21 **PARTIES**

22 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
23 California (Board). He brought this action solely in his official capacity and is represented in this
24 matter by Xavier Becerra, Attorney General of the State of California, by Mary Cain-Simon,
25 Supervising Deputy Attorney General.

26 2. Respondent Cheryl Lea Northey, M.D. (Respondent) is represented in this proceeding
27 by attorney Thomas Still, of Hinshaw, Marsh, Still & Hinshaw, whose address is: 12901 Saratoga
28 Avenue, Saratoga, California 95070-4110.

3. On January 17, 1997, the Board issued Physician's and Surgeon's Certificate No. C 50031 to Respondent. The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2017-034276, and will expire on May 31, 2022, unless renewed.

JURISDICTION

4. Accusation No. 800-2017-034276 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on December 18, 2019. Respondent timely filed her Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 800-2017-034276 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2017-034276. Respondent has also carefully read, fully discussed with her counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of her legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against her; the right to present evidence and to testify on her own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 800-2017-034276, if proven at a hearing, constitute cause for imposing discipline upon her Physician's and Surgeon's Certificate.

1
2 10. Respondent agrees that her Physician's and Surgeon's Certificate is subject to
3 discipline and she agrees to be bound by the Board's imposition of discipline as set forth in the

9 settlement, without notice to or participation by Respondent or her counsel. By signing the
10 stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek
11 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
12 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
13 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
14 action between the parties, and the Board shall not be disqualified from further action by having
15 considered this matter.

16 12. The parties understand and agree that Portable Document Format (PDF) and facsimile
17 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
18 signatures thereto, shall have the same force and effect as the originals.

20 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
21 enter the following Disciplinary Order:

22 **DISCIPLINARY ORDER**

23 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. C 50031 issued
24 to Respondent Cheryl Lea Northey, M.D. shall be and hereby is Publicly Reprimanded pursuant
25 to Business and Professions Code section 2227. This Public Reprimand is issued as a result of the
26 following conduct by Respondent as set forth in Accusation No. 800-2017-034276.

27 On April 20, 2015, you were the treating physician for a patient with a scheduled C-section,
28 who experienced a post- partum hemorrhage after you had departed from the hospital. You

1 failed to recognize and appropriately manage the patient's internal bleeding, and delayed
2 returning to the hospital, although no hospitalist was present to provide care. These actions
3 reflected departures from the standard of care.

4 Respondent further agrees to the following conditions as requirements for the issuance of
5 this reprimand:

6 EDUCATION COURSE. Within 60 calendar days of the effective date of this Decision,
7 Respondent shall submit to the Board or its designee for its prior approval educational program(s)
8 or course(s) which shall not be less than 30 hours. The educational program(s) or course(s) shall
9 be aimed at correcting any areas of deficient practice or knowledge and shall be Category I
10 certified. The educational program(s) or course(s) shall be at Respondent's expense and shall be
11 in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.
12 Respondent is to complete the Education course(s) within one year from the date of this decision.
13 Following the completion of each course, the Board or its designee may administer an
14 examination to test Respondent's knowledge of the course. Respondent shall provide proof of
15 attendance for 55 hours of CME of which 30 hours were in satisfaction of this condition.

16 Failure to comply with the Education Course requirement may constitute unprofessional
17 conduct and may result in disciplinary action.

18

23 Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the
24 Decision and Order of the Medical Board of California.

1 **JURISDICTION**

2 3. This Accusation is brought before the Board, under the authority of the following
3 laws. All section references are to the Business and Professions Code (Code) unless otherwise
4 indicated.

5 4. Section 2227 of the Code provides that a licensee who is found guilty under the
6 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
7 one year, placed on probation and required to pay the costs of probation monitoring, or such other
8 action taken in relation to discipline as the Board deems proper.

9 5. Section 2234 of the Code, states:

10 The board shall take action against any licensee who is charged with
11 unprofessional conduct. In addition to other provisions of this article, unprofessional
conduct includes, but is not limited to, the following:

12 ...

13 (b) Gross negligence.

14 (c) Repeated negligent acts. To be repeated, there must be two or more
15 negligent acts or omissions. An initial negligent act or omission followed by a
separate and distinct departure from the applicable standard of care shall constitute
16 repeated negligent acts.

17 ...

18 (d) Incompetence.

19 ...

20 **FIRST CAUSE FOR DISCIPLINE**

21 **(Gross Negligence)**

22 6. Respondent has subjected her Physician's and Surgeon's Certificate No. C 50031 to
23 disciplinary action under sections 2227 and 2234, as defined by section 2234, subdivision (b), of
24 the Code, in that she was grossly negligent in her care and treatment of Patient A,¹ as more
25 particularly alleged hereinafter:

26 ///

27 _____
28 ¹ To protect the privacy of the patient involved, the patient's name has not been included in this
pleading. Respondent is aware of the identity of the patient referred to herein.

1 7. In or around April 2015, Respondent operated an obstetrics and gynecology
2 (OBGYN) private practice clinic, and had privileges at Watsonville Community Hospital (WCH).
3 WCH did not have OBGYN hospitalists at that time, so Respondent provided call coverage for
4 her patients.

5 8. On or about April 20, 2015, Respondent performed a scheduled cesarean section and
6 elective bilateral tubal ligation on Patient A, a then thirty-three (33) year old patient, whose
7 medical history included a hip replacement, two prior cesarean sections, gestational diabetes,
8 gestational hypertension, and late prenatal care. The surgery was uneventful, with an estimated
9 blood loss of 400 cc. At approximately 2:15 p.m., the patient was transported to the postpartum
10 unit.

11 9. Respondent lived approximately fifteen (15) minutes from WCH. At approximately
12 5:00 p.m., Respondent left WCH and went home.

13 10. At approximately 10:10 p.m., while in the postpartum unit, Patient A was alert and
14 conscious, but complained of dizziness. At that time, her lochia was reportedly moderate to light,
15 and her blood pressure was 77/42.

16 11. At approximately 10:45 p.m., Patient A was alert and conscious, her lochia was light,
17 and her blood pressure was noted to be 77/35 with a pulse of 110.

18 12. At approximately 11:00 p.m., Patient A's nurse then called Respondent at home, and
19 informed her of the patient's low blood pressure readings and low urine output of 100 ml for the
20 preceding six (6) hours. Respondent ordered a STAT complete blood count (CBC) and
21 administration of 5mg of ephedrine.² Respondent did not return to the hospital at that time.

22 13. After the administration of ephedrine, Patient A's blood pressure initially improved to
23 95/75, but then lowered to 83/50 at approximately 12:01 a.m.

24 14. At approximately 12:30 a.m., Patient A was alert and conscious, but complained of
25 nausea. Her blood pressure was noted to be 74/40 with a pulse of 114. Patient A's nurse then
26 called Respondent at home for a second time, and informed her of the patient's low blood
27 pressure readings and her mildly distended abdomen. Respondent had not followed-up on the

28 ² Ephedrine is a stimulant medication used to treat low blood pressure.

1 patient's STAT CBC results and did not inquire of the results at that time. Respondent then
2 ordered a second administration of 5mg of ephedrine and a bolus of normal saline. Sometime
3 thereafter, Respondent drove to the hospital.

4 15. At approximately 12:59 a.m., Patient A had labored breathing and was no longer
5 responsive. A rapid response was called by nursing staff. Respondent arrived at Patient A's
6 room approximately ten (10) minutes later, as the rapid response was in progress. The patient
7 required intubation and was transported to the intensive care unit (ICU).

8 16. At approximately 1:30 a.m., Respondent ordered to crossmatch four (4) units of blood
9 STAT and to begin transfusion.

10 17. At approximately 2:49 a.m., Patient A's heart rate dropped and a "Code Blue" was
11 called. The patient responded to CPR.

12 18. On or about April 21, 2015, Patient A developed hypovolemic shock and acute renal
13 failure. Throughout that day, multiple abdominal ultrasounds revealed a large amount of free
14 fluid in her abdomen, and a CT scan of her pelvis revealed a massive hemoperitoneum.³ Patient
15 A received multiple blood products, including packed red blood cells, platelets, and fresh frozen
16 plasma.

17 19. At approximately 4:45 p.m., Patient A returned to the operating room for an
18 exploratory laparotomy, during which approximately 3000 cc of clots and blood were evacuated.

19 20. At approximately 10:00 p.m., Patient A was emergently transported by helicopter to
20 Stanford Hospital. Patient A received a prolonged course of medical treatment until
21 approximately June 2015, when she was released home.

22 21. Respondent committed gross negligence in her care and treatment of Patient A, which
23 included but was not limited to, the following:

24 A. Failing to recognize the severity of the patient's internal bleeding and failing to
25 actively manage her circulatory volume; and

26 B. Ordering two rounds of ephedrine in a patient presenting with signs and
27 symptoms of shock due to hypovolemia.

28 ³ Hemoperitoneum is the presence of blood in the peritoneal cavity.
