BEFORE THE

SCOTT RICHARD VAUDREY)

For a Physician's and Surgeon's License)	
_____)	

1) Scott Richard Vaudrey, applicant for a physician's and surgeon's license (hereinafter "applicant"), and Marina O'Connor, Chief of Licensing of the Medical Board of California (Board), hereby stipulate as follows:

2) Applicant is eligible for medical licensure in California upon meeting all licensure requirements.

3) On February 18, 2020, the Board received an application for a Physician's and Surgeon's License. According to the documentation received, applicant has not had any clinical care activities since June 2002, which may impact his ability to practice medicine safely as an independent practitioner.

4) Section 2221(a) of the Business and Professions Code states the Board may deny a license to an applicant guilty of unprofessional conduct or of any cause that would subject a licensee to revocation or suspension of their license. Section 2234 of the Business and Professions Code states that the Board may take action for unprofessional conduct. Unprofessional conduct includes, but is not limited to, incompetence.

The above supports a conclusion that grounds exist for denial pursuant to sections 2221(a), 2234, and 2234(d) of the Business and Professions Code.

5) Pursuant to Section 2221 of the Business and Professions Code, the Board may deny a license to an applicant because of unprofessional conduct. Alternatively, the Board has the discretionary authority to issue a probationary license with terms and conditions.

6) Applicant acknowledges he has a right to request a Statement of Issues and a hearing upon denial of license for cause.

Applicant waives notice of hearing and judicial review in favor of this Stipulation for a Probationary License, which is subject to approval by the Board. If not approved, this Stipulation is null and void and may not be used for any purpose.

7) Applicant understands and agrees that counsel for the staff of the Board may communicate directly with the Board regarding this proposed Stipulation, without notice to or participation by applicant or his counsel. By signing the Stipulation, applicant understands and agrees that he may not withdraw this agreement or seek to rescind the

Stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this Stipulation, the offer of a Stipulation for a Probationary License shall be of no force or effect; except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

ORDER

IT IS ORDERED THAT SCOTT RICHARD VAUDREY, applicant, be issued a Physician's and Surgeon's License on a probation basis for a period of three (3) years, subject to the following terms and conditions. Probation shall begin on the date the applicant is issued a probationary license.

1) Education Course

Within 60 calendar days of the effective date of this Decision, and on an annual basis thereafter, applicant shall submit to the Board or its designee for its prior approval educational program(s) or course(s), which shall not be less than 40 hours per year, for each year of probation. The educational program(s) or course(s) shall be aimed at correcting any areas of deficient practice or knowledge and shall be Category I certified. The educational program(s) or course(s) shall be at applicant's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure. Following the completion of each course, the Board or its designee may administer an examination to test applicant's knowledge of the course. Applicant shall provide proof of attendance for 65 hours of CME of which 40 hours were in satisfaction of this condition.

2) Prescribing Practices Course

Within 60 calendar days of the effective date of this Decision, applicant shall enroll in a course in prescribing practices approved in advance by the Board or its designee. Applicant shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent. Applicant shall participate in and successfully complete the classroom component of the course not later than six (6) months after applicant's initial enrollment. Applicant shall successfully complete any other component of the course within one (1) year of enrollment. The prescribing practices course shall be at applicant's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A prescribing practices course taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

Applicant shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the course, or not later than 15 calendar days after the effective date of the Decision, whichever is later.

If the monitor disagrees with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed statement for approval by the Board or its designee.

Within 60 calendar days of the effective date of this Decision, and continuing throughout probation, applicant's practice shall be monitored by the approved monitor. Applicant shall make all records available for immediate inspection and copying on the premises by the monitor at all times during business hours and shall retain the records for the entire term of probation.

If applicant fails to obtain approval of a monitor within 60 calendar days of the effective date of this Decision, applicant shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Applicant shall cease the practice of medicine until a monitor is approved to provide monitoring responsibility.

The monitor(s) shall submit a quarterly written report to the Board or its designee which includes an evaluation of applicant's performance, indicating whether applicant's practices are within the standards of practice of medicine and whether applicant is practicing medicine safely, billing appropriately or both. It shall be the sole responsibility of applicant to ensure that the monitor submits the quarterly written reports to the Board or its designee within 10 calendar days after the end of the preceding quarter.

If the monitor resigns or is no longer available, applicant shall, within 5 calendar days of such resignation or unavailability, submit to the Board or its designee, for prior approval, the name and qualifications of a replacement monitor who will be assuming that responsibility within 15 calendar days. If applicant fails to obtain approval of a replacement monitor within 60 calendar days of the resignation or unavailability of the monitor, applicant shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified applicant shall cease the practice of

If applicant fails to establish a practice with another physician or secure employment in an appropriate practice setting within 60 calendar days of the effective date of this Decision, applicant shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. The applicant shall not resume practice until an appropriate practice setting is established.

If, during the course of the probation, the applicant's practice setting changes and the applicant is no longer practicing in a setting in compliance with this Decision, the applicant shall notify the Board or its designee within 5 calendar days of the practice setting change.

Applicant shall comply with the Board's probation.

b) Address Changes

Applicant shall, at all times, keep the Board informed of applicant's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

c) Place of Practice

Applicant shall not engage in the practice of medicine in applicant's or patient's place of residence, unless the patient resides in a skilled nursing facility or other similar licensed facility.

d) License Renewal

Applicant shall maintain a current and renewed California physician's and surgeon's license.

e) Travel or Residence Outside California

practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If applicant resides in California and is considered to be in non-practice, applicant shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve applicant from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event applicant's period of non-practice while on probation exceeds 18 calendar months, applicant shall successfully complete the Federation of State Medical Board's Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Applicant's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for an applicant residing outside of California, will relieve applicant of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

12) Completion of Probation

Applicant shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, applicant's license shall be unrestricted.

13) Violation of Probation

Failure to fully comply with any term or condition of probation is a violation of probation. If applicant violates probation in any respect, the Board, after giving applicant notice and the opportunity to be heard, may petition to revoke probation and take appropriate action. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against applicant during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

14) License Surrender

Following the effective date of this Decision, if applicant ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, applicant may request to surrender his license. The Board reserves the right to evaluate applicant request and to exercise its discretion in determining whether or not to

grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, applicant shall within 15 calendar days deliver applicant's wallet and wall certificate to the Board or its designee and applicant shall no longer practice medicine. Applicant will no longer be subject to the terms and conditions of probation. If applicant re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

15) Probation Monitoring Costs

Applicant shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

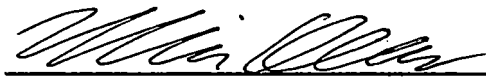

Applicant agrees to comply with the terms and conditions of the above Order.
