1 **JURISDICTION**

2 3. This Accusation is brought before the Medical Board of California under the
3 authority of the following sections of the California Business and Professions Code (Code) and/or
4 other relevant statutory enactment:

5 A. Section 2227 of the Code provides in part that the Board may revoke, suspend for a
6 period not to exceed one year, or place on probation, the license of any licensee who has
7 been found guilty under the Medical Practice Act, and may recover the costs of probation
8 monitoring.

9 B. Section 2305 of the Code provides, in part, that the revocation, suspension, or other
10 discipline, restriction or limitation imposed by another state upon a license to practice
11 medicine issued by that state, or the revocation, suspension, or restriction of the authority

23 shall be conclusive evidence of the events related therein.

24 “(b) Nothing in this section shall preclude a board from applying a

26 provides for discipline based upon a disciplinary action taken against the
27 licensee by another state, an agency of the federal government, or another
28 country.”

24 **FIRST CAUSE FOR DISCIPLINE**

25 **(Discipline, Restriction, or Limitation Imposed by Another State)**

27 Order of Emergency Restriction of License for Respondent (Order) after it found that Dr.
28 Brownfield constituted an immediate, serious danger to the public health, safety, and welfare.

1 5. The license of Joseph R. Brownfield, M.D., to practice as a medical doctor, license
2 number ME 138159, was immediately restricted to prohibit him from practicing medicine until a
3 designated evaluator notifies the Department that he is safe to resume the practice of medicine.
4 Moreover, a proceeding seeking formal discipline of the license of Joseph R. Brownfield, M.D.,
5 to practice as a medical doctor in the State of Florida was to be promptly instituted and acted
6 upon. A copy of the Order is attached as Exhibit A.

7 6. Respondent's conduct and the action of the State of Florida Department of Health, as
8 set forth in paragraph 5, above, constitute cause for discipline pursuant to sections 2305 and/or

EXHIBIT A

By: Aimee Mann
Deputy Agency Clerk**STATE OF FLORIDA
DEPARTMENT OF HEALTH**

In Re: Emergency Restriction of the License of
Joseph R. Brownfield, M.D.
License No.: ME 138159
Case Number: 2020-06823

ORDER OF EMERGENCY RESTRICTION OF LICENSE

Scott A. Rivkees, M.D., State Surgeon General, ORDERS the emergency restriction of the license of Joseph R. Brownfield, M.D., (Dr. Brownfield) to practice as a medical doctor in the State of Florida. Dr. Brownfield holds license number ME 138159. Dr. Brownfield's address of record is 11514 Newcastle Avenue, Granada Hills, California 91344. He may also be located at 7501 North Cypresshead Drive, Parkland, Florida 33067. The following Findings of Fact and Conclusions of Law support the emergency restriction of Dr. Brownfield's license to practice as a medical doctor in the State of Florida.

FINDINGS OF FACT

1. The Department of Health (Department) is the state agency charged with regulating the practice of medicine pursuant to chapters 20, 456, and 458, Florida Statutes (2019). Section 456.073(8), Florida Statutes (2019), authorizes the State Surgeon General to summarily restrict Dr. Brownfield's license to practice medicine in the State of Florida, in accordance with section 120.60(6), Florida Statutes (2019).

2. In 2016, Dr. Brownfield began consuming alcohol "heavily" due to stress at work and in his personal life. His drinking escalated to the point that he was drinking half a bottle of scotch or "a few bottles of wine" per day.

3. From approximately July 2017 through November 2017, at the urging of his supervisor, Dr. Brownfield underwent inpatient treatment for alcohol use disorder at a facility in California. While in this treatment program, Dr. Brownfield's discharge was delayed due to several relapses. He also consumed marijuana¹ one time and visited escorts on numerous occasions while in treatment.

4. After completing treatment for alcohol abuse, Dr. Brownfield entered into a two-week treatment program for sex addiction.

5. In approximately early 2018, Dr. Brownfield entered into an impaired practitioner monitoring program in California which was facilitated by his employer, Kaiser Permanente. Dr. Brownfield's employment was terminated after approximately eight months of participation for consuming alcohol in violation of the program's terms.

¹ Marijuana is another name for cannabis. According to section 893.03(1), Florida Statutes (2017), cannabis is a Schedule I controlled substance that has a high potential for abuse and has no currently accepted medical use in treatment in Florida. The term does not include "low-THC cannabis" or medical marijuana, as defined in section 381.986, Florida Statutes (2017), if manufactured, possessed, sold, purchased, delivered, distributed, or dispensed, in conformance with section 381.986.

6. After his termination, Dr. Brownfield continued consuming alcohol regularly.

7. On or about September 12, 2018, Dr. Brownfield submitted an application for licensure as a medical doctor in the State of Florida.

8. The licensure application asked, "In the last five years, have you been enrolled in, required to enter into, or participated in any drug or alcohol-recovery program or impaired practitioner program for treatment of drug or alcohol abuse that occurred within the past five years?" Dr. Brownfield answered "no" to this question.

9. The licensure application asked, "In the last five years, were you admitted or directed into a program for a diagnosed substance-related (alcohol/drug) disorder or, if you were previously in such a program, did you suffer a relapse within the last five years?" Dr. Brownfield answered "no" to this question.

10. On or about October 17, 2018, Dr. Brownfield was issued license number ME 138159 to practice as a medical doctor in the State of Florida, pursuant to chapter 458.

11. In May 2019, the Department received a complaint from another physician alleging that Dr. Brownfield was unable to practice medicine with

reasonable skill and safety to patients due to his alcohol abuse. The Department referred this case to the Professionals Resource Network (PRN²).

12. On or about September 23, 2019, upon PRN's recommendation, Dr. Brownfield underwent a multi-day inpatient evaluation with experts in psychology and addiction medicine at the Sante Center for Healing (Sante), a rehabilitation facility in Argyle, Texas.

13. Dr. Brownfield related his history of alcohol abuse and treatment to the practitioners at Sante. He also admitted that he falsified his Florida medical license application because he did not want to undergo further treatment.

14. Sante practitioners noted that Dr. Brownfield did not appear to be "completely forthcoming" in his communications with them.

15. Practitioners at Sante diagnosed Dr. Brownfield with persistent depressive disorder with anxious features and alcohol use disorder. The practitioners opined that Dr. Brownfield is only able to practice medicine safely if abstaining from alcohol consumption.

16. Sante practitioners recommended that Dr. Brownfield engage in intensive outpatient treatment for alcohol abuse and individual therapy. The

² The Professionals Resource Network is the impaired practitioner program for the Board of Medicine, pursuant to Section 456.073, Florida Statutes (2018). PRN monitors the evaluation, care, and treatment of impaired practitioners licensed by the Department. PRN oversees random drug screens and provides for the exchange of information between treatment providers, evaluators, and the Department for the protection of the public.

practitioners further recommended that if he could not maintain sobriety in an intensive outpatient setting, he should return to a residential treatment program and discontinue practicing medicine.

17. On or about November 14, 2019, upon PRN's recommendation, Dr. Brownfield entered into an intensive outpatient treatment program.

18. On or about November 18, 2019, Dr. Brownfield entered into a 5-year PRN monitoring contract. The contract required, in part, that Dr. Brownfield refrain from consuming alcohol and drugs, submit to random toxicology tests, participate in extended intensive outpatient therapy, and comply with all of PRN's treatment recommendations.

19. On or about November 21, 2019, Dr. Brownfield submitted to a PEth³ test, which was positive at a level of 147.7 ng/mL. PRN's Medical Review Officer noted that this result indicated heavy consumption of alcohol in the prior weeks.

20. Dr. Brownfield admitted to consuming alcohol on November 5, 2019. PRN refrained Dr. Brownfield from practicing as a result of his noncompliance with treatment.

³ The PEth blood test measures levels of phosphatidylethanol (PEth), an alcohol-specific biomarker, in the blood. PEth is used to detect prolonged or heavy "binge" alcohol consumption. It is typically detectable for two-to-three weeks but may be detectable for longer depending on how much alcohol was consumed, and for how long. While PEth levels depend on multiple factors, such as body mass index (BMI) and amount of alcohol consumed, a PEth level greater than 20 ng/mL generally indicates either regular consumption of alcohol above recommended limits, or binge drinking. A PEth level greater than 100 ng/mL most likely indicates repeated binge drinking.

21. On or about December 3, 2019, Dr. Brownfield submitted to a PEth test, which was positive at a level of 87.7 ng/mL.

22. On or about January 9, 2019, Dr. Brownfield submitted to a toxicology test through his intensive outpatient treatment program. The test was positive for EtG and EtS.⁴ Dr. Brownfield discontinued attending his intensive outpatient treatment program shortly after the positive toxicology test, and the program discharged him.

23. Dr. Brownfield's treating provider opined that he was not able to practice as a physician with reasonable skill and safety to patients due to his alcohol use disorder, his continued drinking despite participating in treatment, and his noncompliance with treatment recommendations.

24. On January 14 and 17, 2020, Dr. Brownfield failed to submit to PRN-ordered toxicology tests.

25. PRN requested that Dr. Brownfield execute a voluntary withdrawal from practice. Dr. Brownfield refused to do so. PRN also requested that Dr. Brownfield undergo a recovery status evaluation. Dr. Brownfield did not undergo the recommended evaluation.

⁴ The EtG/EtS urine test measures levels of ethyl glucuronide (EtG) and ethyl sulfate (EtS), alcohol-specific biomarkers, in the urine. EtG/EtS can be used to detect a range of alcohol consumption, between small acute doses, to chronic alcohol consumption. EtG/EtS can generally be detected from as soon as 2 hours and up to several days after alcohol consumption.

26. On or about February 14, 2020, PRN terminated Dr. Brownfield's monitoring contract due to his failure to comply with the contract's terms.

27. As of the date of this order, Dr. Brownfield is not under PRN monitoring, nor is he engaged in any treatment program.

28. In the course of their practice, physicians must possess good judgment and be able to provide appropriate care and treatment to patients. Dr. Brownfield's history of alcohol abuse, his multiple relapses on alcohol while in treatment, his falsification of his Florida medical license application to avoid further treatment, his termination from PRN, his persistence in his behavior despite the professional consequences, and the opinions and recommendations of doctors at Sante Center for Healing indicate that Dr. Brownfield is not capable of caring for patients in a safe manner. Therefore, Dr. Brownfield's continued unrestricted practice as a physician presents an immediate, serious danger to the health, welfare, and safety of the public.

29. Independent medical experts have determined that Dr. Brownfield is unable to practice medicine with reasonable skill and safety to patients. Because Dr. Brownfield has discontinued PRN monitoring and his treatment program, there is a significant likelihood that Dr. Brownfield's inability to practice medicine with reasonable skill and safety to patients will continue. This constitutes an

immediate, serious danger to the public health, safety, and welfare. As a result, there are no less restrictive means, other than the terms of this Order, that will adequately protect the public from Dr. Brownfield's continued unrestricted practice of medicine.

CONCLUSIONS OF LAW

Based on the foregoing Findings of Fact, the State Surgeon General concludes as follows:

1. The State Surgeon General has jurisdiction over this matter pursuant to sections 20.43 and 456.073(8) and chapter 458, as set forth above.
2. Section 458.331(1)(s), Florida Statutes (2019), authorizes discipline, including restriction, for being unable to practice medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition.
3. Dr. Brownfield violated section 458.331(1)(s) by being unable to practice medicine with reasonable skill and safety to patients due to his alcohol use disorder.
4. Section 456.072(1)(hh), Florida Statutes (2019), provides that being terminated from an impaired practitioner program for failure to comply, with good

cause, with the terms of the monitoring contract constitutes grounds for discipline against a licensee.

5. Dr. Brownfield violated section 456.072(1)(hh) by being terminated from PRN for failing to comply with PRN's monitoring and treatment recommendations without good cause.

6. Section 458.331(1)(a), Florida Statutes (2018), provides that obtaining a license to practice medicine by fraudulent misrepresentation constitutes grounds for discipline against a physician.

7. Respondent violated section 458.331(1)(a) by deliberately making one or more false representations concerning his history of substance abuse treatment on his Florida medical license application.

8. Section 120.60(6) authorizes the State Surgeon General to summarily restrict a medical doctor's license upon a finding that the medical doctor presents an immediate, serious danger to the public health, safety, or welfare.

9. Dr. Brownfield's continued unrestricted practice as a medical doctor constitutes an immediate, serious danger to the health, safety, or welfare of the citizens of the State of Florida, and this summary procedure is fair under the circumstances to adequately protect the public.
