Physician's and Surgeon's Certificate No. G 52706  
Respondent.**

**Agency Case No. 800-2019-056351**

**OAH No. 2020100514**

**PROPOSED DECISION**

Administrative Law Judge Juliet E. Cox, State of California, Office of Administrative Hearings, heard this matter on March 4, 2021, by videoconference.

Deputy Attorney General Hamsa M. Murthy represented complainant William Prasifka, Executive Director of the Medical Board of California.

Respondent Bernard Wesley Bentley, M.D., was present representing himself.

The matter was submitted for decision on March 4, 2021.

## **FACTUAL FINDINGS**

1. Respondent Bernard Wesley Bentley, M.D., received Physician's and Surgeon's Certificate No. G 52706 on April 11, 2016. At the time of the hearing, this certificate was active and was scheduled to expire July 31, 2021.

2. Acting in her official capacity as Interim Executive Director of the Medical Board of California (CA Board), Christine J. Lally filed an accusation against respondent on March 11, 2020. Complainant William Prasifka later replaced Lally as the CA Board's Executive Director.

3. The accusation alleges that respondent has been convicted of a crime relating substantially to medical practice, and has lost his license to practice medicine in New York as a result of his conviction. On these grounds, complainant seeks revocation of respondent's California physician's and surgeon's certificate.

4. Respondent requested a hearing.

### **Professional Experience**

5. The evidence did not establish respondent's history of medical education or training, but he received a license to practice medicine in New York in 1993. Respondent practiced for many years as a diagnostic radiologist, mostly operating his own private medical practice.

6. In 2019, respondent relocated from New York to Florida. He is not currently practicing diagnostic radiology, but is employed in a clinic where he provides services such as nutritional counseling and medical cannabis recommendations.

7. Respondent has never practiced medicine in California, although he has considered traveling here to take *locum tenens* assignments. If he were to move to California, respondent would seek employment in a clinic or other institutional setting; he does not intend to operate his own medical practice in the future.

### **Criminal Conviction**

8. On April 1, 2019, respondent was convicted in the Supreme Court of the State of New York, County of New York, of felony violations of New York Penal Law section 155.42 (grand larceny in the first degree, involving theft of property worth \$1 million or more) and 155.35, subdivision 1 (grand larceny in the third degree, involving theft of property worth \$3,000 or more). At the time of the hearing, the criminal court had not yet sentenced respondent for these crimes, although he had paid significant restitution.

9. Respondent's crimes occurred in his medical practice. An ultrasound technician he knew arranged with primary care physicians to refer patients for ultrasound studies for which no medical indication existed. The ultrasound technician performed the imaging studies, and sent the images to respondent for diagnostic review. The ultrasound technician, and respondent, received payment for these unnecessary services from New York's State Medical Assistance Program (a state Medicaid program) and from a Medicaid-funded managed care organization.

### **New York License Surrender**

10. In May 2019, the New York State Board for Professional Medical Conduct brought a Statement of Charges against respondent, alleging that the conviction described above in Finding 8 constituted professional misconduct for a New York physician.

11. Respondent resolved this matter by agreeing to surrender his New York medical license. The New York State Board for Professional Medical Conduct accepted this surrender effective May 30, 2019.

### **Additional Evidence**

12. Respondent testified that he did not arrange expressly with the ultrasound technician to conduct and bill for unnecessary studies. He acknowledged, however, that the sheer volume of work the technician brought to him should have made him realize that her business, and by extension his, involved fraud. This testimony minimized respondent's culpability in a manner that was inconsistent with his convictions for crimes involving theft and dishonesty.

### **LEGAL CONCLUSIONS**

1. The CA Board may discipline respondent's California physician's and surgeon's certificate only upon clear and convincing proof, to a reasonable certainty, of the facts establishing cause for discipline. (*Ettinger v. Board of Medical Quality Assurance* (1982) 135 Cal.App.3d 853, 856.) The factual findings above reflect this standard.

2. Conviction of a crime that relates substantially to a physician's qualifications, functions, or duties is unprofessional conduct. (*Id.*, § 2236, subd. (a).) The matters stated in Findings 8 and 9 constitute cause for discipline against respondent.

3. Discipline against a medical license respondent holds in another state, on grounds that would have been cause for discipline in California, is cause for discipline against respondent's California physician's and surgeon's certificate. (Bus. & Prof.

Code, § 2305.) The out-of-state disciplinary order itself is "conclusive evidence" of the facts the order states. (*Id.*, § 141, subd. (a).)

4. The matters stated in Findings 8 through 11 and in Legal Conclusion 2 constitute cause for discipline against respondent's California physician's and surgeon's certificate.

5. The matters stated in Findings 6, 7, and 12 establish no mitigation or rehabilitation for respondent, and no likelihood that the CA Board could supervise respondent effectively on probation. Revocation of his California physician's and surgeon's certificate is appropriate.

## **ORDER**

Physician's and Surgeon's Certificate No. G 52706, held by respondent Bernard Wesley Bentley, M.D., is revoked.

18           7.     Section 141 of the Code provides:

19                   (a) For any licensee holding a license issued by a board under the jurisdiction of  
20 the department, a disciplinary action taken by another state, by any agency of the

27                   (b) Nothing in this section shall preclude a board from applying a specific  
28 statutory provision in the licensing act administered by that board that provides for  
discipline based upon a disciplinary action taken against the licensee by another state,

EXHIBIT "B"

Revocation, Surrender, Limitation or Suspension of a Medical License

1. Licensee shall immediately cease and desist from engaging in the practice of medicine in New York State, or under Licensee's New York license, in accordance with the terms of the Order. In addition, Licensee shall refrain from providing an opinion as to professional practice or its application and from representing that Licensee is eligible to practice medicine.
2. Within 5 days of the Order's effective date, Licensee shall deliver Licensee's original license to practice medicine in New York State and current biennial registration to the Office of Professional Medical Conduct (OPMC) at Riverview Center, 150 Broadway, Suite 355, Albany, New York 12204-2718.

Licensee shall notify, in writing, each health care plan with which the Licensee contracts or is employed, and each hospital where Licensee has privileges, that Licensee has ceased medical practice. Within 45 days of the Order's effective date, Licensee shall provide OPMC with written documentation that all patients and hospitals have been notified of the cessation of Licensee's medical practice.
4. Licensee shall make arrangements for the transfer and maintenance of all patient medical records. Within 30 days of the Order's effective date, Licensee shall notify OPMC of these arrangements, including the name, address, and telephone number of an appropriate and acceptable contact person who shall have access to these records. Original records shall be retained for at least 6 years after the last date of service rendered to a patient or, in the case of a minor, for at least 6 years after the last date of service or 3 years after the patient reaches the age of majority, whichever time period is longer. Records shall be maintained in a safe and secure place that is reasonably accessible to former patients. The arrangements shall include provisions to ensure that the information in the record is kept confidential and is available only to authorized persons. When a patient or a patient's representative requests a copy of the patient's medical record, or requests that the original medical record be sent to another health care provider, a copy of the record shall be promptly provided or forwarded at a reasonable cost to the patient (not to exceed 75 cents per page.) Radiographic, sonographic and similar materials shall be provided at cost. A qualified person shall not be denied access to patient information solely because of an inability to pay.
5. In the event that Licensee holds a Drug Enforcement Administration (DEA) certificate for New York State, Licensee shall, within 15 days of the Order's

effective date, advise the DEA, in writing, of the licensure action and shall surrender Licensee's DEA controlled substance privileges for New York State to the DEA. Licensee shall promptly surrender any unused DEA #222 U.S. Official Order Forms Schedules 1 and 2 for New York State to the DEA. All submissions to the DEA shall be addressed to Diversion Program Manager, New York Field Division, U.S. Drug Enforcement Administration, 99 Tenth Avenue, New York, NY 10011.

Within 15 days of the Order's effective date, Licensee shall return any unused New York State official prescription forms to the Bureau of Narcotic Enforcement of the New York State Department of Health. If no other licensee is providing services at Licensee's practice location, Licensee shall properly dispose of all medications.
7. Within 15 days of the Order's effective date, Licensee shall remove from the public domain any representation that Licensee is eligible to practice medicine, including all related signs, advertisements, professional listings (whether in telephone directories, Internet or otherwise), professional stationery or billings. Licensee shall not share, occupy, or use office space in which another licensee provides health care services.
8. Licensee shall not charge, receive or share any fee or distribution of dividends for professional services rendered by Licensee or others while Licensee is barred from engaging in the practice of medicine. Licensee may be compensated for the reasonable value of services lawfully rendered, and disbursements incurred on a patient's behalf, prior to the Order's effective date.
9. If Licensee is a shareholder in any professional service corporation organized to engage in the practice of medicine, Licensee shall divest all financial interest in the professional services corporation, in accordance with New York Business Corporation Law. Such divestiture shall occur within 90 days.
