### 8 FACTUAL ALLEGATIONS

9 13. Respondent is a general practitioner treating adult patients who, beginning in 2007,  
10 worked first at California Cardiovascular Consultants (CCC) which was then divided into a  
11 separate business, East Bay Cardiovascular (EBC), where he worked thereafter.

12 14. On February 13, 2019, Respondent was interviewed by the Federal Bureau of  
13 Investigation (FBI). During the interview, unrelated to the FBI investigation<sup>1</sup>, Respondent  
14 admitted that he had created and maintained videos and pictures of his female staff, coworkers,  
15 and patients for his pleasure. Initially, however, he lied to the federal agents: claiming he filmed  
16 his employees to see if they were busy and his patients to avoid liability for possible misconduct  
17 claims. Respondent admitted he never asked permission from his female staff or patients to  
18 photograph or videotape them, and that he never videotaped or photographed his male patients.

19 15. Respondent described in detail that, for approximately a year, he placed his phone in  
20 his shirt pocket with the camera facing outwards and started the video before entering the  
21 treatment room of his female patients. He admitted he took videos of women with a “nice shape”  
22 illustrating with his hands an hour-glass shape. He also eventually admitted lying that he took the  
23 videos for liability purposes.

24 16. Respondent also admitted to taking pictures of females in public places, without their  
25 knowledge or consent, because he liked the way they looked.

26  
27 <sup>1</sup> Respondent has subsequently been indicted on federal charges for violation of 42 U.S.C.  
28 § 1320a-7b(b)(2)(A) for illegally influencing patient referrals for federally funded health care  
through payments. *United States of America v. GERALD MYINT*, Case No. 19-71448, United  
States District Court, for the Northern District of California.

1           17. Respondent further admitted that he had received and viewed child pornography  
2 which was sent to him by his friends approximately two to three times a week for the past year,  
3 albeit he denied enjoying it and stated that he deleted those images. Respondent did, however,  
4 admit that he knew child pornography was illegal.

5           18. Respondent admitted that the videos and photos he took were so that he could view  
6 them later to bring himself pleasure.

7           19. The FBI provided a Board Investigator with a flash drive taken from Respondent's  
8 cell phone which contained approximately 18,500 pictures and approximately 1,766 videos with  
9 sound, most of which were pornography<sup>2</sup>. Three possible patients were identified from the  
10 images.

11           20. On January 10, 2020, Patient P-1<sup>3</sup> was interviewed and she stated that Respondent  
12 had been her primary care physician for many years, and that she had no concerns or complaints  
13 related to his care. Patient P-1 viewed images from Respondent's phone and confirmed that some  
14 videos and pictures were of her. She did not recall any recording device during exams, was not  
15 informed she was being recorded or photographed, and did not consent to being recorded or  
16 photographed.

17           21. On January 16, 2020, Patient P-2 was interviewed and said she saw Respondent only  
18 a few times for lower back and sciatica pain approximately one year prior. Patient P-2 viewed  
19 images from Respondent's phone and identified herself. Patient P-2 was stunned by the images.  
20 She was not informed she was being recorded or photographed, and said she never gave  
21 Respondent permission to videotape or photograph her.

22           22. On January 16, 2020, Patient P-3 was interviewed and said Respondent had been her  
23 primary care physician for many years. She confirmed images of herself and her children from  
24 Respondent's phone. Although she does not remember seeing any recording device on  
25 Respondent, she does remember him using his cell phone as a flashlight once during an office

26           <sup>2</sup> Although Respondent admitted to possessing and viewing child pornography, none was  
27 located in the contents of the flash drive taken from his cell phone.

28           <sup>3</sup> In order to protect patient confidentiality and privacy, patients will be identified as  
Patients P-1 to P-3. Respondent knows who these patients are and, if not, can identify them  
through the discovery process.

1 visit and thought it unusual. Patient P-3 was never informed she and her children were being  
2 recorded or photographed, and she did not consent to being recorded or photographed.

3 **FIRST CAUSE FOR DISCIPLINE**

5 23. Respondent is subject to disciplinary action under Section 2234 and/or 2234,  
6 subdivision (a) and/or subdivision (f) for Unprofessional Conduct and/or Section 726 of the Code  
7 in that he engaged in Sexual Misconduct and Sexual Abuse of Patients P-1, P-2, and P-3, as  
8 outlined above in Paragraphs 14 through 22. Respondent, by photographing and videotaping his  
9 patients during their exams, without their knowledge or consent, for his own later sexual pleasure,  
10 exploited his patients for his own gratification and has committed Unprofessional Conduct and/or  
11 Sexual Misconduct and Abuse, and his conduct is cause for discipline pursuant to sections 2234  
12 and/or 2234(a) and/or (f) and/or 726 of the Code.

13 **SECOND CAUSE FOR DISCIPLINE**

14 **(Unprofessional Conduct: Lying to Federal Agents)**

15 24. Respondent is subject to disciplinary action for Unprofessional Conduct under  
16 Section 2234 and/or section 2234, subdivision (a) and/or subdivision (e) and/or subdivision (f) in  
17 that he lied to federal agents during the course of a criminal investigation, as outlined above in  
18 Paragraphs 14 through 22. Respondent, by lying to the FBI and claiming to film and photograph  
19 his patients to protect against liability, and his employees to ensure they were working, when  
20 instead he did so to pleasure himself, has committed Unprofessional Conduct, and his conduct is  
21 cause for discipline pursuant to sections 2234 and/or 2234(a) and/or 2234(e) and/or 2234 (f) of  
22 the Code.

23 **THIRD CAUSE FOR DISCIPLINE**

24 **(Unprofessional Conduct: Privacy Act Violations, Recording Confidential  
25 Communications)**

27 Sections 2234 and/or 2234, subdivision (a) and/or subdivision (f) of the Code (Unprofessional  
28 Conduct). Respondent abused his position as a physician and surgeon to violate numerous

1 provisions of law including: section 632(a) of the Penal Code (Recording Confidential  
2 Communications) and/or section 647(j)(1)-(3)(A) of the Penal Code (Privacy Act Violations) in  
3 that he recorded the confidential communications of his patients and/or their physical exams for  
4 his sexual interest, as outlined above in Paragraphs 14 through 22.

5 **FOURTH CAUSE OF DISCIPLINE**

6 **(Unprofessional Conduct: Possession of Child Pornography)**

7 26. Respondent is subject to disciplinary action under Section 2234 and/or 2234,  
8 subdivision (a) and/or subdivision (f) of the Code (Unprofessional Conduct). He demonstrated  
9 unprofessional conduct and unfitness to practice by his violation of section 311.11 of the Penal  
10 Code (Possession of Child Pornography) in that he viewed child pornography on multiple  
11 occasions as outlined in Paragraph 17, above.
