JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

A. Section 2227 of the Code provides, in part, that the Board may revoke, suspend for a period not to exceed one year, or place on probation, the license of any licensee who has been found guilty under the Medical Practice Act, and may recover the costs of probation monitoring.

B. Section 2234 of the Code provides, in part, that the Board shall take action against any licensee who is charged with unprofessional conduct.

C. Section 2305 of the Code provides, in part, that the revocation, suspension, or other discipline, restriction or limitation imposed by another state upon a license to practice medicine issued by that state, or the revocation, suspension, or restriction of the authority to practice medicine by any agency of the federal government, that would have been grounds for discipline in California under the Medical Practice Act, constitutes grounds for discipline for unprofessional conduct against the licensee in California.

D. Section 141 of the Code provides:

“(a) For any licensee holding a license issued by a board under the jurisdiction of a department, a disciplinary action taken by another state, by any agency of the federal government, or by another country for any act substantially related to the practice regulated by the California license, may be a ground for disciplinary action by the respective state licensing board. A certified copy of the record of the disciplinary action taken against the licensee by another state, an agency of the federal government, or another country shall be conclusive evidence of the events related therein.

(b) Nothing in this section shall preclude a board from applying a specific statutory provision in the licensing act administered by the board that provides for discipline based upon a disciplinary action taken against the licensee by another state, an agency of the federal government, or another country.”

1 CAUSE FOR DISCIPLINE

2 (Discipline, Restriction, or Limitation Imposed by Another State)

3 4. Respondent John Giles Prucha, M.D. is subject to disciplinary action under sections
4 2305 and/or 141 of the Code in that on December 3, 2020, the Colorado Medical Board (the
5 Colorado Board) issued a Letter of Admonishment (the Colorado Letter) involving Respondent.
6 Respondent's Colorado license was accordingly disciplined, restricted, and limited. The
7 Colorado Letter is attached to this Accusation as Exhibit A. The circumstances are set forth in
8 the attached Colorado Letter and summarized here as follows:

9 5. On July 15, 2020, Patient 1¹ presented to Respondent's medical facility to receive
10 maintenance allergy desensitization shots. Respondent directed his medical assistant to prepare
11 the injection by drawing the serum for the shot. Respondent did not verify whether there were
12 instructions provided with the serum. Nor did Respondent provide the medical assistant with
13 specific instructions for the dosage for the shot. Accordingly, rather than drawing only a portion
14 of the vial, the medical assistant drew the entire vial. During the injection, Patient 1 expressed
15 concern about the volume of the serum, at which point Respondent stopped the injection. A
16 subsequent conversation with Patient 1 confirmed that the volume of serum was greater than what
17 he normally received. Upon learning this, Respondent gave Patient 1 epinephrine and arranged
18 for the patient to go to the Emergency Department for observation.

19 6. The Colorado Board found that Respondent committed unprofessional conduct when
20 he:

- 21 • did not confirm the correct dosage for the injection;
- 22 • provided inadequate supervision and direction to the medical assistant for the specific
- 23 dosing for the drug; and
- 24 • did not verify that the dosage was adequate when he administered the injection to
- 25 Patient 1.

26
27
28 ¹ The name Patient 1 is used to protect the patient's privacy. Respondent is aware of the
identity of Patient 1.

1 These errors resulted in the need for additional medical treatment for Patient 1 and the use
2 of emergency services. Accordingly, the Colorado Board formally disciplined and admonished
3 Respondent via the December 3, 2020 Colorado Letter, warning Respondent that repetition of
4 such practice could lead to imposition of more severe disciplinary action.

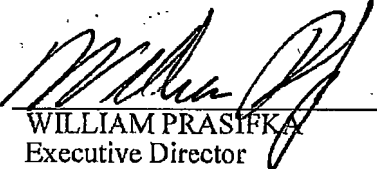

5 7. The actions of the Colorado Board and the Colorado Letter, as set forth above and in
6 the attached Colorado Letter, constitute cause for discipline pursuant to sections 2305 and/or 141
7 of the Code.

8 **PRAYER**

9 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
10 and that following the hearing, the Medical Board of California issue a decision:

- 11 1. Revoking or suspending Physician's and Surgeon's Certificate Number A139437,
12 issued to John Giles Prucha, M.D.;
- 13 2. Revoking, suspending or denying approval of John Giles Prucha, M.D.'s authority to
14 supervise physician assistants and advanced practice nurses;
- 15 3. Ordering John Giles Prucha, M.D., if placed on probation, to pay the Board the costs
16 of probation monitoring; and
- 17 4. Taking such other and further action as deemed necessary and proper.

John Prucha, M.D.

Re: License Number: DR #60959

Case Number: 2020-5629-B

Dear Prucha,

The Colorado Medical Board has concluded its inquiry into the aforementioned matter. It was the Panel's decision not to commence with formal proceedings against your professional license. However, the Panel did determine disciplinary action in the form of this letter of admonition is warranted.

As you recall, on July 15, 2020, Patient 1 presented to your medical facility to receive maintenance allergy desensitization shots. You directed your medical assistant to prepare the injection by drawing the serum for the shot. You did not verify whether there were instructions provided with the serum, nor did you provide the medical assistant with specific instructions for the dosage for the shot. As such, rather than drawing only a portion of the vial, the medical assistant drew the entire vial. During the injection, Patient 1 expressed concern about the volume of the serum, at which point you stopped the injection. A subsequent conversation with Patient 1 confirmed that the volume of serum was greater than what he normally received. Upon learning this, you gave Patient 1 epinephrine and arranged for him to go to the emergency department for observation.

After reviewing the information in this matter, the Panel concluded that you committed unprofessional conduct, in violation of section 12-240-121(1)(j) of the Colorado Revised Statutes. Specifically, you did not confirm the correct dosage for the injection, you provided inadequate supervision and direction to the medical assistant for the specific dosing for the drug, and you did not verify that the dosage was adequate when you administered the injection to Patient 1. These errors resulted in the need for additional medical treatment for Patient 1 and the use of emergency services.

By this letter, the Board takes the formal disciplinary action of admonishing you for the conduct specified above, and warns you that repetition of such practice may lead to imposition of more severe disciplinary action. This letter is an open public record and a reportable action to individuals or entities requesting disciplinary information. The Board strongly encourages you to review and understand the Medical Practice Act requirements and obligations for the practice of medicine in Colorado.

In accordance with 12-20-404(4)(b), the Board advises you that you have the right to make a written request that the Board initiate formal disciplinary proceedings in order to adjudicate the conduct or acts upon which this letter is based. You must make your written request within twenty (20) days after receipt of this letter and address your request to Paula E. Martinez, Program Director, at the email address listed below. If you make a timely request, the Board will deem this letter of admonition vacated and may proceed with disciplinary and/or injunctive proceedings in accordance with 12-20-404(4)(b)(II), C.R.S., and applicable rules.
