RE: Physician's and Surgeon's Certificate No. A 65040
Case No. 800-2018-049087

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you failed to test a patient for latent TB and hepatitis B prior to placing the patient on Humira. You further misread a positive TB test result as a negative for the patient, delaying the patient's treatment.

These actions constitute a violation of California Business and Professions Code section 2234(b).

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.

Executive Director
