3 **FIRST CAUSE FOR DISCIPLINE**

4 **Repeated Negligent Acts**

5 7. Respondent first saw Patient P-1¹ on July 24, 2017 as a new patient who recently
6 transferred to Salinas Valley State Prison. Significant history included a 2015 injury to his right
7 hand, and a recent surgery for trigger finger release on the same hand in late March 2017, for
8 which he received morphine during the post-operative period followed by gabapentin thereafter.
9 He was seen by respondent for a 6-week follow-up of an earlier primary case appointment for his
10 right hand. The patient complained of difficulties using his right hand, claiming it was worse than
11 before his March surgery. He indicated that he had problems writing letters and grasping objects
12 using his right hand. Respondent noted his issue with chronic neuropathic pain in the right hand.
13 Respondent's physical exam noted a 4th/5th metacarpals deformity and surgical scars on dorsum
14 of hand and palm, pain-limited decreased grip strength, but no forearm muscle atrophy, and
15 sensation intact to light touch. The patient was using gabapentin and ibuprofen for pain
16 management. Respondent submitted a non-formulary request for a continuation of the patient's
17 gabapentin. The non-formulary request was denied the same day, and an order for its
18 discontinuance was issued with a tapering of his gabapentin. Respondent at that time took no
19 further action to prescribe alternative adjunctive pain medication for the patient. On July 30th, the
20 patient refused to accept his medications when offered that day.

21 8. Respondent next saw the patient on August 14, 2017. In the interim the patient had
22 been seen by another physician on August 3, 2017 who also did not offer any replacement pain
23 medication during the gabapentin taper. The patient also was seen by a nurse on August 7 and 9,
24 2017 with complaints regarding pain and a burning sensation in his right hand. At this second
25 visit with the patient, the Respondent noted the above, and that the patient was concerned about
26 the ongoing paresthesia over his right wrist, which he described as worse since the gabapentin
27 taper. After noting the prior pain medications that had been tried, Respondent discussed with the

1 patient a trial of tricyclic medication (TCA), but indicated his desire to discuss possible drug
2 interaction with the patient's treating psychiatrist. Respondent scheduled a 6-week follow-up to
3 discuss further medication changes, but made no effort to provide any other medication relief at
4 that time. Respondent next saw the patient on September 18, 2017 at which time he ordered a trial
5 of amitriptyline along with a baseline EKG, which the patient later refused.

6 9. Respondent is subject to disciplinary action, and is guilty of unprofessional conduct,
7 under section 2234, subdivisions (b), (c) and (d) of the Code in that his acts and omissions
8 comprised gross negligence and/or repeated negligent acts and/or incompetence in his care and
9 treatment of Patient P-1, as described in Paragraphs 7-8, above, including but not limited to the
10 following:

11 A. Respondent failed to treat Patient P-1's right hand neuropathic pain to a tolerable
12 level with either medication or other treatment modality.

13 B. Respondent failed to prescribe an alternative neuropathic pain medication for
14 approximately eight weeks as Patient P-1 reported worsening pain and numbness in his hand.

15 **PRAYER**

16 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
17 and that following the hearing, the Medical Board of California issue a decision:

18 1. Revoking or suspending Physician's and Surgeon's Certificate Number A 92023,
19 issued to Respondent Michael Kenneth Aure Mindoro, M.D.;

20 2. Revoking, suspending or denying approval of Respondent Michael Kenneth Aure
21 Mindoro, M.D.'s authority to supervise physician assistants and advanced practice nurses;

22 3. Ordering Respondent Michael Kenneth Aure Mindoro, M.D. to reimburse the Board
23 for its costs of investigation and prosecution and, if placed on probation, to pay the Board the
24 costs of probation monitoring;
