Agency Case No. 800-2020-063538

OAH No. 2020100056

PROPOSED DECISION

Julie Cabos Owen, Administrative Law Judge, Office of Administrative Hearings (OAH), State of California, heard this matter by videoconference on March 11, 2021. Christine J. Lally (Complainant) was represented by Jonathan Nguyen, Deputy Attorney General. Fouad Mohammed M. Nouri, M.D. (Respondent) was represented by Armand Tinkerian, Attorney at Law.

Testimony and documents were received in evidence. The record closed and the matter was submitted for decision on March 11, 2021.

FACTUAL FINDINGS

Jurisdictional Matters

1. On May 22, 2020, Complainant filed a Petition to Revoke Probation (Petition) in the matter while acting in her official capacity as the Interim Executive Director of the Medical Board of California (Board), Department of Consumer Affairs.

2. Respondent filed a Notice of Defense requesting a hearing on the Petition. Although the Notice of Defense was not included in the exhibits submitted at the March 11, 2021 hearing, the ALJ hereby takes official notice of Respondent's Notice of Defense which is contained in the OAH file on this matter.

License History and Probation Orders

3. On December 25, 1997, the Board issued Physician's and Surgeon's Certificate Number A 64212 (license) to Respondent. That license is scheduled to expire on September 30, 2021.

4. In a Decision and Order in Case Number 800-2014-003866, effective November 22, 2017 (2017 Probation Order), adopting a Stipulated Settlement and Disciplinary Order, the Board revoked Respondent's license, stayed the revocation, and placed Respondent on probation for five years on specified terms and conditions.

5A. The 2017 Probation Order arose from Respondent's unprofessional conduct as set forth in the March 15, 2017 First Amended Accusation. Respondent's unprofessional conduct involved his failed supervision of non-physicians in 2015 and 2016, when operating a day spa that offered treatments requiring physician

supervision. Respondent allowed non-physicians to perform treatments without physician supervision, thus aiding and abetting the unlicensed practice of medicine.

5B. The 2017 Probation Order also arose from Respondent's criminal conviction. On November 8, 2016, in a criminal proceeding before the Los Angeles Superior Court, the court issued an order restricting Respondent's license as a condition of bail. (Super. Ct. Los Angeles County, 2016, No. 6AR10922.) On December 9, 2016, Respondent was convicted, on his no contest plea, of violating Business and Professions Code section 2052, subdivision (b) (aiding and abetting the unlicensed practice of medicine). He was placed on 13 months of diversion on terms and conditions including that he perform 40 hours of community service and complete an ethics course.

6A. The terms of the 2017 Probation Order included: Condition 2 – completing a professionalism program / ethics course; Condition 9 - submission of quarterly reports under penalty of perjury; and Condition 12 – periods of non-practice not to exceed two years.

6B. Pertinent to this proceeding, Conditions 9, 12, and 16 specified:

9. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

[¶] . . . [¶]

12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15

calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation.....A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, respondent shall successfully complete the Federation of State Medical Board's Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California, will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations. [¶] . . . [¶]

16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

(Exhibit 4, pp. AGO08-AGO11.)

7A. On March 2, 2018, another Accusation was filed against Respondent. In a Decision and Order in Case Number 800-2015-012424, effective February 1, 2019 (2019 Probation Order), adopting a Stipulated Settlement and Disciplinary Order, the Board revoked Respondent's license, stayed the revocation, and placed Respondent on probation for three years, to run consecutively to the term of probation in the 2017 Probation Order.

7B. Specifically, the 2019 Probation Order states: "THREE (3) YEARS OF ADDITIONAL PROBATION. Respondent is placed on probation for three (3) years, which grant of additional probation shall run consecutive to the term of probation previously order in [the 2017 Probation Order]." (Exhibit 5, p. AGO05.)

7C. The 2019 Probation Order also specified: "All terms and conditions previously ordered in [the 2017 Probation Order] are continued, remain unchanged, and shall run concurrent with this grant of additional probation." (Exhibit 5, p. AGO013.)

7D. Respondent understood his five-year probation under the 2017 Probation Order would be extended by three years pursuant to the 2019 Probation Order. At the administrative hearing, the totality of the evidence established that Respondent was informed and understood that the deadlines for probation conditions in the 2019 Probation Order are tied to the effective date of the 2019 Probation Order, i.e., February 1, 2019. (See Factual Findings 12, 13, 14, 15, 18, and 19.)

8. The 2019 Probation Order included the following additional terms and conditions which had time deadlines tied to the effective date of the 2019 Probation Order (i.e., February 1, 2019):

2. PRESCRIBING PRACTICES COURSE. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in prescribing practices approved in advance by the Board or its designee[.]

3. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective date of this Decision, respondent shall enroll in a course in medical record keeping approved in advance by the Board or its designee[.]

4. MONITORING – PRACTICE. Within 30 calendar days of the effective date of this Decision, respondent shall submit to the Board or its designee for prior approval as a

practice monitor(s), the name and qualifications of one or more licensed physicians and surgeons whose licenses are valid and in good standing, and who are preferably American Board of Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or personal relationship with Respondent, or other relationship that could reasonably be expected to compromise the ability of the monitor to render fair and unbiased reports to the Board, including but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree to serve as Respondent's monitor. Respondent shall pay all monitoring costs. [¶] . . . [¶]

Within 60 calendar days of the effective date of this Decision, and continuing throughout probation, Respondent's practice shall be monitored by the approved monitor[.]

If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective date of this Decision, Respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a monitor is approved to provide monitoring responsibility. [¶] . . . [¶]

In lieu of a monitor, Respondent may participate in a professional enhancement program approved in advance

by the Board or its designee, that includes, at minimum, quarterly chart review, semi-annual practice assessment, and semi-annual review of professional growth and education. Respondent shall participate in the professional enhancement program at Respondent's expense during the term of probation. [¶] . . . [¶]

6. CLINICAL COMPETENCE ASSESSMENT PROGRAM.

Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a clinical competence assessment program approved in advance by the Board or its designee[.] [¶] . . . [¶]

If Respondent fails to enroll, participate in, or successfully complete the clinical competence assessment program within the designated time period, Respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. The Respondent shall not resume the practice of medicine until enrollment or participation in the outstanding portions of the clinical competence assessment program have been completed. If the Respondent did not successfully complete the clinical competence assessment program, the Respondent shall not resume the practice of medicine until a final decision has been rendered on the accusation and/or a petition to revoke probation. The

cessation of practice shall not apply to the reduction of the probationary time period. [¶] . . . [¶]

17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

(Exhibit 5, pp. AGO05-AGO13.)

9. The 2019 Probation Order arose from Respondent's unprofessional conduct as set forth in the March 2, 2018 Accusation. Respondent's unprofessional conduct involved his gross negligence, repeated negligence, failure to maintain adequate and accurate records, and dishonesty in prescribing controlled substances to several patients.

Probation Violations

HISTORY OF VIOLATIONS

10A. Beginning January 2018 through April 2019, Respondent submitted to the Board the required quarterly declarations, which he signed under penalty of perjury under the paragraph stating:

I hereby submit this Quarterly Declaration as required by the [Board] and its Order of Probation thereof and declare under penalty of perjury under the laws of the State of

California that I have read the foregoing declaration and any attachments in their entirety and know their contents and that all statements made are true in every respect and I understand and acknowledge that any misstatements, misrepresentations, or omissions of material fact may be cause for further disciplinary action.

(Exhibits 15 through 20.)

10B. In each quarterly declaration, Respondent answered "yes" to the question, "Have you complied with each term and condition of your probation?" (Exhibits 15 through 20.) These responses were misstatements of material fact since Respondent had not complied with several probationary conditions as set forth below.

10C. In his quarterly declarations, Respondent indicated that he worked between 10 to 20 hours per week and between 40 to 80 hours per month. (*Ibid.*) These responses were misstatements of material fact since Respondent orally informed the Board he had worked less than 40 hours per month.

11. On February 26, 2018, a Board inspector sent Respondent a letter addressing his failure to practice medicine for the required amount of time. The letter reminded Respondent that non-practice is defined as "any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 **for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board.**" (Exhibit 10. Emphasis in original.) The Board inspector pointed out, "in the past, you have [orally] reported the time you spend practicing medicine is less than 40 hours in a calendar month. From the date of November 24, 2017, your period of practice has been less

than 40 hours in a calendar month. **Therefore, it will be considered to be a period of 'non-practice' and will not apply to the reduction of your probationary term.**" (*Ibid.* Emphasis in original.)

12. On January 29, 2019, a Board inspector reviewed the terms of the 2019 Probation Order with Respondent.

13. On April 1, 2019, Respondent emailed the Board requesting an extension of the due dates for the prescribing practices course, medical recordkeeping course, and clinical competence assessment program required by the 2019 Probation Order. He stated he needed the extra time due to lack of funds and because he would be traveling out of the country from February 1, 2019 through March 4, 2019.

14A. On April 5, 2019, Probation Manager Anne R. Potter sent Respondent a letter confirming their quarterly interview that day regarding Respondent's two Board probations. Ms. Potter noted Respondent had completed the ethics course required by the 2017 Probation Order.

14B. In the April 5, 2019 interview, they also discussed compliance with conditions of the 2019 Probation Order including enrollment in the prescribing practices course (Condition 2), the medical recordkeeping course (Condition 3), and the Clinical Competence Assessment Program (Condition 6), and the employment of a practice monitor (Condition 4). Ms. Potter noted that, since Respondent "traveled out of the country from 2/1/2019 to 3/4/2019 (tolled days)" (Exhibit 11), the new due date for enrollment in the prescribing practices course, the medical recordkeeping course, and the clinical competence assessment program was May 4, 2019. Respondent was also required to nominate a practice monitor, or alternatively to enroll in the

Professional Enhancement Program (PEP) at the University of California, San Diego, by May 4, 2019, in order to be compliant with the 2019 Probation Order.

14C. Ms. Potter also pointed out Respondent's lengthy period of non-practice, stating, "You are in non-practice since your effective date of the [2017 Probation Order]n addition, on 5/24/2019, you will be considered in non-practice for 18 months and your order states you must successfully complete the Federation of States Medical Board Special Purpose Examination or the Clinical Competency Assessment Program." (Exhibit 11. Emphasis added.) Respondent was also informed his total non-practice time "shall not exceed two (2) years or you will be in violation of probation." (*Ibid.* Emphasis added.)

14D. As of April 5, 2019, Respondent owed a balance of \$2,399 in order to complete payment of the \$4,749 in probation monitoring costs for the 2018 calendar year. These 2018 probation monitoring costs had been due in full on January 31, 2019.

15. On May 7, 2019, Ms. Potter sent Respondent a letter informing him he was out of compliance with several terms of his probations including the prescribing practices course (2019 Probation Order, Condition 2), the medical recordkeeping course (2019 Probation Order, Condition 3), and the Clinical Competence Assessment Program (2019 Probation Order, Condition 6) for failure to enroll by May 4, 2019. He was also out of compliance with the requirement that he employ a practice monitor (2019 Probation Order, Condition 4), for failure to obtain Board approval of a monitor by May 4, 2019. Respondent had also failed to comply with the payment of probation monitoring costs (2017 Probation Order, Condition 16; 2019 Probation Order, Condition 17), due to the \$2,350 balance owed for the 2018 calendar year.

16A. On May 17, 2019, the Board issued a Cease Practice Order, prohibiting Respondent from engaging in the practice of medicine until he obtained Board approval of a practice monitor (in compliance with 2019 Probation Order, Condition 4), and enrolled in the Clinical Competence Assessment Program (in compliance with the 2019 Probation Order, Condition 6).

16B. The May 17, 2019 Cease Practice Order suspended Respondent's practice of medicine two months prior to what would have been a two-year total non-practice period. However, as set forth in the 2017 Probation Order, Condition 12, the period of "Board-ordered suspension of practice shall not be considered as a period of non-practice." (See Factual Finding 6B.) Consequently, Respondent's total period of non-practice prior to the Board-ordered suspension was just under 18 months.

17A. On September 30, 2019, Respondent participated in a quarterly interview. On that same date, a Board inspector sent Respondent a letter informing Respondent that his probation monitoring costs for the 2019 calendar year were \$4,969, due January 31, 2020.

17B. Thereafter Respondent sent a letter, received by the Board on October 14, 2019, wherein Respondent explained he was trying to secure a loan to comply with the probation orders.

18A. In a November 21, 2019 letter, a Board inspector documented what was discussed at Respondent's September 30, 2019 quarterly interview. During that interview, Respondent admitted he was not in full compliance with both Board probations. Respondent acknowledged he had not enrolled in a prescribing practices course (2019 Probation Order, Condition 2), a medical recordkeeping course (2019 Probation Order, Condition 3), or the Clinical Competence Assessment Program (2019

Probation Order, Condition 6). He explained that he did not have the financial ability to comply with these conditions. He also informed the inspector he attempted to apply for loans but was denied due to his unemployment. Respondent noted his wife's income was insufficient to cover these additional expenses. Respondent also admitted he had not employed a practice monitor (2019 Probation Order, Condition 4), noting that he was not currently practicing medicine.

18B. The November 21, 2019 letter reminded Respondent he owed \$2,350 in probation monitoring costs for the 2018 calendar year and he would owe \$4,969 on January 31, 2020 for probation monitoring costs for the 2019 calendar year.

19. On December 26, 2019, a probation inspector sent Respondent a letter following their December 11, 2019 interview about Respondent's two Board probations. During the December 11, 2019 interview, Respondent again admitted he was not in full compliance with both Board probations. Respondent acknowledged he had not enrolled in a prescribing practices course (2019 Probation Order, Condition 2), a medical recordkeeping course (2019 Probation Order, Condition 3), or the Clinical Competence Assessment Program (2019 Probation Order, Condition 6). He again explained that he did not have the financial ability to comply with these conditions. He informed the inspector he attempted to apply for loans but was denied due to his unemployment. Respondent also admitted he had not employed a practice monitor (2019 Probation Order, Condition 4), noting that he was not currently practicing medicine. The December 26, 2019 letter reminded Respondent he owed \$2,350 in probation monitoring costs for the 2018 calendar year and he would owe \$4,969 on January 31, 2020 for probation monitoring costs for the 2019 calendar year.

20. On February 3, 2021, the Board sent Respondent a letter informing him he was delinquent in paying the \$4,800 he owed in probation monitoring costs for the 2020 calendar year. These costs were due by January 31, 2021.

VIOLATION OF 2017 PROBATION ORDER

21. Respondent violated Condition 9 of the 2017 Probation Order by submitting quarterly declarations to the Board which contained misstatements made under penalty of perjury. Respondent indicated in his quarterly declarations he had complied with his probation and had worked between 10 to 20 hours per week and between 40 to 80 hours per month. However, during his quarterly interviews with his probation monitor, Respondent verbally stated that he did not work 40 hours per month.

22. Complainant alleges in the Petition, "For a period exceeding two years as of November 22, 2019, Respondent failed to engage in direct patient care, clinical activity or teaching, or other activity as approved by the Board for at least 40 hours each calendar month. Accordingly, Respondent's period of non-practice exceeded two years in violation of Probation Condition 12." (Exhibit 1, p. AGO10.) However, as set forth in Factual Findings 14 and 16, Respondent's period of non-practice did not exceed two years. Therefore, Respondent is not currently in violation of Condition 12 of the 2017 Probation Order based on the alleged facts in the Petition.

VIOLATIONS OF 2019 PROBATION ORDER

23. By May 4, 2019, Respondent failed to enroll in a Prescribing Practices Course (Condition 2), in a Medical Recordkeeping Course (Condition 3), or in a Clinical Competency Assessment Program (Condition 6), and failed to obtain a Board-

approved practice monitor (Condition 4), thereby violating these several conditions of his 2019 Probation Order.

24. Respondent has failed to pay the remaining balances of \$2,350 towards his 2018 probation monitoring costs, \$4,969 towards his 2019 probation monitoring costs, and \$4,800 towards his 2020 probation monitoring costs. These delinquencies are violations of Condition 16 of the 2017 Probation Order and Condition 17 of the 2019 Probation Order (although the Petition alleged this solely as a violation of 2019 probation Order).

Respondent's Explanation for Probation Violations

25. Respondent testified at the administrative hearing. His demeanor was professional and cooperative.

26. Respondent admitted he has not paid the remaining balances for probation monitoring costs. He also admitted he has not enrolled in the prescribing practices course, medical recordkeeping course, and clinical competence program. He explained that he does not have the financial ability to pay the costs or the enrollment fees.

27. Respondent is presently unemployed due to the cease practice order. He explained he has been unable to obtain loans due to his unemployment. However, Respondent did not explain why he was unable to obtain loans prior to becoming unemployed.

28. Respondent relies on his wife's salary to pay rent and other bills. Respondent has not sought any other means of income. He testified he is "over-qualified for all jobs [he has] applied for."

29. Respondent also admitted he had not obtained Board approval for a practice monitor. He insisted he was unable to obtain a practice monitor with whom he had no business association. He had asked colleagues and former classmates but they could not obtain Board approval due to their pre-existing relationship.

30. Respondent is unsure of how long it would take him to comply with his probationary conditions, and he has no plan or timeline to complete any of the probationary conditions.

LEGAL CONCLUSIONS

1. First Cause to Revoke Probation: Cause exists to revoke Respondent's probation and impose the stayed revocation of Respondent's license for failure to comply with the 2019 Probation Order, Condition Number 2 (failure to enroll in a Prescribing Practices Course), as set forth in Factual Findings 3 through 24.

2. Second Cause to Revoke Probation: Cause exists to revoke Respondent's probation and impose the stayed revocation of Respondent's license for failure to comply with the 2019 Probation Order, Condition Number 3 (failure to enroll in Medical Recordkeeping Course), as set forth in Factual Findings 3 through 24.

3. Third Cause to Revoke Probation: Cause exists to revoke Respondent's probation and impose the stayed revocation of Respondent's license for failure to comply with the 2019 Probation Order, Condition Number 4 (failure to obtain approval for practice monitor), as set forth in Factual Findings 3 through 24.

4. Fourth Cause to Revoke Probation: Cause exists to revoke Respondent's probation and impose the stayed revocation of Respondent's license for failure to

comply with the 2019 Probation Order, Condition Number 6 (failure to enroll in clinical competence program), as set forth in Factual Findings 3 through 24.

5. Fifth Cause to Revoke Probation: Cause exists to revoke Respondent's probation and impose the stayed revocation of Respondent's license for failure to comply with the 2017 Probation Order, Condition Number 9 (failure to submit truthful quarterly declarations), as set forth in Factual Findings 3 through 24.

6. Sixth Cause to Revoke Probation: Cause does not exist to revoke Respondent's probation and impose the stayed revocation of Respondent's license for failure to comply with the 2017 Probation Order, Condition Number 12 (for non-practice exceeding two years), as set forth in Factual Findings 14, 16 and 22.

7. Seventh Cause to Revoke Probation: Cause exists to revoke Respondent's probation and impose the stayed revocation of Respondent's license for failure to comply with the 2019 Probation Order, Condition Number 17 (failure to pay probation monitoring costs), as set forth in Factual Findings 3 through 24.

8. Respondent has been on probation since November 2017. He has been out of compliance since 2018 by failing to work at least 40 hours a month and making misstatements in his quarterly reports. Respondent's probation violations escalated after the effective date of the 2019 Probation Order, and although he has pointed to financial woes as the cause of his non-compliance this explanation was not persuasive. He was employed up until the May 2019 Cease Practice Order, and he did not attempt to enroll in any of the required courses. He has also made little effort to obtain a Board-approved practice monitor. Respondent has no definitive plan to comply with his probationary conditions, which bodes poorly for his future compliance with and

successful completion of his probations. Consequently, revocation of Respondent's license is necessary to protect the public health, safety and welfare.

21 1. Christine J. Lally (Complainant) brings this Petition to Revoke Probation solely in her
22 official capacity as the Interim Executive Director of the Medical Board of California,
23 Department of Consumer Affairs (Board).

24 2. On or about December 25, 1997, the Medical Board of California issued Physician's
25 and Surgeon's Certificate Number A 64212 to FOUAD MOHAMMED M. NOURI, M.D.
26 (Respondent). The Physician's and Surgeon's Certificate was in effect at all times relevant to the
27 charges brought herein and will expire on September 30, 2021, unless renewed.

28 3. In a disciplinary action titled "In the Matter of Accusation Against Fouad Mohammed

1 Nouri, M.D.," Case No. 800-2014-003866, the Medical Board of California, issued a decision,
2 effective November 22, 2017, in which Respondent's Physician's and Surgeon's Certificate was
3 revoked. However, the revocation was stayed and Respondent's Physician's and Surgeon's
4 Certificate was placed on probation for a period of five (5) years with certain terms and
5 conditions. A copy of that decision is attached as Exhibit A and is incorporated by reference.

6 4. In a disciplinary action titled "In the Matter of Accusation Against Fouad Mohammed
7 M. Nouri, M.D.," Case No. 800-2015-012424, the Medical Board of California, issued a decision,
8 effective February 1, 2019, in which Respondent's Physician's and Surgeon's Certificate was
9 revoked. However, the revocation was stayed and Respondent's Physician's and Surgeon's
10 Certificate was placed on probation for a period of three (3) years with certain terms and
11 conditions and the term of probation shall run consecutive to the term of probation previously
12 ordered in Case No. 800-2014-003866. A copy of that decision is attached as Exhibit B and is
13 incorporated by reference.

14 5. On May 17, 2019, the Medical Board of California, issued a Cease Practice Order,
15 ordering Respondent to cease the practice of medicine within three calendar days after being so
16 notified. Respondent had failed to obey Probationary Conditions Nos. 4 and 6 of the Stipulated
17 Settlement and Disciplinary Order in the Medical Board of California Case No 800-2015-012424.

18 Probationary Condition No. 4 required Respondent to submit to the Board for prior
19 approval the name and qualifications of one or more licensed physicians and surgeons to serve as
20 his practice monitor within 30 calendar days of the effective date of the decision. Respondent
21 failed to submit to the Board any names or qualifications of licensed physicians and surgeons to
22 serve as his practice monitor within 30 calendar days of February 1, 2019.

23 Probationary Condition No. 6 required Respondent to enroll in a clinical competence
24 assessment program, approved in advance by the Board, within 60 calendar days of the effective
25 date of the decision. Respondent failed to enroll in a clinical competence assessment program

16 condition if the course would have been approved by the Board or its designee
17 had the course been taken after the effective date of this Decision.

18 Respondent shall submit a certification of successful completion to the Board or
19 its designee not later than 15 calendar days after successfully completing the
20 course, or not later than 15 calendar days after the effective date of the Decision,
21 whichever is later.

22 11. Respondent's probation is subject to revocation because he failed to comply with
23 Probation Condition 3, referenced above. The facts and circumstances regarding this violation
24 are as follows:

25 A. On or about January 8, 2019, Respondent notified the Board that he would be
26 traveling out of the country from February 1, 2019, to March 4, 2019. Respondent's probation

 C. On or about April 5, 2019, the Board mailed and emailed Respondent a letter
outlining a new due date for compliance with enrollment in a Prescribing Practice course,

2 was May 4, 2019.

3 D. Respondent failed to enroll in a Medical Record Keeping Course by May 4, 2019,
4 thereby violating his probation.

5 **THIRD CAUSE TO REVOKE PROBATION**

6 (Failure To Obtain Approval For A Practice Monitor)

7 12. At all times after the effective date of Respondent's probation as ordered in Case No.
8 800-2015-012424, Condition 4 stated:

9 Within 30 calendar days of the effective date of this Decision, Respondent shall
10 submit to the Board or its designee for prior approval as a practice monitor(s), the
11 name and qualifications of one or more licensed physicians and surgeons whose
12 licenses are valid and in good standing, and who are preferably American Board
13 of Medical Specialties (ABMS) certified. A monitor shall have no prior or
14 current business or personal relationship with Respondent, or other relationship
15 that could reasonably be expected to compromise the ability of the monitor to
16 render fair and unbiased reports to the Board, including but not limited to any
17 form of bartering, shall be in Respondent's field of practice, and must agree to
18 serve as Respondent's monitor. Respondent shall pay all monitoring costs.

19 The Board or its designee shall provide the approved monitor with copies of the
20 Decision(s) and Accusation(s), and a proposed monitoring plan. Within 15
21 calendar days of receipt of the Decision(s), Accusation(s), and proposed
22 monitoring plan, the monitor shall submit a signed statement that the monitor has
23 read the Decision(s) and Accusation(s), fully understands the role of a monitor,
24 and agrees or disagrees with the proposed monitoring plan. If the monitor
25 disagrees with the proposed monitoring plan, the monitor shall submit a revised
26 monitoring plan with the signed statement for approval by the Board or its
27 designee.

28 Within 60 calendar days of the effective date of this Decision, and continuing
throughout probation, Respondent's practice shall be monitored by the approved
monitor. Respondent shall make all records available for immediate inspection
and copying on the premises by the monitor at all times during business hours and
shall retain the records for the entire term of probation.

If Respondent fails to obtain approval of a monitor within 60 calendar days of the
effective date of this Decision, Respondent shall receive a notification from the
Board or its designee to cease the practice of medicine within three (3) calendar
days after being so notified. Respondent shall cease the practice of medicine until
a monitor is approved to provide monitoring responsibility.

1 The monitor(s) shall submit a quarterly written report to the Board or its designee
2 which includes an evaluation of Respondent's performance, indicating whether
3 Respondent's practices are within the standards of practice of medicine, and
4 whether Respondent is practicing medicine safely, billing appropriately or both.
5 It shall be the sole responsibility of Respondent to ensure that the monitor submits
6 the quarterly written reports to the Board or its designee within 10 calendar days
7 after the end of the preceding quarter.

8 If the monitor resigns or is no longer available, Respondent shall, within 5
9 calendar days of such resignation or unavailability, submit to the Board or its
10 designee, for prior approval, the name and qualifications of a replacement monitor
11 who will be assuming that responsibility within 15 calendar days. If Respondent
12 fails to obtain approval of a replacement monitor within 60 calendar days of the
13 resignation or unavailability of the monitor, Respondent shall receive a
14 notification from the Board or its designee to cease the practice of medicine
15 within three (3) calendar days after being so notified. Respondent shall cease the
16 practice of medicine until a replacement monitor is approved and assumes
17 monitoring responsibility.

18 In lieu of a monitor, Respondent may participate in a professional enhancement
19 program approved in advance by the Board or its designee that includes, at
20 minimum, quarterly chart review, semi-annual practice assessment, and semi-
21 annual review of professional growth and education. Respondent shall participate
22 in the professional enhancement program at Respondent's expense during the
23 term of probation.

24 13. Respondent's probation is subject to revocation because he failed to comply with
25 Probation Condition 4, referenced above. The facts and circumstances regarding this violation
26 are as follows:

27 A. On or about January 8, 2019, Respondent notified the Board that he would be
28 traveling out of the country from February 1, 2019, to March 4, 2019. Respondent's probation
was placed on tolled probation status during this time.

B. On or about April 1, 2019, Respondent contacted the Board via email requesting an
extension of due date for enrollment in a Prescribing Practice course, Medical Record Keeping
course, Clinical Competence Assessment Program, and finding a practice monitor, given his
recent absence from the country.

C. On or about April 5, 2019, the Board mailed and emailed Respondent a letter
outlining a new due date for compliance with enrollment in a Prescribing Practice course,
Medical Record Keeping course, Clinical Competence Assessment Program, and finding a

1 practice monitor. Respondent's new due date for finding a practice monitor was May 4, 2019.

2 D. Respondent failed to find a practice monitor by May 4, 2019, thereby violating his
3 probation.

4 **FOURTH CAUSE TO REVOKE PROBATION**

5 (Failure To Enroll In A Clinical Competency Assessment Program)

6 14. At all times after the effective date of Respondent's probation as ordered in Case No.
7 800-2015-012424, Condition 6 stated:

8 Within 60 calendar days of the effective date of this Decision, Respondent shall
9 enroll in a clinical competence assessment program approved in advance by the
10 Board or its designee. Respondent shall successfully complete the program not
11 later than six (6) months after Respondent's initial enrollment unless the Board
12 or its designee agrees in writing to an extension of that time.

12 The program shall consist of a comprehensive assessment of Respondent's
13 physical and mental health and the six general domains of clinical competence as
14 defined by the Accreditation Council on Graduate Medical Education and
15 American Board of Medical Specialties pertaining to Respondent's current or
16 intended area of practice. The program shall take into account data obtained
17 from the pre-assessment, self-report forms and interview, and the Decision(s),
18 Accusation(s), and any other information that the Board or its designee deems
19 relevant. The program shall require Respondent's on-site participation for a
20 minimum of 3 and no more than 5 days as determined by the program for the
21 assessment and clinical education evaluation. Respondent shall pay all expenses
22 associated with the clinical competence assessment program.

23 At the end of the evaluation, the program will submit a report to the Board or its
24 designee which unequivocally states whether the Respondent has demonstrated
25 the ability to practice safely and independently. Based on Respondent's
26 performance on the clinical competence assessment, the program will advise the
27 Board or its designee of its recommendation(s) for the scope and length of any
28 additional educational or clinical training, evaluation or treatment for any
29 medical condition or psychological condition, or anything else affecting
30 Respondent's practice of medicine. Respondent shall comply with the program's
31 recommendations.

32 Determination as to whether Respondent successfully completed the clinical
33 competence assessment program is solely within the program's jurisdiction.
34 If Respondent fails to enroll, participate in, or successfully complete the clinical
35 competence assessment program within the designated time period, Respondent
36 shall receive a notification from the Board or its designee to cease the practice of
37 medicine within three (3) calendar days after being so notified. The Respondent
38 shall not resume the practice of medicine until enrollment or participation in the

1 outstanding portions of the clinical competence assessment program have been
2 completed. If the Respondent did not successfully complete the clinical
3 competence assessment program, the Respondent shall not resume the practice of
4 medicine until a final decision has been rendered on the accusation and/or a
5 petition to revoke probation. The cessation of practice shall not apply to the
6 reduction of the probationary time period.

7 15. Respondent's probation is subject to revocation because he failed to comply with
8 Probation Condition 6, referenced above. The facts and circumstances regarding this violation
9 are as follows:

10 A. On or about January 8, 2019, Respondent notified the Board that he would be
11 traveling out of the country from February 1, 2019, to March 4, 2019. Respondent's probation
12 was placed on tolled probation status during this time.

13 B. On or about April 1, 2019, Respondent contacted the Board via email requesting an
14 extension of due date for enrollment in a Prescribing Practice course, Medical Record Keeping
15 course, Clinical Competence Assessment Program, and finding a practice monitor, given his
16 recent absence from the country.

17 C. On or about April 5, 2019, the Board mailed and emailed Respondent a letter
18 outlining a new due date for compliance with enrollment in a Prescribing Practice course,
19 Medical Record Keeping course, Clinical Competence Assessment Program, and finding a
20 practice monitor. Respondent's new due date for enrolling in a Clinical Competence Assessment
21 Program was May 4, 2019.

22 D. Respondent failed to enroll in a Clinical Competence Assessment Program by May 4,
23 2019, thereby violating his probation.

24 E. On or about May 17, 2019, the Board issued to Respondent a Cease Practice Order,
25 prohibiting Respondent from the practice of medicine until further notice.

26 **FIFTH CAUSE TO REVOKE PROBATION**

27 (Failure To Submit Accurate Quarterly Declarations)

28 16. At all times after the effective date of Respondent's probation as ordered in Case No.
800-2014-003866, Condition 9 stated:

///

1 Respondent shall submit quarterly declarations under penalty of perjury on forms
2 provided by the Board, stating whether there has been compliance with all the
3 conditions of probation. Respondent shall submit quarterly declarations not later
4 than 10 calendar days after the end of the preceding quarter.

5 17. Respondent's probation is subject to revocation because he failed to comply with
6 Probation Condition 9, referenced above. The facts and circumstances regarding this violation
7 are as follows:

8 A. Respondent stated on each quarterly declaration from Quarter 3 of 2018 to Quarter 3
9 of 2019 that he worked 15 to 20 hours per week and 40 to 60 hours per month. However, during
10 his quarterly interviews with his probation monitor, Respondent verbally stated that he did not
11 work 40 hours per month.

12 B. Respondent failed to submit accurate quarterly declarations to the Board from Quarter
13 3 of 2018 to Quarter 3 of 2019, thereby violating his probation.

14 **SIXTH CAUSE TO REVOKE PROBATION**

15 (Period Of Non-Practice Exceeded Two Years)

16 18. At all times after the effective date of Respondent's probation as ordered in Case No.
17 800-2014-003866, Condition 12 stated:

18 Respondent shall notify the Board or its designee in writing within 15 calendar
19 days of any periods of non-practice lasting more than 30 calendar days and within
20 15 calendar days of Respondent's return to practice. Non-practice is defined as
21 any period of time Respondent is not practicing medicine as defined in Business
22 and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar
23 month in direct patient care, clinical activity or teaching, or other activity as
24 approved by the Board. If Respondent resides in California and is considered to
25 be in non-practice, Respondent shall comply with all terms and conditions of
26 probation. All time spent in an intensive training program which has been
27 approved by the Board or its designee shall not be considered non-practice and
28 does not relieve Respondent from complying with all the terms and conditions of
probation. Practicing medicine in another state of the United States or Federal
jurisdiction while on probation with the medical licensing authority of that state or
jurisdiction shall not be considered non-practice. A Board-ordered suspension of
practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18
calendar months, Respondent shall successfully complete the Federation of State
Medical Board's Special Purpose Examination, or, at the Board's discretion, a
clinical competence assessment program that meets the criteria of Condition 18 of

1 the current version of the Board's "Manual of Model Disciplinary Orders and
2 Disciplinary Guidelines" prior to resuming the practice of medicine.

3 Respondent's period of non-practice while on probation shall not exceed two (2)
4 years.

5 Periods of non-practice will not apply to the reduction of the probationary term.

6 Periods of non-practice for a Respondent residing outside of California will
7 relieve Respondent of the responsibility to comply with the probationary terms
8 and conditions with the exception of this condition and the following terms and
9 conditions of probation: Obey All Laws; General Probation Requirements;
10 Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled
11 Substances; and Biological Fluid Testing.

12 19. Respondent's probation is subject to revocation because he failed to comply with
13 Probation Condition 12, referenced above. The facts and circumstances regarding this violation
14 are as follows:

15 A. For a period exceeding two years as of November 22, 2019, Respondent failed to
16 engage in direct patient care, clinical activity or teaching, or other activity as approved by the
17 Board for at least 40 hours each calendar month. Accordingly Respondent's period of non-
18 practice exceeded two years in violation of Probation Condition 12.

19 **SEVENTH CAUSE TO REVOKE PROBATION**

20 (Failure to Pay Probation Monitoring Costs)

21 20. At all times after the effective date of Respondent's probation as ordered in Case No.
22 800-2015-012424, Condition 17 stated:

23 Respondent shall pay the costs associated with probation monitoring each and
24 every year of probation, as designated by the Board, which may be adjusted on
25 an annual basis. Such costs shall be payable to the Medical Board of California
26 and delivered to the Board or its designee no later than January 31 of each
27 calendar year.

28 21. Respondent's probation is subject to revocation because he failed to comply with
29 Probation Condition 17, referenced above. The facts and circumstances regarding this violation
30 are as follows:

31 A. On or about January 31, 2019, Respondent's probation monitoring costs for 2018

1 were due and totaled \$4,749. Respondent paid \$2,399, leaving a balance of \$2,350.

2 B. Respondent has failed to pay the remaining balance of \$2,350 towards his 2018
3 probation monitoring costs, thereby violating his probation.

4 C. On or about January 31, 2020, Respondent's probation monitoring costs for 2019
5 were due and totaled \$4,969. Respondent failed to pay any portion of the costs, leaving a balance
6 of \$4,969.

7 D. Respondent has failed to pay the balance of \$4,969 towards his 2019 probation
8 monitoring costs, thereby violating his probation.

4 Respondent's certificate shall be fully restored.

5 14. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
6 of probation is a violation of probation. If Respondent violates probation in any respect, the
7 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
8 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke
9 Probation, or an Interim Suspension Order is filed against Respondent during probation, the
10 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall
11 be extended until the matter is final.

12 15. LICENSE SURRENDER. Following the effective date of this Decision, if
13 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
14 the terms and conditions of probation, Respondent may request to surrender his license. The
15 Board reserves the right to evaluate Respondent's request and to exercise its discretion in
16 determining whether or not to grant the request, or to take any other action deemed appropriate
17 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
18 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
19 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
20 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
21 application shall be treated as a petition for reinstatement of a revoked certificate.

22 16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
23 with probation monitoring each and every year of probation, as designated by the Board, which
24 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of

11 In the Matter of the First Amended Accusation
12 Against:

Case No. 800-2014-003866

13 FOUAD MOHAMMED NOURI, M.D.
1233 North Vermont Avenue, Suite 1
14 Los Angeles, California 90029-1749

FIRST AMENDED ACCUSATION

15 Physician and Surgeon's Certificate No. A 64212,
16 Respondent.

19 Complainant alleges:

20 PARTIES

21 1. Kimberly Kirchmeyer ("Complainant") brings this First Amended Accusation solely
22 in her official capacity as the Executive Director of the Medical Board of California, Department
23 of Consumer Affairs ("Board").

24 2. On December 25, 1997, the Board issued Physician's and Surgeon's Certificate
25 number A 64212 to Fouad Mohammed Nouri, M.D. ("Respondent"). That license was in full
26 force and effect at all times relevant to the charges brought herein and will expire on September
27 30, 2017, unless renewed. On November 8, 2016, an Order was issued in *The People of the State*
28 *of California v. Fouad Mohammed Nouri*, Los Angeles County Superior Court, Case No.

1 6AR10922 by Upinder S. Kalra, Judge Presiding. Under the Order, as a condition of bail,
2 Respondent's license is restricted, effective November 8, 2016, as follows:

3 a. Until the completion of the criminal proceeding, Respondent shall only practice
4 medicine at 1233 North Vermont Avenue, Suite 1, Los Angeles, California 90029 and his practice
5 shall be limited to a general primary care practice including health promotion, disease prevention,
6 health maintenance, counseling, patient education, diagnosis and treatment of acute and chronic
7 illnesses with referrals to specialists when a higher level of care is necessary.

8 b. Further, until the completion of the criminal proceeding, Respondent shall not:

- 9 • practice or have any ownership interests in any medical day spas;
- 10 • offer any traditional, complimentary, or alternative health practices and treatments
11 in any medical day spa-like settings;
- 12 • perform any cosmetic procedures, including but not limited to Intense Pulse Light
13 (IPL) treatments, acupuncture, liposuction, laser skin therapy, facial fillers,
14 permanent hair removal and phototherapy facials;
- 15 • supervise any registered nurses, nurse practitioners, physician assistants or
16 aestheticians;
- 17 • engage in any unprofessional conduct as alleged in the criminal complaint.

18 JURISDICTION

19 3. This First Amended Accusation is brought before the Board under the authority of the
20 following laws. All section references are to the Business and Professions Code ("Code") unless
21 otherwise indicated.

22 4. Section 2227 of the Code states:

23 "(a) A licensee whose matter has been heard by an administrative law judge of the Medical
24 Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default
25 has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary
26 action with the board, may, in accordance with the provisions of this chapter:

27 "(1) Have his or her license revoked upon order of the board.

28 ///

1 “(2) Have his or her right to practice suspended for a period not to exceed one year upon
2 order of the board.

3 “(3) Be placed on probation and be required to pay the costs of probation monitoring upon
4 order of the board.

5 “(4) Be publicly reprimanded by the board. The public reprimand may include a
6 requirement that the licensee complete relevant educational courses approved by the board.

7 “(5) Have any other action taken in relation to discipline as part of an order of probation, as
8 the board or an administrative law judge may deem proper.

9 “(b) Any matter heard pursuant to subdivision (a), except for warning letters, medical
10 review or advisory conferences, professional competency examinations, continuing education
11 activities, and cost reimbursement associated therewith that are agreed to with the board and
12 successfully completed by the licensee, or other matters made confidential or privileged by
13 existing law, is deemed public, and shall be made available to the public by the board pursuant to
14 Section 803.1.”

15 5. Section 2234 of the Code, states:

16 “The board shall take action against any licensee who is charged with unprofessional
17 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not
18 limited to, the following:

19 “(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the
20 violation of, or conspiring to violate any provision of this chapter.

21 “...”

22 6. Section 2236 of the Code states:

23 “(a) The conviction of any offense substantially related to the qualifications, functions, or
24 duties of a physician and surgeon constitutes unprofessional conduct within the meaning of this
25 chapter. The record of conviction shall be conclusive evidence only of the fact that the conviction
26 occurred.

27 ///

28 ///

1 “(b) The district attorney, city attorney, or other prosecuting agency shall notify the
2 Division of Medical Quality¹ of the pendency of an action against a licensee charging a felony or
3 misdemeanor immediately upon obtaining information that the defendant is a licensee. The
4 notice shall identify the licensee and describe the crimes charged and the facts alleged. The
5 prosecuting agency shall also notify the clerk of the court in which the action is pending that the
6 defendant is a licensee, and the clerk shall record prominently in the file that the defendant holds
7 a license as a physician and surgeon.

8 “(c) The clerk of the court in which a licensee is convicted of a crime shall, within 48 hours
9 after the conviction, transmit a certified copy of the record of conviction to the board. The
10 division may inquire into the circumstances surrounding the commission of a crime in order to fix
11 the degree of discipline or to determine if the conviction is of an offense substantially related to
12 the qualifications, functions, or duties of a physician and surgeon.

13 “(d) A plea or verdict of guilty or a conviction after a plea of nolo contendere is deemed to
14 be a conviction within the meaning of this section and Section 2236.1. The record of conviction
15 shall be conclusive evidence of the fact that the conviction occurred.”

16 7. Section 490 of the Code states:

17 “(a) In addition to any other action that a board is permitted to take against a licensee, a
18 board may suspend or revoke a license on the ground that the licensee has been convicted of a
19 crime, if the crime is substantially related to the qualifications, functions, or duties of the business
20 or profession for which the license was issued.

21 “(b) Notwithstanding any other provision of law, a board may exercise any authority to
22 discipline a licensee for conviction of a crime that is independent of the authority granted under
23 subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties
24 of the business or profession for which the licensee's license was issued.

25
26 ¹ California Business and Professions Code section 2002, as amended and effective January 1,
27 2008, provides that, unless otherwise expressly provided, the term “board” as used in the State Medical
28 Practice Act (Cal. Bus. & Prof. Code, §§§§ 2000, et seq.) means the “Medical Board of California,” and
references to the “Division of Medical Quality” and “Division of Licensing” in the Act or any other
provision of law shall be deemed to refer to the Board.

1 “(c) A conviction within the meaning of this section means a plea or verdict of guilty or a
2 conviction following a plea of nolo contendere. Any action that a board is permitted to take
3 following the establishment of a conviction may be taken when the time for appeal has elapsed, or
4 the judgment of conviction has been affirmed on appeal, or when an order granting probation is
5 made suspending the imposition of sentence, irrespective of a subsequent order under the
6 provisions of Section 1203.4 of the Penal Code.

7 “(d) The Legislature hereby finds and declares that the application of this section has been
8 made unclear by the holding in *Petropoulos v. Department of Real Estate* (2006) 142 Cal.App.4th
9 554, and that the holding in that case has placed a significant number of statutes and regulations
10 in question, resulting in potential harm to the consumers of California from licensees who have
11 been convicted of crimes. Therefore, the Legislature finds and declares that this section
12 establishes an independent basis for a board to impose discipline upon a licensee, and that the
13 amendments to this section made by Chapter 33 of the Statutes of 2008 do not constitute a change
14 to, but rather are declaratory of, existing law.”

15 8. California Code of Regulations, title 16, section 1360, states:

16 “For the purposes of denial, suspension or revocation of a license, certificate or permit
17 pursuant to Division 1.5 (commencing with Section 475) of the code, a crime or act shall be
18 considered to be substantially related to the qualifications, functions or duties of a person holding
19 a license, certificate or permit under the Medical Practice Act if to a substantial degree it
20 evidences present or potential unfitness of a person holding a license, certificate or permit to
21 perform the functions authorized by the license, certificate or permit in a manner consistent with
22 the public health, safety or welfare. Such crimes or acts shall include but not be limited to the
23 following: Violating or attempting to violate, directly or indirectly, or assisting in or abetting the
24 violation of, or conspiring to violate any provision of the Medical Practice Act.”

25 9. Section 2264 of the Code states:

26 “The employing, directly or indirectly, the aiding, or the abetting of any unlicensed person
27 or any suspended, revoked, or unlicensed practitioner to engage in the practice of medicine or any

28 ///

1 other mode of treating the sick or afflicted which requires a license to practice constitutes
2 unprofessional conduct.”

3 10. Section 2051 of the Code states:

4 “The physician's and surgeon's certificate authorizes the holder to use drugs or devices in or
5 upon human beings and to sever or penetrate the tissues of human beings and to use any and all
6 other methods in the treatment of diseases, injuries, deformities, and other physical and mental
7 conditions.”

8 11. Section 2052 of the Code states:

9 “(a) Notwithstanding Section 146, any person who practices or attempts to practice, or who
10 advertises or holds himself or herself out as practicing, any system or mode of treating the sick or
11 afflicted in this state, or who diagnoses, treats, operates for, or prescribes for any ailment,
12 blemish, deformity, disease, disfigurement, disorder, injury, or other physical or mental condition
13 of any person, without having at the time of so doing a valid, unrevoked, or unsuspended
14 certificate as provided in this chapter or without being authorized to perform the act pursuant to a
15 certificate obtained in accordance with some other provision of law is guilty of a public offense,
16 punishable by a fine not exceeding ten thousand dollars (\$10,000), by imprisonment pursuant to
17 subdivision (h) of Section 1170 of the Penal Code, by imprisonment in a county jail not
18 exceeding one year, or by both the fine and either imprisonment.

19 “(b) Any person who conspires with or aids or abets another to commit any act described in
20 subdivision (a) is guilty of a public offense, subject to the punishment described in that
21 subdivision.

22 “(c) The remedy provided in this section shall not preclude any other remedy provided by
23 law.”

24 12. The Decision In the Matter of the Accusation against Joseph Basile, M.D., issued by
25 the Medical Board of California, and designated “Precedential Decision” pursuant to Government
26 Code section 11425.60 holds that Intense Pulse Light (IPL) and Laser Treatment fall within the
27 ambit of Code sections 2051 and 2052.

1 FACTUAL SUMMARY

2 13. During all times relevant to this First Amended Accusation, Respondent jointly held a
3 business license for Zena Med Spa, located at 4321 South Sepulveda Boulevard, Culver City,
4 California 90230, with Mikhael Ayad Mikhael.

5 14. Zena Med Spa was a day spa which offered Intense Pulse Light (IPL) treatments to
6 patients. IPL must be performed by a licensed doctor or under a licensed doctor's supervision;
7 however, no doctor was present at the Zena Med Spa treating or supervising the treatment of
8 patients. Instead, Respondent Nouri used his medical license to profit from abdicating his
9 responsibility to supervise medical treatment rendered to Zena Day Spa patients.

10 15. On December 9, 2016, in proceedings entitled *The People of the State of California v.*
11 *Fouad Mohammed Nouri*, case number 6AR10922, in the Los Angeles Superior Court,
12 Respondent, upon his plea of no contest, was found guilty and convicted of aiding and abetting
13 the unlicensed practice of medicine, in violation of Business and Professions Code section 2052,
14 subdivision (b). Respondent was placed on Formal Diversion for thirteen (13) months, agreeing
15 to the following terms and conditions:

- 16 A. Perform forty (40) days of community service;
17 B. Complete an ethics course;
18 C. Not practice any medicine until the community service and ethics course are
19 completed;
20 D. Continue with the license restrictions, effective November 8, 2016, for the
21 duration of diversion, as specified above in subdivisions (a) and (b) of Paragraph 2, and not have
22 any clerical employees except one secretary.
23 E. Return to Court as Ordered.

24 16. The circumstances leading to Respondent's conviction are as follows:

25 Between January 1, 2015 and April 28, 2016, Respondent, in violation of Business and
26 Professions Code section 2052, subdivision (b), allowed unlicensed individuals to practice
27 medicine at Zena Med Spa. By allowing unlicensed individuals to perform medical treatments
28 without supervision, he placed numerous patients at risk.

1 Undercover Operation at Zena Day Spa

2 17. On July 30, 2015, an undercover operation was conducted at Zena Day Spa by
3 Investigators J.G. and A.G. A.G. presented for a laser hair removal consultation. A.G. was seen
4 by purported nurse R.A. who indicated that she alone performs the consultation and the IPL
5 procedure. The IPL laser machine is used to perform the laser hair removal. Following the
6 consultation, A.G. spoke to the front office person regarding the cost and scheduling of the
7 procedure.

8 Patient V.C.'s Care and Treatment at Zena Day Spa

9 18. Patient V.C. received IPL at Zena Day Spa on May 18, 2013 by a purported
10 registered nurse, D.B. Patient V.C. was not seen by a physician or nurse practitioner at Zena Day
11 Spa at any time prior to the May 18, 2013 IPL treatment.

12 19. Patient V.C. next received IPL at Zena Day Spa on June 8, 2013 by a purported
13 registered nurses, D.B. and J.P. As part of J.P.'s training, she observed D.B. perform the IPL
14 treatment on Patient V.C.'s left side of her face. J.P. then performed the IPL treatment on the
15 right side of Patient V.C.'s face. Patient V.C. was not seen by a physician or nurse practitioner at
16 Zena Day Spa at any time prior to the June 8, 2013 IPL treatment.

17 20. Following the June 8, 2013 IPL treatment, Patient V.C. suffered blistering on the
18 lower right side of her chin. The blistering resolved without any scarring or markings.

19 21. Patient V.C. received IPL treatment at Zena Day Spa on June 28, 2013 by a purported
20 registered nurse, J.P.; Patient V.C. was not seen by a physician or nurse practitioner at Zena Day
21 Spa at any time prior to the June 28, 2013 IPL treatment.

22 22. On the evening of June 28, 2013, Patient V.C. developed large blisters below her
23 right eye and around her left cheek and jaw area. She experienced extreme facial swelling and
24 called Zena Med Spa on July 1, 2013 to complain about her reaction. At that time, Mikhael
25 Ayad Mikhael advised Patient V.C. to see Respondent, whom she had never treated with
26 previously.

27 ///

28 ///

1 23. Patient V.C. presented to Respondent on or about July 5, 2013 at which time he told
2 her that she had burns. He prescribed Silver Sulfadiazine Cream and instructed her to apply it to
3 the burns.

4 24. In September 2013, Patient V.C. presented to dermatologist Dr. M.L. who diagnosed
5 her with third degree burns and a hypo pigmented scar.

12 **PRAYER**

13 **WHEREFORE**, Complainant requests that a hearing be held on the matters herein alleged,

9 CULPABILITY

10 11. Respondent understands and agrees that the charges and allegations in Accusation
11 No: 800-2015-012424, if proven at a hearing, constitute cause for imposing discipline upon his
12 Physician's and Surgeon's Certificate.

13 12. For the purpose of resolving the Accusation without the expense and uncertainty of
14 further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual

26 A prescribing practices course taken after the acts that gave rise to the charges in the
27 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
28 or its designee, be accepted towards the fulfillment of this condition if the course would have

1 been approved by the Board or its designee had the course been taken after the effective date of
2 this Decision.

3 Respondent shall submit a certification of successful completion to the Board or its
4 designee not later than 15 calendar days after successfully completing the course, or not later than

20 Respondent shall submit a certification of successful completion to the Board or its
21 designee not later than 15 calendar days after successfully completing the course, or not later than
22 15 calendar days after the effective date of the Decision, whichever is later.

23 4. MONITORING - PRACTICE. Within 30 calendar days of the effective
24 date of this Decision, Respondent shall submit to the Board or its designee for prior approval as a
25 practice monitor(s), the name and qualifications of one or more licensed physicians and surgeons
26 whose licenses are valid and in good standing, and who are preferably American Board of
27 Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or

7 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role
8 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees
9 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the
10 signed statement for approval by the Board or its designee.

11 Within 60 calendar days of the effective date of this Decision, and continuing throughout
12 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
13 make all records available for immediate inspection and copying on the premises by the monitor
14 at all times during business hours and shall retain the records for the entire term of probation.

15 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
16 date of this Decision, Respondent shall receive a notification from the Board or its designee to
17 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
18 shall cease the practice of medicine until a monitor is approved to provide monitoring
19 responsibility.

20 The monitor(s) shall submit a quarterly written report to the Board or its designee which
21 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
22 are within the standards of practice of medicine, and whether Respondent is practicing medicine
23 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure
24 that the monitor submits the quarterly written reports to the Board or its designee within 10
25 calendar days after the end of the preceding quarter.

26 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
27 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
28 name and qualifications of a replacement monitor who will be assuming that responsibility within

1 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
2 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
3 notification from the Board or its designee to cease the practice of medicine within three (3)
4 calendar days after being so notified. Respondent shall cease the practice of medicine until a
5 replacement monitor is approved and assumes monitoring responsibility.

6 In lieu of a monitor, Respondent may participate in a professional enhancement program
7 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
8 review, semi-annual practice assessment, and semi-annual review of professional growth and
9 education. Respondent shall participate in the professional enhancement program at Respondent's
10 expense during the term of probation.

11 5. CONTROLLED SUBSTANCES – MAINTAIN RECORDS AND
12 ACCESS TO RECORDS AND INVENTORIES. Respondent shall maintain a record of all
13 controlled substances ordered, prescribed, dispensed, administered, or possessed by Respondent,
14 and any recommendation or approval which enables a patient or patient's primary caregiver to
15 possess or cultivate marijuana for the personal medical purposes of the patient within the meaning
16 of health and Safety Code section 1,1362.5, during probation, showing all the following: 1) the
17 name and address of patient; 2) the date; 3) the character and quantity of controlled substances
18 involved; and 4) the indications and diagnosis for which the controlled substances were furnished.

19 Respondent shall keep these records in a separate file or ledger, in chronological order.
20 All records and any inventories of controlled substances shall be available for immediate
21 inspection and copying on the premises by the Board or its designee at all times during business
22 hours and shall be retained for the entire term of probation.

23 6. CLINICAL COMPETENCE ASSESSMENT PROGRAM. Within 60
24 calendar days of the effective date of this Decision, Respondent shall enroll in a clinical
25 competence assessment program approved in advance by the Board or its designee. Respondent
26 shall successfully complete the program not later than six (6) months after Respondent's initial
27 enrollment unless the Board or its designee agrees in writing to an extension of that time.

28 The program shall consist of a comprehensive assessment of Respondent's physical and

1 mental health and the six general domains of clinical competence as defined by the Accreditation
2 Council on Graduate Medical Education and American Board of Medical Specialties pertaining to
3 Respondent's current or intended area of practice. The program shall take into account data
4 obtained from the pre-assessment, self-report forms and interview, and the Decision(s),
5 Accusation(s), and any other information that the Board or its designee deems relevant. The
6 program shall require Respondent's on-site participation for a minimum of 3 and no more than 5
7 days as determined by the program for the assessment and clinical education evaluation.
8 Respondent shall pay all expenses associated with the clinical competence assessment program.

9 At the end of the evaluation, the program will submit a report to the Board or its designee
10 which unequivocally states whether the Respondent has demonstrated the ability to practice
11 safely and independently. Based on Respondent's performance on the clinical competence
12 assessment, the program will advise the Board or its designee of its recommendation(s) for the
13 scope and length of any additional educational or clinical training, evaluation or treatment for any
14 medical condition or psychological condition, or anything else affecting Respondent's practice of
15 medicine. Respondent shall comply with the program's recommendations:

16 Determination as to whether Respondent successfully completed the clinical competence
17 assessment program is solely within the program's jurisdiction.

18 If Respondent fails to enroll, participate in, or successfully complete the clinical
19 competence assessment program within the designated time period, Respondent shall receive a
20 notification from the Board or its designee to cease the practice of medicine within three (3)
21 calendar days after being so notified. The Respondent shall not resume the practice of medicine
22 until enrollment or participation in the outstanding portions of the clinical competence assessment
23 program have been completed. If the Respondent did not successfully complete the clinical
24 competence assessment program, the Respondent shall not resume the practice of medicine until a
25 final decision has been rendered on the accusation and/or a petition to revoke probation. The
26 cessation of practice shall not apply to the reduction of the probationary time period.

27 7. NOTIFICATION. Within seven (7) days of the effective date of this
28 Decision, the Respondent shall provide a true copy of this Decision and Accusation to the Chief

1 of Staff or the Chief Executive Officer at every hospital where privileges or membership are
2 extended to Respondent, at any other facility where Respondent engages in the practice of
3 medicine, including all physician and locum tenens registries or other similar agencies, and to the
4 Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage
5 to Respondent. Respondent shall submit proof of compliance to the Board or its designee within
6 15 calendar days.

7 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

8 8. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED
9 PRACTICE NURSES. During probation, Respondent is prohibited from supervising physician
10 assistants and advanced practice nurses.

11 9. OBEY ALL LAWS. Respondent shall obey all federal, state and local
12 laws, all rules governing the practice of medicine in California and remain in full compliance
13 with any court ordered criminal probation, payments, and other orders.

14 10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly
15 declarations under penalty of perjury on forms provided by the Board, stating whether there has
16 been compliance with all the conditions of probation.

17 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
18 of the preceding quarter.

19 11. GENERAL PROBATION REQUIREMENTS.

20 Compliance with Probation Unit

21 Respondent shall comply with the Board's probation unit.

22 Address Changes

23 Respondent shall, at all times, keep the Board informed of Respondent's business and
24 residence addresses, email address (if available), and telephone number. Changes of such
25 addresses shall be immediately communicated in writing to the Board or its designee. Under no
26 circumstances shall a post office box serve as an address of record, except as allowed by Business
27 and Professions Code section 2021(b).

28 //

1 Place of Practice

2 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
3 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
4 facility.

5 License Renewal

6 Respondent shall maintain a current and renewed California physician's and surgeon's
7 license.

8 Travel or Residence Outside California

9 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
10 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
11 (30) calendar days.

12 In the event Respondent should leave the State of California to reside or to practice,
13 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
14 departure and return.

15 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent
16 shall be available in person upon request for interviews either at Respondent's place of business
17 or at the probation unit office, with or without prior notice throughout the term of probation.

18 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the
19 Board or its designee in writing within 15 calendar days of any periods of non-practice lasting
20 more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-
21 practice is defined as any period of time Respondent is not practicing medicine as defined in
22 Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month
23 in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If
24 Respondent resides in California and is considered to be in non-practice, Respondent shall
25 comply with all terms and conditions of probation. All time spent in an intensive training
26 program which has been approved by the Board or its designee shall not be considered non-
27 practice and does not relieve Respondent from complying with all the terms and conditions of
28 probation. Practicing medicine in another state of the United States or Federal jurisdiction while

1 on probation with the medical licensing authority of that state or jurisdiction shall not be
2 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
3 period of non-practice.

4 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
5 months, Respondent shall successfully complete the Federation of State Medical Board's Special
6 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
7 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
8 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

9 Respondent's period of non-practice while on probation shall not exceed two (2) years.

10 Periods of non-practice will not apply to the reduction of the probationary term.

11 Periods of non-practice for a Respondent residing outside of California will relieve
12 Respondent of the responsibility to comply with the probationary terms and conditions with the
13 exception of this condition and the following terms and conditions of probation: Obey All Laws;
14 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
15 Controlled Substances; and Biological Fluid Testing.

16 14. COMPLETION OF PROBATION. Respondent shall comply with all
17 financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to
18 the completion of probation. Upon successful completion of probation, Respondent's certificate
19 shall be fully restored.

20 15. VIOLATION OF PROBATION. Failure to fully comply with any term or
21 condition of probation is a violation of probation. If Respondent violates probation in any
22 respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke
23 probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to
24 Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation,
25 the Board shall have continuing jurisdiction until the matter is final, and the period of probation
26 shall be extended until the matter is final.

27 16. LICENSE SURRENDER. Following the effective date of this Decision, if
28 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy

1 Respondent would make a decision whether or not to prescribe the medication. Patient 1 then
2 claimed that he had an ankle sprain a year ago. Respondent indicated that the patient had to try a
3 non-scheduled medication first. Patient 1 then reported a broken ankle approximately 5 years ago
4 with no recent x-rays. Respondent indicated that he could prescribe an NSAID,⁴ but that it
5 "would not make him feel good." Eventually, Respondent offered to prescribe 30 pills of Vicodin
6 until Patient 1 had x-rays taken. An x-ray authorization was then provided to Patient 1 together
7 with a prescription for 30 Vicodin tablets.

8 16. At Patient 1's second visit on or about September 28, 2015, Respondent asked him
9 what type of medicine he was requesting. Patient 1 then requested Vicodin. Respondent then
10 provided Patient 1 with the prescription without an examination.

11 **Patient 2:**

12 17. Respondent's records indicate that he first saw Patient 2 on January 6, 2015, and
13 continued to see him until June 22, 2015. Respondent diagnosed Patient 2 with anxiety and
14 treated Patient 2 with Xanax⁵ and other benzodiazepines. Respondent also prescribed
15 Phenergan,⁶ Codeine⁷ and Norco⁸ to Patient 2, but the medical records do not evidence any
16 medical necessity for those prescriptions.

17 18. Patient 2 reported that he had "washed" a prescription and asked for a replacement,
18 which was provided without question and without contacting the pharmacy to determine if the
19 prescription had been filled, which it had.

20 19. Respondent's notes indicate that no monitoring of Patient 2's drug use took place; no
21 urine testing was done nor did Respondent review a CURES report for Patient 2.

23 ⁴ NSAIDs are nonsteroidal anti-inflammatory drugs used to treat or reduce inflammation.
24 "Nonsteroidal" means they do not contain hormones, unlike some other types of anti-
inflammatory drugs, and neither are they opioids.

25 ⁵ Xanax is an anti-anxiety agent of the benzodiazepine class used as tranquilizers or
sedatives or hypnotics or muscle relaxants; chronic use can lead to dependency.

26 ⁶ Phenergan is an antihistamine used to treat allergies, and is also used to treat motion
sickness.

27 ⁷ Codeine is an opiate used to treat pain, as a cough medicine, and for diarrhea. It is
typically used to treat mild to moderate degrees of pain. It is generally taken by mouth.

28 ⁸ Norco is a opioid used for pain management consisting of a combination of
acetaminophen and hydrocodone.

1 **Patient 3:**

2 20. Respondent first saw Patient 3 on October 6, 2011, when Patient 3 presented
3 complaining of low back pain. Patient 3 reported that Vicodin was prescribed by her previous
4 physician. On the first visit, Respondent prescribed Ultram⁹ and Phentermine¹⁰ to Patient 3,
5 without apparent medical necessity.

6 21. On November 22, 2011, Patient 3 again reported that she was taking Vicodin
7 prescribed by another physician. Respondent then gave her a refill for that prescription without
8 apparent medical necessity.

9 22. On March 24, 2012, Patient 3 was seen again by Respondent. Respondent provided
10 her with prescriptions for Vicodin and Phentermine. Following this visit the CURES reports
11 indicate prescriptions for controlled substances were provided on additional occasions but
12 medical records corresponding to the dates of those prescriptions are not in the records.

13 23. Respondent's notes indicate that no monitoring of Patient 3's drug use took place; no
14 urine testing was done nor did Respondent review a CURES report for Patient 3.

15 **Patient 4:**

16 24. Patient 4 first presented to Respondent on May 1, 2010, with a history of depression
17 and anxiety controlled by Xanax. Respondent diagnosed the patient with social anxiety and
18 major depression and instructed him to follow up with his psychiatrist in Texas.

19 25. On June 10, 2010, Patient 4 again visited Respondent complaining of depression,
20 anxiety and knee pain. Respondent gave Patient 4 prescriptions for Vicodin and Elavil,¹¹ which

commonly insomnia.

2 the records.

3 26. Patient 4 returned to Respondent on July 13, 2010, again complaining of depression,
4 anxiety and knee pain and Respondent again prescribed Elavil and Xanax, without a complete
5 examination.

6 27. On May 4, 2011, Patient 4 was prescribed Xanax and Trazodone¹² by Respondent
7 with no evidence of an office visit.

8 28. On September 12, 2012, Respondent prescribed Patient 4 Vicodin and Xanax, but no
9 physical examination or history is recorded.

10 29. On October 16, 2012, Patient 4 returned for a Xanax refill. Patient 4's vital signs are
11 documented, but no history or other physical examination is recorded and Xanax is again
12 prescribed.

13 30. On September 3, 2011, November 13, 2012, November 15, 2012, and June 11, 2013,
14 Patient 4 is prescribed controlled substances without any documentation of a history and an
15 examination. In addition, according to the CURES report, there were numerous prescriptions for
16 phentermine, hydrocodone,¹³ Vicodin, Adderall¹⁴ and Carisoprodol¹⁵ during 2014 without any
17 documentation of office visits or examinations.

18 31. No evidence of a urine toxicology screen being performed is present in Patient 4's
19 medical records and no CURES reports were run to determine if Patient 4 was receiving
20 prescriptions for controlled substances from any other physicians.

26 in the treatment of attention deficit hyperactivity disorder (ADHD) and narcolepsy. It is also used
as an athletic performance enhancer and cognitive enhancer, and recreationally as an aphrodisiac
and euphoriant.
