MEDICAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation
Against:

Walter L. Wynne, M.D.

Physician's and Surgeon's
License No. A 43607

Respondent

Case No. 800-2018-043027

DECISION

The attached Stipulated Settlement and Disciplinary Order is hereby adopted as the Decision and Order of the Medical Board of California, Department of Consumer Affairs, State of California.

This Decision shall become effective at 5:00 p.m. on July 14, 2021.

IT IS SO ORDERED: June 14, 2021.

MEDICAL BOARD OF CALIFORNIA

Richard E. Thorp, M.D., Chair
Panel B

STATE OF CALIFORNIA
11

12 In the Matter of the Accusation Against:

13 WALTER L. WYNNE, M.D.
14 1223 Wilshire Blvd., Ste. 710,
Santa Monica, CA 90403
15 Physician's and Surgeon's Certificate No. A
16 43607

17 Respondent.

Case No. 800-2018-043027

OAH No. 2020100054

**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

18
19
20 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
21 entitled proceedings that the following matters are true:

22 **PARTIES**

23 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
24 California (Board). He brought this action solely in his official capacity and is represented in this
25 matter by Matthew Rodriquez, Acting Attorney General of the State of California, by Trina L.
26 Saunders, Deputy Attorney General.

27 2. Respondent Walter L. Wynne, M.D. (Respondent) is representing himself in this
28 proceeding and has chosen not to exercise his right to be represented by counsel.

1 deemed true, correct and fully admitted by Respondent for purposes of any such proceeding or
2 any other licensing proceeding involving Respondent in the State of California.

3 17. The parties understand and agree that Portable Document Format (PDF) and facsimile
4 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
5 signatures thereto, shall have the same force and effect as the originals.

6 18. In consideration of the foregoing admissions and stipulations, the parties agree that
7 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
8 enter the following Disciplinary Order:

9 **DISCIPLINARY ORDER**

10 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 43607 issued
11 to Respondent Walter L. Wynne, M.D. is revoked. However, the revocation is stayed and
12 Respondent is placed on probation for four (4) years on the following terms and conditions:

13 1. **MEDICAL RECORD KEEPING COURSE.** Within 60 calendar days of the effective
14 date of this Decision, Respondent shall enroll in a course in medical record keeping approved in
15 advance by the Board or its designee. Respondent shall provide the approved course provider
16 with any information and documents that the approved course provider may deem pertinent.
17 Respondent shall participate in and successfully complete the classroom component of the course
18 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
19 complete any other component of the course within one (1) year of enrollment. The medical
20 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing
21 Medical Education (CME) requirements for renewal of licensure.

22 A medical record keeping course taken after the acts that gave rise to the charges in the
23 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
24 or its designee, be accepted towards the fulfillment of this condition if the course would have
25 been approved by the Board or its designee had the course been taken after the effective date of
26 this Decision.

27 Respondent shall submit a certification of successful completion to the Board or its
28 designee not later than 15 calendar days after successfully completing the course, or not later than

1 15 calendar days after the effective date of the Decision, whichever is later.

2 2. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of
3 the effective date of this Decision, Respondent shall enroll in a professionalism program, that
4 meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1.
5 Respondent shall participate in and successfully complete that program. Respondent shall
6 provide any information and documents that the program may deem pertinent. Respondent shall
7 successfully complete the classroom component of the program not later than six (6) months after
8 Respondent's initial enrollment, and the longitudinal component of the program not later than the
9 time specified by the program, but no later than one (1) year after attending the classroom
10 component. The professionalism program shall be at Respondent's expense and shall be in
11 addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

12 A professionalism program taken after the acts that gave rise to the charges in the
13 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
14 or its designee, be accepted towards the fulfillment of this condition if the program would have
15 been approved by the Board or its designee had the program been taken after the effective date of
16 this Decision.

17 Respondent shall submit a certification of successful completion to the Board or its
18 designee not later than 15 calendar days after successfully completing the program or not later
19 than 15 calendar days after the effective date of the Decision, whichever is later.

20 3. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
21 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the
22 Chief Executive Officer at every hospital where privileges or membership are extended to
23 Respondent, at any other facility where Respondent engages in the practice of medicine,
24 including all physician and locum tenens registries or other similar agencies, and to the Chief
25 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
26 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15
27 calendar days.

28 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

1 4. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
2 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
3 advanced practice nurses.

4 5. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
5 governing the practice of medicine in California and remain in full compliance with any court
6 ordered criminal probation, payments, and other orders.

7 6. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
8 under penalty of perjury on forms provided by the Board, stating whether there has been
9 compliance with all the conditions of probation.

10 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
11 of the preceding quarter.

12 7. GENERAL PROBATION REQUIREMENTS.

13 Compliance with Probation Unit

14 Respondent shall comply with the Board's probation unit.

15 Address Changes

16 Respondent shall, at all times, keep the Board informed of Respondent's business and
17 residence addresses, email address (if available), and telephone number. Changes of such
18 addresses shall be immediately communicated in writing to the Board or its designee. Under no
19 circumstances shall a post office box serve as an address of record, except as allowed by Business
20 and Professions Code section 2021, subdivision (b).

21 Place of Practice

22 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
23 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
24 facility.

25 License Renewal

26 Respondent shall maintain a current and renewed California physician's and surgeon's
27 license.

28 Travel or Residence Outside California

1 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
2 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
3 (30) calendar days.

4 In the event Respondent should leave the State of California to reside or to practice,
5 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
6 departure and return.

7 8. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
8 available in person upon request for interviews either at Respondent's place of business or at the
9 probation unit office, with or without prior notice throughout the term of probation.

10 9. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
11 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
12 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
13 defined as any period of time Respondent is not practicing medicine as defined in Business and
14 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
15 patient care, clinical activity or teaching, or other activity as approved by the Board. If
16 Respondent resides in California and is considered to be in non-practice, Respondent shall
17 comply with all terms and conditions of probation. All time spent in an intensive training
18 program which has been approved by the Board or its designee shall not be considered non-
19 practice and does not relieve Respondent from complying with all the terms and conditions of
20 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
21 on probation with the medical licensing authority of that state or jurisdiction shall not be
22 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
23 period of non-practice.

24 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
25 months, Respondent shall successfully complete the Federation of State Medical Board's Special
26 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
27 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
28 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

1 Respondent's period of non-practice while on probation shall not exceed two (2) years.
2 Periods of non-practice will not apply to the reduction of the probationary term.
3 Periods of non-practice for a Respondent residing outside of California will relieve
4 Respondent of the responsibility to comply with the probationary terms and conditions with the
5 exception of this condition and the following terms and conditions of probation: Obey All Laws;
6 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
7 Controlled Substances; and Biological Fluid Testing.

8 10. COMPLETION OF PROBATION. Respondent shall comply with all financial
9 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
10 completion of probation. Upon successful completion of probation, Respondent's certificate shall
11 be fully restored.

12 11. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
13 of probation is a violation of probation. If Respondent violates probation in any respect, the
14 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
15 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
16 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
17 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
18 the matter is final.

19 12. LICENSE SURRENDER. Following the effective date of this Decision, if
20 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
21 the terms and conditions of probation, Respondent may request to surrender his or her license.
22 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
23 determining whether or not to grant the request, or to take any other action deemed appropriate
24 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
25 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
26 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
27 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
28 application shall be treated as a petition for reinstatement of a revoked certificate.

ENDORSEMENT

The foregoing Stipulated Settlement and Disciplinary Order is hereby respectfully submitted for consideration by the Medical Board of California.

DATED: March 26, 2021

Respectfully submitted,

MATTHEW RODRIQUEZ
Acting Attorney General of California
E. A. JONES III

MEDICAL BOARD OF CALIFORNIA
10 **DEPARTMENT OF CONSUMER AFFAIRS**
11 **STATE OF CALIFORNIA**

12 In the Matter of the Accusation Against:
13 WALTER L. WYNNE, M.D.
14 1223 Wilshire Blvd., Suite 710
15 Santa Monica, California 90403
16 Physician's and Surgeon's Certificate
No. A 43607,
17 Respondent.

Case No. 800-2018-043027
ACCUSATION

18
19
20
21 **PARTIES**

- 22 1. Kimberly Kirchmeyer (Complainant) brings this Accusation solely in her official
23 capacity as the Executive Director of the Medical Board of California, Department of Consumer
24 Affairs (Board).
- 25 2. On April 27, 1987, the Board issued Physician's and Surgeon's Certificate Number A
26 43607 to Walter L. Wynne, M.D. (Respondent). That license was in full force and effect at all
27 times relevant to the charges brought herein and will expire on December 31, 2020, unless
28 renewed.

JURISDICTION

1
2 3. This Accusation is brought before the Board under the authority of the following
3 laws. All section references are to the Business and Professions Code (Code) unless otherwise
4 indicated.

5 4. Section 2227 of the Code provides that a licensee who is found guilty under the
6 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
7 one year, placed on probation and required to pay the costs of probation monitoring, or such other
8 action taken in relation to discipline as the Board deems proper.

9 5. Section 2234 of the Code, states:

10 The board shall take action against any licensee who is charged with unprofessional
11 conduct. In addition to other provisions of this article, unprofessional conduct
includes, but is not limited to, the following:

12 (a) Violating or attempting to violate, directly or indirectly, assisting in or abetting
13 the violation of, or conspiring to violate any provision of this chapter.

14 (b) Gross negligence.

15 (c) Repeated negligent acts. To be repeated, there must be two or more negligent
16 acts or omissions. An initial negligent act or omission followed by a separate and
distinct departure from the applicable standard of care shall constitute repeated
negligent acts.

17 (1) An initial negligent diagnosis followed by an act or omission medically
18 appropriate for that negligent diagnosis of the patient shall constitute a single
negligent act.

19 (2) When the standard of care requires a change in the diagnosis, act, or omission
20 that constitutes the negligent act described in paragraph (1), including, but not limited
21 to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct
22 departs from the applicable standard of care, each departure constitutes a separate and
distinct breach of the standard of care.

22

23 6. Section 2266 of the Code states: "The failure of a physician and surgeon to maintain
24 adequate and accurate records relating to the provision of services to their patients constitutes
25 unprofessional conduct."

26 7. Section 3501 of the Code states in pertinent part:

27 (a) As used in this chapter:

28 ...

1 (5) Supervising physician means a physician and surgeon licensed by the Medical
2 Board of California or by the Osteopathic Medical Board of California who
3 supervises one or more physician assistants, who possesses a current valid license to
4 practice medicine, and who is not currently on disciplinary probation for improper
5 use of a physician assistant.

6 (6) Supervision means that a licensed physician and surgeon oversees the activities
7 of, and accepts responsibility for, the medical services rendered by a physician
8 assistant.

9 ...

10 (10) Delegation of services agreement means the writing that delegates to a
11 physician assistant from a supervising physician the medical services the physician
12 assistant is authorized to perform consistent with subdivision (a) of Section 1399.540
13 of Title 16 of the California Code of Regulations.

14 ...

15 (b) A physician assistant acts as an agent of the supervising physician when
16 performing any activity authorized by this chapter or regulations adopted under this
17 chapter.

18 8. Section 3502, subdivision (a), of the Code states in pertinent part:

19 (a) Notwithstanding any other law, a physician assistant may perform those medical
20 services as set forth by the regulations adopted under this chapter when the services
21 are rendered under the supervision of a licensed physician and surgeon who is not
22 subject to a disciplinary condition imposed by the Medical Board of California
23 prohibiting that supervision or prohibiting the employment of a physician assistant.
24 The medical record, for each episode of care for a patient, shall identify the physician
25 and surgeon who is responsible for the supervision of the physician assistant.

26 9. California Code of Regulations, Title 16, section 1399.541 states as follows:

27 Because physician assistant practice is directed by a supervising physician, and a
28 physician assistant acts as an agent for that physician, the orders given and tasks
performed by a physician assistant shall be considered the same as if they had been
given and performed by the supervising physician. Unless otherwise specified in
these regulations or in the delegation or protocols, these orders may be initiated
without the prior patient specific order of the supervising physician. In any setting,
including for example, any licensed health facility, out-patient settings, patients'
residences, and hospices, as applicable, a physician assistant may, pursuant to a
delegation and protocols where present:

(a) Take a patient history; perform a physical examination and make an assessment
and diagnosis therefrom; initiate, review and revise treatment and therapy plans
including plans for those services described in Section 1399.541(b) through Section
1399.541(i) inclusive; and record and present pertinent data in a manner meaningful
to the physician.

(b) Order or transmit an order for x-ray, other studies, therapeutic diets, physical
therapy, occupational therapy, respiratory therapy, and nursing services.

(c) Order, transmit an order for, perform, or assist in the performance of laboratory
procedures, screening procedures and therapeutic procedures.

(d) Recognize and evaluate situations which call for immediate attention of a physician and institute, when necessary, treatment procedures essential for the life of the patient.

(e) Instruct and counsel patients regarding matters pertaining to their physical and mental health. Counseling may include topics such as medications, diets, social habits, family planning, normal growth and development, aging, and understanding of and long-term management of their diseases.

(f) Initiate arrangements for admissions, complete forms and charts pertinent to the patient's medical record, and provide services to patients requiring continuing care, including patients at home.

(g) Initiate and facilitate the referral of patients to the appropriate health facilities, agencies, and resources of the community.

(h) Administer or provide medication to a patient, or issue or transmit drug orders orally or in writing in accordance with the provisions of subdivisions (a)-(f), inclusive, of Section 3502.1 of the Code.

(i) (1) Perform surgical procedures without the personal presence of the supervising physician which are customarily performed under local anesthesia. Prior to delegating any such surgical procedures, the supervising physician shall review documentation which indicates that the physician assistant is trained to perform the surgical procedures. All other surgical procedures requiring other forms of anesthesia may be performed by a physician assistant only in the personal presence of an approved supervising physician.

(2) A physician assistant may also act as first or second assistant in surgery under the supervision of an approved supervising physician. The physician assistant may so act without the personal presence of the supervising physician if the supervising physician is immediately available to the physician assistant. Immediately available means the physician is physically accessible and able to return to the patient, without any delay, upon the request of the physician assistant to address any situation requiring the supervising physician's services.

10. California Code of Regulations section 1399.545 states, in pertinent part, as follows:

...

(f) The supervising physician has continuing responsibility to follow the progress of the patient and to make sure that the physician assistant does not function autonomously. The supervising physician shall be responsible for all medical services provided by a physician assistant under his or her supervision.

11. California Code of Regulations section 1399.546 states as follows:

Each time a physician assistant provides care for a patient and enters his or her name, signature, initials, or computer code on a patient's record, chart or written order, the physician assistant shall also enter the name of his or her supervising physician who is responsible for the patient. When a physician assistant transmits an oral order, he or she shall also state the name of the supervising physician responsible for the patient.

///

1 **FIRST CAUSE FOR DISCIPLINE**

2 (Gross Negligence)

3 12. Respondent Walter L. Wynne, M.D. is subject to disciplinary action under section
4 2234, subdivision (b) of the Code in that he committed gross negligence in his care and treatment
5 of four patients. Respondent was the supervising physician of a physician assistant. That
6 physician assistant treated all four of the identified patients. The physician assistant routinely
7 prescribed scheduled medications to the four patients. Respondent did not oversee the treatment
8 of the patients and allowed his physician assistant to provide care unsupervised. The
9 circumstances are as follows:

10 **Patient A**

11 13. Patient A established care with Respondent on October 14, 2015. Patient A, a 74-
12 year-old woman, presented to Glenn Medical Center with a chief complaint of Med Refill. She
13 was noted to have a BMI of 17.8. Her medication list included Methadone 10 mg per day and
14 Norco 10 mg tid¹ prn.² Respondent documented that the reason for the visit was, "Pain
15 management, the patient was terminated from Dr. . . . pain management service for non-
16 compliance." Respondent documented that he would not manage her pain medications on an
17 extended basis. He requested a new referral. Respondent did not document what scheduled
18 medications he prescribed on this date.

19 14. On October 21, 2015, Patient A was hospitalized due to an opioid overdose.

20 15. On November 3, 2015, Patient A was seen in the emergency room for confusion and
21 sepsis, which was thought to be in part due to taking more than the prescribed amount of
22 methadone.

23 16. Between November 18, 2015, and May 10, 2016, Respondent's physician assistant
24 saw Patient A on seven occasions. The visits occurred on or about November 18, 2015,

25 ¹ t.i.d. - Abbreviation meaning three times a day (from the Latin "ter in die," for three times a
26 day.) The abbreviation t.i.d. is sometimes written without a period either in lower-case letters as
"tid" or in capital letters as "TID".

27 ² p.r.n. - Abbreviation meaning "when necessary" (from the Latin "pro re nata," for an occasion
28 that has arisen, as circumstances require, as needed).

1 December 9, 2015, January 7, 2016, February 8, 2016, March 8, 2016, April 6, 2016, and May
2 10, 2016. Respondent was the supervising physician on all of those visits.

3 17. On November 18, 2015, Respondent's physician assistant saw Patient A at Glenn
4 Medical Center. Patient A signed a pain management agreement. Respondent's physician
5 assistant increased Patient A's hydrocodone prescription from b.i.d³ to q.i.d⁴ (60 tabs per month).
6 The medical incidents of October 21, 2015, and November 3, 2015, were not adequately
7 addressed, and the medical record does not adequately explain the reason that the medication was
8 increased.

9 18. On January 7, 2016, the physician assistant increased Patient A's methadone from 10
10 mg q.d⁵ to 10 mg b.i.d (30 tabs to 60 tabs per month).

11 19. Only ten days later, on January 17, 2016, Patient A was taken to the hospital via
12 ambulance after a fall.

13 20. Patient A suffered another fall on May 2, 2016, and was brought to Glenn Medical
14 Center via ambulance. She had empty bottles of both her methadone and oxycodone. There was
15 no documented explanation as to why the patient ran out of her pain medications.

16 21. On May 5, 2016, Patient A was seen in the emergency room for abdominal pain. It
17 was recommended that she be admitted. However, Patient A signed out of the hospital against
18 medical advice.

19 22. On May 10, 2016, Patient A was seen in the clinic. She was hypertensive and
20 dehydrated. Her prior two emergency room visits were noted in the patient chart. However, the
21 reason for her fall and the missing medications were not addressed. Patient A's opioid
22 medication doses were kept the same and she was given a one-month refill for hydrocodone and
23 methadone.

24 _____
25 ³ b.i.d. (or bid or BID) Abbreviation meaning two times a day (from the Latin "bis in die," for
twice daily.)

26 ⁴ q.i.d. (or qid or QID) - Abbreviation meaning four times a day (from the Latin "quater in die,"
27 for four times daily.

28 ⁵ q.d. (qd or QD) Abbreviation meaning once a day (from the Latin "quaque die" for once a day).

1 23. Patient A died on May 13, 2016, from an opioid overdose.

2 24. Respondent failed to countersign the notes written by the physician assistant within
3 the seven (7) day requirement on all patient visits. Respondent was over nine months late
4 countersigning some of the notes. In all instances, Respondent countersigned the notes at least
5 three months after Patient A's death.

6 25. Respondent was required to select for review those cases that by diagnosis, problem,
7 treatment, or procedure represented in his judgment, the most significant to the patient. In
8 October of 2015, Respondent identified Patient A as very difficult to treat.

9 26. Respondent's actions demonstrate that he failed to supervise his physician assistant.
10 This constitutes an extreme departure from the standard of care.

11 27. Respondent allowed his physician assistant to take over the pain management of
12 Patient A, who he had determined was a high-risk patient that he himself could not manage. He
13 allowed the physician assistant to double the dose of narcotics prescribed to this patient, despite
14 multiple hospital admissions with narcotic poisoning, and in the face of information that other
15 physicians recommended reduction of her dosage of pain medications. This constitutes an
16 extreme departure from the standard of care.

17 **Patient B**

18 28. Patient B was a 49-year-old male, who was diagnosed with a rotator cuff syndrome,
19 chronic pain due to trauma, post-traumatic stress disorder, diabetes, anxiety, and low back pain.
20 He was seen at Glenn Medical Center from May 3, 2016, to September 21, 2017. On eight of his
21 ten clinical visits, Patient B was seen by the physician assistant. Respondent was the physician
22 assistant's supervising physician. Patient B was prescribed hydrocodone, oxycodone, and
23 hydromorphone for pain. On June 16, 2017, he submitted to a comprehensive urine drug screen.
24 He signed an opioid agreement on July 16, 2017. An opioid risk assessment instrument was
25 completed on multiple clinic visits. Patient B's scores were in the "may be a good candidate, for
26 prescription opioid therapy" range.

27 29. Respondent was responsible for overseeing the care of Patient B. The physician
28 assistant prescribed Schedule II medications to this patient on all visits. Respondent failed to

1 countersign the notes related to the visits of October 27, 2016, December 26, 2016, February 13,
2 2017, June 16, 2017, and September 21, 2017.

3 30. The two notes that were signed by Respondent were signed more than seven (7) days
4 after the patient visit, in violation of the supervision agreement and the law. Respondent signed
5 the note for the July 11, 2016, weeks after the visit. Respondent signed the note from the visit of
6 May 3, 2016, almost three months after the visit.

7 **Patient C**

8 31. Patient C was a 54-year-old female who was diagnosed with chronic pain due to
9 traumatic arthritis, a Baker's cyst, esophageal spasm, and rotator cuff syndrome. She was seen at
10 Glenn Medical Center from November 25, 2015, to October 5, 2017. She was seen by the same
11 physician assistant on all 15 of her visits to the facility. Patient C's pain was treated with
12 extended relief morphine and hydrocodone. Urine drug screens were documented on September
13 20, 2016, and June 2, 2017. An opioid risk assessment instrument was completed. Patient C's
14 scores were in the "may be a good candidate, for prescription opioid therapy" range.

15 32. Respondent was responsible for overseeing the care of Patient C. Respondent's
16 physician assistant prescribed Schedule II medications to this patient on all visits. Respondent
17 failed to countersign the notes related to the visits of September 20, 2016, December 13, 2016,
18 and March 7, 2017.

19 33. The notes that were countersigned by Respondent were signed more than seven (7)
20 days after Patient C's visits, in violation of the supervision agreement and the law. Respondent
21 countersigned seven of the eight notes on a single day. The notes from Patient C's visits of
22 December 23, 2015, January 21, 2016, February 26, 2016, March 23, 2016, May 6, 2016, May
23 31, 2016, and July 26, 2016, were all countersigned on August 30, 2016. Respondent
24 countersigned the note from Patient C's visit of November 25, 2015, nine months after the visit,
25 on August 28, 2016.

26 **Patient D**

27 34. Patient D was a 41-year-old male who was diagnosed with morbid obesity,
28 hypertension, chronic low back pain, lumbar myelopathy, gout, systemic lupus, erythematous

1 arthritis and myalgia. He was seen at Glenn Medical Center from November 12, 2015, to August
2 7, 2015. He was seen by the same physician assistant on 12 of his 13 of his visits to the facility.
3 At all of Patient D's visits, Schedule II medications were prescribed. Patient D's pain was treated
4 with hydrocodone and morphine. He signed an opioid agreement on both March 12, 2016, and
5 August 17, 2017. Urine drug screens were recorded on April 17, 2017, and May 15, 2017. An
6 opioid risk assessment instrument was completed on multiple clinic visits. Patient D's scores
7 were in the "may be a good candidate, for prescription opioid therapy" range.

8 35. Respondent was responsible for overseeing the care of Patient D. Respondent's
9 physician assistant prescribed Schedule II medications to this patient on all visits. Respondent
10 failed to countersign the notes related to the visits of September 19, 2016, October 31, 2016, and
11 January 23, 2017.

12 36. Respondent countersigned the clinic notes from seven of the visits. In each instance,
13 the notes were countersigned more than seven days after the visit, in violation of the supervising
14 physician agreement and the law. Respondent countersigned the note for Patient D's November
15 11, 2015, visit more than nine months later, on August 26, 2016. Respondent countersigned the
16 note for December 15, 2015, more than eight months later, on August 29, 2016. Respondent
17 countersigned the notes for Patient D's visits of February 22, 2016, March 21, 2016, April 18,
18 2016, May 12, 2016, all on August 30, 2016.

19 37. With respect to each patient discussed herein, there is no evidence in their respective
20 records of Respondent's involvement in, or review of, the care provided by any of the physician
21 assistants that he was responsible for supervising. For example, there is no evidence in any of
22 these patients' medical records that Respondent had any discussion with any of the treating
23 physician assistants regarding the patient's care. Likewise, in most instances where Respondent
24 countersigned patient charts, his signature was penned months after the care was provided.

25 38. Respondent's supervision of the physician assistants' practice of medicine with
26 respect to the above-listed patients was inadequate and inappropriate such that it constitutes an
27 extreme departure from the standard of care with respect to each patient.
