- (1) It employs or contracts with toxicologists that are licensed physicians and have knowledge of substance abuse disorders and the appropriate medical training to interpret and evaluate laboratory biological fluid test results, medical histories, and any other information relevant to biomedical information.

The contract shall require that the laboratory directly notify the Board or its designee of non-negative results within one (I) business day and negative test results within seven (7) business days of the results becoming available. Respondent shall maintain this laboratory or service contract during the period of probation.

After the issuance of a cease-practice order, the Board shall determine whether the positive biological fluid test is in fact evidence of prohibited substance use by consulting with the specimen collector and the laboratory, communicating with the licensee, his or her treating physician(s), other health care provider, or group facilitator, as applicable.

For purposes of this condition, the terms "biological fluid testing" and "testing" mean the acquisition and chemical analysis of a Respondent's urine, blood, breath, or hair.

For purposes of this condition, the term "prohibited substance" means an illegal drug, a lawful drug not prescribed or ordered by an appropriately licensed health care provider for use by Respondent and approved by the Board, alcohol, or any other substance the Respondent has been instructed by the Board not to use, consume, ingest, or administer to himself or herself.

If the Board confirms that a positive biological fluid test is evidence of use of a prohibited substance, Respondent has committed a major violation, as defined in section 1361.52(a), and the Board shall impose any or all of the consequences set forth in section 1361.52(b), in addition to any other terms or conditions the Board determines are necessary for public protection or to enhance Respondent's rehabilitation.

- 8. <u>VIOLATION OF PROBATION CONDITION FOR SUBSTANCE ABUSING</u>

 <u>LICENSEES.</u> Failure to fully comply with any term or condition of probation is a violation of probation.
- A. If Respondent commits a major violation of probation as defined by section 1361.52, subdivision (a), of Title 16 of the California Code of Regulations, the Board shall take one or more of the following actions:
- (1) Issue an immediate cease-practice order and order Respondent to undergo a clinical diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense. The cease-practice order issued by the Board or its designee shall state that Respondent must test negative for at least a

///

month of continuous biological fluid testing before being allowed to resume practice. For purposes of determining the length of time a Respondent must test negative while undergoing continuous biological fluid testing following issuance of a cease-practice order, a month is defined as thirty calendar (30) days. Respondent may not resume the practice of medicine until notified in writing by the Board or its designee that he or she may do so.

- (2) Increase the frequency of biological fluid testing.
- (3) Refer Respondent for further disciplinary action, such as suspension, revocation, or other action as determined by the Board or its designee.
- B. If Respondent commits a minor violation of probation as defined by section 1361.52, subdivision (c), of Title 16 of the California Code of Regulations, the Board shall take one or more of the following actions:
 - (1) Issue a cease-practice order;
 - (2) Order practice limitations;
 - (3) Order or increase supervision of Respondent;
 - (4) Order increased documentation;
 - (5) Issue a citation and fine, or a warning letter;
- (6) Order Respondent to undergo a clinical diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense;
 - (7) Take any other action as determined by the Board or its designee.
- C. Nothing in this Decision shall be considered a limitation on the Board's authority to revoke Respondent's probation if he or she has violated any term or condition of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

Respondent shall maintain a current and renewed California physician's and surgeon's license.

Travel or Residence Outside California

Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards' Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

- 7. Section 2236 of the Code states:

The record of conviction shall be conclusive evidence only of the fact that the conviction occurred.

The record of the conviction is conclusive evidence of such unprofessional conduct.

(b) A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The [Board] may order discipline of the licensee in accordance with Section 2227 or the Division of Licensing may order the denial of the license when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

9. California Code of Regulations, title 16, section 1360, states:

Such crimes or acts shall include but not be limited to the following: Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision of the Medical Practice Act.

CAUSE FOR DISCIPLINE

(Unprofessional Conduct: Dangerous Use of Alcohol and DUI Conviction)

- 10. On Sunday night, September 25, 2016, at approximately 9:06 p.m., Redwood City police officers were dispatched to investigate a report that an individual had driven a vehicle into a telephone pole and then had driven away. The officers arrived at the reported intersection and observed a telephone pole with a pool of radiator fluid at its base. They followed a trail of the radiator fluid for approximately 1,000 feet to Respondent's home, where they found Respondent lying on the ground near his damaged car.
- 11. Respondent admitted drinking several alcoholic beverages that night, before driving his car into the telephone pole and then driving home.
- 12. Respondent displayed objective signs of intoxication and his performance during a series of field sobriety tests was consistent with alcohol impairment. Preliminary alcohol screening tests showed Respondent's blood alcohol content (BAC) to have been 0.292% and 0.278%. The officers arrested Respondent for driving under the influence of alcohol. Further

alcohol breath screening tests showed Respondent's BAC to have been 0.26% at 11:34 p.m. and 0.26% at 11:37 p.m.

- 13. On December 13, 2016, the San Mateo District Attorney's Office filed a Misdemeanor Complaint in San Mateo County Superior Court, in Case No. 16SM014412, charging Respondent with violating Vehicle Code Sections 23152(a) (driving while under the influence of alcohol), 23152(b) (driving with a blood alcohol content of 0.08 percent or more), and 20002(a) (hit and run driving resulting in property damage). The Complaint also included a special allegation that Respondent's BAC was 0.15 percent or greater, within the meaning of Vehicle Code section 23578.
- 14. On February 2, 2018, Respondent pleaded no contest to violating Vehicle Code section 23152(b) (driving with a blood alcohol content of 0.08 percent or more) and admitted the special allegation that his BAC had been 0.15 percent or greater, within the meaning of Vehicle Code section 23578. As part of Respondent's plea bargain, the District Attorney's office dismissed the charges that he had violated Vehicle Code sections 23152(a) (driving while under the influence of alcohol) and 20002(a) (hit and run driving resulting in property damage).
- 15. The court sentenced Respondent to four days of jail and three years of court probation, to be served through February 2, 2021. The court also ordered Respondent to pay a fine and to complete the First Offender DUI Program.
- 16. Respondent drove his car while under the influence of an excessive amount of alcohol in a manner dangerous to himself and others, in violation of Code section 2239 (dangerous use of alcohol) and section 2234 (unprofessional conduct).
- 17. Respondent's February 2, 2018 criminal conviction for driving with a blood alcohol content greater than 0.08% and his admission to the special allegation confirming his BAC to have been 0.15% or greater are substantially related to the qualifications, functions and duties of a physician and surgeon. As such, his conviction constitutes a violation of Code section 2236 (criminal conviction) and section 2234 (unprofessional conduct).
