19 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
20 entitled proceedings that the following matters are true;

21 **PARTIES**

22 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
23 California (Board). He brought this action solely in his official capacity and is represented in this
24 matter by Rob Bonta, Attorney General of the State of California, by Lawrence Mercer, Deputy
25 Attorney General.
26
27
28

2. Respondent Mi Ran Park, M.D. (Respondent) is represented in this proceeding by her attorneys Bradford J. Hinshaw and Hinshaw, Marsh, Still & Hinshaw, LLP, 12901 Saratoga Ave, Saratoga CA 95070.

3. On or about April 23, 2008, the Board issued Physician's and Surgeon's Certificate No. A 103558 to Mi Ran Park, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2019-053505, and will expire on November 30, 2023, unless renewed.

JURISDICTION

4. Accusation No. 800-2019-053505 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on January 19, 2021. Respondent timely filed her Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 800-2019-053505 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2019-053505. Respondent has also carefully read, fully discussed with her counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of her legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against her; the right to present evidence and to testify on her own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

1 **CULPABILITY**

2 9. Respondent understands and agrees that the charges and allegations in Accusation
3 No. 800-2019-053505, if proven at a hearing, constitute cause for imposing discipline upon her
4 Physician's and Surgeon's Certificate.

5 10. Respondent agrees that, at a hearing, Complainant could establish a factual basis for
6 the charges in the Accusation, and that Respondent hereby gives up her right to contest those
7 charges.

8 11. Respondent agrees that her Physician's and Surgeon's Certificate is subject to
9 discipline and she agrees to be bound by the Board's probationary terms as set forth in the
10 Disciplinary Order below.

11 **CONTINGENCY**

12 12. This stipulation shall be subject to approval by the Medical Board of California.
13 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
14 Board of California may communicate directly with the Board regarding this stipulation and
15 settlement, without notice to or participation by Respondent or her counsel. By signing the
16 stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek
17 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
18 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
19 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
20 action between the parties, and the Board shall not be disqualified from further action by having
21 considered this matter.

22 13. Respondent agrees that if she ever petitions for early termination or modification of
23 probation, or if an accusation and/or petition to revoke probation is filed against her before the
24 Board, all of the charges and allegations contained in Accusation No. 800-2019-053505 shall be
25 deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any

16. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 103558 issued to Respondent MI RAN PARK, M.D. is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions:

2. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in medical record keeping approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent.

1 Respondent shall participate in and successfully complete the classroom component of the course
2 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
3 complete any other component of the course within one (1) year of enrollment. The medical
4 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing
5 Medical Education (CME) requirements for renewal of licensure.

6 A medical record keeping course taken after the acts that gave rise to the charges in the
7 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
8 or its designee, be accepted towards the fulfillment of this condition if the course would have
9 been approved by the Board or its designee had the course been taken after the effective date of
10 this Decision.

11 Respondent shall submit a certification of successful completion to the Board or its
12 designee not later than 15 calendar days after successfully completing the course, or not later than
13 15 calendar days after the effective date of the Decision, whichever is later.

14 3. CLINICAL COMPETENCE ASSESSMENT PROGRAM. Within 60 calendar days
15 of the effective date of this Decision, Respondent shall enroll in a clinical competence assessment
16 program approved in advance by the Board or its designee. Respondent shall successfully
17 complete the program not later than six (6) months after Respondent's initial enrollment unless
18 the Board or its designee agrees in writing to an extension of that time.

19 The program shall consist of a comprehensive assessment of Respondent's physical and
20 mental health and the six general domains of clinical competence as defined by the Accreditation
21 Council on Graduate Medical Education and American Board of Medical Specialties pertaining to
22 Respondent's current or intended area of practice. The program shall take into account data
23 obtained from the pre-assessment, self-report forms and interview, and the Decision(s),
24 Accusation(s), and any other information that the Board or its designee deems relevant. The
25 program shall require Respondent's on-site participation for a minimum of three (3) and no more
26 than five (5) days as determined by the program for the assessment and clinical education
27 evaluation. Respondent shall pay all expenses associated with the clinical competence
28 assessment program.

1 At the end of the evaluation, the program will submit a report to the Board or its designee
2 which unequivocally states whether the Respondent has demonstrated the ability to practice
3 safely and independently. Based on Respondent's performance on the clinical competence
4 assessment, the program will advise the Board or its designee of its recommendation(s) for the
5 scope and length of any additional educational or clinical training, evaluation or treatment for any
6 medical condition or psychological condition, or anything else affecting Respondent's practice of
7 medicine. Respondent shall comply with the program's recommendations.

8 Determination as to whether Respondent successfully completed the clinical competence
9 assessment program is solely within the program's jurisdiction.

10 If Respondent fails to enroll, participate in, or successfully complete the clinical
11 competence assessment program within the designated time period, Respondent shall receive a
12 notification from the Board or its designee to cease the practice of medicine within three (3)
13 calendar days after being so notified. The Respondent shall not resume the practice of medicine
14 until enrollment or participation in the outstanding portions of the clinical competence assessment
15 program have been completed. If the Respondent did not successfully complete the clinical
16 competence assessment program, the Respondent shall not resume the practice of medicine until a
17 final decision has been rendered on the accusation and/or a petition to revoke probation. The
18 cessation of practice shall not apply to the reduction of the probationary time period.]

19 4. MONITORING -- PRACTICE. Within 30 calendar days of the effective date of this
20 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice
21 monitor, the name and qualifications of one or more licensed physicians and surgeons whose
22 licenses are valid and in good standing, and who are preferably American Board of Medical
23 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
24 relationship with Respondent, or other relationship that could reasonably be expected to
25 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
26 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
27 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

28 The Board or its designee shall provide the approved monitor with copies of the Decision

1 and Accusation, and a proposed monitoring plan. Within 15 calendar days of receipt of the
2 Decision, Accusation, and proposed monitoring plan, the monitor shall submit a signed statement
3 that the monitor has read the Decision and Accusation, fully understands the role of a monitor,
4 and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees with the
5 proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed
6 statement for approval by the Board or its designee.

7 Within 60 calendar days of the effective date of this Decision, and continuing throughout
8 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
9 make all records available for immediate inspection and copying on the premises by the monitor
10 at all times during business hours and shall retain the records for the entire term of probation.

11 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
12 date of this Decision, Respondent shall receive a notification from the Board or its designee to
13 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
14 shall cease the practice of medicine until a monitor is approved to provide monitoring
15 responsibility.

16 The monitor shall submit a quarterly written report to the Board or its designee which
17 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
18 are within the standards of practice of medicine and whether Respondent is practicing medicine
19 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure
20 that the monitor submits the quarterly written reports to the Board or its designee within 10
21 calendar days after the end of the preceding quarter.

22 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
23 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
24 name and qualifications of a replacement monitor who will be assuming that responsibility within
25 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
26 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
27 notification from the Board or its designee to cease the practice of medicine within three (3)
28 calendar days after being so notified. Respondent shall cease the practice of medicine until a

1 replacement monitor is approved and assumes monitoring responsibility.

2 In lieu of a monitor, Respondent may participate in a professional enhancement program
3 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
4 review, semi-annual practice assessment, and semi-annual review of professional growth and
5 education. Respondent shall participate in the professional enhancement program at Respondent's
6 expense during the term of probation.

7 5. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
8 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the
9 Chief Executive Officer at every hospital where privileges or membership are extended to
10 Respondent, at any other facility where Respondent engages in the practice of medicine,
11 including all physician and locum tenens registries or other similar agencies, and to the Chief
12 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
13 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15
14 calendar days.

15 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

16 6. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
17 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
18 advanced practice nurses.

19 7. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
20 governing the practice of medicine in California and remain in full compliance with any court
21 ordered criminal probation, payments, and other orders.

22 8. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
23 under penalty of perjury on forms provided by the Board, stating whether there has been
24 compliance with all the conditions of probation.

25 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
26 of the preceding quarter.

27 //

1 9. GENERAL PROBATION REQUIREMENTS.

2 Compliance with Probation Unit

3 Respondent shall comply with the Board's probation unit.

4 Address Changes

5 Respondent shall, at all times, keep the Board informed of Respondent's business and
6 residence addresses, email address (if available), and telephone number. Changes of such
7 addresses shall be immediately communicated in writing to the Board or its designee. Under no
8 circumstances shall a post office box serve as an address of record, except as allowed by Business
9 and Professions Code section 2021, subdivision (b).

10 Place of Practice

11 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
12 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
13 facility.

14 License Renewal

15 Respondent shall maintain a current and renewed California physician's and surgeon's
16 license.

17 Travel or Residence Outside California

18 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
19 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
20 (30) calendar days.

21 In the event Respondent should leave the State of California to reside or to practice
22 ,Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
23 departure and return.

24 10. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
25 available in person upon request for interviews either at Respondent's place of business or at the
26 probation unit office, with or without prior notice throughout the term of probation.

27 11. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
28 its designee in writing within 15 calendar days of any periods of non-practice lasting more than

1 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
2 defined as any period of time Respondent is not practicing medicine as defined in Business and
3 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
4 patient care, clinical activity or teaching, or other activity as approved by the Board. If
5 Respondent resides in California and is considered to be in non-practice, Respondent shall
6 comply with all terms and conditions of probation. All time spent in an intensive training
7 program which has been approved by the Board or its designee shall not be considered non-
8 practice and does not relieve Respondent from complying with all the terms and conditions of
9 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
10 on probation with the medical licensing authority of that state or jurisdiction shall not be
11 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
12 period of non-practice.

13 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
14 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
15 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
16 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
17 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

18 Respondent's period of non-practice while on probation shall not exceed two (2) years.

19 Periods of non-practice will not apply to the reduction of the probationary term.

20 Periods of non-practice for a Respondent residing outside of California will relieve
21 Respondent of the responsibility to comply with the probationary terms and conditions with the
22 exception of this condition and the following terms and conditions of probation: Obey All Laws;
23 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
24 Controlled Substances; and Biological Fluid Testing..

25 12. COMPLETION OF PROBATION. Respondent shall comply with all financial
26 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
27 completion of probation. Upon successful completion of probation, Respondent's certificate shall
28 be fully restored.

1 13. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
2 of probation is a violation of probation. If Respondent violates probation in any respect, the
3 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
4 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
5 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
6 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
7 the matter is final.

8 14. LICENSE SURRENDER. Following the effective date of this Decision, if
9 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
10 the terms and conditions of probation, Respondent may request to surrender his or her license.
11 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
12 determining whether or not to grant the request, or to take any other action deemed appropriate
13 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
14 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
15 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
16 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
17 application shall be treated as a petition for reinstatement of a revoked certificate.

18 15. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
19 with probation monitoring each and every year of probation, as designated by the Board, which
20 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
21 California and delivered to the Board or its designee no later than January 31 of each calendar
22 year.

23 16. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
24 a new license or certification, or petition for reinstatement of a license, by any other health care
25 licensing action agency in the State of California, all of the charges and allegations contained in
26 Accusation No. 800-2019-053505 shall be deemed to be true, correct, and admitted by
27 Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or
28 restrict license.

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, or such other action taken in relation to discipline as the Board deems proper.

The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts.

(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care.

FIRST CAUSE FOR DISCIPLINE

7. Respondent Mi Ran Park, M.D. is subject to disciplinary action under section 2234 and/or 2234(b) and/or 2234(c) in that Respondent engaged in unprofessional conduct and/or gross

1 negligence and/or repeated acts of negligence in her care and treatment of Patient 1.¹ The
2 circumstances are as follows:

3 8. At all relevant times, Respondent was a physician with a specialization in Family
4 Medicine in the County of Santa Clara, California.

5 9. On September 11, 2014, Patient 1, a 63-year-old woman with a history significant for
6 Stage IIIB uterine and cervical cancer treated with surgery, radiation and chemotherapy,
7 presented with complaints of severe vaginal atrophy and dyspareunia. Patient 1 stated that she had
8 been given several vaginal dilators by her treating OB/GYN, but her efforts at dilation at home
9 were too painful. Patient 1 requested Respondent's assistance with vaginal dilation for relief from
10 her dyspareunia.

11 10. Although Respondent had no experience performing vaginal dilation, she agreed to
12 provide treatment to Patient 1. She did not obtain Patient 1's prior medical records relating to her
13 cancer treatment nor did she consult with Patient 1's treating OB/GYN. Respondent did elicit a
14 history of cervical cancer, but she did not perform a Pap smear or document an evaluation of the
15 vaginal tissue. In an interview with the Board's investigator and medical consultant, Respondent
16 stated that she did perform a pelvic examination; however, she did not document such an
17 examination in her records. At the first visit, she provided anesthesia via a topical compound of
18 bupivacaine (20 percent), lidocaine (6 percent), tetracaine (2 percent) and a ketorolac injection.
19 Using the vaginal dilators that Patient 1 brought with her, Respondent attempted vaginal dilation
20 over approximately 40 minutes, after which she provided the topical compound and instructions
21 on home use of the anesthetic and dilators to Patient 1.

22 11. Patient 1 returned on September 30, 2014. At that time, in addition to dilation,
23 Respondent attempted scar removal to address the patient's vaginal stenosis. Utilizing a uterine or
24 endocervical curette and a suture removal kit, she removed scar tissue from the vagina in a
25 scraping procedure. Respondent did not obtain and/or did not document informed consent to this
26 procedure. In a subsequent interview, Respondent stated that she had never performed this
27 procedure before. Despite the patient's history of cancer, Respondent did not obtain and/or did

28 ¹ The patient's name is redacted to protect privacy.

1 not document pathology studies of the tissue that she removed. Even if the procedure had been
2 properly performed with appropriate surgical instruments, it would have been contraindicated by
3 the patient's history of gynecologic cancer and cancer treatment.

4 12. Between September 30, 2014 and April 13, 2015, Respondent performed serial
5 vaginal dilation and tissue removal procedures, each lasting 1 ½ to 3 hours. She used a suture
6 removal kit and a curette to scrape the inside walls of the vagina and pick or cut out tissue. If
7 Respondent had contacted Patient 1's treating OB/GYN, she would have been aware that Patient
8 1's OB/GYN had counseled the patient against seeking any surgical procedures to dilate her
9 stenosed vagina.

10 13. On April 13, 2015, Patient returned to Respondent for a further scraping procedure.
11 Respondent used instruments intended for endometrial biopsy to scrape the vaginal walls. The
12 procedure was performed with difficulty and what she described as mild bloody oozing. The
13 procedure took three hours, after which Respondent packed the area with gauze. The patient was
14 discharged with doxycycline (an antibiotic), 100 mg, BID.

15 14. At a subsequent interview, Respondent advised that the patient called her office the
16 following morning to say she had leaked urine in the night and had gone to the local emergency
17 room. Respondent stated that she had not completed her progress note when she received this
18 information and, recognizing that there had been an intraoperative complication, she took a
19 photograph of the instruments she used in the procedure and prepared an extensive note
20 explaining her treatment at that time.

21 15. Patient 1 was subsequently diagnosed with a ureterovaginal fistula, which was caused
22 by Respondent's procedure, and she required extensive medical and surgical care to recover.

23 16. Respondent is guilty of unprofessional conduct and her certificate is subject to
24 discipline pursuant to Business and Professions Code sections 2234 and/or 2234(b) and/or
25 2234(c) in that Respondent was grossly negligent or committed repeated acts of negligence in her
26 treatment of Patient 1, including but not limited to the following.

1 A. Respondent failed to perform an adequate initial evaluation in that she failed to obtain
2 prior medical records and failed to perform and/or document a careful pelvic examination and
3 evaluation of the pelvic tissue;

4 B. Respondent failed to communicate with the patient's primary care physician prior to
5 formulating and initiating a treatment plan;

6 C. Respondent failed to obtain and/or document informed consent, including discussion
7 of the nature of the planned procedure, the attendant risks and benefits and alternative treatments;

8 D. Respondent undertook to recommend and initiate a surgical treatment for which she
9 had neither the training nor experience to perform;

10 E. Respondent performed procedures involving tissue removal, but did not have the
11 tissue pathologically evaluated.

12 **SECOND CAUSE FOR DISCIPLINE**

13 **(Inadequate and Inaccurate Records)**

14 17. Respondent is subject to discipline pursuant to Section 2234 and/or 2234(b) and/or
15 2234(c) and 2266 for failure to maintain adequate and accurate records.

16 18. Respondent's records are handwritten and largely illegible. The records frequently
17 utilize notations and shorthand that would not be readily understandable to other physicians. The
18 records also lack essential information including, but not limited to, history of the patient's cancer
19 treatment and gynecologic care, findings on physical examination, problem lists, medication lists,
20 informed consent, laboratory tests, Pap tests and pathology reports.
