**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

21
22 **IT IS HEREBY STIPULATED AND AGREED** by and between the parties to the above-
23 entitled proceedings that the following matters are true:

24 **PARTIES**

25 1. William Prasifka ("Complainant") is the Executive Director of the Medical Board of
26 California ("Board"). He brought this action solely in his official capacity and is represented in
27 this matter by Xavier Becerra, Attorney General of the State of California, by John S. Gatschet,
28 Deputy Attorney General.

1 2. Respondent Richard Frederick Buss, M.D. ("Respondent") is represented in this
2 proceeding by attorney John H. Dodd, whose address is: Craddick, Candland & Conti
3 2420 Camino Ramon, Ste. 202, San Ramon, CA 94583.

4 3. On or about July 12, 1984, the Board issued Physician's and Surgeon's Certificate
5 No. G 52995 to Respondent. That license was in full force and effect at all times relevant to the
6 charges brought in Accusation/Petition to Revoke Probation No. 800-2020-063778, and will
7 expire on January 31, 2022, unless renewed.

8 **JURISDICTION**

9 4. Accusation/Petition to Revoke Probation No. 800-2020-063778 was filed before the
10 Board, and is currently pending against Respondent. The Accusation/Petition to Revoke
11 Probation and all other statutorily required documents were properly served on Respondent on
12 February 25, 2020. Respondent timely filed his Notice of Defense contesting the
13 Accusation/Petition to Revoke Probation.

14 5. A copy of Accusation/Petition to Revoke Probation No. 800-2020-063778 is attached
15 as exhibit A and incorporated herein by reference.

16 **ADVISEMENT AND WAIVERS**

17 6. Respondent has carefully read, fully discussed with counsel, and understands the
18 charges and allegations in Accusation/Petition to Revoke Probation No. 800-2020-063778.
19 Respondent has also carefully read, fully discussed with his counsel, and understands the effects
20 of this Stipulated Settlement and Disciplinary Order.

21 7. Respondent is fully aware of his legal rights in this matter, including the right to a
22 hearing on the charges and allegations in the Accusation/Petition to Revoke Probation; the right
23 to confront and cross-examine the witnesses against him; the right to present evidence and to
24 testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of
25 witnesses and the production of documents; the right to reconsideration and court review of an
26 adverse decision; and all other rights accorded by the California Administrative Procedure Act
27 and other applicable laws.

28 ///

1 8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and
2 every right set forth above.

3 **CULPABILITY**

4 9. Respondent understands and agrees that the charges and allegations in
5 Accusation/Petition to Revoke Probation No. 800-2020-063778, if proven at a hearing, constitute
6 cause for imposing discipline upon his Physician's and Surgeon's Certificate.

7 10. Respondent does not contest that, at an administrative hearing, complainant could
8 establish a prima facie case with respect to the charges and allegations in Accusation/Petition to
9 Revoke Probation No. 800-2020-063778, a true and correct copy of which is attached hereto as
10 Exhibit A, and that he has thereby subjected his Physician's and Surgeon's Certificate, No. G
11 52995 to disciplinary action.

12 11. Respondent agrees to be bound by the Board's probationary terms as set forth in the
13 Disciplinary Order below.

14 **RESERVATION**

15 12. The admissions made by Respondent herein are only for the purposes of this
16 proceeding, or any other proceedings in which the Medical Board of California or other
17 professional licensing agency is involved, and shall not be admissible in any other criminal or
18 civil proceeding.

19 **CONTINGENCY**

20 13. This stipulation shall be subject to approval by the Medical Board of California.
21 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
22 Board of California may communicate directly with the Board regarding this stipulation and
23 settlement, without notice to or participation by Respondent or his counsel. By signing the
24 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek
25 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
26 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
27 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal

28 ///

1 action between the parties, and the Board shall not be disqualified from further action by having
2 considered this matter.

3 14. Respondent agrees that if he ever petitions for early termination or modification of
4 probation, or if an accusation and/or petition to revoke probation is filed against him before the
5 Board, all of the charges and allegations contained in Accusation/Petition to Revoke Probation
6 No. 800-2020-063778 shall be deemed true, correct and fully admitted by respondent for
7 purposes of any such proceeding or any other licensing proceeding involving Respondent in the
8 State of California.

9 15. The parties understand and agree that Portable Document Format (PDF) and facsimile
10 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
11 signatures thereto, shall have the same force and effect as the originals.

12 16. In consideration of the foregoing admissions and stipulations, the parties agree that
13 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
14 enter the following Disciplinary Order:

15 **DISCIPLINARY ORDER**

16 **IT IS HEREBY ORDERED** that Physician's and Surgeon's Certificate No. G 52995
17 issued to Respondent Richard Frederick Buss, M.D. is revoked. However, the revocation is
18 stayed and Respondent is placed on probation for five (5) years on the following terms and
19 conditions:

20 1. **TERMINATION OF PROBATION.** Upon the effective date of the Decision and
21 Order in Case No. 800-2020-063778, the Decision and Order in MBC Case No. 02-2010-206541
22 shall be superseded by the new Decision and Order in Case No. 800-2020-063778, and the
23 previously ordered probation shall terminate.

24 2. **EDUCATION COURSE.** Within 60 calendar days of the effective date of this
25 Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee
26 for its prior approval educational program(s) or course(s) which shall not be less than 40 hours
27 per year, for each year of probation. The educational program(s) or course(s) shall be aimed at
28 correcting any areas of deficient practice or knowledge and shall be Category I certified. The

1 educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to
2 the Continuing Medical Education (CME) requirements for renewal of licensure. Following the
3 completion of each course, the Board or its designee may administer an examination to test
4 Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65
5 hours of CME of which 40 hours were in satisfaction of this condition.

6 3. PROFESSIONAL BOUNDARIES PROGRAM. Within 60 calendar days from the
7 effective date of this Decision, Respondent shall enroll in a professional boundaries program
8 approved in advance by the Board or its designee. Respondent, at the program's discretion, shall
9 undergo and complete the program's assessment of Respondent, and at minimum, a 24-hour
10 program of interactive education and training in the area of boundaries, which takes into account
11 data obtained from the assessment and from the Decision(s), Accusation(s) and any other
12 information that the Board or its designee deems relevant. The program shall evaluate
13 Respondent at the end of the training and the program shall provide any data from the assessment
14 and training as well as the results of the evaluation to the Board or its designee.

15 Failure to complete the entire program not later than six (6) months after Respondent's
16 initial enrollment shall constitute a violation of probation unless the Board or its designee agrees
17 in writing to a later time for completion. Based on Respondent's performance in and evaluations
18 from the assessment, education, and training, the program shall advise the Board or its designee
19 of its recommendation(s) for additional education, training, and other measures necessary to
20 ensure that Respondent can practice medicine safely. Respondent shall comply with program
21 recommendations. At the completion of the program, Respondent shall submit to a final
22 evaluation. The program shall provide the results of the evaluation to the Board or its designee.
23 The professional boundaries program shall be at Respondent's expense and shall be in addition to
24 the Continuing Medical Education (CME) requirements for renewal of licensure.

25 The program has the authority to determine whether or not Respondent successfully
26 completed the program.

27 A professional boundaries course taken after the acts that gave rise to the charges in the
28 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board

1 or its designee, be accepted towards the fulfillment of this condition if the course would have
2 been approved by the Board or its designee had the course been taken after the effective date of
3 this Decision.

4 4. MEDICAL EVALUATION AND TREATMENT. Within 30 calendar days of the
5 effective date of this Decision, and on a periodic basis thereafter as may be required by the Board
6 or its designee, Respondent shall undergo a medical evaluation by a Board-appointed physician
7 who shall consider any information provided by the Board or designee and any other information
8 the evaluating physician deems relevant and shall furnish a medical report to the Board or its
9 designee. Respondent shall provide the evaluating physician with any information and
10 documentation that the evaluating physician may deem pertinent. In particular, the Board
11 requests evaluation and treatment of Respondent's hearing loss.

12 Following the evaluation, Respondent shall comply with all restrictions or conditions
13 recommended by the evaluating physician within 15 calendar days after being notified by the
14 Board or its designee. If Respondent is required by the Board or its designee to undergo medical
15 treatment, Respondent shall within 30 calendar days of the requirement notice, submit to the
16 Board or its designee for prior approval the name and qualifications of a California licensed
17 treating physician of Respondent's choice. Upon approval of the treating physician, Respondent
18 shall within 15 calendar days undertake medical treatment and shall continue such treatment until
19 further notice from the Board or its designee.

20 The treating physician shall consider any information provided by the Board or its designee
21 or any other information the treating physician may deem pertinent prior to commencement of
22 treatment. Respondent shall have the treating physician submit quarterly reports to the Board or
23 its designee indicating whether or not the Respondent is capable of practicing medicine safely.
24 Respondent shall provide the Board or its designee with any and all medical records pertaining to
25 treatment that the Board or its designee deems necessary.

26 If, prior to the completion of probation, Respondent is found to be physically incapable of
27 resuming the practice of medicine without restrictions, the Board shall retain continuing
28 jurisdiction over Respondent's license and the period of probation shall be extended until the

1 Board determines that Respondent is physically capable of resuming the practice of medicine
2 without restrictions. Respondent shall pay the cost of the medical evaluation(s) and treatment.

3 5. MONITORING - PRACTICE. Within 30 calendar days of the effective date of this
4 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice
5 monitor(s), the name and qualifications of one or more licensed physicians and surgeons whose
6 licenses are valid and in good standing, and who are preferably American Board of Medical
7 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
8 relationship with Respondent, or other relationship that could reasonably be expected to
9 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
10 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
11 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

12 The Board or its designee shall provide the approved monitor with copies of the Decision(s)
13 and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the
14 Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed
15 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role
16 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees
17 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the
18 signed statement for approval by the Board or its designee.

19 Within 60 calendar days of the effective date of this Decision, and continuing throughout
20 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
21 make all records available for immediate inspection and copying on the premises by the monitor
22 at all times during business hours and shall retain the records for the entire term of probation.

23 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
24 date of this Decision, Respondent shall receive a notification from the Board or its designee to
25 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
26 shall cease the practice of medicine until a monitor is approved to provide monitoring
27 responsibility.

28 The monitor(s) shall submit a quarterly written report to the Board or its designee which

1. includes an evaluation of Respondent's performance, indicating whether Respondent's practices
2 are within the standards of practice of medicine and whether Respondent is practicing medicine
3 safely. It shall be the sole responsibility of Respondent to ensure that the monitor submits the
4 quarterly written reports to the Board or its designee within 10 calendar days after the end of the
5 preceding quarter.

6 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
7 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
8 name and qualifications of a replacement monitor who will be assuming that responsibility within
9 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
10 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
11 notification from the Board or its designee to cease the practice of medicine within three (3)
12 calendar days after being so notified. Respondent shall cease the practice of medicine until a
13 replacement monitor is approved and assumes monitoring responsibility.

14 In lieu of a monitor, Respondent may participate in a professional enhancement program
15 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
16 review, semi-annual practice assessment, and semi-annual review of professional growth and
17 education. Respondent shall participate in the professional enhancement program at Respondent's
18 expense during the term of probation.

19 6. THIRD PARTY CHAPERONE. During probation, Respondent shall have a third
20 party chaperone present while consulting, examining or treating female patients. Respondent
21 shall, within 30 calendar days of the effective date of the Decision, submit to the Board or its
22 designee for prior approval name(s) of persons who will act as the third party chaperone.

23 If Respondent fails to obtain approval of a third party chaperone within 60 calendar days of
24 the effective date of this Decision, Respondent shall receive a notification from the Board or its
25 designee to cease the practice of medicine within three (3) calendar days after being so notified.
26 Respondent shall cease the practice of medicine until a chaperone is approved to provide
27 monitoring responsibility.

28 Each third party chaperone shall sign (in ink or electronically) and date each patient

1 medical record at the time the chaperone's services are provided. Each third party chaperone
2 shall read the Decision(s) and the Accusation(s), and fully understand the role of the third party
3 chaperone.

4 Respondent shall maintain a log of all patients seen for whom a third party chaperone is
5 required. The log shall contain the: 1) patient initials, address and telephone number; 2) medical
6 record number; and 3) date of service. Respondent shall keep this log in a separate file or ledger,
7 in chronological order, shall make the log available for immediate inspection and copying on the
8 premises at all times during business hours by the Board or its designee, and shall retain the log
9 for the entire term of probation.

10 Respondent is prohibited from terminating employment of a Board-approved third party
11 chaperone solely because that person provided information as required to the Board or its
12 designee.

13 If the third party chaperone resigns or is no longer available, Respondent shall, within five
14 (5) calendar days of such resignation or unavailability, submit to the Board or its designee, for
15 prior approval, the name of the person(s) who will act as the third party chaperone. If Respondent
16 fails to obtain approval of a replacement chaperone within 30 calendar days of the resignation or
17 unavailability of the chaperone, Respondent shall receive a notification from the Board or its
18 designee to cease the practice of medicine within three (3) calendar days after being so notified.
19 Respondent shall cease the practice of medicine until a replacement chaperone is approved and
20 assumes monitoring responsibility.

21 There are no allegations that indicate Respondent has engaged in sexual misconduct with
22 any patients.

23 7. PROHIBITED PRACTICE. During probation, Respondent is prohibited from
24 practicing as a hospitalist or providing care to patients in an inpatient setting. After the effective
25 date of this Decision, all patients in an inpatient setting that wish to be treated by the Respondent
26 shall be notified by the Respondent that the Respondent is prohibited from practicing as a
27 hospitalist or treating patients in an inpatient setting. Respondent shall maintain a log of all
28 patients to whom the required oral notification was made.

1 The log shall contain the: 1) patient's name, address and phone number; 2) patient's
2 medical record number, if available; 3) the full name of the person making the notification; 4) the
3 date the notification was made; and 5) a description of the notification given. Respondent shall
4 keep this log in a separate file or ledger, in chronological order, shall make the log available for
5 immediate inspection and copying on the premises at all times during business hours by the Board
6 or its designee, and shall retain the log for the entire term of probation.

7 8. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
8 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the
9 Chief Executive Officer at every hospital where privileges or membership are extended to
10 Respondent, at any other facility where Respondent engages in the practice of medicine,
11 including all physician and locum tenens registries or other similar agencies, and to the Chief
12 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
13 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15
14 calendar days.

15 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

16 9. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
17 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
18 advanced practice nurses.

19 10. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
20 governing the practice of medicine in California and remain in full compliance with any court
21 ordered criminal probation, payments, and other orders.

22 11. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
23 under penalty of perjury on forms provided by the Board, stating whether there has been
24 compliance with all the conditions of probation.

25 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
26 of the preceding quarter.

27 12. GENERAL PROBATION REQUIREMENTS.

28 Compliance with Probation Unit

1 Respondent shall comply with the Board's probation unit.

2 Address Changes

3 Respondent shall, at all times, keep the Board informed of Respondent's business and
4 residence addresses, email address (if available), and telephone number. Changes of such
5 addresses shall be immediately communicated in writing to the Board or its designee. Under no
6 circumstances shall a post office box serve as an address of record, except as allowed by Business
7 and Professions Code section 2021, subdivision (b).

8 Place of Practice

9 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
10 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
11 facility.

12 License Renewal

13 Respondent shall maintain a current and renewed California physician's and surgeon's
14 license.

15 Travel or Residence Outside California

16 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
17 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
18 (30) calendar days.

19 In the event Respondent should leave the State of California to reside or to practice
20 ,Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
21 departure and return.

22 13. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
23 available in person upon request for interviews either at Respondent's place of business or at the
24 probation unit office, with or without prior notice throughout the term of probation.

25 14. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
26 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
27 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
28 defined as any period of time Respondent is not practicing medicine as defined in Business and

1 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
2 patient care, clinical activity or teaching, or other activity as approved by the Board. If
3 Respondent resides in California and is considered to be in non-practice, Respondent shall
4 comply with all terms and conditions of probation. All time spent in an intensive training
5 program which has been approved by the Board or its designee shall not be considered non-
6 practice and does not relieve Respondent from complying with all the terms and conditions of
7 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
8 on probation with the medical licensing authority of that state or jurisdiction shall not be
9 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
10 period of non-practice.

11 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
12 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
13 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
14 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
15 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

16 Respondent's period of non-practice while on probation shall not exceed two (2) years.

17 Periods of non-practice will not apply to the reduction of the probationary term.

18 Periods of non-practice for a Respondent residing outside of California will relieve
19 Respondent of the responsibility to comply with the probationary terms and conditions with the
20 exception of this condition and the following terms and conditions of probation: Obey All Laws;
21 General Probation Requirements; and Quarterly Declarations.

22 15. COMPLETION OF PROBATION. Respondent shall comply with all financial
23 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
24 completion of probation. Upon successful completion of probation, Respondent's certificate shall
25 be fully restored.

26 16. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
27 of probation is a violation of probation. If Respondent violates probation in any respect, the
28 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and

1 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
2 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
3 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
4 the matter is final.

5 17. LICENSE SURRENDER. Following the effective date of this Decision, if
6 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
7 the terms and conditions of probation, Respondent may request to surrender his or her license.
8 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
9 determining whether or not to grant the request, or to take any other action deemed appropriate
10 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
11 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
12 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
13 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
14 application shall be treated as a petition for reinstatement of a revoked certificate.

15 18. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
16 with probation monitoring each and every year of probation, as designated by the Board, which
17 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
18 California and delivered to the Board or its designee no later than January 31 of each calendar
19 year.

20 19. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
21 a new license or certification, or petition for reinstatement of a license, by any other health care
22 licensing action agency in the State of California, all of the charges and allegations contained in
23 Accusation/Petition to Revoke Probation No. 800-2020-063778 shall be deemed to be true,
24 correct, and admitted by Respondent for the purpose of any Statement of Issues or any other
25 proceeding seeking to deny or restrict a license.

14 In the Matter of the Petition to Revoke
Probation and Accusation Against:

15 **RICHARD FREDERICK BUSS, M.D.**
16 19620 State Highway 88
Pine Grove, CA 95665

17 Physician's and Surgeon's
18 Certificate No. G 52995,

19 Respondent.

Case No. 800-2020-063778

PETITION TO REVOKE PROBATION
AND ACCUSATION

20
21 Complainant alleges:

22 **PARTIES**

23 1. Christine J. Lally ("Complainant") brings this Petition to Revoke Probation and
24 Accusation (hereinafter, "Accusation") solely in her official capacity as the Interim Executive
25 Director of the Medical Board of California, Department of Consumer Affairs ("Board").

26 2. On or about July 12, 1984, the Medical Board of California issued Physician's and
27 Surgeon's Certificate Number G 52995 to Richard Frederick Buss, M.D. ("Respondent"). The
28

1 Physician's and Surgeon's Certificate was in effect at all times relevant to the charges brought
2 herein and will expire on January 31, 2022, unless renewed.

3 3. In a disciplinary action titled "In the Matter of Accusation Against Richard Frederick
4 Buss, M.D.," Case No. 02-2010-206541, the Board issued a decision, effective on March 20,
5 2015, in which Respondent's Physician's and Surgeon's Certificate was revoked. However, the
6 revocation was stayed and Respondent's Physician's and Surgeon's Certificate was placed on
7 probation for a period of five (5) years with certain terms and conditions. A copy of that decision
8 is attached as Exhibit A and is incorporated by reference.

9 JURISDICTION

10 4. This Petition to Revoke Probation and Accusation is brought before the Board, under
11 the authority of the following laws. All section references are to the Business and Professions
12 Code unless otherwise indicated.

13 5. Section 2004 of the Code states:

14 The Board shall have the responsibility for the following:

15 (a) The enforcement of the disciplinary and criminal provisions of the Medical
16 Practice Act.

17 (b) The administration and hearing of disciplinary actions.

18 (c) Carrying out disciplinary actions appropriate to findings made by a panel or an
19 administrative law judge.

20 (d) Suspending, revoking, or otherwise limiting certificates after the conclusion of
21 disciplinary actions.

22 (e) Reviewing the quality of medical practice carried out by physician and surgeon
23 certificate holders under the jurisdiction of the Board.

24 ...

25 6. Section 2227 of the Code provides that a licensee who is found guilty under the
26 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
27 one year, placed on probation and required to pay the costs of probation monitoring, or such other
28 action taken in relation to discipline as the Board deems proper.

///

1 7. Section 2234 of the Code, states:

2 The board shall take action against any licensee who is charged with
3 unprofessional conduct. In addition to other provisions of this article, unprofessional
4 conduct includes, but is not limited to, the following:

5 (a) Violating or attempting to violate, directly or indirectly, assisting in or
6 abetting the violation of, or conspiring to violate any provision of this chapter.

7 (b) Gross negligence.

8 (c) Repeated negligent acts. To be repeated, there must be two or more
9 negligent acts or omissions. An initial negligent act or omission followed by a
10 separate and distinct departure from the applicable standard of care shall constitute
11 repeated negligent acts.

12 (1) An initial negligent diagnosis followed by an act or omission medically
13 appropriate for that negligent diagnosis of the patient shall constitute a single
14 negligent act.

15 (2) When the standard of care requires a change in the diagnosis, act, or
16 omission that constitutes the negligent act described in paragraph (1), including, but
17 not limited to, a reevaluation of the diagnosis or a change in treatment, and the
18 licensee's conduct departs from the applicable standard of care, each departure
19 constitutes a separate and distinct breach of the standard of care.

20 ...

21 8. Section 2266 of the Code states:

22 The failure of a physician and surgeon to maintain adequate and accurate records
23 relating to the provision of services to their patients constitutes unprofessional conduct.

24 FACTUAL ALLEGATIONS

25 July 17-24, 2018

26 9. On or about the evening of July 17, 2018, Patient 1¹ arrived at Sutter-Amador
27 Hospital's emergency department via emergency medical services ("EMS"). Patient 1 had a
28 history of liver failure, hypertension, and diabetes. Patient 1 had suffered a syncopal episode
while getting up to go to the bathroom. Patient 1 was admitted to the hospital and he told medical
staff that that he felt lightheaded, had lost his balance and fallen. Patient 1's hemocrit dropped
from 23.5 to 20.5. Respondent and an on-call surgeon were consulted and the surgeon
recommended that Patient 1 receive platelets and fresh frozen plasma (FFP)².

¹ All patients are identified by an alpha-numeric in order to protect confidentiality.
Further information will be provided during discovery.

² Fresh Frozen Plasma, a blood product made from the liquid portion of whole blood.

1 10. In a history and physical signed July 19, 2018, Respondent documented that Patient 1
2 was a 66-year-old man diagnosed with alcoholic liver disease. Respondent documented that the
3 patient had been advised four years earlier that he had elevated liver functions from overusing
4 alcohol, but that he had continued to drink up to eight drinks a day. Respondent documented that
5 Patient 1 had stopped drinking alcohol four months ago. Respondent documented that Patient 1
6 was previously in the hospital between July 3, 2018, and July 11, 2018, for intractable ascites and
7 edema, and underwent diuresis of around 40 pounds of water weight over 8 days. Following
8 discharge on July 11, 2018, Respondent documented that the patient had contacted him several
9 times complaining of feeling lightheaded, and Respondent advised Patient 1 to back off taking
10 diuretics. Patient 1's labs from July 17, 2018, at 11:16 p.m. indicated that his sodium was 118
11 mmol/l, his creatinine was .83 mg/dL, a total bilirubin of 9.7 mg/dL and an INR³ of 2.9. These
12 values would provide a physician information on a patient's risk of death from advanced liver
13 disease. Using the MELD ("model for end-stage liver disease") score, Patient 1 scored a 32 with
14 an estimated risk of death within 90 days of 52.6%. A score higher than 10 points indicates the
15 need for referral to hepatologist or liver transplant center.

16 11. Respondent's plan was to treat Patient 1 for acute blood loss with anemia, noting that
17 Patient 1 was hypotensive and light-headed. Respondent documented that he would follow
18 Patient 1's hemocrit level and that Patient 1 would be transfused if needed. Respondent
19 documented that Patient 1 would likely need FFP. Respondent documented that Patient 1's liver
20 disease with cirrhosis had progressed to full cirrhosis despite not drinking alcohol for the past
21 three months. Respondent documented that he would withhold diuretics until the patient's belly
22 felt somewhat better. Respondent also documented that Patient 1's diabetes remained in
23 remission.

24 12. On July 18, 2018, at approximately 6:23 a.m., Patient 1 was brought up to the
25 medical/surgical unit in the hospital from the emergency room and placed on telemetry. Patient 1
26 was transfused with packed red blood cells ("PRBC"). At approximately 1:55 p.m. on July 18,

27 _____
28 ³ International Normalized Ratio, a measure of how much time it takes for a patient's
blood to clot.

1 2018, nursing notes indicated that Respondent called and received an update on Patient 1's status.
2 Respondent did not document a progress note. On the evening of July 18, 2018, Patient 1 became
3 substantially worse. In Respondent's discharge summary dated July 26, 2018, Respondent
4 documented that Patient 1 became weak and lethargic and his hematocrit fell to 15.7. Respondent
5 also documented in his July 26, 2018, discharge summary that Patient 1's white blood count, his
6 potassium level, and his creatinine level had all increased on July 18, 2018. In addition,
7 Respondent in his July 26, 2018, discharge summary documented that Patient 1 was hypotensive.
8 Patient 1 was transferred overnight to the Intensive Care Unit ("ICU"). According to
9 Respondent's discharge summary signed on July 26, 2018, once in the ICU, Patient 1 received
10 two more units of blood, two jumbo packs of plasma, and two platelet packs.

11 13. According to nursing notes, Respondent examined Patient 1 in the ICU at
12 approximately 7:37 a.m. on July 19, 2018. Respondent did not document a progress note but did
13 document Patient 1's progress on July 19, 2018, in his discharge summary that was signed on
14 July 26, 2018. At approximately 10:09 a.m., Patient 1 was transferred from the ICU to the
15 progressive care unit ("PCU"), which is a higher level of care than the medical/surgical unit but
16 lower than the ICU. According to the nursing notes, Respondent again evaluated Patient 1 at the
17 time of transfer, but again Respondent did not document a progress note. At approximately 10:38
18 a.m., Patient 1 was placed on a Levophen infusion and titrated to maintain a blood pressure
19 greater than 90. By 11:46 a.m. on July 19, 2018, Patient 1's blood pressure was improving and he
20 was oriented, but remained sleepy and weak according to nursing notes.

21 14. On July 19, 2018, at approximately 2:12 p.m, a surgeon saw Patient 1 for a surgical
22 consultation. According to the surgeon's history and physical note, he reviewed Patient 1's
23 medical history and current laboratory results. The surgeon assessed Patient 1 as having "Child-
24 Pugh class C" level, which is a scoring system for the prognosis of chronic liver disease, and
25 based on that level, Patient 1 had a 1-year survival rate of 45%. The surgeon noted, "(p)rognosis
26 is reserved, if not poor in this patient. If his coagulopathy is unresponsive to the administration of
27 blood products, consideration should be given to either transfer to a higher level of care
28 institution or comfort care/hospice where specialized services are available (IR or liver transplant

1 service⁴.” On July 19, 2018, at approximately 2:22 p.m., a case manager met with the patient to
2 discuss a possible return to home to be on hospice care and documented that the patient stated he
3 denied hospice care, and specifically stated “I’m not ready to give up yet.” Respondent was
4 notified that Patient 1 wanted to fight to survive.

5 15. Between July 20, 2018, and July 24, 2018, Patient 1 continued to be treated at Sutter-
6 Amador Hospital by Respondent. During that time, multiple nursing notes were documented in
7 Patient 1’s chart. However, aside from the discharge summary dated July 27, 2018, Respondent
8 failed to author any progress notes on Patient 1. For example, on July 22, 2018, at 12:42 p.m., a
9 nurse documented that Respondent was at Patient 1’s bedside and provided new orders, but
10 Respondent failed to document a daily progress note. Between July 20, 2018, and July 24, 2018,
11 Patient 1 continued to experience multiple changes in his care and continued to suffer from
12 shortness of breath and unstable heart rates. While the nursing notes documented that
13 Respondent provided new orders throughout that time, he failed to document progress notes
14 during Patient 1’s care.

15 16. On July 23, 2018, at 1:45 a.m., Patient 1’s health began to show signs of severe
16 worsening. At 5:34 p.m., a nurse’s note documented that the family wished to have Patient 1
17 transferred to a hospital with a higher level of care. A plan was created to have the family meet
18 with Respondent on July 24, 2018, at 8:15 a.m. for a conference. However, at 6:30 p.m., a nurse
19 documented that Respondent wished to possibly transfer the patient on the evening of July 23,
20 2018. At approximately 10:24 p.m., on July 23, 2018, a nurse documented that they had spoken
21 to the Sacramento Transfer Center, but that there were no beds available until possibly the
22 morning of July 24, 2018. According to the nurse’s notes, the nurse and transfer center contacted
23 Respondent and he stated he did not want to try to transfer Patient 1 to any other facilities except
24 for one located in Sacramento. On July 24, 2018, at approximately 1:11 p.m., Patient 1’s transfer
25 paperwork was completed and he was transferred to Sutter Sacramento later that afternoon. On
26 July 27, 2018, Patient 1 passed away.

27
28 ⁴ Sutter Amador Hospital is a small community hospital that lacks those services.

1 17. On October 1, 2019, Respondent was interviewed regarding Patient 1's care.
2 Respondent stated that the surgeon had suggested a higher level of care, but that Respondent
3 expected the surgeon to make the transfer arrangements. Respondent also stated that the transfer
4 came about when the family requested the transfer to a higher level of care.

5 October 17-18, 2018

6 18. On October 15, 2018, Patient 2 had been admitted to Sutter Amador Hospital for care
7 of a fracture of second lumbar vertebrae. On October 15, 2018, Patient 3 had been admitted to
8 Sutter Amador Hospital for care of chronic obstructive pulmonary disease ("COPD")
9 exacerbation. On October 11, 2018, Patient 4 had been admitted to Sutter Amador Hospital for
10 care of an infection of incontinent external stoma of urinary tract as well as Stage IV kidney
11 disease and multiple sclerosis. On October 14, 2018, Patient 5 had been admitted to Sutter
12 Amador Hospital for care of sepsis and pneumonia. On October 12, 2018, Patient 6 had been
13 admitted to Sutter Amador Hospital for care of sepsis, and she had a history of malignant
14 neoplasm of rectum. On or about October 17, 2018, Patients 2, 3, 4, 5, and 6, were all still
15 admitted to Sutter Amador Hospital under the direct care of Respondent.⁵

16 19. On the morning of October 17, 2018, Respondent rounded on Patients 2, 3, 4, 5, and
17 6, and Respondent entered progress notes for each of them. Respondent then proceeded to let the
18 ward clerk know that he was leaving town and that he would be available by cellular phone.
19 Respondent stated he would return by the afternoon of October 18, 2018. According to
20 Respondent, he was traveling to San Francisco, which is approximately 3 hours away from Sutter
21 Amador Hospital, for a small vacation with his family.⁶ Respondent had not arranged for care
22 coverage for Patients 2, 3, 4, 5, and 6, despite Sutter Amador Hospital having a policy that
23 physicians must remain within 30 minutes of the hospital when they have patients in the hospital.

24 20. A few hours after Respondent had left Sutter Amador Hospital on October 17, 2018,
25 the Chief Executive Officer ("CEO") of the hospital contacted Respondent on his cellular phone.

26 ⁵ Respondent was providing care to both his patients and those of another independent
27 family physician at that time.

28 ⁶ In addition to being in San Francisco, according to Respondent's interview with the
Board on October 2, 2019, he also partook in an Alcatraz tour boat trip, furthering limiting his
ability to promptly respond to Sutter Amador Hospital.

1 The CEO asked Respondent why he had left Sutter Amador Hospital and Respondent informed
2 the CEO he had a “preplanned” event in San Francisco and that he would be available by cellular
3 phone. The CEO encouraged Respondent to transfer the five patients to the care of the
4 hospitalists⁷ and informed him that he was violating Sutter’s Medical staff rules. The Respondent
5 rejected the CEO’s offer to transfer the care of the patients to the hospitalist service and repeated
6 that he was available by phone.

7 21. On October 17, 2018, in the late afternoon, the CEO contacted the current Chief of
8 Staff⁸ at Sutter Amador hospital, who also happened to be the Medical Director for the
9 hospitalists at Sutter Amador Hospital. The Chief of Staff called Respondent and inquired
10 whether he was in San Francisco. Respondent replied that he was headed to San Francisco and
11 that he had five patients at Sutter Amador Hospital that he was either providing care to or
12 covering for another local independent physician. The Chief of Staff asked if he could help in
13 anyway and offered to take over care of Respondent’s five patients. Respondent stated, “Thank
14 you for offering, but I’ll cover my patients.” The Chief of Staff had no way to force Respondent
15 to transfer care of the five patients to the hospitalist service and ended the phone call.

16 22. The Chief of Staff and CEO informed the hospital staff and nurses that they should
17 call Respondent if they had routine care questions but that all emergent care issues should be
18 given to the on-call hospitalist staff because Respondent was too far away to provide emergent
19 care to any of his patients. In fact, Patient 4 had chest pains that required emergent attention
20 during the overnight period on October 17, 2017, into October 18, 2018. On the afternoon of
21 October 18, 2018, Respondent returned to Sutter Amador Hospital and rounded on Patients 2, 3,
22 4, 5, and 6.

23 23. On October 2, 2019, during an investigative interview, Respondent stated he has
24 elements of Asperger syndrome in his personality, which makes him “very awkward and reluctant
25

26 ⁷ Sutter Amador has a hospitalist service, which is comprised of primary care physicians
27 who specialize in providing in-patient care to patients in the hospital. As an independent
28 physician, Respondent did not use the hospitalist service and instead chose to provide all care to
his patients.

⁸ The Chief of Staff is a leadership position and elected by the physician staff to deal with
privileging issues and take part in the hospital’s internal discipline process.

1 to ask favors of patient – people I do not know well. This includes my signing out my patients to
2 the hospitalists.” Respondent also stated that part of his reason for not transferring the patients is
3 that if the hospitalist sees the patient, Respondent cannot bill for that care. Respondent also stated
4 during the interview that he does not like looking in the chart to review the progress notes of
5 other physicians to determine if the care was appropriate. Respondent admitted that the hospital
6 rules and bylaws required physicians with admitted patients to be within a half hour of the
7 hospital. Respondent stated, “Um—it seems, you know, I – I – I did something that probably I
8 shouldn’t have done. I snuck out of town overnight, hoping I would not be noticed.”

9 December 15-17, 2018

10 24. On December 15, 2018, at approximately 3:23 p.m., Patient 7 arrived at the
11 emergency room of Sutter Amador Hospital complaining of weakness, nausea, vomiting, and¹
12 diarrhea for the previous 24 hours. Patient 7 reported as unable to get up out of his chair and had
13 slid off the chair and onto the floor. Patient 7 had a reported history of diabetes but his blood
14 sugar at home was 123. Patient 7 was found to be in sinus bradycardia with a first-degree AV
15 block⁹. ER medical staff reported concern for sepsis and Patient 7 was admitted to Sutter Amador
16 Hospital for care of sepsis, fever, metabolic acidosis and acute renal failure. At 8:55 p.m., a nurse
17 noted that Patient 7 had some shortness of breath with exertion. At 11:00 p.m., a nurse
18 documented that Patient 7 was resting in bed with eyes closed and appeared comfortable, but that
19 his telemetry reading was sinus brady with a heart rate in the 30s. The nurse contacted a local
20 independent physician who was covering for Respondent and he advised that Patient 7 should be
21 transferred to the PCU. Sutter Amador Hospital does not have a cardiologist on call, nor do they
22 have cardiac services.

23
24
25
26 ⁹ A first-degree atrioventricular (“AV”) node block occurs when conduction through the
27 AV node is slowed, thus delaying the time it takes for the action potential to travel from the SA
28 node, through the AV node, and to the ventricles. A first-degree AV block is indicated on the
EKG by a prolonged PR interval. Generally a first-degree AV is asymptomatic and without
significant complications.

1 25. On December 16, 2018, at approximately 1:01 a.m., an EKG was performed that
2 showed p-wave independent of QRS¹⁰. This indicated a third-degree heart block¹¹ with wide
3 spaced QRS indicating site of block likely in the Bundle of His¹². This is a worse prognosis than
4 a narrow QRS. According to the nursing notes, a nurse notified the local independent physician
5 that was covering for Respondent that Patient 7 had arrhythmia, and noted “notable disassociative
6 p wave most likely thrid [sic] degree block, 12 lead done, only showing 1st degree block please
7 see other strips.” The nurse reported that the patient was resting with no outward signs of distress
8 but his heart rate remained in the low 40s. At 9:30 a.m., a nurse documented in the nursing notes
9 that the independent local physician who was covering for Respondent saw Patient 7. According
10 to the note, that physician reviewed the current rhythm and past rhythms. According to the 9:30
11 a.m. nursing note, Patient 7 was in sinus rhythm, with a first-degree heart block, but was going in
12 and out of third-degree block. The independent local physician suggested that metoprolol not be
13 restarted and he requested that Respondent see the patient.

14 26. On December 16, 2018, at approximately 5:57 p.m., a nursing note documented that
15 Patient 7 was transferred from the PCU. According to the nurse’s note, Patient 7’s heart rate
16 continued to go into the “mid 30’s” with telemetry “showing 1st to 3rd degree blocks.” The note
17 ends with “MD aware” but the note is not clear on which MD is referenced. Respondent failed to
18 document a progress note on December 16, 2018.

19 27. On December 17, 2018, at approximately 4:10 a.m., a nursing note documented that
20 Patient 7 reported no chest pains or shortness of breath. Patient 7’s heart rate remained between
21 34 and 45 beats per minute and he was asymptomatic. On December 17, 2018, at approximately
22 1:25 p.m., there is a transfer note that documented that Respondent was transferring Patient 7
23 from Sutter-Amador Hospital to Mercy General for an emergency condition that required

represent the ventricular activity of the heart.

26 ¹¹ A third degree heart block can cause a wide range of symptoms, some of which are life-
threatening. This type of heart block is a medical emergency and may require immediate
27 treatment with a pacemaker.

1 necessary experience outside physician scope of practice/privileges. On December 17, 2018, at
2 approximately 9:25 a.m., Respondent documented in a progress note that Patient 7 had continued
3 third-degree heart block and that he was awaiting a cardiology transfer to another hospital.
4 Respondent also signed a discharge note on December 28, 2018, which detailed Patient 7's course
5 of stay at Sutter-Amador Hospital.

6 28. On October 1, 2019, during an investigative interview, Respondent stated that Patient
7 7 came to Sutter-Amador Hospital on a day that Respondent was out of town. Respondent's
8 colleague, the local independent physician, admitted Patient 7 to the ICU for gastroenteritis and
9 sepsis. At the time, Respondent could not see Patient 7 in the ICU because his ICU privileges
10 had been removed by the hospital. According to Respondent, the local independent physician had
11 Patient 7 moved to the telemetry ward so he could be seen by Respondent. Respondent saw
12 Patient 7 on the next day (December 16, 2018). Respondent stated that he agreed that Patient 7
13 had a third-degree heart block. Respondent stated, "And my memory of third-degree heart block
14 is not that it's necessarily an emergency. I remember it as something that some people had for
15 weeks and months and they were lightheaded and passed out if they stood up. But if they laid
16 down they were fine. And eventually they invented pacemakers to help these people resume a
17 normal life. That was my memory of what I thought about a third-degree heart block, other than,
18 if somebody was in the – in an acute coronary syndrome which this guy was not." Respondent
19 acknowledged that he had Patient 7 stay over-night and that he transferred him the next day to a
20 higher level of care in Sacramento. In the same interview, Respondent admitted, "Um – just that
21 the –um – you know, it may be I – my understanding of heart block is out of date."

22 January 3, 2019

23 29. In 2013, Respondent began providing primary care to Patient 8. On or about January
24 3, 2019, Patient 8 had a fever and went to Sutter-Amador Hospital. The medical staff at Sutter-
25 Amador Hospital diagnosed Patient 8 with pneumonia and prescribed antibiotics. The medical
26 staff recommended that Patient 8 take a week off from work. Patient 8 contacted her employer
27 and they informed her that she needed a note from her primary care provider providing medical
28 clearance to return to work.

1 30. On or about January 7, 2019, Respondent saw Patient 8 in clinic for follow-up
2 regarding her pneumonia diagnosis. During the appointment, Respondent used his stethoscope to
3 listen to Patient 8's lungs. During the examination, Respondent placed the stethoscope under her
4 left breast, to the side and near her left armpit. Respondent stopped what he was doing and asked
5 Patient 8, "Did you have a breast augmentation?" Patient 8 told him yes and that she had it done
6 when she 19 years old. Respondent replied that he didn't have that fact documented in Patient 8's
7 medical records. After what seemed like an unusual and uncomfortable pause to Patient 8,
8 Respondent then asked Patient 8, "Well, did they¹³ get you the attention that you were looking
9 for?" Patient 8 felt the comment was extremely inappropriate.

10 31. On October 1, 2019, during an investigative interview, Respondent was asked about
11 Patient 8's January 7, 2019 visit to his office. Respondent stated, "And that¹⁴, I can imagine
12 having said that, that probably was — year, that —that—I—can't think that I would have—um—
13 you know, that's probably insensitive of me. I don't think of that as offensive." Respondent
14 stated that he didn't recall making the statement to Patient 8 but expressed that he was sorry if he
15 had offended her.

16 FIRST CAUSE FOR DISCIPLINE

17 (Gross Negligence)

18 32. Respondent's license is subject to disciplinary action under Section 2234, subdivision
19 (b), of the Code in that he committed gross negligence during the care of Patients 1, 2, 3, 4, 5, 6
20 and 7. The circumstances are set forth in paragraphs 9 through 28, which are incorporated by
21 reference as if fully set forth herein. Additional circumstances are as follows:

22 33. Respondent's license is subject to disciplinary action because he committed gross
23 negligence during the care and treatment of Patients 1, 2, 3, 4, 5, 6 and 7, in the following distinct
24 and separate ways:

25 a. By failing to recognize that Patient 1's cirrhosis of the liver required an
26 immediate transfer to a hospital with specialty care once Patient 1 refused hospice care because

2 Hospital;

3 b. By failing to document any daily progress notes between July 17, 2018,
4 and July 24, 2018, despite repeatedly evaluating and treating Patient 1's changing condition
5 during Patient 1's hospital stay at Sutter Amador Hospital;

6 c. By failing to be within a reasonable arrival time of the hospital and by
7 failing to transfer patient care to another medical provider while Patient 2 was in-patient at Sutter
8 Amador Hospital;

9 d. By failing to be within a reasonable arrival time of the hospital and by
10 failing to transfer patient care to another medical provider while Patient 3 was in-patient at Sutter
11 Amador Hospital;

12 e. By failing to be within a reasonable arrival time of the hospital and by
13 failing to transfer patient care to another medical provider while Patient 4 was in-patient at Sutter
14 Amador Hospital;

15 f. By failing to be within a reasonable arrival time of the hospital and by
16 failing to transfer patient care to another medical provider while Patient 5 was in-patient at Sutter
17 Amador Hospital;

18 g. By failing to be within a reasonable arrival time of the hospital and by
19 failing to transfer patient care to another medical provider while Patient 6 was in-patient at Sutter
20 Amador Hospital; and,

21 h. By failing to recognize that Patient 7's third-degree heart block was a
22 medical emergency that required immediate treatment by a cardiologist and necessitated an
23 immediate transfer to a higher level of cardiac care than the care provided by Sutter-Amador
24 Hospital.

1 **SECOND CAUSE FOR DISCIPLINE**

2 **(Repeated Negligent Acts)**

3 34. Respondent's license is subject to disciplinary action under Section 2234, subdivision
4 (c), of the Code in that he committed repeated negligent acts during the care and treatment of
5 Patients 1, 2, 3, 4, 5, 6, 7 and 8. The circumstances are set forth in paragraphs 9 through 33,
6 which are incorporated by reference as if fully set forth herein. Each of the departures for gross
7 negligence are also considered separate and distinct negligent acts. Additional circumstances are
8 as follows:

9 a) By failing to document a progress note on December 16, 2018, while Patient 7
10 was not in the ICU under Respondent's direct care; and,

11 b) By making a sexually demeaning comment to Patient 8 while performing a
12 chest examination on or about January 9, 2019.

13 **THIRD CAUSE FOR DISCIPLINE**

14 **(Inaccurate and Inadequate Medical Records)**

15 35. Respondent's license is subject to disciplinary action under Section 2266 of the Code
16 in that he kept inaccurate and inadequate medical records during his care and treatment of
17 Patients 1 and 7. The circumstances are set forth in paragraphs 9 through 34, which are
18 incorporated by reference as if fully set forth herein.

19 **CAUSE TO REVOKE PROBATION**

20 **(Failure to Obey All Laws)**

21 36. At all times after the effective date of Respondent's probation, Condition Number 9,
22 Obey All Laws, stated in relevant part:

23 "Respondent shall obey all federal, state and local laws, all rules governing the
24 practice of medicine in California and remain in full compliance with any court ordered
25 probation, payments, and other orders."

26 37. At all times after the effective date of Respondent's probation, Condition Number 15,
27 Violation of Probation, stated in relevant part:

28 ///

1 "Failure to comply with any term or condition of probation is a violation of probation.
2 If respondent violates probation in any respect, the Board, after giving respondent notice
3 and the opportunity to be heard, may revoke probation and carry out the disciplinary order
4 that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim
5 Suspension Order is filed against respondent during probation, the Board shall have
6 continuing jurisdiction until the matter is final, and the period of probation shall be
7 extended until the matter is final."

8 38. Respondent's probation is subject to revocation because he failed to comply with
9 Probation Condition 9, Obey all Laws, as referenced above, by repeatedly violating the Medical
10 Practice Act while on probation. The facts and circumstances regarding this violation are set
11 forth in Paragraphs 9 through 35, which are incorporated herein by reference.

12 **DISCIPLINE CONSIDERATIONS**

13 39. To determine the degree of discipline, if any, to be imposed on Respondent,
14 Complainant alleges that on or about March 20, 2015, in a prior disciplinary action entitled, "In
15 the Matter of the Accusation Against Richard Frederick Buss, M.D." before the Medical Board of
16 California, in Case No. 02-2010-206541, Respondent's license was revoked, the revocation was
17 stayed, and Respondent was placed on probation for five years for his gross negligence, repeated
18 negligent acts, incompetence, and for failing to maintain adequate patient records, during his care
19 and treatment of a patient. In that matter, Respondent was found to have improperly prescribed
20 multiple controlled substances prior to the patient's death in which the cause of death was listed
21 as polypharmacy. That decision is now final and a copy of that decision is attached as Exhibit A
22 and is incorporated by reference.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

1. Revoking the probation that was granted by the Medical Board of California in Case No. 02-2010-206541 and imposing the disciplinary order that was stayed, thereby revoking Physician's and Surgeon's Certificate No. G 52995 issued to Richard Frederick Buss, M.D.;

2. Revoking or suspending Physician's and Surgeon's Certificate No. G 52995, issued to Richard Frederick Buss, M.D.;

3. Revoking, suspending or denying approval of Richard Frederick Buss, M.D.'s authority to supervise physician's assistants and advanced practice nurses, pursuant to section 3527 of the Code;

4. If placed on probation, ordering Richard Frederick Buss, M.D., to pay the Board the costs of probation monitoring; and

5. Taking such other and further action as deemed necessary and proper.

Case No. 02-2010-206541

OAH No. 2011060097

**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Kimberly Kirchmeyer (complainant) is the Executive Director of the Medical Board of California, and is represented in this matter by Kamala D. Harris, Attorney General of the State of California, by Matthew M. Davis, Deputy Attorney General.

2. Richard Buss, M.D. (respondent), is represented in this proceeding by Robert B. Zaro, Esq., whose address is 1315 I Street, Suite 200, Sacramento, CA 95814.

///

1 3. On or about July 12, 1984, the Medical Board of California issued Physician's and
2 Surgeon's Certificate No. G 52995 to Respondent. The Physician's and Surgeon's Certificate was
3 in full force and effect at all times relevant to the charges and allegations brought in Accusation
4 No. 02-2010-206541, and will expire on January 31, 2016, unless renewed.

5 JURISDICTION

6 4. On April 20, 2011, Accusation No. 02-2010-206541 was filed before the Medical
7 Board of California (Board), and is currently pending against respondent. A true and correct copy
8 of the Accusation and all other statutorily required documents were properly served on
9 respondent on April 20, 2011. Respondent timely filed his Notice of Defense contesting the
10 Accusation. A true and correct copy of Accusation No. 02-2010-206541 is attached hereto as
11 Exhibit A and incorporated herein by reference as if dully set forth herein.

12 ADVISEMENT AND WAIVERS

13 5. Respondent has carefully read, fully discussed with counsel, and fully understands the
14 charges and allegations in Accusation No. 02-2010-206541. Respondent has also carefully read,
15 fully discussed with counsel, and fully understands the effects of this Stipulated Settlement and
16 Disciplinary Order.

17 6. Respondent is fully aware of his legal rights in this matter, including the right to a
18 hearing on the charges and allegations in Accusation No. 02-2010-206541; the right to confront
19 and cross-examine the witnesses against him; the right to present evidence and to testify on his
20 own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the
21 production of documents; the right to reconsideration and court review of an adverse decision;
22 and all other rights accorded by the California Administrative Procedure Act and other applicable
23 laws, having been fully advised of same by his attorney of record, Robert B. Zaro, Esq.

24 7. Having the benefit of counsel, respondent hereby voluntarily, knowingly, and
25 intelligently waives and gives up each and every right set forth above.

26 ///

27 ///

28 ///

1 CULPABILITY

2 8. Respondent does not contest that, at an administrative hearing, complainant could
3 establish a *prima facie* case with respect to the charges and allegations in Accusation No. 02-
4 2010-206541, a true and correct copy of which is attached hereto as Exhibit A, and that he has
5 thereby subjected his Physician's and Surgeon's Certificate No. G 52995 to disciplinary action.
6 Respondent further agrees to be bound by the Board's imposition of discipline as set forth in the
7 Disciplinary Order below.

8 9. Respondent agrees that if he ever petitions for early termination or modification of
9 probation, or if an accusation and/or petition to revoke probation is filed against him before the
10 Medical Board of California, all of the charges and allegations contained in Accusation No. 02-
11 2010-206541 shall be deemed true, correct and fully admitted by respondent for purposes of any
12 such proceeding or any other licensing proceeding involving respondent in the State of California.

13 CONTINGENCY

14 10. The parties agree that this Stipulated Settlement and Disciplinary Order shall be
15 submitted to the Board for its consideration in the above-entitled matter and, further, that the
16 Board shall have a reasonable period of time in which to consider and act on this Stipulated
17 Settlement and Disciplinary Order after receiving it. By signing this stipulation, respondent fully
18 understands and agrees that he may not withdraw his agreement or seek to rescind this stipulation
19 prior to the time the Board considers and acts upon it.

20 11. The parties agree that this Stipulated Settlement and Disciplinary Order shall be null
21 and void and not binding upon the parties unless approved and adopted by the Board, except for
22 this paragraph, which shall remain in full force and effect. Respondent fully understands and
23 agrees that in deciding whether or not to approve and adopt this Stipulated Settlement and
24 Disciplinary Order, the Board may receive oral and written communications from its staff and/or
25 the Attorney General's office. Communications pursuant to this paragraph shall not disqualify the
26 Board, any member thereof, and/or any other person from future participation in this or any other
27 matter affecting or involving respondent. In the event that the Board, in its discretion, does not
28 approve and adopt this Stipulated Settlement and Disciplinary Order, with the exception of this

1 paragraph, it shall not become effective, shall be of no evidentiary value whatsoever, and shall
2 not be relied upon or introduced in any disciplinary action by either party hereto. Respondent
3 further agrees that should the Board reject this Stipulated Settlement and Disciplinary Order for
4 any reason, respondent will assert no claim that the Board, or any member thereof, was
5 prejudiced by its/his/her review, discussion and/or consideration of this Stipulated Settlement and
6 Disciplinary Order or of any matter or matters related hereto.

7 **ADDITIONAL PROVISIONS**

8 12. This Stipulated Settlement and Disciplinary Order is intended by the parties herein to
9 be an integrated writing representing the complete, final and exclusive embodiment of the
10 agreements of the parties in the above-entitled matter.

11 13. The parties agree that copies of this Stipulated Settlement and Disciplinary Order,
12 including copies of the signatures of the parties, may be used in lieu of original documents and
13 signatures and, further, that such copies and signatures shall have the same force and effect as
14 originals.

15 14. In consideration of the foregoing admissions and stipulations, the parties agree the
16 Board may, without further notice to or opportunity to be heard by respondent, issue and enter the
17 following Disciplinary Order:

18 **DISCIPLINARY ORDER**

19 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 52995 issued
20 to respondent Richard Buss, M.D., is revoked. However, the revocation is stayed and respondent
21 is placed on probation for five (5) years from the effective date of this decision on the following
22 terms and conditions:

23 1. **EDUCATION COURSE** Within 60 calendar days of the effective date of this
24 Decision, and on an annual basis thereafter, respondent shall submit to the Board or its
25 designee for its prior approval educational program(s) or course(s) which shall not be less than
26 40 hours per year, for each year of probation. The educational program(s) or course(s) shall
27 be aimed at correcting any areas of deficient practice or knowledge and shall be Category I
28 certified. The educational program(s) or course(s) shall be at respondent's expense and shall

1 be in addition to the Continuing Medical Education (CME) requirements for renewal of
2 licensure. Following the completion of each course, the Board or its designee may administer
3 an examination to test respondent's knowledge of the course. Respondent shall provide proof
4 of attendance for 65 hours of CME of which 40 hours were in satisfaction of this condition.

5 Further, respondent shall complete an additional 25 CME Category I hours each year of
6 probation in the area of family practice.

7 2. PRESCRIBING PRACTICES COURSE Within 60 calendar days of the
8 effective date of this Decision, respondent shall enroll in a course in prescribing practices
9 equivalent to the Prescribing Practices Course at the Physician Assessment and Clinical
10 Education Program, University of California, San Diego School of Medicine (Program),
11 approved in advance by the Board or its designee. Respondent shall provide the program with
12 any information and documents that the Program may deem pertinent. Respondent shall
13 participate in and successfully complete the classroom component of the course not later than
14 six (6) months after respondent's initial enrollment. Respondent shall successfully complete
15 any other component of the course within one (1) year of enrollment. The prescribing
16 practices course shall be at respondent's expense and shall be in addition to the Continuing
17 Medical Education (CME) requirements for renewal of licensure.

18 A prescribing practices course taken after the acts that gave rise to the charges in the
19 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the
20 Board or its designee, be accepted towards the fulfillment of this condition if the course would
21 have been approved by the Board or its designee had the course been taken after the effective
22 date of this Decision.

23 Respondent shall submit a certification of successful completion to the Board or its
24 designee not later than 15 calendar days after successfully completing the course, or not later
25 than 15 calendar days after the effective date of the Decision, whichever is later.

26 3. MEDICAL RECORD KEEPING COURSE Within 60 calendar days of the
27 effective date of this Decision, respondent shall enroll in a course in medical record keeping
28 equivalent to the Medical Record Keeping Course offered by the Physician Assessment and

1 Clinical Education Program, University of California, San Diego School of Medicine
2 (Program), approved in advance by the Board or its designee. Respondent shall provide the
3 program with any information and documents that the Program may deem pertinent.
4 Respondent shall participate in and successfully complete the classroom component of the
5 course not later than six (6) months after respondent's initial enrollment. Respondent shall
6 successfully complete any other component of the course within one (1) year of enrollment.
7 The medical record keeping course shall be at respondent's expense and shall be in addition to
8 the Continuing Medical Education (CME) requirements for renewal of licensure.

9 A medical record keeping course taken after the acts that gave rise to the charges in the
10 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the
11 Board or its designee, be accepted towards the fulfillment of this condition if the course would
12 have been approved by the Board or its designee had the course been taken after the effective
13 date of this Decision.

14 Respondent shall submit a certification of successful completion to the Board or its
15 designee not later than 15 calendar days after successfully completing the course, or not later
16 than 15 calendar days after the effective date of the Decision, whichever is later.

17 4. **PROFESSIONALISM PROGRAM (ETHICS COURSE)** Within 60 calendar
18 days of the effective date of this Decision, respondent shall enroll in a professionalism
19 program, that meets the requirements of Title 16, California Code of Regulations (CCR)
20 section 1358. Respondent shall participate in and successfully complete that program.
21 Respondent shall provide any information and documents that the program may deem
22 pertinent. Respondent shall successfully complete the classroom component of the program
23 not later than six (6) months after respondent's initial enrollment, and the longitudinal
24 component of the program not later than the time specified by the program, but no later than
25 one (1) year after attending the classroom component. The professionalism program shall be
26 at respondent's expense and shall be in addition to the Continuing Medical Education (CME)
27 requirements for renewal of licensure.

28 ///

1 A professionalism program taken after the acts that gave rise to the charges in the
2 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the
3 Board or its designee, be accepted towards the fulfillment of this condition if the program
4 would have been approved by the Board or its designee had the program been taken after the
5 effective date of this Decision.

6 Respondent shall submit a certification of successful completion to the Board or its
7 designee not later than 15 calendar days after successfully completing the program or not later
8 than 15 calendar days after the effective date of the Decision, whichever is later.

9 5. CLINICAL TRAINING PROGRAM Within 60 calendar days of the effective
10 date of this Decision, respondent shall enroll in a clinical training or educational program
11 equivalent to the Physician Assessment and Clinical Education Program (PACE) offered at
12 the University of California - San Diego School of Medicine ("Program"). Respondent shall
13 successfully complete the Program not later than six (6) months after respondent's initial
14 enrollment unless the Board or its designee agrees in writing to an extension of that time.

15 The Program shall consist of a Comprehensive Assessment program comprised of
16 a two-day assessment of respondent's physical and mental health; basic clinical and
17 communication skills common to all clinicians; and medical knowledge, skill and judgment
18 pertaining to respondent's area of practice in which respondent was alleged to be deficient,
19 and at minimum, a 40 hour program of clinical education in the area of practice in which
20 respondent was alleged to be deficient and which takes into account data obtained from the
21 assessment, Decision(s), Accusation(s), and any other information that the Board or its
22 designee deems relevant. Respondent shall pay all expenses associated with the clinical
23 training program.

24 Based on respondent's performance and test results in the assessment and clinical
25 education, the Program will advise the Board or its designee of its recommendation(s) for the
26 scope and length of any additional educational or clinical training, treatment for any medical
27 condition, treatment for any psychological condition, or anything else affecting respondent's
28 practice of medicine. Respondent shall comply with Program recommendations.

1 At the completion of any additional educational or clinical training, respondent
2 shall submit to and pass an examination. Determination as to whether respondent
3 successfully completed the examination or successfully completed the program is solely
4 within the program's jurisdiction.

5 If respondent fails to enroll, participate in, or successfully complete the clinical
6 training program within the designated time period, respondent shall receive a notification
7 from the Board or its designee to cease the practice of medicine within three (3) calendar
8 days after being so notified. The respondent shall not resume the practice of medicine until
9 enrollment or participation in the outstanding portions of the clinical training program have
10 been completed. If the respondent did not successfully complete the clinical training
11 program, the respondent shall not resume the practice of medicine until a final decision has
12 been rendered on the accusation and/or a petition to revoke probation. The cessation of
13 practice shall not apply to the reduction of the probationary time period.

14 6. **PRACTICE MONITOR** Within 30 calendar days of the effective date of this
15 Decision, respondent shall submit to the Board or its designee for prior approval as a practice
16 monitor, the name and qualifications of one or more licensed physicians and surgeons whose
17 licenses are valid and in good standing, and who are preferably American Board of Medical
18 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
19 relationship with respondent, or other relationship that could reasonably be expected to
20 compromise the ability of the monitor to render fair and unbiased reports to the Board,
21 including but not limited to any form of bartering, shall be in respondent's field of practice,
22 and must agree to serve as respondent's monitor. Respondent shall pay all monitoring costs.

23 The Board or its designee shall provide the approved monitor with copies of the
24 Decision(s) and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of
25 receipt of the Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall
26 submit a signed statement that the monitor has read the Decision(s) and Accusation(s), fully
27 understands the role of a monitor, and agrees or disagrees with the proposed monitoring plan.

28 ///

1 If the monitor disagrees with the proposed monitoring plan, the monitor shall submit a
2 revised monitoring plan with the signed statement for approval by the Board or its designee.

3 Within 60 calendar days of the effective date of this Decision, and continuing
4 throughout probation, respondent's practice shall be monitored by the approved monitor.
5 Respondent shall make all records available for immediate inspection and copying on the
6 premises by the monitor at all times during business hours and shall retain the records for the
7 entire term of probation.

8 If respondent fails to obtain approval of a monitor within 60 calendar days of the
9 effective date of this Decision, respondent shall receive a notification from the Board or its
10 designee to cease the practice of medicine within three (3) calendar days after being so
11 notified. Respondent shall cease the practice of medicine until a monitor is approved to
12 provide monitoring responsibility.

13 The monitor(s) shall submit a quarterly written report to the Board or its designee
14 which includes an evaluation of respondent's performance, indicating whether respondent's
15 practices are within the standards of practice of medicine, and whether respondent is
16 practicing medicine safely. It shall be the sole responsibility of respondent to ensure that the
17 monitor submits the quarterly written reports to the Board or its designee within 10 calendar
18 days after the end of the preceding quarter.

19 If the monitor resigns or is no longer available, respondent shall, within 5 calendar days
20 of such resignation or unavailability, submit to the Board or its designee, for prior approval,
21 the name and qualifications of a replacement monitor who will be assuming that
22 responsibility within 15 calendar days. If respondent fails to obtain approval of a
23 replacement monitor within 60 calendar days of the resignation or unavailability of the
24 monitor, respondent shall receive a notification from the Board or its designee to cease the
25 practice of medicine within three (3) calendar days after being so notified respondent shall
26 cease the practice of medicine until a replacement monitor is approved and assumes
27 monitoring responsibility.

28 ///

1 In lieu of a monitor, respondent may participate in a professional enhancement
2 program equivalent to the one offered by the Physician Assessment and Clinical Education
3 Program at the University of California, San Diego School of Medicine, that includes, at
4 minimum, quarterly chart review, semi-annual practice assessment, and semi-annual review
5 of professional growth and education. Respondent shall participate in the professional
6 enhancement program at respondent's expense during the term of probation.

7 7. **NOTIFICATION** Within seven (7) days of the effective date of this Decision,
8 the respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff
9 or the Chief Executive Officer at every hospital where privileges or membership are extended
10 to respondent, at any other facility where respondent engages in the practice of medicine,
11 including all physician and locum tenens registries or other similar agencies, and to the Chief
12 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
13 respondent. Respondent shall submit proof of compliance to the Board or its designee within
14 15 calendar days.

15 This condition shall apply to any change(s) in hospitals, other facilities or insurance
16 carrier.

17 8. **SUPERVISION OF PHYSICIAN ASSISTANTS** During probation, respondent
18 is prohibited from supervising physician assistants.

19 9. **OBEY ALL LAWS** Respondent shall obey all federal, state and local laws, all
20 rules governing the practice of medicine in California and remain in full compliance with any
21 court ordered criminal probation, payments, and other orders.

22 10. **QUARTERLY DECLARATIONS** Respondent shall submit quarterly
23 declarations under penalty of perjury on forms provided by the Board, stating whether there
24 has been compliance with all the conditions of probation.

25 Respondent shall submit quarterly declarations not later than 10 calendar days after the
26 end of the preceding quarter.

1 11. GENERAL PROBATION REQUIREMENTS

2 *Compliance with Probation Unit*

3 Respondent shall comply with the Board's probation unit and all terms and conditions of
4 this Decision.

5 *Address Changes*

6 Respondent shall, at all times, keep the Board informed of respondent's business and
7 residence addresses, email address (if available), and telephone number. Changes of such
8 addresses shall be immediately communicated in writing to the Board or its designee. Under
9 no circumstances shall a post office box serve as an address of record, except as allowed by
10 Business and Professions Code section 2021(b).

11 *Place of Practice*

12 Respondent shall not engage in the practice of medicine in respondent's or patient's place
13 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
14 facility.

15 *License Renewal*

16 Respondent shall maintain a current and renewed California physician's and surgeon's
17 license.

18 *Travel or Residence Outside California*

19 Respondent shall immediately inform the Board or its designee, in writing, of travel to
20 any areas outside the jurisdiction of California which lasts, or is contemplated to last, more
21 than thirty (30) calendar days.

22 In the event respondent should leave the State of California to reside or to practice
23 respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates
24 of departure and return.

25 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE Respondent shall be

26 available in person upon request for interviews either at respondent's place of business or at
27 the probation unit office, with or without prior notice throughout the term of probation.

28 ///

1 13. NON-PRACTICE WHILE ON PROBATION Respondent shall notify the
2 Board or its designee in writing within 15 calendar days of any periods of non-practice lasting
3 more than 30 calendar days and within 15 calendar days of respondent's return to practice.
4 Non-practice is defined as any period of time respondent is not practicing medicine in
5 California as defined in Business and Professions Code sections 2051 and 2052 for at least 40
6 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity
7 as approved by the Board. All time spent in an intensive training program which has been
8 approved by the Board or its designee shall not be considered non-practice. Practicing
9 medicine in another state of the United States or Federal jurisdiction while on probation with
10 the medical licensing authority of that state or jurisdiction shall not be considered non-
11 practice. A Board-ordered suspension of practice shall not be considered as a period of non-
12 practice.

13 In the event respondent's period of non-practice while on probation exceeds 18 calendar
14 months, respondent shall successfully complete a clinical training program that meets the
15 criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary
16 Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

17 Respondent's period of non-practice while on probation shall not exceed two (2) years.
18 Periods of non-practice will not apply to the reduction of the probationary term. Periods of
19 non-practice will relieve respondent of the responsibility to comply with the probationary
20 terms and conditions with the exception of this condition and the following terms and
21 conditions of probation: Obey All Laws; and General Probation Requirements.

22 14. COMPLETION OF PROBATION Respondent shall comply with all financial
23 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
24 completion of probation. Upon successful completion of probation, respondent's certificate
25 shall be fully restored.

26 15. VIOLATION OF PROBATION Failure to fully comply with any term or
27 condition of probation is a violation of probation. If respondent violates probation in any
28 respect, the Board, after giving respondent notice and the opportunity to be heard, may revoke

1 probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to
2 Revoke Probation, or an Interim Suspension Order is filed against respondent during
3 probation, the Board shall have continuing jurisdiction until the matter is final, and the period
4 of probation shall be extended until the matter is final.

5 16. LICENSE SURRENDER Following the effective date of this Decision, if
6 respondent ceases practicing due to retirement or health reasons or is otherwise unable to
7 satisfy the terms and conditions of probation, respondent may request to surrender his or her
8 license. The Board reserves the right to evaluate respondent's request and to exercise its
9 discretion in determining whether or not to grant the request, or to take any other action
10 deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the
11 surrender, respondent shall within 15 calendar days deliver respondent's wallet and wall
12 certificate to the Board or its designee and respondent shall no longer practice medicine.
13 Respondent will no longer be subject to the terms and conditions of probation. If respondent
14 re-applies for a medical license, the application shall be treated as a petition for reinstatement
15 of a revoked certificate.

16 17. PROBATION MONITORING COSTS Respondent shall pay the costs
17 associated with probation monitoring each and every year of probation, as designated by the
18 Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical
19 Board of California and delivered to the Board or its designee no later than January 31 of each
20 calendar year.

1 JURISDICTION

2 3. This Accusation is brought before the Medical Board of California (Board),
3 Department of Consumer Affairs, under the authority of the following laws. All section
4 references are to the Business and Professions Code unless otherwise indicated.

5 4. Section 2227 of the Code provides that a licensee who is found guilty under the
6 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
7 one year, placed on probation and required to pay the costs of probation monitoring, or such other
8 action taken in relation to discipline as the Division¹ deems proper.

9 5. Section 2234 of the Code states:

10 "The Division of Medical Quality shall take action against any licensee who is charged with
11 unprofessional conduct. In addition to other provisions of this article, unprofessional conduct
12 includes, but is not limited to, the following:

13 "(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the
14 violation of, or conspiring to violate any provision of this chapter [Chapter 5, the Medical
15 Practice Act].

16 "(b) Gross negligence.

17 "(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or
18 omissions. An initial negligent act or omission followed by a separate and distinct departure from
19 the applicable standard of care shall constitute repeated negligent acts.

20 "(1) An initial negligent diagnosis followed by an act or omission medically appropriate for
21 that negligent diagnosis of the patient shall constitute a single negligent act.

22 "(2) When the standard of care requires a change in the diagnosis, act, or omission that
23 constitutes the negligent act described in paragraph (1), including, but not limited to, a
24 reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the

25
26 ¹ California Business and Professions Code section 2002, as amended and effective
27 January 1, 2008, provides that unless otherwise expressly provided, the term "board" as used in
28 the State Medical Practice Act (Cal. Bus. & Prof. Code, sections 2000, et seq.) means "Medical
Board of California" and references to the "Division of Medical Quality" and "Division of
Licensing" in the Act or any other provision of law shall be deemed to refer to the Board.

1 applicable standard of care, each departure constitutes a separate and distinct breach of the
2 standard of care.

3 "(d) Incompetence.

4 "..."

5 6. Section 2266 of the Code provides that, "[t]he failure of a physician and surgeon to
6 maintain adequate and accurate records relating to the provision of services to their patients
7 constitutes unprofessional conduct."

8 FIRST CAUSE FOR DISCIPLINE

9 (Gross Negligence)

10 [Bus. & Prof. Code § 2234(b)]

11 7. Respondent is subject to disciplinary action under section 2234(b) of the Code as
12 follows:

13 8. On or about November 8, 2006, J.G.², a 32 year old female, began seeing Respondent
14 for medical treatment due to migraine headaches. Respondent gave J.G. Morphine Sulfate (MS)
15 15 mg and Phenergan 25 mg on this date. Respondent also provided J.G. with a prescription for
16 Norco 10 mg, 20 quantity, and Alprozolam 0.5 mg, 20 quantity. Respondent did not obtain prior
17 medical records for J.G.

18 9. On or about December 20, 2006, J.G. saw Respondent for a migraine headache.
19 Respondent gave the patient MS, 15 mg, and Phenergan, 25 mg, IM. On or about January 16,
20 2007, J.G. saw Respondent for a bad headache. The patient took Norco, but it was not helping to
21 alleviate the headache she was experiencing. Respondent gave patient J.G. morphine sulfate
22 (MS), 25 mg, IM. Respondent also prescribed J.G. Percocet. On or about January 17, 2007, J.G.
23 returned to Respondent with a headache. Respondent's plan was morphine, 2 ml (30 mg) plus
24 Phenergan, 25 mg, IM. Respondent prescribed Compazine as needed to J.G. for nausea.

25 10. On or about February 26, 2007, J.G. returned to see Respondent with a complaint of
26 neck pain that grew into a headache. J.G. took some Norco which provided some relief to her.
27 Respondent prescribed Flexeril to her, to be taken as needed. Respondent gave J.G. morphine 2

28 ² Initials will be used to protect the confidentiality of the patient in question.

1 cc (30 mg) plus Phenergan, 25 mg, IM. On or about February 27, 2007, J.G. returned to
2 Respondent with complaints of bad pain in her neck. Respondent gave her MS, 30 mg, plus
3 Phenergan, 25 mg, IM. Respondent injected Lidocaine 2cc and TAC 40 mg in her neck. On or
4 about February 28, 2007, J.G. returned to see Respondent again. Respondent noted that J.G. had
5 increased blood pressure. Respondent was provided information at this visit that J.G. had been
6 seen by a neurologist. Respondent made no attempt to make contact with this neurologist, at any
7 point. Respondent gave J.G. a trial of Inderal, 20 mg, for blood pressure. Respondent also gave
8 her MS, 3 ml, plus Phenergan, 25 mg, IM.

9 11. On or about March 12, 2007, J.G. came to see Respondent again. Respondent did not
10 take J.G.'s blood pressure during this visit, despite the patient having high blood pressure during
11 her last visit.

12 12. On or about April 2, 2007, J.G. had a patient visit with Respondent. J.G. complained
13 of a headache that she had since the previous day. Respondent gave the patient MS 30 mg,
14 Phenergan 25 mg, and Prozac. On or about April 3, 2007, J.G. returned to Respondent's office
15 complaining that her headache had returned. The patient took Norco that morning. Respondent
16 gave the patient MS 30 mg, Phenergan 25 mg, and Depakote.

17 13. On or about April 13, 2007, J.G. had a patient visit with Respondent. J.G.
18 complained of having a stiff neck. Respondent injected J.G.'s neck with Lidocaine 2cc and TAC
19 40 mg.

20 14. On or about May 7, 2007, J.G. came to Respondent's office complaining of having a
21 bad headache. Respondent gave the patient MS 30 mg and Phenergan 25 mg. About 3 1/2 hours
22 later, the patient returned to see Respondent complaining of having a headache. Respondent gave
23 J.G. MS 37.5 mg and Phenergan 25 mg. Respondent gave the patient this additional medication
24 again because it had been three hours, and the patient had the same pain as before.

25 15. On or about May 14, 2007, J.G. went to see Respondent. The patient indicated that
26 she was "losing it" and that she was "still very stressed;" J.G. had three children at home.
27 Respondent gave the patient Lexapro, MS 30 mg, and Phenergan 25 mg.

28

1 16. On or about June 29, 2007, J.G. visited Respondent and complained of having a
2 headache that would not go away. Respondent prescribed her Compazine. Respondent gave J.G.
3 MS 37 mg, Phenergan 25 mg, and triamcinolone 40 mg. He also prescribed Dilaudid for the
4 patient. Following this visit, Respondent believes that the patient's headache continued so she
5 went to the emergency room and had a CT scan later that same day.

6 17. On or about August 1, 2007, J.G. returned to see Respondent complaining of having a
7 headache for the past two days. Respondent gave the patient MS 37.5 mg and Phenergan 25 mg.
8 Approximately 4 hours later, J.G. returned with pain and Respondent gave her MS 45 mg and
9 Phenergan 50 mg.

10 18. On or about August 24, 2007, J.G. visited Respondent and complained of having a
11 headache since the previous day. Respondent gave her MS 30 mg and Phenergan 25 mg.

12 19. On or about October 9, 2007, J.G. returned and complained of having a headache
13 since the previous day. Respondent gave the patient MS 30 mg and Phenergan 25 mg.
14 Respondent gave J.G. Norvasc to attempt to prevent her migraine headaches. She was still taking
15 Lexapro and Xanax at the time.

16 20. On or about October 10, 2007, J.G. complained of the same headache as the previous
17 day. Respondent gave the patient MS 45 mg and Phenergan 25 mg.

18 21. On or about October 30, 2007, J.G. returned to see Respondent. During this visit,
19 Respondent first learned about J.G. being seen at a mental health facility. Respondent did not
20 obtain any medication list from that mental health facility.

21 22. On or about November 1, 2007, J.G. met Respondent at his home, where Respondent
22 gave J.G. a MS injection. The following day, on or about November 2, 2007, J.G. visited
23 Respondent. At this visit, Respondent gave J.G. MS 45 mg and Phenergan 25 mg. Respondent
24 also prescribed J.G. Verapamil 40 mg, Soma, and Dilaudid 4 mg. Respondent does not know
25 how much Soma he prescribed to J.G.

26 23. On or about November 27, 2007, J.G. came to Respondent complaining of a headache
27 that started the previous day. Respondent gave the patient MS 45 mg and Phenergan 25 mg.

28

1 Respondent also gave the patient a Fentanyl patch 50 mg. Respondent did not give J.G. any less
2 potent 25 mg Fentanyl patches.

3 24. On or about November 28, 2007, J.G. returned to see Respondent, complaining that
4 her headache was 100 times worse than before. J.G. indicated that the headache continued
5 despite her wearing the Fentanyl patch. Respondent gave the patient MS 30 mg and Phenergan
6 25 mg. He also prescribed the patient Dilaudid 2 mg, 40 quantity, to use if J.G.'s pain continued.
7 Respondent gave J.G. a second Fentanyl patch 50 mg for use if her migraine pain continued over
8 that weekend. The Fentanyl patches Respondent gave to J.G. had been returned to him from a
9 prior patient six months to one year earlier. Respondent re-issued these Fentanyl patches to J.G.
10 Respondent is unsure is to whether he provided J.G. with the information insert to the Fentanyl
11 patch box. Fentanyl patches are not supposed to be used for migraine headaches.

12 25. On or about November 29, 2007, J.G. was found unresponsive in her home, and was
13 later declared dead in the emergency room. J.G. died with two Fentanyl 50 mcg/hr patches on her
14 abdomen. The cause of death was listed as polypharmacy.

15 26. In the six months from May 1, 2007 until J.G.'s date of death on November 29, 2007,
16 prescription records from Pine Cone Drug (Pine) and CVS Pharmacy (CVS) indicate that
17 Respondent prescribed J.G. the following:

18 (a) Respondent prescribed phentermine 30 mg #30 on July 26, 2007, September 11,
19 2007, October 17, 2007, and November 27, 2007. Respondent prescribed several anti-
20 depressants during this time: fluoxetine 20 mg 2 daily on May 2, 2007 and November
21 12, 2007, and Lexapro samples on May 14, 2007 and June 27, 2007.

22 (b) Respondent prescribed muscle relaxant carisoprodol (Soma) on a number of
23 occasions: on June 2, 2007 from CVS for Soma 350 mg #40, on June 8, 2007 from Pine
24 for Soma 350 mg #30, on July 2, 2007 from CVS for Soma 350 mg #40, on July 16,
25 2007 from CVS for Soma 350 mg #40, July 30, 2007 from CVS for Soma 350 mg #40,
26 on August 20, 2007 from CVS for Soma 350 mg #40, on August 31, 2007 from CVS
27 for Soma 350 mg #40, on September 17, 2007 from CVS for Soma 350 mg #40, on
28

1 October 6, 2007 from CVS for Soma 350 mg #40, on November 2, 2007 from Pine for
2 Soma 350 mg #40 and on November 27, 2007 from Pine for Soma 350 mg #40.

3 (c) Respondent prescribed benzodiazepines on numerous occasions for J.G. during this
4 time period. The records from Pine and CVS documented prescriptions filled on May
5 2, 2007, May 17, 2007, June 8, 2007, June 25, 2007 at Pine for Alprazolam 1 mg #40;
6 on July 3, 2007, July 17, 2007, and July 30, 2007 at CVS for Lorazepam 1 mg #30; on
7 August 1, 2007, August 20, 2007, September 4, 2007, September 25, 2007, October 8,
8 2007, October 17, 2007, and October 29, 2007 at Pine for Alprazolam 1 mg #40; on
9 October 31, 2007, and November 18, 2007 at CVS for Alprazolam 1 mg #60, and on
10 November 27, 2007 at Pine for Alprazolam 1 mg #40.

11 (d) Respondent prescribed narcotics for J.G.'s pain. At CVS, Hydrocodone/APAP
12 10/325 #30 on May 29, 2007, June 20, 2007, June 26, 2007, and July 2, 2007. Also on
13 July 2, 2007, J.G. obtained Hydrocodone/APAP 5/500 #15 prescribed by Dr. Popke at
14 Pine. J.G. again obtained Hydrocodone/APAP 10/325 #30 on July 16, 2007 and July
15 30, 2007 at CVS.

16 (e) J.G. was prescribed Hydromorphone (Dilaudid) for pain by Respondent. From Pine,
17 J.G. obtained Dilaudid 4 mg #30 on August 1, 2007; Dilaudid 2 mg #24 on August 8,
18 2007; Dilaudid 2 mg #40 on October 9, 2007; Dilaudid 4 mg #40 on November 2, 2007;
19 and Dilaudid 2 mg #40 on November 28, 2007.

20 27. The toxicology report from Central Valley Toxicology dated December 5, 2007,
21 showed that Alprazolam, Fluoxetine, Norfluoxetine, Morphine, Fentanyl, and Meprobamate (a
22 metabolite of carisoprodol) were all detected in the peripheral blood obtained from J.G. in the
23 emergency room on the morning she died.

24 28. Respondent is subject to disciplinary action pursuant to section 2234(b) of the Code,
25 in that his treatment of J.G. was grossly negligent as follows:

26 (a) Respondent's administering some treatments to J.G. in the parking lot and/or his
27 home was an extreme departure from the standard of care;

28

- 1 (b) Respondent's treatment of J.G.'s estrogen related migraine headaches was an extreme
- 2 departure from the standard of care;
- 3 (c) Respondent's failure to institute preventive measures for migraines at an early stage
- 4 of care regarding J.G. or to utilize proven measures for sufficient time was an extreme
- 5 departure from the standard of care;
- 6 (d) Respondent's failure to use proven therapies for acute migraine and to utilize instead
- 7 oral and injected narcotics for J.G. was an extreme departure from the standard of care;
- 8 (e) Respondent's failure to obtain a history from J.G. or information from previous or
- 9 current physicians and providers of mental health care to J.G. was an extreme departure
- 10 from the standard of care;
- 11 (f) Respondent's prescribing multiple addicting substances in excessive amounts on
- 12 multiple occasions to J.G. was an extreme departure from the standard of care;
- 13 (g) Respondent's dispensing of Fentanyl patches to J.G. was an extreme departure from
- 14 the standard of care;
- 15 (h) Respondent's dispensing to J.G. Fentanyl patches (an opioid) that had been returned
- 16 by a previous patient was an extreme departure from the standard of care;
- 17 (i) Respondent's use of opioids from another patient on J.G., and not disposing of them
- 18 initially when he received them from the previous patient, was an extreme departure
- 19 from the standard of care; and,
- 20 (j) Respondent's failure to even attempt to mandate at least one consultation with a
- 21 neurologist and/or pain specialist and/or orthopedic specialist in regards to J.G. was an
- 22 extreme departure from the standard of care.

23 SECOND CAUSE FOR DISCIPLINE

24 (Repeated Negligent Acts)
25 [Bus. & Prof. Code § 2234(c)]

26 29. Respondent is subject to disciplinary action under section 2234(c) of the Code as
27 follows:

28 30. Paragraphs 7 through 28 are incorporated herein by reference.

1 31. Respondent is subject to disciplinary action pursuant to Code section 2234(c) in that
2 he was repeatedly negligent in his treatment of J.G., as follows:

- 3 (a) Respondent failed to establish a pain management agreement with J.G.;
- 4 (b) Respondent failed to have any urine screens done regarding J.G.;
- 5 (c) Respondent administered some treatments to J.G. in the parking lot and/or his home;
- 6 (d) Respondent treatment of J.G.'s estrogen related migraine headaches was poor;
- 7 (e) Respondent failed to institute preventive measures for J.G.'s migraines at an early
8 stage of care or to utilize proven measures for sufficient time;
- 9 (f) Respondent failed to use proven therapies for acute migraine and instead utilized oral
10 and injected narcotics for J.G.;
- 11 (g) Respondent failed to obtain a history from J.G. or information from previous or
12 current physicians and providers of mental health care;
- 13 (h) Respondent prescribed multiple addicting substances in excessive amounts on
14 multiple occasions to J.G.;
- 15 (i) Respondent gave J.G. Fentanyl patches (an opioid) that had been returned by a
16 previous patient;
- 17 (j) Respondent gave Fentanyl patches, a potent narcotic, to J.G.;
- 18 (k) Respondent failed to dispose of the returned Fentanyl patches initially when he
19 received them from the previous patient; and,
- 20 (l) Respondent failed to even attempt to mandate at least one consultation with a
21 neurologist and/or pain specialist and/or orthopedic specialist in regards to J.G.

22 THIRD CAUSE FOR DISCIPLINE

23 (Incompetence)

24 [Bus. & Prof. Code § 2234(d)]

25 32. Respondent is subject to disciplinary action under section 2234(d) of the Code as
26 follows:

27 33. Paragraphs 7 through 28 are incorporated herein by reference.

28

1 34. Respondent is subject to disciplinary action pursuant to Code section 2234(d) in that
2 he was incompetent in his treatment of J.G., as follows:

- 3 (a) Respondent's treatment of J.G.'s estrogen related migraine headaches demonstrates a
4 lack of knowledge in the treatment of migraine headaches;
- 5 (b) Respondent's failure to institute preventive measures for migraines at an early stage
6 of care regarding J.G. or to utilize proven measures for sufficient time demonstrates a
7 lack of knowledge in the treatment of migraine headaches;
- 8 (c) Respondent's failure to use proven therapies for acute migraines and to utilize instead
9 oral and injected narcotics for J.G. demonstrates a lack of knowledge in the treatment of
10 migraine headaches;
- 11 (d) Respondent's failure to obtain a history from J.G. or information from previous or
12 current physicians and providers of mental health care to J.G., and his failure to monitor
13 phentermine and to recognize that phentermine and carisoprodol might exacerbate
14 migraine headaches, demonstrate a lack of knowledge in using these drugs and the
15 treatment of migraine headaches; and,
- 16 (e) Respondent's dispensing of Fentanyl patches to J.G. demonstrates a lack of
17 knowledge in dispensing this potent narcotic.
