23 **PARTIES**

24 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
25 California (Board). He brought this action solely in his official capacity and is represented in this

1 2. Respondent Daniel Marc Goodman, M.D. (Respondent) is represented in this
2 proceeding by attorney Robert W. Hodges, Esq., whose address is: 3480 Buskirk Avenue, Suite
3 250, Pleasant Hill, CA 94523-7310.

4 3. On or about August 8, 1988, the Board issued Physician's and Surgeon's Certificate
5 No. G 63650 to Daniel Marc Goodman, M.D. (Respondent). The Physician's and Surgeon's
6 Certificate was in full force and effect at all times relevant to the charges brought in First
7 Amended Accusation No. 800-2018-049039, and will expire on May 31, 2024, unless renewed.

8 **JURISDICTION**

9 4. First Amended Accusation No. 800-2018-049039 was filed before the Board, and is
10 currently pending against Respondent. The Accusation and all other statutorily required
11 documents were properly served on Respondent on June 17, 2021. Respondent timely filed his
12 Notice of Defense contesting the Accusation. The First Amended Accusation was properly
13 served on Respondent on March 24, 2022.

14 5. A copy of First Amended Accusation No. 800-2018-049039 is attached as exhibit A
15 and incorporated herein by reference.

16 **ADVISEMENT AND WAIVERS**

17 6. Respondent has carefully read, fully discussed with counsel, and understands the
18 charges and allegations in First Amended Accusation No. 800-2018-049039. Respondent has
19 also carefully read, fully discussed with his counsel, and understands the effects of this Stipulated
20 Settlement and Disciplinary Order.

21 7. Respondent is fully aware of his legal rights in this matter, including the right to a
22 hearing on the charges and allegations in the First Amended Accusation; the right to confront and
23 cross-examine the witnesses against him; the right to present evidence and to testify on his own
24 behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the
25 production of documents; the right to reconsideration and court review of an adverse decision;
26 and all other rights accorded by the California Administrative Procedure Act and other applicable
27 laws.

28 ///

1 8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and
2 every right set forth above.

3 **CULPABILITY**

4 9. Respondent understands and agrees that the charges and allegations in First Amended
5 Accusation No. 800-2018-049039, if proven at a hearing, constitute cause for imposing discipline
6 upon his Physician's and Surgeon's Certificate.

7 10. Respondent agrees that, at a hearing, Complainant could establish a prima facie case
8 or factual basis for the charges in the First Amended Accusation, and that Respondent hereby
9 gives up his right to contest those charges.

10 11. Respondent does not contest that, at an administrative hearing, Complainant could
11 establish a prima facie case with respect to the charges and allegations in First Amended
12 Accusation No. 800-2018-049039, a true and correct copy of which is attached hereto as Exhibit
13 A, and that he has thereby subjected his Physician's and Surgeon's Certificate, No. G 63650 to
14 disciplinary action.

15 12. Respondent agrees that his Physician's and Surgeon's Certificate is subject to
16 discipline and he agrees to be bound by the Board's probationary terms as set forth in the
17 Disciplinary Order below.

18 **CONTINGENCY**

19 13. This stipulation shall be subject to approval by the Medical Board of California.
20 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
21 Board of California may communicate directly with the Board regarding this stipulation and
22 settlement, without notice to or participation by Respondent or his counsel. By signing the
23 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek
24 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
25 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
26 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
27 action between the parties, and the Board shall not be disqualified from further action by having
28 considered this matter.

1 14. Respondent agrees that if he ever petitions for early termination or modification of
2 probation, or if an accusation and/or petition to revoke probation is filed against him before the
3 Board, all of the charges and allegations contained in First Amended Accusation No. 800-2018-
4 049039 shall be deemed true, correct and fully admitted by respondent for purposes of any such
5 proceeding or any other licensing proceeding involving Respondent in the State of California.

6 15. The parties understand and agree that Portable Document Format (PDF) and facsimile
7 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
8 signatures thereto, shall have the same force and effect as the originals.

9 16. In consideration of the foregoing admissions and stipulations, the parties agree that
10 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
11 enter the following Disciplinary Order:

12 **DISCIPLINARY ORDER**

13 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 63650 issued
14 to Respondent Daniel Marc Goodman, M.D. is revoked. However, the revocation is stayed and
15 Respondent is placed on probation for five (5) years on the following terms and conditions:

16 1. **EDUCATION COURSE.** Within 60 calendar days of the effective date of this

18 for its prior approval educational program(s) or course(s) which shall not be less than 40 hours
19 per year, for each year of probation. The educational program(s) or course(s) shall be aimed at
20 correcting any areas of deficient practice or knowledge and shall be Category I certified. The
21 educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to
22 the Continuing Medical Education (CME) requirements for renewal of licensure. Following the
23 completion of each course, the Board or its designee may administer an examination to test
24 Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65
25 hours of CME of which 40 hours were in satisfaction of this condition.

26 2. **PRESCRIBING PRACTICES COURSE.** Within 60 calendar days of the effective
27 date of this Decision, Respondent shall enroll in a course in prescribing practices approved in
28 advance by the Board or its designee. Respondent shall provide the approved course provider

1 with any information and documents that the approved course provider may deem pertinent.
2 Respondent shall participate in and successfully complete the classroom component of the course
3 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
4 complete any other component of the course within one (1) year of enrollment. The prescribing

6 Medical Education (CME) requirements for renewal of licensure.

7 A prescribing practices course taken after the acts that gave rise to the charges in the
8 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
9 or its designee, be accepted towards the fulfillment of this condition if the course would have
10 been approved by the Board or its designee had the course been taken after the effective date of
11 this Decision.

12 Respondent shall submit a certification of successful completion to the Board or its
13 designee not later than 15 calendar days after successfully completing the course, or not later than
14 15 calendar days after the effective date of the Decision, whichever is later.

15 3. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective
16 date of this Decision, Respondent shall enroll in a course in medical record keeping approved in
17 advance by the Board or its designee. Respondent shall provide the approved course provider
18 with any information and documents that the approved course provider may deem pertinent.
19 Respondent shall participate in and successfully complete the classroom component of the course
20 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
21 complete any other component of the course within one (1) year of enrollment. The medical
22 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing
23 Medical Education (CME) requirements for renewal of licensure.

24 A medical record keeping course taken after the acts that gave rise to the charges in the
25 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
26 or its designee, be accepted towards the fulfillment of this condition if the course would have
27 been approved by the Board or its designee had the course been taken after the effective date of
28 this Decision.

1 Respondent shall submit a certification of successful completion to the Board or its
2 designee not later than 15 calendar days after successfully completing the course, or not later than
3 15 calendar days after the effective date of the Decision, whichever is later.

4 4. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of
5 the effective date of this Decision, Respondent shall enroll in a professionalism program, that
6 meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1.
7 Respondent shall participate in and successfully complete that program. Respondent shall
8 provide any information and documents that the program may deem pertinent. Respondent shall
9 successfully complete the classroom component of the program not later than six (6) months after
10 Respondent's initial enrollment, and the longitudinal component of the program not later than the
11 time specified by the program, but no later than one (1) year after attending the classroom
12 component. The professionalism program shall be at Respondent's expense and shall be in
13 addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

14 A professionalism program taken after the acts that gave rise to the charges in the
15 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
16 or its designee, be accepted towards the fulfillment of this condition if the program would have
17 been approved by the Board or its designee had the program been taken after the effective date of
18 this Decision.

19 Respondent shall submit a certification of successful completion to the Board or its
20 designee not later than 15 calendar days after successfully completing the program or not later
21 than 15 calendar days after the effective date of the Decision, whichever is later.

22 5. MONITORING - PRACTICE/BILLING. Within 30 calendar days of the effective
23 date of this Decision, Respondent shall submit to the Board or its designee for prior approval as a
24 practice monitor(s), the name and qualifications of one or more licensed physicians and surgeons
25 whose licenses are valid and in good standing, and who are preferably American Board of
26 Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or
27 personal relationship with Respondent, or other relationship that could reasonably be expected to
28 compromise the ability of the monitor to render fair and unbiased reports to the Board, including

1 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
2 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

3 The Board or its designee shall provide the approved monitor with copies of the Decision(s)
4 and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the
5 Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed
6 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role
7 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees
8 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the
9 signed statement for approval by the Board or its designee.

10 Within 60 calendar days of the effective date of this Decision, and continuing throughout
11 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
12 make all records available for immediate inspection and copying on the premises by the monitor
13 at all times during business hours and shall retain the records for the entire term of probation.

14 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
15 date of this Decision, Respondent shall receive a notification from the Board or its designee to
16 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
17 shall cease the practice of medicine until a monitor is approved to provide monitoring
18 responsibility.

19 The monitor(s) shall submit a quarterly written report to the Board or its designee which
20 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
21 are within the standards of practice of medicine, and whether Respondent is practicing medicine
22 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure
23 that the monitor submits the quarterly written reports to the Board or its designee within 10
24 calendar days after the end of the preceding quarter.

25 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
26 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
27 name and qualifications of a replacement monitor who will be assuming that responsibility within
28 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60

1 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
2 notification from the Board or its designee to cease the practice of medicine within three (3)
3 calendar days after being so notified. Respondent shall cease the practice of medicine until a
4 replacement monitor is approved and assumes monitoring responsibility.

5 In lieu of a monitor, Respondent may participate in a professional enhancement program
6 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
7 review, semi-annual practice assessment, and semi-annual review of professional growth and
8 education. Respondent shall participate in the professional enhancement program at Respondent's
9 expense during the term of probation.

10 6. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
11 Respondent shall provide a true copy of this Decision and First Amended Accusation to the Chief
12 of Staff or the Chief Executive Officer at every hospital where privileges or membership are
13 extended to Respondent, at any other facility where Respondent engages in the practice of
14 medicine, including all physician and locum tenens registries or other similar agencies, and to the
15 Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage
16 to Respondent. Respondent shall submit proof of compliance to the Board or its designee within
17 15 calendar days.

18 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

19 7. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
20 governing the practice of medicine in California and remain in full compliance with any court
21 ordered criminal probation, payments, and other orders.

22 8. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby
23 ordered to reimburse the Board its costs of investigation and enforcement, in the amount of
24 \$5,462.50 (five thousand four hundred sixty-two and fifty cents). Costs shall be payable to the
25 Medical Board of California. Failure to pay such costs shall be considered a violation of
26 probation.

27 Any and all requests for a payment plan shall be submitted in writing by respondent to the
28 Board.

1 The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to
2 repay investigation and enforcement costs.

3 9. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
4 under penalty of perjury on forms provided by the Board, stating whether there has been
5 compliance with all the conditions of probation.

6 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
7 of the preceding quarter.

8 10. GENERAL PROBATION REQUIREMENTS.

9 Compliance with Probation Unit

10 Respondent shall comply with the Board's probation unit.

11 Address Changes

12 Respondent shall, at all times, keep the Board informed of Respondent's business and
13 residence addresses, email address (if available), and telephone number. Changes of such
14 addresses shall be immediately communicated in writing to the Board or its designee. Under no
15 circumstances shall a post office box serve as an address of record, except as allowed by Business
16 and Professions Code section 2021, subdivision (b).

17 Place of Practice

18 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
19 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
20 facility.

21 License Renewal

22 Respondent shall maintain a current and renewed California physician's and surgeon's
23 license.

24 Travel or Residence Outside California

25 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
26 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
27 (30) calendar days.

28 In the event Respondent should leave the State of California to reside or to practice

1 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
2 departure and return.

3 11. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
4 available in person upon request for interviews either at Respondent's place of business or at the
5 probation unit office, with or without prior notice throughout the term of probation.

6 12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
7 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
8 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
9 defined as any period of time Respondent is not practicing medicine as defined in Business and
10 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
11 patient care, clinical activity or teaching, or other activity as approved by the Board. If
12 Respondent resides in California and is considered to be in non-practice, Respondent shall
13 comply with all terms and conditions of probation. All time spent in an intensive training
14 program which has been approved by the Board or its designee shall not be considered non-
15 practice and does not relieve Respondent from complying with all the terms and conditions of
16 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
17 on probation with the medical licensing authority of that state or jurisdiction shall not be
18 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
19 period of non-practice.

20 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
21 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
22 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
23 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
24 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

25 Respondent's period of non-practice while on probation shall not exceed two (2) years.

26 Periods of non-practice will not apply to the reduction of the probationary term.

27 Periods of non-practice for a Respondent residing outside of California will relieve
28 Respondent of the responsibility to comply with the probationary terms and conditions with the

1 exception of this condition and the following terms and conditions of probation: Obey All Laws;
2 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
3 Controlled Substances; and Biological Fluid Testing..

4 13. COMPLETION OF PROBATION. Respondent shall comply with all financial
5 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
6 completion of probation. Upon successful completion of probation, Respondent's certificate shall
7 be fully restored.

8 14. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
9 of probation is a violation of probation. If Respondent violates probation in any respect, the
10 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
11 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
12 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
13 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
14 the matter is final.

15 15. LICENSE SURRENDER. Following the effective date of this Decision, if
16 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
17 the terms and conditions of probation, Respondent may request to surrender his or her license.
18 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
19 determining whether or not to grant the request, or to take any other action deemed appropriate
20 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
21 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
22 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
23 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
24 application shall be treated as a petition for reinstatement of a revoked certificate.

25 16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
26 with probation monitoring each and every year of probation, as designated by the Board, which
27 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
28 California and delivered to the Board or its designee no later than January 31 of each calendar

1 year.

2 17. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
3 a new license or certification, or petition for reinstatement of a license, by any other health care
4 licensing action agency in the State of California, all of the charges and allegations contained in
5 First Amended Accusation No. 800-2018-049039 shall be deemed to be true, correct, and
6 admitted by Respondent for the purpose of any Statement of Issues or any other proceeding
7 seeking to deny or restrict license.

17 20. Respondent is a physician and surgeon, board certified in anesthesiology, who at all
18 times relevant to the allegations brought herein worked at the Life-Span Center for Anti-Aging &
19 Regenerative Medicine in Redding, California.

20 Patient 1¹

21 21. Patient 1 was a 42-year old obese male who first sought treatment from Respondent
22 on or about April 9, 2014 through December 3, 2015 for fatigue, poor sleep, and decreased
23 memory. During that time, Respondent provided wellness care, including hormone replacement
24 therapy, to Patient 1. Patient 1 also had a primary care physician prior to and concurrent to the
25 care and treatment provided by Respondent.

26
27
28 ¹ To protect the privacy of the patients involved, patient names were not included in this pleading. Respondent is aware of the identity of each patient.

1 22. On or about April 9, 2014, at Patient 1's first appointment and office visit with
2 Respondent, Respondent was aware of Patient 1's height and weight, the medications Patient 1
3 was prescribed, Patient 1's prior ankle surgeries, and Patient 1's occupation, sleep habits, and
4 diet. Respondent did not conduct a physical examination or obtain the vital signs of Patient 1.
5 Patient 1's medical records do not indicate any inquiry by Respondent as to Patient 1's personal
6 or family history of prostate cancer, breast cancer, blood disorders, sleep apnea, coronary artery
7 disease or venous thromboembolic disease. Patient 1's medical records do not indicate any
8 inquiry by Respondent as to Patient 1's symptoms of hypogonadism (low testosterone), Patient
9 1's libido, urinary function, headaches, vision changes, breast changes, history of heart disease or
10 cardiovascular risks. Respondent's treatment plan for Patient 1 consisted of a melatonin
11 supplement as a sleep aid, L-Theanine amino acid, and/or a combination of melatonin and L-
12 Theanine.

13 23. On or about April 10, 2014, after Patient 1's first appointment and office visit with
14 Respondent, Respondent did not communicate with Patient 1's primary care physician; at no time
15 did Respondent provide his medical records or notes of Patient 1 to Patient 1's primary care
16 physician, and at no time did Respondent request Patient 1's medical records from Patient 1's
17 primary care physician.

18 24. On or about April 10, 2014, Respondent conducted a blood draw and analysis of
19 Patient 1's blood work which Respondent received the results from prior to April 23, 2014.
20 Respondent noted some of Patient 1's blood results were suboptimal and circled or highlighted
21 some of Patient 1's results such as Patient 1's iron serum, ferritin serum, white blood count, low-
22 density lipoprotein (LDL), high-density lipoprotein (HDL), and though not noted, Patient 1's
23 suboptimal testosterone values. While the hormones Prolactin and thyroid stimulating hormone
24 (TSH) were tested for, Respondent did not test for other pituitary hormones.

25 25. On or about April 23, 2014, Respondent conducted Patient 1's second appointment
26 and office visit during which time Respondent discussed the results of Patient 1's blood draw and
27 analysis with Patient 1. Respondent's modified treatment plan for Patient 1 at this second
28 appointment consisted of L-Theanine amino acid as a sleep aid, vitamin B and C complex, zinc,

1 saw palmetto, glucose tolerance factor (GTF) chromium, iodized salt, and 1,500 mg of
2 testosterone pellets to increase Patient 1's testosterone levels. Respondent did not document in
3 Patient 1's medical records any assessment for classifying Patient 1's low testosterone
4 (hypogonadism) or evaluating for secondary causes of hypogonadism such as deficiencies or
5 excesses of other pituitary hormones or a hypothalamic or pituitary tumor; nor did Respondent
6 assess or document other pituitary hormone levels besides Prolactin and TSH.

7 26. On or about April 28, 2014, Respondent conducted a testosterone pellet insertion
8 procedure on Patient 1. Patient 1 signed a consent form for the operation, special treatment, and
9 procedure the same day. There is no indication in Patient 1's medical record that Respondent
10 discussed the specific risks such as prostate enlargement, growth of prostate cancer, breast
11 tenderness, infertility, testicular atrophy, polycythemia, cardiovascular disease stroke or blood
12 clots for prescribing testosterone hormones as a hormone therapy; nor is there any indication that
13 Respondent discussed with Patient 1 any alternative to improving his testosterone without
14 medication.

15 27. On or about the following dates Respondent conducted blood draws and analyses of
16 Patient 1's blood work which did not include a complete blood count (CBC) or means by which
17 to measure Patient 1's hematocrit: May 28, 2014; June 30, 2014; July 28, 2014; September 16,
18 2014; October 17, 2014; December 10, 2014; January 14, 2015; and June 24, 2015.

19 28. On or about June 11, 2014, Patient 1 returned to Respondent's office for a follow-up
20 appointment during which Patient 1 discussed his diet, sleeping habits, sexual activity, and self-
21 reported symptoms with Respondent.

23 appointment during which Patient 1 discussed his exercise activities and self-reported symptoms
24 with Respondent. Respondent increased Patient 1's dosage of anastrozole from a half to a full
25 tablet twice a week which was not reflected in Patient 1's medical records up to this point.

26 30. On or about August 12, 2014, Patient 1 returned to Respondent's office for a second
27 testosterone pellet insertion procedure during which Respondent increased the amount of
28 testosterone from 1,500 mg to 1,700 mg.

1 31. On or about September 23, 2014, Patient 1 returned to Respondent's office for a
2 follow-up appointment during which Patient 1 discussed his exercise activities, sleeping habits
3 and self-reported symptoms with Respondent. Respondent prescribed Patient 1 ashwagandha and
4 rhodiola at 400 mg per day each to relieve Patient 1's stress despite a lack of documented stress in
5 Patient 1's medical records prior to this date.

6 32. On or about November 3, 2014, Patient 1 returned to Respondent's office for a
7 follow-up appointment during which Patient 1 discussed his diet, sleeping habits and self-reported
8 symptoms with Respondent. Respondent noted in Patient 1's medical records a decrease in
9 Patient 1's testosterone levels in the two months following the second testosterone pellet insertion
10 procedure on or about August 12, 2014. Respondent then altered the treatment plan for Patient 1
11 to switch from testosterone pellet insertions to self-administered testosterone cypionate
12 intramuscular shots at 50 mg twice a week.

13 33. On or about January 23, 2015, Patient 1 returned to Respondent's office for a follow-
14 up appointment during which Patient 1 discussed his diet, exercise activities and self-reported
15 symptoms with Respondent. Respondent noted a recommendation in Patient 1's medical record to
16 increase Patient 1's self-administered testosterone cypionate intramuscular shots to 0.5 mg and to
17 consider platelet-rich plasma (PRP) treatment.

18 34. On or about July 21, 2015, Patient 1 returned to Respondent's office for a follow-up
19 appointment during which Patient 1 discussed his self-reported symptoms of retaining water, sore
20 joints and shoulder, and overall poor feeling with Respondent. Respondent conducted no
21 examination of Patient 1 on this date. Respondent altered the treatment plan for Patient 1 to
22 reduce the self-administered testosterone cypionate intramuscular shots to 0.4 ml twice a week.

23 35. On or about August 31, 2015, Patient 1 returned to Respondent's office for a PRP
24 procedure and treatment.

25 36. On or about December 3, 2015, Patient 1 returned to Respondent's office for a
26 follow-up appointment during which Patient 1 discussed his sleeping habits, exercise activities
27 and self-reported symptoms with Respondent. Respondent noted in Respondent's medical records
28 to consider intravenous bone marrow for Patient 1's asthma despite no documented complaints in

1 Patient 1's medical records of respiratory issues or Respondent ever conducting a physical
2 examination of Patient 1.

3 37. On or about January 5, 2016, Patient 1 was treated in the emergency department at
4 the Shasta Regional Medical Center in Shasta County, California by other physicians for a
5 pulmonary embolism resulting in his death.

6 Patient 2

7 38. On or about March 20, 2017, Respondent prescribed thirty (30) 50 mg dosages of
8 tramadol and five (5) 5 mg dosages of diazepam to his wife, Patient 2; constituting dangerous and
9 controlled drugs without documented circumstances meriting an emergency for such prescriptions
10 to an immediate family member.

11 Patient 3

12 39. On or about March 9, 2016, Respondent prescribed sixty (60) 10 mg dosages of
13 dextroamphetamine to his daughter, Patient 3; constituting a dangerous and controlled drug
14 without documented circumstances meriting an emergency for such a prescription to an
15 immediate family member.

16 40. On or about August 1, 2018, Respondent prescribed thirty (30) 50 mg dosages of
17 tramadol to his daughter, Patient 3; constituting a dangerous and controlled drug without
18 documented circumstances meriting an emergency for such a prescription to an immediate family
19 member.

20 Respondent

21 41. On or about November 30, 2017, Respondent self-prescribed 0.05 mg / 1 ml dosage
22 of fentanyl to himself; constituting a dangerous and controlled drug without documented
23 circumstances meriting an emergency for such a prescription to an immediate family member.

24 42. On or about December 1, 2017, Respondent self-prescribed two (2) 1 mg / 1 ml
25 dosages of midazolam to himself; constituting a dangerous and controlled drug without
26 documented circumstances meriting an emergency for such a prescription to an immediate family
27 member.

28

1 C. Respondent performed a limited history and no physical examination of Patient 1,
2 failing to note Patient 1's libido, urinary function, history of headaches, vision changes, breast
3 changes, any history of heart disease, and cardiovascular risks;

4 D. Respondent performed a limited history and no physical examination of Patient 1,
5 failing to examine Patient 1's vital signs, breasts, abdomen, testicles and prostate;

6 E. Respondent failed to conduct and document any discussion between Patient 1 and
7 Respondent regarding the risks such as prostate enlargement, growth of prostate cancer, breast
8 tenderness, infertility, testicular atrophy, polycythemia, cardiovascular disease, stroke and blood
9 clots for hormone replacement therapy;

10 F. Respondent failed to conduct and document any discussion between Patient 1 and
11 Respondent regarding the possible alternatives to hormone replacement therapy;

12 G. Respondent failed to monitor and perform follow-up blood count tests of Patient 1
13 after April 2014;

14 H. Respondent adjusted Patient 1's prescribed medications based on Patient 1's self-
15 reported symptoms rather than on Patient 1's serum testosterone; and

16 I. Respondent wrote stimulants, opiate, and benzodiazepine medication prescriptions of
17 controlled substances for his wife, daughter, and himself under circumstances not amounting to
18 an emergency.

19 **SECOND CAUSE FOR DISCIPLINE**

20 **(Repeated Negligent Acts)**

21 49. Respondent Daniel Marc Goodman, M.D. has further subjected his Physician's and
22 Surgeon's Certificate No. G 63650 to disciplinary action under sections 2227 and 2234, as
23 defined by section 2234, subdivision (c), of the Code, in that he committed repeated negligent
24 acts in his care and treatment of Patients 1, 2, 3, and himself, as more particularly alleged
25 hereafter:

26 50. Complainant re-alleges paragraphs 20 through 49, and those paragraphs are
27 incorporated by reference as if fully set forth herein.

28

1 51. Respondent's care and treatment of Patient 1 departed from the standard of care in
2 that:

3 A. Respondent failed to document any assessment for classifying Patient 1's low
4 testosterone or evaluate Patient 1 for primary or secondary causes of hypogonadism, and

5 B. Respondent failed to test for pituitary hormones other than Prolactin and TSH to
6 assess and evaluate Patient 1's low testosterone for secondary causes of hypogonadism.

7 **THIRD CAUSE FOR DISCIPLINE**

8 **(Failure to Maintain Adequate and Accurate Medical Records)**

9 52. Respondent Daniel Marc Goodman, M.D. has further subjected his Physician's and
10 Surgeon's Certificate No. G 63650 to disciplinary action under sections 2227 and 2234, as
11 defined by section 2266 of the Code, in that he failed to maintain adequate and accurate medical
12 records for Patients 1, 2, 3, and himself, as more particularly alleged in paragraphs 20 through 51,
13 above, which are hereby incorporated by reference and re-alleged as if fully set forth herein.

14 **FOURTH CAUSE FOR DISCIPLINE**

15 **(Public Communication Containing a False, Misleading or Deceptive Statement)**

16 53. Respondent Daniel Marc Goodman, M.D. has further subjected his Physician's and
17 Surgeon's Certificate No. G 63650 to disciplinary action under section 2227 and 2234, as defined
18 by sections 651 and 652 of the Code, in that he made a public communication containing a false,
19 misleading or deceptive statement, as more particularly alleged hereafter:

20 54. Complainant re-alleges paragraphs 20 through 53, and those paragraphs are
21 incorporated by reference as if fully set forth herein.

22 55. On or about September 25, 2018, Board investigators received an advertisement in
23 the form of a scanned portable document format (PDF) in regards to the Respondent's medical
24 practice which identifies "the field of Anti-Aging and Regenerative Medicine..." and states,
25 "currently, Dr. Goodman is one of only a few Board Certified physicians in the United States who
26 has specific Fellowship Training in Stem Cell Therapies." The advertisement also states that
27 Respondent is "board certified in Anti-Aging and Regenerative Medicine" and that he is "trained
28 and certified in the newest, most advanced medical specialty."

1 56. On or about June 21, 2019, Board investigators received Respondent's written
2 summary response, his curriculum vitae, and certificates of fellowship training, which claim
3 board certification for the American Academy of Anti-Aging Medicine and Anti-Aging &
4 Regenerative Medicine Fellowship. It also states Respondent completed a fellowship in stem cell
5 therapies and in metabolic endocrinology.

6 57. On or about October 15, 2019, Board investigators conducted an on-site visitation to
7 Respondent's medical practice Life-Span Center for Anti-Aging & Regenerative Medicine and
8 photographed an advertisement featuring the Respondent pertaining to stem cell therapies
9 displayed next to the front desk window. Board investigators also obtained Respondent's business
10 card from the same front desk of Respondent's medical practice which stated that Respondent
11 was board certified in anesthesiology and anti-aging/regenerative medicine with a fellowship in
12 stem cell therapies.

13 58. Respondent's advertisements and public communications do not clearly distinguish
14 between board certification in Anesthesiology and Respondent's further training in "stem cell
15 therapies" and "anti-aging and regenerative medicine" as well as fellowship training in
16 "metabolic endocrinology." These marketing materials and public communications contain a false
17 equivalency between Respondent's training in anesthesiology and his alternative medicine
18 training as "Anti-aging and Regenerative medicine" which is not a recognized medical specialty
19 by the Accreditation Council for Graduate Medical Education (ACGME) nor is it a recognized
20 board by the American Board of Medical Specialties (ABMS).

21 **FIFTH CAUSE FOR DISCIPLINE**

22 **(General Unprofessional Conduct)**

23 59. Respondent Daniel Marc Goodman, M.D. has further subjected his Physician's and
24 Surgeon's Certificate No. G 63650 to disciplinary action under sections 2227 and 2234, as
25 defined by section 2234 of the Code, in that he has engaged in conduct which breaches the rules
26 or ethical code of the medical profession, or conduct which is unbecoming of a member in good
27 standing to his care and treatment of Patients 1, 2, 3, and himself in addition to his overall
28

1 conduct, as more particularly alleged in paragraphs 20 through 58, above, which are hereby
2 incorporated by reference and re-alleged as if fully set forth herein.

3 **DISCIPLINARY CONSIDERATIONS**

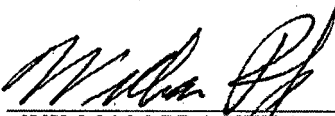

4 60. To determine the degree of discipline, if any, to be imposed on Respondent Daniel
5 Marc Goodman, M.D., Complainant alleges that on or about March 27, 2015, in a prior
6 disciplinary action titled "In the Matter of the Accusation Against Daniel Marc Goodman, M.D." before the Medical Board of California, in Case Number 02-2012-220917, Respondent's license
7 was publicly reprimanded pursuant to Business and Professions Code section 2227, subdivision
8 (a)(4) for "your act of swinging at the back of DH's head and knocking off her bouffant cap at
9 work was inappropriate and constituted unprofessional conduct." That decision is now final and is
10 incorporated by reference as if fully set forth herein.

11
12 **PRAAYER**

13 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
14 and that following the hearing, the Medical Board of California issue a decision:

- 15 1. Revoking or suspending Physician's and Surgeon's Certificate No. G 63650, issued
16 to Daniel Marc Goodman, M.D.;
