OAH No. 2021070436

**FIRST AMENDED ACCUSATION**

19  
20 **PARTIES**

21 1. William Prasifka (Complainant) brings this First Amended Accusation solely in his  
22 official capacity as the Executive Director of the Medical Board of California, Department of  
23 Consumer Affairs (Board).

24 2. On July 1, 2005, the Board issued Physician's and Surgeon's Certificate Number A  
25 92023 to Michael Kenneth Aure Mindoro, M.D. (Respondent). The Physician's and Surgeon's  
26 Certificate was in full force and effect at all times relevant to the charges brought herein and will  
27 expire on November 30, 2022, unless renewed.  
28

1 **JURISDICTION**

2 3. This First Amended Accusation is brought before the Board, under the authority of the  
3 following laws. All section references are to the Business and Professions Code (Code) unless  
4 otherwise indicated.

5 4. Section 2227 of the Code provides in pertinent part, that a licensee who is found guilty  
6 under the Medical Practice Act may have his license revoked, suspended for a period not to  
7 exceed one year, placed on probation and required to pay the costs of probation monitoring, or  
8 such other action taken in relation to discipline as the Board deems proper.

9 5. Section 2234 of the Code states, in pertinent part:

10 "The board shall take action against any licensee who is charged with unprofessional  
11 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not  
12 limited to, the following:

13 . . . "(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts  
14 or omissions. An initial negligent act or omission followed by a separate and distinct departure  
15 from the applicable standard of care shall constitute repeated negligent acts.

16 "(1) An initial negligent diagnosis followed by an act or omission medically appropriate for  
17 that negligent diagnosis of the patient shall constitute a single negligent act.

18 "(2) When the standard of care requires a change in the diagnosis, act, or omission that  
19 constitutes the negligent act described in paragraph (1), including, but not limited to, a  
20 reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the  
21 applicable standard of care, each departure constitutes a separate and distinct breach of the  
22 standard of care.

23 **COST RECOVERY**

24 6. Effective January 1, 2022, Section 125.3 of the Code provides, in pertinent part, that  
25 the Board may request the administrative law judge to direct a licensee found to have committed  
26 a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the  
27 investigation and enforcement of the case, with failure of the licensee to comply subjecting the  
28

1 license to not being renewed or reinstated. If a case settles, recovery of investigation and  
2 enforcement costs may be included in a stipulated settlement.

### 3 FIRST CAUSE FOR DISCIPLINE

#### 4 **Repeated Negligent Acts**

5 7. Respondent first saw Patient P-1<sup>1</sup> on July 24, 2017 as a new patient who recently  
6 transferred to Salinas Valley State Prison. Significant history included a 2015 injury to his right  
7 hand, and a recent surgery for trigger finger release on the same hand in late March 2017, for  
8 which he received morphine during the post-operative period followed by gabapentin thereafter.  
9 He was seen by respondent for a 6-week follow-up of an earlier primary case appointment for his  
10 right hand. The patient complained of difficulties using his right hand, claiming it was worse than  
11 before his March surgery. He indicated that he had problems writing letters and grasping objects  
12 using his right hand. Respondent noted his issue with chronic neuropathic pain in the right hand.  
13 Respondent's physical exam noted a 4<sup>th</sup>/5<sup>th</sup> metacarpals deformity and surgical scars on dorsum  
14 of hand and palm, pain-limited decreased grip strength, but no forearm muscle atrophy, and  
15 sensation intact to light touch. The patient was using gabapentin and ibuprofen for pain  
16 management. Respondent submitted a non-formulary request for a continuation of the patient's  
17 gabapentin. The non-formulary request was denied the same day, and an order for its  
18 discontinuance was issued with a tapering of his gabapentin. Respondent at that time took no  
19 further action to prescribe alternative adjunctive pain medication for the patient. On July 30<sup>th</sup>, the  
20 patient refused to accept his medications when offered that day.

21 8. Respondent next saw the patient on August 14, 2017. In the interim the patient had  
22 been seen by another physician on August 3, 2017 who also did not offer any replacement pain  
23 medication during the gabapentin taper. The patient also was seen by a nurse on August 7 and 9,  
24 2017 with complaints regarding pain and a burning sensation in his right hand. At this second  
25 visit with the patient, the Respondent noted the above, and that the patient was concerned about  
26 the ongoing paresthesia over his right wrist, which he described as worse since the gabapentin  
27 taper. After noting the prior pain medications that had been tried, Respondent discussed with the

28 <sup>1</sup> Patient name is redacted to protect privacy.

1 patient a trial of tricyclic medication (TCA), but indicated his desire to discuss possible drug  
2 interaction with the patient's treating psychiatrist. Respondent scheduled a 6-week follow-up to  
3 discuss further medication changes, but made no effort to provide any other medication relief at  
4 that time. Respondent next saw the patient on September 18, 2017 at which time he ordered a trial  
5 of amitriptyline along with a baseline EKG, which the patient later refused.

6 9. Respondent is subject to disciplinary action, and is guilty of unprofessional conduct,  
7 under section 2234, subdivisions (b), (c) and (d) of the Code in that his acts and omissions  
8 comprised gross negligence and/or repeated negligent acts and/or incompetence in his care and  
9 treatment of Patient P-1, as described in Paragraphs 7-8, above, including but not limited to the  
10 following:

11 A. Respondent failed to treat Patient P-1's right hand neuropathic pain to a tolerable  
12 level with either medication or other treatment modality.

13 B. Respondent failed to prescribe an alternative neuropathic pain medication for  
14 approximately eight weeks as Patient P-1 reported worsening pain and numbness in his hand.

15 **PRAYER**

16 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,  
17 and that following the hearing, the Medical Board of California issue a decision:

18 1. Revoking or suspending Physician's and Surgeon's Certificate Number A 92023,  
19 issued to Respondent Michael Kenneth Aure Mindoro, M.D.;

21 Mindoro, M.D.'s authority to supervise physician assistants and advanced practice nurses;

22 3. Ordering Respondent Michael Kenneth Aure Mindoro, M.D. to reimburse the Board  
23 for its costs of investigation and prosecution and, if placed on probation, to pay the Board the
