1 **PARTIES**

2 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
3 California (Board). He brought this action solely in his official capacity and is represented in this
4 matter by Rob Bonta, Attorney General of the State of California, by Sarah J. Jacobs, Deputy
5 Attorney General.

6 2. Respondent Michelle Elizabeth Reyes, M.D. (Respondent) is represented in this
7 proceeding by attorney Derek F. O'Reilly-Jones, Esq., whose address is: 355 South Grand
8 Avenue, Suite 1750, Los Angeles, CA 90071.

9 3. On or about January 20, 1994, the Board issued Physician's and Surgeon's Certificate
10 No. G 78285 to Michelle Elizabeth Reyes, M.D. (Respondent). The Physician's and Surgeon's
11 Certificate was in full force and effect at all times relevant to the charges brought in First
12 Amended Accusation No. 800-2018-042623, and will expire on October 31, 2023, unless
13 renewed.

14 **JURISDICTION**

15 4. First Amended Accusation No. 800-2018-042623 was filed before the Board, and is
16 currently pending against Respondent. The First Amended Accusation and all other statutorily
17 required documents were properly served on Respondent on January 14, 2022. Respondent
18 timely filed her Notice of Defense contesting the Accusation.

19 5. A copy of First Amended Accusation No. 800-2018-042623 is attached as Exhibit A
20 and incorporated herein by reference.

21 **ADVISEMENT AND WAIVERS**

22 6. Respondent has carefully read, fully discussed with counsel, and understands the
23 charges and allegations in First Amended Accusation No. 800-2018-042623. Respondent has
24 also carefully read, fully discussed with her counsel, and understands the effects of this Stipulated
25 Settlement and Disciplinary Order.

26 7. Respondent is fully aware of her legal rights in this matter, including the right to a
27 hearing on the charges and allegations in the First Amended Accusation; the right to confront
28 and cross-examine the witnesses against her; the right to present evidence and to testify on her
own behalf; the right

1 to the issuance of subpoenas to compel the attendance of witnesses and the production of
2 documents; the right to reconsideration and court review of an adverse decision; and all other
3 rights accorded by the California Administrative Procedure Act and other applicable laws.

4 8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and
5 every right set forth above.

6 CULPABILITY

7 9. Respondent does not contest that, at an administrative hearing, complainant could
8 establish a *prima facie* case with respect to the charges and allegations contained in First
9 Amended Accusation No. 800-2018-042623 and that she has thereby subjected her license to
10 disciplinary action.

11 10. Respondent agrees that if she ever petitions for early termination or modification of a
12 future grant of probation, or if an accusation and/or petition to revoke probation is filed against
13 her before the Board, all of the charges and allegations contained in First Amended Accusation
14 No. 800-2018-042623 shall be deemed true, correct and fully admitted by Respondent for
15 purposes of any such proceeding or any other licensing proceeding involving Respondent in the
16 State of California.

17 11. Respondent agrees that her Physician's and Surgeon's Certificate is subject to
18 discipline and she agrees to be bound by the Board's imposition of discipline as set forth in the
19 Disciplinary Order below.

20 CONTINGENCY

21 12. This stipulation shall be subject to approval by the Medical Board of California.
22 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
23 Board of California may communicate directly with the Board regarding this stipulation and
24 settlement, without notice to or participation by Respondent or her counsel. By signing the
25 stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek
26 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
27 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
28 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal

1 action between the parties, and the Board shall not be disqualified from further action by having
2 considered this matter.

3 13. The parties understand and agree that Portable Document Format (PDF) and facsimile
4 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
5 signatures thereto, shall have the same force and effect as the originals.

6 14. In consideration of the foregoing admissions and stipulations, the parties agree that
7 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
8 enter the following Disciplinary Order:

9 **DISCIPLINARY ORDER**

10 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 78285 issued
11 to Respondent MICHELLE ELIZABETH REYES, M.D. is Publicly Reprimanded:

12 1. **PUBLIC REPRIMAND**

13 Physician's and Surgeon's Certificate No. G 78285 issued to Respondent Michelle
14 Elizabeth Reyes, M.D. shall be and is hereby Publicly Reprimanded pursuant to California
15 Business and Professions Code, section 2227, subdivision (a)(4). This Public Reprimand is issued
16 in connection with the conduct as set forth in the First Amended Accusation No. 800-2018-
17 042623.

18 2. **EDUCATION COURSE.** Within sixty (60) calendar days of the effective date of this
19 Decision, Respondent shall submit to the Board or its designee for its prior approval educational
20 program(s) or course(s), which shall not be less than 40 hours. The educational program(s) or
21 course(s) shall be completed by Respondent within one (1) year of the effective date of this
22 Decision, be aimed at correcting any areas of deficient practice or knowledge, and shall be
23 Category I certified. The educational program(s) or course(s) shall be at Respondent's expense
24 and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of
25 licensure. Following the completion of each course, the Board or its designee may administer an
26 examination to test Respondent's knowledge of the course. Respondent shall provide proof of
27 attendance for 65 hours of CME of which 40 hours were in satisfaction of this condition. If
28 Respondent fails to enroll, participate in, or successfully complete the education courses within

1 the designated time period, Respondent shall receive a notification from the Board or its designee
2 to cease the practice of medicine within three (3) calendar days after being so notified.
3 Respondent shall not resume the practice of medicine until she has completed the required
4 courses. Failure to enroll, participate in, or successfully complete the courses within the
5 designated time period shall constitute unprofessional conduct and grounds for further
6 disciplinary action.

7 3. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent shall
8 reimburse the Board its full costs of investigation and enforcement in the year of 2022, including,
9 but not limited to, expert review, amended accusations, legal reviews, joint investigations, and
10 subpoena enforcement, as applicable, in the amount of \$9,371.25 (nine thousand three hundred
11 seventy one dollars and twenty-five cents). Costs shall be payable to the Medical Board of
12 California within one (1) year from the effective date of this Decision.

13 Any and all requests for a payment plan shall be submitted in writing by Respondent to the
14 Board.

15 The filing of bankruptcy by Respondent shall not relieve Respondent of the responsibility
16 to repay investigation and enforcement costs.

17 4. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
18 a new license or certification, or petition for reinstatement of a license, by any other health care
19 licensing action agency in the State of California, all of the charges and allegations contained in
20 First Amended Accusation No. 800-2018-042623 shall be deemed to be true, correct, and
21 admitted by Respondent for the purpose of any Statement of Issues or any other proceeding
22 seeking to deny or restrict license.

23 ACCEPTANCE

24 I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully
25 discussed it with my attorney, Derek F. O'Reilly-Jones, Esq. I understand the stipulation and the
26 effect it will have on my Physician's and Surgeon's Certificate. I enter into this Stipulated
27 Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be
28 bound by the Decision and Order of the Medical Board of California.

JURISDICTION

3. This First Amended Accusation, which supersedes the Accusation filed on March 17, 2021, is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 2004 of the Code states:

The board shall have the responsibility for the following:

(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice Act.

(b) The administration and hearing of disciplinary actions.

(c) Carrying out disciplinary actions appropriate to findings made by a panel or an administrative law judge.

(d) Suspending, revoking, or otherwise limiting certificates after the conclusion of disciplinary actions.

(e) Reviewing the quality of medical practice carried out by physician and surgeon certificate holders under the jurisdiction of the board.

(f) Approving undergraduate and graduate medical education programs.

(g) Approving clinical clerkship and special programs and hospitals for the programs in subdivision (f).

(h) Issuing licenses and certificates under the board's jurisdiction.

(i) Administering the board's continuing medical education program.

5. Section 2227 of the Code states:

(a) A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

(1) Have his or her license revoked upon order of the board.

(2) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.

(3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.

(4) Be publicly reprimanded by the board. The public reprimand may include a requirement that the licensee complete relevant educational courses approved by the board.

1 (5) Have any other action taken in relation to discipline as part of an order of
probation, as the board or an administrative law judge may deem proper.

2 (b) Any matter heard pursuant to subdivision (a), except for warning letters,
3 medical review or advisory conferences, professional competency examinations,
4 continuing education activities, and cost reimbursement associated therewith that are
5 agreed to with the board and successfully completed by the licensee, or other matters
6 made confidential or privileged by existing law, is deemed public, and shall be made
7 available to the public by the board pursuant to Section 803.1.

8 STATUTORY PROVISIONS

9 6. Section 2234 of the Code, states:

10 The board shall take action against any licensee who is charged with
11 unprofessional conduct. In addition to other provisions of this article, unprofessional
12 conduct includes, but is not limited to, the following:

13 (a) Violating or attempting to violate, directly or indirectly, assisting in or
14 abetting the violation of, or conspiring to violate any provision of this chapter.

15 (b) Gross negligence.

16 (c) Repeated negligent acts. To be repeated, there must be two or more
17 negligent acts or omissions. An initial negligent act or omission followed by a
18 separate and distinct departure from the applicable standard of care shall constitute
19 repeated negligent acts.

20 (1) An initial negligent diagnosis followed by an act or omission medically
21 appropriate for that negligent diagnosis of the patient shall constitute a single
22 negligent act.

23 (2) When the standard of care requires a change in the diagnosis, act, or
24 omission that constitutes the negligent act described in paragraph (1), including, but
25 not limited to, a reevaluation of the diagnosis or a change in treatment, and the
26 licensee's conduct departs from the applicable standard of care, each departure
27 constitutes a separate and distinct breach of the standard of care.

28 (d) Incompetence.

(e) The commission of any act involving dishonesty or corruption that is
substantially related to the qualifications, functions, or duties of a physician and
surgeon.

(f) Any action or conduct that would have warranted the denial of a certificate.

(g) The failure by a certificate holder, in the absence of good cause, to attend
and participate in an interview by the board. This subdivision shall only apply to a
certificate holder who is the subject of an investigation by the board.

7. Section 2266 of the Code states:

The failure of a physician and surgeon to maintain adequate and accurate
records relating to the provision of services to their patients constitutes unprofessional
conduct.

1 **COST RECOVERY**

2 8. Section 125.3 of the Code provides, in pertinent part, that the Board may request the
3 administrative law judge to direct a licensee found to have committed a violation or violations of
4 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and
5 enforcement of the case, with failure of the licensee to comply subjecting the license to not being
6 renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be
7 included in a stipulated settlement.

8 **FACTUAL ALLEGATIONS**

9 9. Respondent was trained as an ophthalmologist. She currently practices cosmetic
10 surgery and age management medicine in Woodland Hills.

11 10. Patient 1,¹ a 60-year-old female, began treating with Respondent on or about June 14,
12 2013, for various cosmetic treatments to her face. These treatments included Botox injections,
13 Juverderm Voluma filler, Xeomin injections (similar to Botox), Vobella injections (hyaluronic
14 acid injected to augment the lips) and laser treatments, such as CO2 fraxel treatments.

15 11. On or about February 13, 2017, Patient 1 underwent a CO2RE Intima procedure for
16 vaginal rejuvenation, using the Syneron Candela CO2 laser platform. The Syneron Candela
17 CO2RE Intima laser is an ablative fractional CO2 laser technology. The principle by which
18 lasers rejuvenate tissue is that they create controlled injuries. The wound healing process
19 stimulates cell growth, new collagen formation and blood flow. Ablative lasers remove the top
20 layer of the skin and fractionated lasers treat only portions of the treatment area in a pixelated
21 fashion. By creating a small column of injury to the treated tissue, surrounded by untreated
22 tissue, fractionation distributes the effects of the laser and a more rapid healing process occurs
23 through the surrounding untreated areas. However, this causes the need for a number of
24 treatments to reach the desired results.² The Syneron Candela CO2 laser platform system has
25 different hand-pieces for internal vaginal and external vulvar use. There are also different

1 operating modes for resurfacing. It is not FDA-approved for vaginal rejuvenation; these
2 treatments are performed off-label.

3 12. Patient 1 was seen by Respondent on or about February 17, 2017, for insertion of
4 Biote pellets³ into her hip. At that visit, Respondent examined Patient 1's vaginal area.
5 Respondent noted that the area had no external swelling, there was no discharge, but fibrinous
6 exudate was noted on the labia minora, along with minimal edema. Patient 1 reported that she
7 went to Burke Williams Spa and soaked in the Jacuzzi; she was instructed not to do this and was
8 provided with a spray bottle containing diluted witch hazel to cleanse the area. Patient 1 was also
9 instructed to apply Aquaphor to her vulva to protect the area when she urinates.

10 13. On or about February 18, 2017, Patient 1 presented to West Hills Hospital and
11 Medical Center emergency department with complaints of vaginal pain and burning. She advised
12 that she also had dysuria⁴ and reported that she had undergone a vaginal rejuvenation procedure.
13 On examination, Patient 1 had small red lesions in her vagina with white mucous membrane and
14 clear brown discharge. A telephone consult with a burn nurse specialist was conducted. The
15 nurse advised application of gentamycin (antibiotic) ointment to a tampon to treat the injured
16 area. Laboratory tests and other examinations were conducted and a diagnosis of urinary tract
17 infection was rendered. Patient 1 was given intravenous pain medication and intravenous
18 antibiotics in the emergency department. She was discharged home with oral antibiotics and
19 Pyridium, a medication to relieve the symptoms of the urinary tract infection. She was advised to
20 follow up with her gynecologist.

21 14. On or about February 20, 2017, Respondent returned to West Hills Hospital and
22 Medical Center emergency department with complaints of increased pain and worsening dysuria.
23 On examination, her entire introital⁵ region and anterior vaginal mucosa had eroded. The skin
24 and mucosa were consistent with a burn ("colored tan patches"). There was no sign of infection.
25 Laboratory and other tests were conducted. The case was discussed with Patient 1's
26 gynecologist. A diagnosis of burn to the vagina was rendered. The plan was to handle the matter

1 on an outpatient basis. The patient was given topical gentamycin, topical lidocaine and
2 Dermoplast spray for pain management. She was instructed to continue oral antibiotics and pain
3 medication.

4 15. On or about February 21, 2017, Patient 1 was seen emergently by her gynecologist,
5 Dr. I.T. He noted red and white patches on the labia majora, which were "quite swollen,"
6 bilaterally. From the supra-clitoral region to the posterior fourchette, redness was noted. When
7 the labia were spread, the patient expressed extreme pain; more red and white blotches were seen
8 with swelling. A phimosis⁶ between the labia majora and the urethra made the urethra almost
9 unidentifiable. Attempts at urinary catheterization were unsuccessful and caused extreme pain to
10 Patient 1. Dr. I.T., therefore chose to have the patient directly admitted to West Hills Hospital
11 and Medical Center, with a urology consult to follow.

12 16. On or about February 22, 2017, Patient 1 was seen by Dr. B.E. from the Grossman
13 Burn Center of West Hills in consultation. Dr. B.E. attempted an examination of Patient 1's
14 genitals, but could not conduct a thorough examination due to extreme pain to the patient. The
15 plan was to evaluate the patient the next day in the operating room under general anesthesia.

16 17. Dr. B.E. took Patient 1 to surgery on February 23, 2017, under general anesthesia.
17 He examined her genitals and noted deep burns to her genital area secondary to laser vaginal
18 rejuvenation. He performed a debridement along the labia majora and labia minora and applied a
19 xenograft⁷ on the open tissue with Dermabond. Following her surgery, she was placed on the
20 burn ward of the Grossman Burn Center of West Hills Hospital and Medical Center for further
21 care.

22 18. Patient 1 was discharged from West Hills Hospital and Medical Center on or about
23 February 27, 2017. During her hospitalization, Patient 1 was on antibiotics for continued
24 treatment of the urinary tract infection, pain medication and other medication and therapies.

1 **FIRST CAUSE FOR DISCIPLINE**

2 **(Gross Negligence)**

3 19. Respondent Michelle Elizabeth Reyes, M.D. is subject to disciplinary action under
4 section 2234, subdivision (b), of the Code in that she was grossly negligent in her care and
5 treatment of Patient 1. The circumstances are as follows:

6 20. The allegations of paragraphs 9 through 18 are incorporated herein as if fully set
7 forth.

8 **Improper Use of the Syneron Candela CO2RE Intima Laser**

9 21. When using the Syneron Candela CO2RE Intima laser the standard of care requires
10 that protocols for internal and external vaginal treatments be followed. There are also different
11 hand-pieces for internal and external vaginal use. The device has different operating modes.
12 Deep mode is the sole mode used for internal vaginal treatment. For external treatment, the
13 ablation mode selected depends on the condition being treated.

14 22. The medical records for Patient 1 indicate that for the internal vaginal treatment,
15 Respondent used CO2RE Deep mode, using 50mJ⁸ of energy of 5% fractional density. Five
16 centimeters of tissue was treated with twelve pulses per rotation and one pass was performed.
17 This laser setting was appropriate for internal vaginal use.

18 23. When treating the introitus and vestibule, Respondent used CO2RE Light mode with
19 50mJ of energy and 50% fractional density. The labia minora was treated with sixteen pulses; the
20 labia majora was treated with zero pulses. Respondent noted this was a "light treatment-patient
21 with minimal labial laxity, unshaven." Respondent did not state an indication for the external
22 treatment, did not state her goal for the treatment and did not indicate her rationale for the
23 settings. It is unclear if she used the correct hand-piece.

24 24. Light mode, 50mJ energy with 50% fractional density is not the correct modality for
25 external vulvar treatment if the goal is tightening or to perform light treatment. Light mode does
26 not mean "light treatment." Fifty percent is the maximal fractional density on Light mode (range

27 ⁸ mJ is the abbreviation for millijoules; one thousandth of a joule. A joule is the energy
28 dissipated as heat when an electric current of one ampere passes through a resistance of one ohm
for one second.

1 30% to 50%). The energy used was 50mJ (range 30mJ to 60mJ). Thus, Respondent's use of the
2 CO2RE Light mode with 50mJ of energy and 50% fractional density did not constitute light
3 treatment, caused a thermal burn to Patient 1's genitals, and was an extreme departure from the
4 standard of care.

5 25. When Respondent was interviewed by representatives of the Board she stated that her
6 treatment of Patient 1 was "very light treatment with 5% coverage done on the outer area."
7 Respondent did not demonstrate that she understood the principle of using this laser on the
8 external vulvar region. Respondent's use of the CO2RE Light mode with 50mJ of energy and
9 50% fractional density on Patient 1's vulvar region was an extreme departure from the standard of
10 care and incompetence.

11 **Lack of Informed Consent**

12 26. The standard of care requires that informed consent be obtained from patients prior to
13 any medical procedure. This is done to ensure that the patient understands the procedure to be
14 performed and the potential risks, benefits and alternatives of the procedure.

15 27. A consent form for the CO2RE Intima procedure is contained in Patient 1's medical
16 records. However, Patient 1 did not sign or initial any portion of the consent form.

17 28. The failure of Respondent to obtain Patient 1's written informed consent for the
18 Syneron Candela CO2RE Intima procedure is an extreme departure from the standard of care.

19 **SECOND CAUSE FOR DISCIPLINE**

20 **(Repeated Negligent Acts)**

21 29. Respondent is subject to disciplinary action under section 2234, subdivision (c), of
22 the Code. The circumstances are as follows:

23 30. The allegations of the First Cause for Discipline are incorporated herein as if fully set
24 forth.

25 31. The standard of care requires that patients be provided with aftercare instructions
26 either before or immediately after a laser procedure. Documentation is placed in the patient's
27 chart indicating that aftercare instructions were provided to the patient.

28 ///

1 32. The medical records indicate that Respondent discussed aftercare with Patient 1 on or
2 about February 17, 2017, four days following the Syneron Candela CO2RE Intima procedure. By
3 that time, Patient 1 had gone to a day spa and soaked in a Jacuzzi. Controlled zones of thermal
4 injury created by a laser can become uncontrolled and deeper or larger if exposed to extreme heat.
5 Soaking in very hot water will also increase inflammation and swelling.

6 33. Respondent's failure to provide Patient 1 with timely aftercare instructions following
7 the Syneron Candela CO2RE Intima procedure is a negligent act.
