator Anthony Harris, ¶ 18.)

9 (b) In or around 1987, Respondent was hospitalized for approximately one month for
10 depression and suicidal ideation. (Exhibit G ¶ 10.)

11 (c) In or around 2010, Respondent began to prescribe himself antidepressant
12 medications, including but not limited to, Prozac² and amitriptyline.³ (Exhibit G, ¶¶ 10, 18.)

13 (d) Between in or around 2010, through in or around 2019, Respondent prescribed
14 approximately 100 tabs of benzphetamine 60 mg each month to a relative (Patient A)⁴ for
15 the treatment of attention deficit disorder. Respondent did not perform and/or document a
16 prior examination of the patient, and did not prepare medical records to support these
17 prescriptions. Throughout that time, Respondent consumed over half of these pills each
18 month, including on days when he was working in the emergency room. (Exhibit G, ¶¶ 11,
19 18.)

20 (e) Between in or around 2014, through in or around 2019, Respondent regularly
21 prescribed 100 tabs of diazepam⁵ 5mg to Patient A for pain. Respondent did not perform

22 ² Prozac (brand name for fluoxetine) is a selective serotonin reuptake inhibitor medication
23 used to treat depression, and a dangerous drug pursuant to Business and Professions Code section
24 4022.

25 ³ Amitriptyline is a tricyclic antidepressant medication with sedative effects, and a
26 dangerous drug pursuant to Business and Professions Code section 4022.

27 ⁴ To protect the privacy of the patients involved, patient names have not been included in
28 this pleading. Respondent is aware of the identity of the patients referred to herein.

⁵ Diazepam (brand name Valium) is a Schedule IV controlled substance pursuant to
Health and Safety Code section 11057, subdivision (d), and a dangerous drug pursuant to

1 and/or document a prior examination of the patient, and did not prepare medical records to
2 support these prescriptions. (Exhibit G, ¶¶ 8, 18.)

3 (f) Between in or around 2015, through in or around 2019, Respondent ordered
4 medications through the mail from Henry Schein, Inc., for himself and his family, including
5 but not limited to diazepam and amitriptyline. (Exhibit G, ¶¶ 8, 18.)

6 (g) In or around April 2019, multiple employees at Pomona Valley Hospital reported
7 concerns about Respondent's behavior at work, including but not limited to, yelling at a
8 patient, exhibiting slurred speech and a glazed affect, and taking routine breaks to the
9 workroom where he was heard obtaining pills from his bag. As a result, his employer
10 referred him for a fitness for duty evaluation. (Exhibit G, ¶ 6.)

11 (h) On or about May 17, 2019, Respondent underwent a fitness for duty evaluation by
12 M.S., M.D. (Dr. M.S.). During this assessment, Respondent admitted experiencing stressors
13 in his life, including the death of his sister in January 2018, and significant financial issues
14 including filing for bankruptcy. Respondent admitted his prior hospitalization for
15 depression and suicidal thoughts, as well as self-prescribing daily Prozac 10 mg for the last
16 ten years. Part of this evaluation included a hair sample that was later tested and revealed a
17 positive result for amphetamine and methamphetamine. (Exhibit G, ¶ 6.)

18 (i) On or about May 23, 2019, Respondent denied using illegally-produced
19 methamphetamine and blamed the positive result on his use of nasal decongestants for
20 allergies. Respondent was then given the option to submit nail samples for further
21 confirmatory testing. Despite multiple opportunities, Respondent intentionally failed to
22 provide adequate nail samples. (Exhibit G, ¶¶ 6, 10, 13.)

23 (j) In or around July 2019, Respondent attempted to order diazepam and
24 phenobarbital⁶ from Henry Schein, Inc. Respondent was feeling depressed and suicidal at
25

26 Business and Professions Code section 4022.

27 ⁶ Phenobarbital is a Schedule IV controlled substance pursuant to Health and Safety Code
28 section 11057, subdivision (d), and a dangerous drug pursuant to Business and Professions Code
section 4022. It is a barbiturate that slows the activity of your brain and nervous system, and is
used to treat or prevent seizures and as a short-term sedative to help with relaxation.

1 the time and intended to use the phenobarbital to attempt suicide. Henry Schein, Inc.
2 requested additional information about this order, and on or about July 17, 2019,
3 Respondent responded with a letter wherein he stated he has a small solo general practice
4 out of his home where he sees approximately three to four patients per week. Respondent
5 did not at that time, or anytime thereafter, have a small solo practice out of his home where
6 he sees approximately three to four patients per week. Respondent's order for phenobarbital
7 was flagged by Henry Schein, Inc., and his shipment was not processed. (Exhibit G, ¶¶ 8,
8 17, 18.)

9 (k) On or about August 30, 2019, Respondent prescribed phenobarbital to his relative,
10 Patient B for his own use. Respondent was feeling depressed and suicidal at the time, and
11 intended to use the phenobarbital to attempt suicide. Respondent did not perform a prior
12 examination of Patient B, and did not prepare medical records to support this prescription.
13 (Exhibit G, ¶¶ 12, 14, 18.)

14 (l) On or about October 29, 2019, an investigator for the Board spoke with
15 Respondent at his home. During this conversation, Respondent denied providing treatment
16 to any family members. (Exhibit G, ¶ 7.)

17 (m) On or about February 16, 2020, Respondent voluntarily submitted to a psychiatric
18 evaluation by Board-appointed psychiatrist, T.B., M.D., M.P.H. (Dr. T.B.) After his review
19 of records and mental status examination, Dr. T.B. concluded that Respondent suffers from
20 major depression, recurrent, and a possible substance abuse disorder. Dr. T.B. further
21 concluded that Respondent is unable to practice medicine safely at this time as a result of
22 his major depression, and his continued practice of medicine without psychiatric treatment
23 and monitoring, including random drug testing, will endanger the public health, safety, and
24 welfare. (Exhibit H, Redacted Declaration of Dr. T.B.)

25 (n) On or about March 22, 2020, Respondent contacted an investigator for the
26 Medical Board in response to his request for a certified copy of Patient A's medical records.
27 Respondent informed the investigator that he did not maintain any records for Patient A and
28 stated he only gave Patient A medications when she was sick. (Exhibit G, ¶ 15.)

1 (o) On or about May 4, 2020, Respondent voluntarily submitted to a physical
2 evaluation by Board-appointed psychiatrist and neurologist, A.E., M.D. (Dr. A.E.) After his
3 review of records and physical examination, Dr. A.E. concluded that Respondent suffers
4 from unspecified mood [affective] disorder and markedly abnormal visual acuity. Dr. A.E.
5 further concluded that Respondent is unable to practice medicine safely at this time as a
6 result of these physical conditions, and his continued practice of medicine without
7 psychiatric and ophthalmologic treatment and monitoring will endanger the public health,
8 safety, and welfare. (Exhibit I, Redacted Declaration of Dr. A.E.)

9 (p) On or about June 15, 2020, Respondent spoke with an investigator for the Board
10 by phone. During this conversation, Respondent claimed to have only prescribed antibiotics
11 to his family members. (Exhibit G, ¶ 17.)

12 (q) On or about September 14, 2020, Respondent participated in a subject interview
13 with an investigator for the Board. During this interview, Respondent denied any history of
14 illicit or recreational drug use, including prescription drugs. When asked about
15 prescriptions for his family members, Respondent repeatedly claimed to have only
16 prescribed antibiotics for his family, and denied ever prescribing them medications for pain.
17 Later in the interview, Respondent finally admitted prescribing diazepam to Patient A for
18 pain, and knowing she took too many of them, but denied prescribing her any other
19 controlled substances. When asked about the benzphetamine prescriptions, Respondent
20 finally admitted prescribing benzphetamine to Patient A for ten years, that the prescriptions
21 were primarily for his own use, and that he practiced medicine while under the influence of
22 this medication. Respondent also admitted he failed to disclose those prescriptions earlier in
23 the interview because he knew it was illegal. (Exhibit G, ¶ 18.)

24 29. Respondent has further subjected his Physician's and Surgeon's Certificate No.
25 G 52151 to disciplinary action under sections 2227, and 2234, as defined by section 2239,
26 subdivision (a), of the Code, in that he has used dangerous drugs to an extent, or in a manner, as

1 22. Between in or around 2010, through in or around 2019, Respondent prescribed
2 approximately 100 tabs of benzphetamine 60 mg each month to a relative (Patient A)³ for the
3 treatment of attention deficit disorder. Respondent did not perform and/or document a prior
4 examination of the patient, and did not prepare medical records to support these prescriptions.
5 Throughout that time, Respondent consumed over half of these pills each month, including on
6 days when he was working in the emergency room.

7 23. Between in or around 2014, through in or around 2019, Respondent regularly
8 prescribed 100 tabs of diazepam⁴ 5mg to Patient A for pain. Respondent did not perform and/or
9 document a prior examination of the patient, and did not prepare medical records to support these
10 prescriptions.

11 24. Between in or around 2015, through in or around 2019, Respondent ordered
12 medications through the mail from Henry Schein, Inc., for himself and his family.

13 25. In or around April 2019, multiple employees at Pomona Valley Hospital reported
14 concerns about Respondent's behavior at work, including but not limited to, yelling at a patient,
15 exhibiting slurred speech and a glazed affect, and taking routine breaks to the workroom where he
16 was heard obtaining pills from his bag. As a result, his employer referred him for a fitness for
17 duty evaluation.

18 26. On or about May 17, 2019, Respondent underwent a fitness for duty evaluation by
19 M.S., M.D. (Dr. M.S.). During this assessment, Respondent admitted experiencing stressors in
20 his life, including the death of his sister in January 2018, and significant financial issues including
21 filing for bankruptcy. Respondent admitted his prior hospitalization for depression and suicidal
22 thoughts, as well as self-prescribing daily Prozac 10 mg for the last ten years. Part of this
23 evaluation included a hair sample that was later tested and revealed a positive result for
24 amphetamine and methamphetamine.

25 ³ To protect the privacy of the patients involved, patient names have not been included in this
26 pleading. Respondent is aware of the identity of the patients referred to herein.

27 ⁴ Diazepam (brand name Valium) is a Schedule IV controlled substance pursuant to
28 Health and Safety Code section 11057, subdivision (d), and a dangerous drug pursuant to
Business and Professions Code section 4022.

1 27. On or about May 23, 2019, Respondent denied using illegally-produced
2 methamphetamine and blamed the positive result on his use of nasal decongestants for allergies.
3 Respondent was then given the option to submit nail samples for further confirmatory testing.
4 Despite multiple opportunities, Respondent intentionally failed to provide adequate nail samples.

5 28. In or around July 2019, Respondent attempted to order diazepam and phenobarbital⁵
6 from Henry Schein, Inc. Respondent was feeling depressed and suicidal at the time and intended
7 to use the phenobarbital to attempt suicide. Henry Schein Inc. requested additional information
8 about this order, and on or about July 17, 2019, Respondent responded with a letter wherein he
9 stated he has a small solo general practice out of his home where he sees approximately three to
10 four patients per week. Respondent did not at that time, or anytime thereafter, have a small solo
11 practice out of his home where he sees approximately three to four patients per week.
12 Respondent's order for phenobarbital was flagged by Henry Schein, Inc., and his shipment was
13 not processed.

14 29. On or about August 30, 2019, Respondent prescribed phenobarbital to another relative
15 (Patient B) for his own use. Respondent was feeling depressed and suicidal at the time, and
16 intended to use the phenobarbital to attempt suicide. Respondent did not perform a prior
17 examination of Patient B, and did not prepare medical records to support this prescription.

18 30. On or about October 29, 2019, an investigator for the Board spoke with Respondent at
19 his home. During this conversation, Respondent denied providing treatment to any family
20 members.

21 31. On or about February 16, 2020, Respondent voluntarily submitted to a psychiatric
22 evaluation by Board-appointed psychiatrist, T.B., M.D., M.P.H. (Dr. T.B.) After his review of
23 records and mental status examination, Dr. T.B. concluded that Respondent suffers from major
24 depression, recurrent, and a possible substance abuse disorder. Dr. T.B. further concluded that
25 Respondent is unable to practice medicine safely at this time as a result of his major depression,
26

27 ⁵ Phenobarbital is a Schedule IV controlled substance pursuant to Health and Safety Code
28 section 11057, subdivision (d), and a dangerous drug pursuant to Business and Professions Code
section 4022. It is a barbiturate that slows the activity of your brain and nervous system, and is
used to treat or prevent seizures and as a short-term sedative to help with relaxation.

1 and his continued practice of medicine without psychiatric treatment and monitoring, including
2 random drug testing, will endanger the public health, safety, and welfare.

3 32. On or about March 22, 2020, Respondent contacted an investigator for the Medical
4 Board in response to his request for a certified copy of Patient A's medical records. Respondent
5 informed the investigator that he did not maintain any records for Patient A and stated he only
6 gave Patient A medications when she was sick.

7 33. On or about May 4, 2020, Respondent voluntarily submitted to a physical evaluation
8 by Board-appointed psychiatrist and neurologist, A.E., M.D. (Dr. A.E.) After his review of
9 records and physical examination, Dr. A.E. concluded that Respondent suffers from unspecified
10 mood [affective] disorder and markedly abnormal visual acuity. Dr. A.E. further concluded that
11 Respondent is unable to practice medicine safely at this time as a result of these physical
12 conditions, and his continued practice of medicine without psychiatric and ophthalmologic
13 treatment and monitoring will endanger the public health, safety, and welfare.

14 34. On or about June 15, 2020, Respondent spoke with an investigator for the Board by
15 phone. During this conversation, Respondent claimed to have only prescribed antibiotics to his
16 family members.

17 35. On or about September 14, 2020, Respondent participated in a subject interview with
18 an investigator for the Board. During this interview, Respondent denied any history of illicit or
19 recreational drug use, including prescription drugs. When asked about prescriptions for his
20 family members, Respondent repeatedly claimed to have only prescribed antibiotics for his
21 family, and denied ever prescribing them medications for pain. Later in the interview,
22 Respondent finally admitted prescribing diazepam to Patient A for pain, and knowing she took
23 too many of them, but denied prescribing her any other controlled substances. When asked about
24 the benzphetamine prescriptions, Respondent finally admitted prescribing benzphetamine to
25 Patient A for ten years, that the prescriptions were primarily for his own use, and that he practiced
26 medicine while under the influence of this medication. Respondent also admitted he failed to
27 disclose those prescriptions earlier in the interview because he knew it was illegal.
