25 Respondent shall participate in and successfully complete the classroom component of the course
26 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
27 complete any other component of the course within one (1) year of enrollment. The medical
28 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing

1 Medical Education (CME) requirements for renewal of licensure.

2 A medical record keeping course taken after the acts that gave rise to the charges in the
3 Second Amended Accusation, but prior to the effective date of the Decision may, in the sole
4 discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the
5 course would have been approved by the Board or its designee had the course been taken after the
6 effective date of this Decision.

7 Respondent shall submit a certification of successful completion to the Board or its
8 designee not later than 15 calendar days after successfully completing the course, or not later than
9 15 calendar days after the effective date of the Decision, whichever is later.

10 3. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of
11 the effective date of this Decision, Respondent shall enroll in a professionalism program, that
12 meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1.
13 Respondent shall participate in and successfully complete that program. Respondent shall
14 provide any information and documents that the program may deem pertinent. Respondent shall
15 successfully complete the classroom component of the program not later than six (6) months after
16 Respondent's initial enrollment, and the longitudinal component of the program not later than the

18 component. The professionalism program shall be at Respondent's expense and shall be in
19 addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

20 A professionalism program taken after the acts that gave rise to the charges in the Second
21 Amended Accusation, but prior to the effective date of the Decision may, in the sole discretion of
22 the Board or its designee, be accepted towards the fulfillment of this condition if the program
23 would have been approved by the Board or its designee had the program been taken after the
24 effective date of this Decision.

25 Respondent shall submit a certification of successful completion to the Board or its
26 designee not later than 15 calendar days after successfully completing the program or not later
27 than 15 calendar days after the effective date of the Decision, whichever is later.

28 4. PROFESSIONAL BOUNDARIES PROGRAM. Within 60 calendar days from the

1 effective date of this Decision, Respondent shall enroll in a professional boundaries program
2 approved in advance by the Board or its designee. Respondent, at the program's discretion, shall
3 undergo and complete the program's assessment of Respondent's competency, mental health
4 and/or neuropsychological performance, and at minimum, a 24 hour program of interactive
5 education and training in the area of boundaries, which takes into account data obtained from the
6 assessment and from the Decision(s), Accusation(s) and any other information that the Board or
7 its designee deems relevant. The program shall evaluate Respondent at the end of the training
8 and the program shall provide any data from the assessment and training as well as the results of
9 the evaluation to the Board or its designee.

10 Failure to complete the entire program not later than six (6) months after Respondent's
11 initial enrollment shall constitute a violation of probation unless the Board or its designee agrees
12 in writing to a later time for completion. Based on Respondent's performance in and evaluations
13 from the assessment, education, and training, the program shall advise the Board or its designee
14 of its recommendation(s) for additional education, training, psychotherapy and other measures
15 necessary to ensure that Respondent can practice medicine safely. Respondent shall comply with
16 program recommendations. At the completion of the program, Respondent shall submit to a final
17 evaluation. The program shall provide the results of the evaluation to the Board or its designee.
18 The professional boundaries program shall be at Respondent's expense and shall be in addition to
19 the Continuing Medical Education (CME) requirements for renewal of licensure.

20 The program has the authority to determine whether or not Respondent successfully
21 completed the program.

22 A professional boundaries course taken after the acts that gave rise to the charges in the
23 Second Amended Accusation, but prior to the effective date of the Decision may, in the sole
24 discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the
25 course would have been approved by the Board or its designee had the course been taken after the
26 effective date of this Decision.

27 If Respondent fails to complete the program within the designated time period, Respondent
28 shall cease the practice of medicine within three (3) calendar days after being notified by the

1 Board or its designee that Respondent failed to complete the program.

2 5. MONITORING - PRACTICE. Within 30 calendar days of the effective date of this
3 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice
4 monitor, the name and qualifications of one or more licensed physicians and surgeons whose
5 licenses are valid and in good standing, and who are preferably American Board of Medical
6 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
7 relationship with Respondent, or other relationship that could reasonably be expected to
8 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
9 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
10 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

11 The Board or its designee shall provide the approved monitor with copies of the Decision(s)
12 and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the
13 Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed
14 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role
15 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees
16 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the
17 signed statement for approval by the Board or its designee.

18 Within 60 calendar days of the effective date of this Decision, and continuing throughout
19 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
20 make all records available for immediate inspection and copying on the premises by the monitor
21 at all times during business hours and shall retain the records for the entire term of probation.

22 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
23 date of this Decision, Respondent shall receive a notification from the Board or its designee to
24 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
25 shall cease the practice of medicine until a monitor is approved to provide monitoring
26 responsibility.

27 The monitor(s) shall submit a quarterly written report to the Board or its designee which
28 includes an evaluation of Respondent's performance, indicating whether Respondent's practices

1 are within the standards of practice of medicine, and whether Respondent is practicing medicine
2 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure
3 that the monitor submits the quarterly written reports to the Board or its designee within 10
4 calendar days after the end of the preceding quarter.

5 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
6 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
7 name and qualifications of a replacement monitor who will be assuming that responsibility within
8 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
9 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
10 notification from the Board or its designee to cease the practice of medicine within three (3)
11 calendar days after being so notified. Respondent shall cease the practice of medicine until a
12 replacement monitor is approved and assumes monitoring responsibility.

13 In lieu of a monitor, Respondent may participate in a professional enhancement program
14 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
15 review, semi-annual practice assessment, and semi-annual review of professional growth and
16 education. Respondent shall participate in the professional enhancement program at Respondent's
17 expense during the term of probation.

18 STANDARD CONDITIONS

19 6. NOTIFICATION. Within seven (7) days of the effective date of this Decision,
20 Respondent shall provide a true copy of this Decision and the Second Amended Accusation to the
21 Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership
22 are extended to Respondent, at any other facility where Respondent engages in the practice of
23 medicine, including all physician and locum tenens registries or other similar agencies, and to the
24 Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage
25 to Respondent. Respondent shall submit proof of compliance to the Board or its designee within
26 15 calendar days.

27 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

28 ///

1 7. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
2 governing the practice of medicine in California and remain in full compliance with any court
3 ordered criminal probation, payments, and other orders.

4 8. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby
5 ordered to reimburse the Board its costs of investigation and enforcement, including, but not
6 limited to, expert review, amended accusations, legal reviews, joint investigations, and subpoena
7 enforcement, as applicable, incurred on and after January 1, 2022, in the amount of \$7,200 (seven
8 thousand two hundred dollars). Costs shall be payable to the Medical Board of California.
9 Failure to pay such costs shall be considered a violation of probation.

10 Any and all requests for a payment plan shall be submitted in writing by Respondent to the
11 Board.

12 The filing of bankruptcy by Respondent shall not relieve Respondent of the responsibility
13 to repay investigation and enforcement costs, including expert review costs (if applicable).

14 9. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
15 under penalty of perjury on forms provided by the Board, stating whether there has been
16 compliance with all the conditions of probation.

17 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
18 of the preceding quarter.

19 10. GENERAL PROBATION REQUIREMENTS.

20 Compliance with Probation Unit

21 Respondent shall comply with the Board's probation unit.

22 Address Changes

23 Respondent shall, at all times, keep the Board informed of Respondent's business and
24 residence addresses, email address (if available), and telephone number. Changes of such
25 addresses shall be immediately communicated in writing to the Board or its designee. Under no
26 circumstances shall a post office box serve as an address of record, except as allowed by Business
27 and Professions Code section 2021, subdivision (b).

28 ///

1 Place of Practice

2 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
3 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
4 facility.

5 License Renewal

6 Respondent shall maintain a current and renewed California Physician's and Surgeon's
7 license.

8 Travel or Residence Outside California

9 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
10 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
11 (30) calendar days.

12 In the event Respondent should leave the State of California to reside or to practice
13 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
14 departure and return.

15 11. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
16 available in person upon request for interviews either at Respondent's place of business or at the
17 probation unit office, with or without prior notice throughout the term of probation.

18 12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
19 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
20 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
21 defined as any period of time Respondent is not practicing medicine as defined in Business and
22 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
23 patient care, clinical activity or teaching, or other activity as approved by the Board. If
24 Respondent resides in California and is considered to be in non-practice, Respondent shall
25 comply with all terms and conditions of probation. All time spent in an intensive training
26 program which has been approved by the Board or its designee shall not be considered non-
27 practice and does not relieve Respondent from complying with all the terms and conditions of
28 probation. Practicing medicine in another state of the United States or Federal jurisdiction while

1 on probation with the medical licensing authority of that state or jurisdiction shall not be
2 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
3 period of non-practice.

4 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
5 months, Respondent shall successfully complete the Federation of State Medical Boards' Special
6 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
7 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
8 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

9 Respondent's period of non-practice while on probation shall not exceed two (2) years.

10 Periods of non-practice will not apply to the reduction of the probationary term.

11 Periods of non-practice for a Respondent residing outside of California will relieve
12 Respondent of the responsibility to comply with the probationary terms and conditions with the
13 exception of this condition and the following terms and conditions of probation: Obey All Laws;
14 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
15 Controlled Substances; and Biological Fluid Testing.

16 13. COMPLETION OF PROBATION. Respondent shall comply with all financial
17 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
18 completion of probation. Upon successful completion of probation, Respondent's certificate shall
19 be fully restored.

20 14. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
21 of probation is a violation of probation. If Respondent violates probation in any respect, the
22 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
23 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke
24 Probation, or an Interim Suspension Order is filed against Respondent during probation, the
25 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall
26 be extended until the matter is final.

27 15. LICENSE SURRENDER. Following the effective date of this Decision, if
28 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy

1 the terms and conditions of probation, Respondent may request to surrender his or her license.
2 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
3 determining whether or not to grant the request, or to take any other action deemed appropriate
4 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
5 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
6 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
7 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
8 application shall be treated as a petition for reinstatement of a revoked certificate.

9 16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
10 with probation monitoring each and every year of probation, as designated by the Board, which
11 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
12 California and delivered to the Board or its designee no later than January 31 of each calendar
13 year.

14 17. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
15 a new license or certification, or petition for reinstatement of a license, by any other health care
16 licensing action agency in the State of California, all of the charges and allegations contained in
17 Second Amended Accusation No. 800-2019-051892 shall be deemed to be true, correct, and
18 admitted by Respondent for the purpose of any Statement of Issues or any other proceeding
19 seeking to deny or restrict license.

21 proper.

22 (b) Any matter heard pursuant to subdivision (a), except for warning letters,
23 medical review or advisory conferences, professional competency examinations,
24 continuing education activities, and cost reimbursement associated therewith that are
25 agreed to with the board and successfully completed by the licensee, or other matters
26 made confidential or privileged by existing law, is deemed public, and shall be made
27 available to the public by the board pursuant to Section 803.1.

STATUTORY PROVISIONS

28 5. Section 2234 of the Code, states:

The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

(b) Gross negligence.

(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated

negligent acts.

1
2 (1) An initial negligent diagnosis followed by an act or omission
3 medically appropriate for that negligent diagnosis of the patient shall
4 constitute a single negligent act.

5 (2) When the standard of care requires a change in the diagnosis, act, or
6 omission that constitutes the negligent act described in paragraph (1),
7 including, but not limited to, a reevaluation of the diagnosis or a change in
8 treatment, and the licensee's conduct departs from the applicable standard of
9 care, each departure constitutes a separate and distinct breach of the standard
10 of care.

11 (d) Incompetence.

12 (e) The commission of any act involving dishonesty or corruption that is
13 substantially related to the qualifications, functions, or duties of a physician and
14 surgeon.

15 (f) Any action or conduct that would have warranted the denial of a certificate.

16 (g) The failure by a certificate holder, in the absence of good cause, to attend and
17 participate in an interview by the board. This subdivision shall only apply to a
18 certificate holder who is the subject of an investigation by the board.

19 6. Section 2266 of the Code states: "The failure of a physician and surgeon to maintain
20 adequate and accurate records relating to the provision of services to their patients constitutes
21 unprofessional conduct."

22 COST RECOVERY

23 7. Section 125.3 of the Code provides, in pertinent part, that the Board may request the
24 administrative law judge to direct a licensee found to have committed a violation or violations of
25 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and
26 enforcement of the case¹, with failure of the licensee to comply subjecting the license to not being
27 renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be
28 included in a stipulated settlement.

6 which can invade any part of the body including the mouth, throat, esophagus, lungs, bladder,
7 genital area, and the blood.

8 10. Metronidazole is an antibiotic that fights bacteria. It is used to treat bacterial
9 infections of the vagina, stomach or intestines, liver, skin, joints, brain, heart, and respiratory
10 tract.

11 11. Ondansetron blocks the actions of chemicals in the body that can trigger nausea and
12 vomiting.

13 12. Promethazine-codeine syrup is primarily used to relieve coughing, ease allergy signs,

15 **FACTUAL ALLEGATIONS**

16 **Patient A**

17 13. In or around 2013, a female pharmaceutical sales representative (Patient A)² began
18 visiting Respondent's office, marketing medications manufactured by her employer.

19 14. From on or about May of 2014, through on or about January of 2015, and again on or
20 about July of 2015, through on or about April of 2016, Respondent and Patient A engaged in an
21 extramarital affair. During their affair, Respondent and Patient A engaged in sexual activities
22 and/or intercourse approximately one-hundred times.

23 15. During their affair, Respondent became Patient A's doctor by ordering medications
24 for her. Specifically, on or about October 8, 2014, Respondent ordered both promethazine-
25 codeine syrup and 20 ondansetron HCL for Patient A. On or about November 25, 2014,
26 Respondent ordered 25 acyclovir 800 mg tablets and 30 acyclovir 400 mg tablets for Patient A.
27 On or about October 16, 2015, Respondent ordered 2 fluconazole 150 mg tablets and 24

28 ² The patients' names are redacted to protect their privacy.

1 metronidazole 250 mg tablets for Patient A. On or about April 11, 2016, Respondent ordered 10
2 fluconazole 100 mg tablets and miconazole nitrate 2% cream for Patient A. Respondent did not
3 document an examination of Patient A, order any testing, or document a diagnosis before
4 ordering these medications for Patient A; indeed, Respondent did not create or maintain any
5 medical records pertaining to his treatment of Patient A. However, Respondent diagnosed Patient
6 A with herpes and yeast infections, and treated her for those conditions. Patient A terminated the
7 affair in or around March or April of 2016.

8 16. Thereafter, in or around February of 2017, Respondent contacted Patient A's then-
9 employer and told the employer about the sexual relationship he had with Patient A.

10 17. On or about May 7, 2017, Respondent came to Patient A's house where he
11 encountered her in-laws. Respondent told Patient A's in-laws about the affair and attempted to
12 show them a partially nude photograph of Patient A.

13 18. On or about May 15, 2017, Respondent sent the partially nude photograph of Patient
14 A to one of her work colleagues, and subsequently also sent the colleague a letter that explicitly
15 detailed their affair and a medical condition that Patient A had.

16 19. In or about May of 2017, Respondent contacted Patient A's then-employer and told
17 the employer about his sexual relationship with Patient A.

18 20. On or about June 28, 2017, Respondent sent a letter that contained explicit details of
19 the affair and a medical condition of Patient A's to a number of Patient A's friends, family, and
20 business colleagues who were listed on Patient A's Facebook page.

21 21. On or about June 29, 2017, one of Patient A's business colleagues who received
22 Respondent's letter contacted Respondent, and expressed disbelief of the contents of his letter.
23 Respondent then sent the partially nude photograph of Patient A to her business colleague.

24 22. Respondent did not obtain Patient A's consent to distribute the partially nude
25 photograph of her to anyone, nor did he obtain Patient A's consent to distribute the letter detailing
26 their affair and her medical condition.

27 ///

28 ///

1 23. On or about October 27, 2017, Patient A obtained a five-year domestic violence
2 restraining order against Respondent for abuse, as that word is defined in California Family Code
3 section 6203.

4 **Patient B**

5 24. Patient B, a 70-year-old female, was referred to Respondent for osteopenia (low bone
6 density) for which she was currently taking Prolia. She had previously had a “severe reaction” to
7 a once per week bisphosphonate (a class of osteoporosis/osteopenia medication).

8 25. Respondent first saw Patient B on or about July 25, 2019, at which time he indicated
9 in a letter to the referring provider that he would obtain “authorization from her insurance
10 company” to give her Reclast (an alternative medication for osteopenia). Respondent noted that
11 Patient B previously had a possible adverse reaction to an oral bisphosphonate and cited this as
12 the reason he was trying Reclast instead. Though Respondent may have had a discussion with
13 Patient B regarding the side effects of Reclast, he failed to document any such discussion in
14 Patient B’s medical records.

15 26. Patient B received Reclast on or about August 5, 2019. Within the next few days,
16 Patient B suffered a myriad of side-effects for which she presented to the local hospital
17 emergency department, her family medicine provider, and her ophthalmologist.

18 27. Respondent saw Patient B in follow-up on or about August 12, 2019. He documented
19 an extensive physical examination but failed to mention any discussion relating to Patient B’s
20 recent symptoms after her Reclast infusion despite the fact that they were unresolved such that
21 she was still under the care of her ophthalmologist and family practitioner.

22 **Patient C**

23 28. Respondent first saw Patient C, a 40-year-old male, on or about December 5, 2019,
24 for his type 2 diabetes. Respondent advised Patient C to stop glipizide (an oral medicine for
25 diabetes) and to increase Basaglar insulin by 2 units every night until his fasting glucose was 100
26 mg/dL. Respondent also discussed with Patient C reducing his carbohydrate intake. Respondent
27 ordered repeat labs, medications to control Patient C’s blood pressure, and a potassium
28 supplement.

1 29. Patient C returned for a follow-up visit on or about January 23, 2020. In that visit, a
2 discussion occurred wherein Respondent assumed that Patient C had HIV, and stated as much to
3 Patient C, because of Patient C's use of a medication for HIV prevention. Patient C was offended
4 by this statement because he does not have HIV, but rather takes the medication for prevention
5 only. Patient C then attempted to leave the exam room, but Respondent stood between Patient C
6 and the door attempting to make amends and reconcile with Patient C – this despite Patient C
7 asking to leave up to three times.

8 **Patient D**

9 30. Patient D is a 49-year-old female who Respondent saw on or about September 16,
10 2019, for hyperthyroidism, a history of thyroid nodules, and a possible sinus issue. A prior
11 ultrasound, from on or about July 19, 2019, revealed bilateral thyroid nodules.

12 31. During that visit, Respondent diagnosed Patient D with "allergic rhinitis,"
13 "hyperthyroidism," "major depressive disorder," and "benign neoplasm of thyroid gland."
14 Respondent prescribed an antihistamine typically used for allergy symptoms, a nasal spray
15 frequently used for allergy symptoms, nasal irrigation, an anti-depressant, and a medication for
16 her overactive thyroid. Respondent's clinic note indicated that he performed a breast exam on
17 Patient D, when he did not perform any such exam.

18 **Patient E**

19 32. Patient E presented for an appointment with Respondent on or about June 27, 2019.
20 Patient E's wife attended the appointment with him. During the appointment, there was a
21 discussion about Patient E's prescription for treating erectile dysfunction. As part of that
22 discussion, Patient E's wife raised concerns that her husband was cheating on her. Respondent
23 attempted to convince Patient E's wife that Patient E was not cheating on her. The discussion
24 became heated and Respondent raised his voice at Patient E's wife. Respondent told Patient E's
25 wife that she was delusional for continually accusing Patient E of cheating on her, and that Patient
26 E is not a handsome man and does not have the capability of having an affair.

1 FIRST CAUSE FOR DISCIPLINE

2 (Gross Negligence)

3 33. Respondent has subjected his Physician's and Surgeon's Certificate No. A 38798 to
4 disciplinary action under section 2234, subdivision (b) of the Code, in that he committed gross
5 negligence by ordering prescriptive medications for Patient A without an appropriate prior
6 examination and a medical indication, by distributing her protected medical information to others
7 without her consent, and by distributing a private image of her to others without her consent. The
8 circumstances are set forth in paragraphs 13 through 23, which are incorporated here by reference
9 as if fully set forth. Additional circumstances are as follows:

10 34. The standard of care dictates that the practice of evaluating, diagnosing, treating, or
11 prescribing controlled substances to a family member, employee, or friend is discouraged. In
12 general, physicians should not treat themselves or members of their own families, and by
13 extension, individuals with whom they are having an active sexual affair. However, it may be
14 acceptable to do so in limited circumstances:

- 15 (a) in emergency settings or isolated settings where there is no other qualified physician
16 available, until such time as another physician becomes available; or
17 (b) for short-term, minor problems.

18 Any treatment or care provided must be documented and relevant information must be
19 conveyed to the patient's primary care physician. Respondent's treatment of Patient A, which he
20 failed to document and relay to her primary care physician and which did not occur in a setting
21 where there was no other qualified physician available, and was not for a short-term, minor
22 problem, constitutes gross negligence and unprofessional conduct.

23 35. The standard of care dictates that patients need to be able to trust that a physician will
24 protect information shared in confidence. Respondent's acts of sharing Patient A's protected
25 health information with other individuals without her consent constitutes gross negligence and
26 unprofessional conduct.

27 ///

28 ///

1 SECOND CAUSE FOR DISCIPLINE

2 (Repeated Negligent Acts)

3 36. Respondent has further subjected his Physician's and Surgeon's Certificate No. A
4 38798 to disciplinary action under section 2234, subdivision (c) of the Code, in that he committed
5 repeated acts of negligence: (1) as to Patient A by ordering prescriptive medications for her
6 without documenting an appropriate prior examination and a medical indication, by distributing
7 her protected medical information to others without her consent, and by distributing a private
8 image of her to others without her consent; (2) as to Patients B and D for failure to maintain
9 adequate and accurate records; and (3) as to Patient E by injecting himself into an issue within
10 Patient E's marital relationship. The circumstances are set forth in paragraphs 13 through 23, 24
11 through 27, 30 through 31, and 32, which are incorporated here by reference as if fully set forth.
12 Additional circumstances are as follows:

13 37. The standard of care dictates that consistent, current, and complete documentation in
14 the medical record is an essential component of quality patient care. A physician cannot
15 prescribe medication for a patient without documentation of an appropriate prior exam and a
16 medical indication for the prescription and an adequate and accurate medical record relating to
17 the provision of services to the patient. Respondent's prescribing medications to Patient A
18 without keeping any medical records noting an adequate exam or testing to confirm a diagnosis
19 constitutes negligence.

20 38. The standard of care dictates that Physicians may discuss marital issues with patients
21 if this is a concern that is raised and the physician feels comfortable assisting the patient with the
22 issues. When doing so, the physician should utilize a neutral approach, such as encouraging
23 marriage counseling or open communication between the patient and spouse so they can
24 personally resolve their issues. Respondent's engaging in a heated argument with Patient E's
25 wife because of her concern that Patient E was cheating on her constitutes negligence.

1 **THIRD CAUSE FOR DISCIPLINE**

2 **(Unprofessional Conduct)**

3 39. Respondent has further subjected his Physician's and Surgeon's Certificate No. A
4 38798 to disciplinary action under section 2234, subdivision (c) of the Code, in that he committed
5 acts of unprofessional conduct with Patients A, C, and E. The circumstances are set forth in
6 paragraphs 13 through 23, 28 through 29, and 32, which are incorporated here by reference as if
7 fully set forth. Additional circumstances are as follows:

8 40. The standard of care dictates that patients should be allowed to leave an appointment
9 under their own free will. Respondent's failure to allow Patient C to leave the appointment when
10 Patient C desired to do so constitutes unprofessional conduct.

11 41. The standard of care dictates that physicians should treat patients and their family
12 members with respect. Respondent's calling Patient E's wife delusional in the setting of her
13 husband's office visit constitutes unprofessional conduct.

14 **FOURTH CAUSE FOR DISCIPLINE**

15 **(Recordkeeping)**

16 42. Respondent has further subjected his Physician's and Surgeon's Certificate No. A
17 38798 to disciplinary action under section 2234, as defined by section 2266 of the Code, in that
18 he failed to create and maintain adequate and accurate medical records in his care and treatment
19 of Patients A, B, and D. The circumstances are set forth in paragraphs 15, 25, 27, and 31 above,
20 which are incorporated here by reference as if fully set forth.

21 **PRAYER**

22 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
23 and that following the hearing, the Medical Board of California issue a decision:

25 issued to Respondent Paul Carlton Norwood, Jr., M.D.;

27 M.D.'s authority to supervise physician assistants and advanced practice nurses;

28 ///

1 3. Ordering Respondent Paul Carlton Norwood, Jr., M.D., to pay the Board the costs of
2 the investigation and enforcement of this case incurred beginning on January 1, 2022, and if
3 placed on probation, the costs of probation monitoring; and

4 4. Taking such other and further action as deemed necessary and proper.
