**DEFAULT DECISION
AND ORDER**

[Gov. Code, §11520]

19 One.

20
21 **FINDINGS OF FACT**

22 1. On or about April 19, 2022, Complainant William Prasifka, in his official capacity as
23 the Executive Director of the Medical Board of California ("Board"), Department of Consumer
24 Affairs, filed Petition to Revoke Probation No. 800-2022-086224 against Alireza Pessaran, M.D.
25 ("Respondent") before the Board.

26 2. On or about January 12, 2005, the Board issued Physician's and Surgeon's Certificate
27 No. A 89855 to Respondent. On or about May 29, 2020, that license was placed on five years'
28 probation with terms and conditions in MBC Case No. 800-2016-024560. On or about February

1 24, 2022, the Board issued a Cease Practice Order-No Practice that prevents the Respondent from
2 practicing as a physician and surgeon. On September 30, 2022, the Respondent failed to pay his
3 license renewal fee and his license is now delinquent.

4 3. On or about April 19, 2022, Anna Fulton, an employee of the Board, served by
5 Certified and First Class Mail a copy of the Petition to Revoke Probation No. 800-2022-086224,
6 Statement to Respondent, Notice of Defense, Request for Discovery, and Government Code
7 sections 11507.5, 11507.6, and 11507.7 to Respondent's address of record with the Board, which
8 was and is: 6437 Fair Oaks Blvd. Carmichael, CA 95608-1715. A copy of the Petition to
9 Revoke Probation, related documents and Declaration of Service are attached as **Exhibit A**, and
10 are incorporated herein by reference.

11 4. Service of the Petition to Revoke Probation was effective as a matter of law under the
12 provisions of Government Code section 11505, subdivision (c).

13 5. On or about May 31, 2022, Respondent signed and returned a Notice of Defense,
14 requesting a hearing in this matter. On his Notice of Defense the Respondent listed his address
15 for service for the administrative hearing as: 6225 Gobernadores Lane, Carmichael, CA, 95608.
16 A Notice of Hearing was served by mail at both Respondent's address of record with the Board
17 and the address of record listed on his Notice of Defense and it informed him that an
18 administrative hearing in this matter was scheduled for October 17, 2022. On or about July 15,
19 2022, Respondent signed a certified mailing receipt confirming that he received the Board's
20 Notice of Hearing at the Gobernadores address. A copy of Respondent's Notice of Defense, the
21 Notice of Hearing, Declaration of Service for the Notice of Hearing and the Certified Mailing
22 Receipt for the Notice of Defense are attached hereto as **Exhibit B**, and are incorporated herein
23 by reference.

24 6. On October 17, 2022, the Respondent failed to appear at that hearing. Administrative
25 Law Judge Danette C. Brown made findings and declared that the Respondent was in default for
26 failing to appear at the hearing. A copy of Judge Brown's findings of default are attached hereto
27 as **Exhibit C**, and is incorporated herein by reference.

28 ///

1 7. Government Code section 11506 states, in pertinent part:

2 (c) The respondent shall be entitled to a hearing on the merits if the respondent
3 files a notice of defense, and the notice shall be deemed a specific denial of all parts
4 of the accusation not expressly admitted. Failure to file a notice of defense shall
 constitute a waiver of respondent's right to a hearing, but the agency in its discretion
 may nevertheless grant a hearing.

5 8. California Government Code section 11520 states, in pertinent part:

6 (a) If the respondent either fails to file a notice of defense or to appear at the
7 hearing, the agency may take action based upon the respondent's express admissions
8 or upon other evidence and affidavits may be used as evidence without any notice to
 respondent.

9 9. On or about October 15, 2021, and November 8, 2021, the Respondent was evaluated
10 as part of University of California San Diego's ("UCSD") Physician Assessment and Clinical
11 Education ("PACE") Program. The Respondent's attendance at PACE was required by the terms
12 and conditions of the Decision and Order in Case No. 800-2016-024560. The Respondent was
13 aware of the terms and conditions of his license probation. According to the February 16, 2022
14 PACE report, the Respondent overall performance was consistent with a FAIL-Category 4. As
15 more specifically set forth in the PACE report, FAIL-Category 4 indicates that Dr. Pessarar is
16 unsafe to practice medicine and represents a potential danger to patients. Prior to returning to
17 practice, PACE recommended that the Respondent undergo a comprehensive fitness for duty
18 neuropsychological evaluation and undergo a rigorous self-study program for six to twelve
19 months to remediate and retrain at the level of a medical student or resident. A copy of Dr. David
20 E.J. Bazzo's Declaration and Inspector Ky Nguyen's Declaration are attached hereto as **Exhibit**
21 **D**, and are incorporated herein by reference.

22 10. Pursuant to its authority under Government Code section 11520, the Board finds
23 Respondent is in default. The Board will take action without further hearing and, based on
24 Respondent's express admissions by way of default and the evidence before it, contained in
25 Exhibits A, B, C, and D finds that the allegations in Petition to Revoke Probation No. 800-2022-
26 086224 are true.

DETERMINATION OF ISSUES

1. Based on the foregoing findings of fact, Respondent Alireza Pessaran, M.D. has subjected his Physician's and Surgeon's Certificate No. A 89855 to discipline.

2. A copy of the Petition to Revoke Probation and the related documents and Declaration of Service are attached.

3. The agency has jurisdiction to adjudicate this case by default.

4. The Medical Board of California is authorized to revoke Respondent's Physician's and Surgeon's Certificate based upon the following violations alleged in the Petition to Revoke Probation:

a. Failure to Successfully Complete a Clinical Competence Assessment Program. Pursuant to Probation Condition 5 of the Board's Decision and Order in Case No. 800-2016-024560, Respondent was required to enroll in and successfully complete a clinical competence assessment program approved by the Board. On or about February 16, 2022, the UCSD's PACE program determined that Respondent was unsafe to practice medicine and failed the clinical competence assessment program.

21 **PARTIES**

22 1. William Prasifka ("Complainant") brings this Petition to Revoke Probation solely in
23 his official capacity as the Executive Director of the Medical Board of California, Department of
24 Consumer Affairs ("Board").

25 2. On or about January 12, 2005, the Board issued Physician's and Surgeon's Certificate
26 Number A 89855 to Alireza Pessaran, M.D. ("Respondent"). That certificate was in effect at all
27 times relevant to the charges brought herein and will expire on September 30, 2022, unless

made confidential or privileged by existing law, is deemed public, and shall be made available to the public by the board pursuant to Section 803.1.

7. Section 2228 of the Code states:

The authority of the board or the California Board of Podiatric Medicine to discipline a licensee by placing him or her on probation includes, but is not limited to, the following:

(a) Requiring the licensee to obtain additional professional training and to pass an examination upon the completion of the training. The examination may be written or oral, or both, and may be a practical or clinical examination, or both, at the option of the board or the administrative law judge.

(b) Requiring the licensee to submit to a complete diagnostic examination by one or more physicians and surgeons appointed by the board. If an examination is ordered, the board shall receive and consider any other report of a complete diagnostic examination given by one or more physicians and surgeons of the licensee's choice.

(c) Restricting or limiting the extent, scope, or type of practice of the licensee, including requiring notice to applicable patients that the licensee is unable to perform the indicated treatment, where appropriate.

(d) Providing the option of alternative community service in cases other than violations relating to quality of care.

CAUSE TO REVOKE PROBATION

(Failure to Successfully Complete Clinical Competence Assessment Program)

8. Pursuant to Probation Condition 5 of the Board's Decision and Order in Case No. 800-2016-024560, Respondent was required to enroll in and successfully complete a clinical competence assessment program approved by the Board. At all times after the effective date of Respondent's probation, Condition 5 stated:

Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a clinical competence assessment program approved in advance by the Board or its designee. Respondent shall successfully complete the program not later than six (6) months after Respondent's initial enrollment unless the Board or its designee agrees in writing to an extension of that time.

The program shall consist of a comprehensive assessment of Respondent's physical and mental health and the six general domains of clinical competence as defined by the Accreditation Council on Graduate Medical Education and American Board of Medical Specialties pertaining to Respondent's current or intended area of practice. The program shall take into account data obtained from the pre-assessment, self-report forms and interview, and the Decision(s), Accusation(s), and any other information that the Board or its designee deems relevant. The program shall require Respondent's on-site participation for a minimum of three (3) and no more than five (5) days as determined by the program for

1 the assessment and clinical education evaluation. Respondent shall pay all expenses
2 associated with the clinical competence assessment program.

3 At the end of the evaluation, the program will submit a report to the Board or its
4 designee which unequivocally states whether the Respondent has demonstrated the ability
5 to practice safely and independently. Based on Respondent's performance on the clinical
6 competence assessment, the program will advise the Board or its designee of its
7 recommendation(s) for the scope and length of any additional educational or clinical
8 training, evaluation or treatment for any medical condition or psychological condition, or
9 anything else affecting Respondent's practice of medicine. Respondent shall comply with
10 the program's recommendations.

11 Determination as to whether Respondent successfully completed the clinical
12 competence assessment program is solely within the program's jurisdiction.

13 If Respondent fails to enroll, participate in, or successfully complete the clinical
14 competence assessment program within the designated time period, Respondent shall
15 receive a notification from the Board or its designee to cease the practice of medicine
16 within three (3) calendar days after being so notified. The Respondent shall not resume the
17 practice of medicine until enrollment or participation in the outstanding portions of the
18 clinical competence assessment program have been completed. If the Respondent did not
19 successfully complete the clinical competence assessment program, the Respondent shall
20 not resume the practice of medicine until a final decision has been rendered on the
21 accusation and/or a petition to revoke probation. The cessation of practice shall not apply
22 to the reduction of the probationary time period.

23 Within 60 days after Respondent has successfully completed the clinical competence
24 assessment program, Respondent shall participate in a professional enhancement program
25 approved in advance by the Board or its designee, which shall include quarterly chart
26 review, semi-annual practice assessment, and semi-annual review of professional growth
27 and education. Respondent shall participate in the professional enhancement program at
28 Respondent's expense during the term of probation, or until the Board or its designee
determines that further participation is no longer necessary.

9. Respondent's probation is subject to revocation because he failed to comply with
Probation Condition 5, referenced above. The facts and circumstances regarding this violation
are as follows:

A. On or about February 16, 2022, U.C. San Diego's School of Medicine's Physician
Assessment and Clinical Education ("PACE") program provided its assessment of Respondent's
performance during Phase I and Phase II of the program to the Board. PACE, a Board approved
clinical competence assessment program, rated Respondent's overall performance as consistent
with a fail, meaning Respondent's performance was poor and that his performance is not

1 compatible with overall physician competency and safe practice. In PACE's determination,
2 Respondent is unsafe to practice medicine. On February 24, 2022, the Board issued a Cease
3 Practice order to Respondent requiring him to stop practicing medicine.

4 **PRAYER**

5 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
6 and that following the hearing, the Medical Board of California issue a decision:

- 7 1. Revoking the probation that was granted by the Medical Board of California in Case
8 No. 800-2016-024560, and imposing the disciplinary order that was stayed, thereby revoking

16 the reasonable costs of the investigation and enforcement of this case, and, if placed on probation,

21 assessment program, Respondent shall participate in a professional enhancement program
22 approved in advance by the Board or its designee, which shall include quarterly chart review,
23 semi-annual practice assessment, and semi-annual review of professional growth and education.
24 Respondent shall participate in the professional enhancement program at Respondent's expense
25 during the term of probation, or until the Board or its designee determines that further
26 participation is no longer necessary.

1 6. . MONITORING - PRACTICE/BILLING. Within 30 calendar days of the effective
2 date of this Decision and Order, Respondent shall submit to the Board or its designee for prior
3 approval as a practice and billing monitor(s), the name and qualifications of one or more licensed
4 physicians and surgeons whose licenses are valid and in good standing, and who are preferably
5 American Board of Medical Specialties (ABMS) certified. A monitor shall have no prior or
6 current business or personal relationship with Respondent, or other relationship that could
7 reasonably be expected to compromise the ability of the monitor to render fair and unbiased
8 reports to the Board, including but not limited to any form of bartering, shall be in Respondent's
9 field of practice, and must agree to serve as Respondent's monitor. Respondent shall pay all
10 monitoring costs.

11 The Board or its designee shall provide the approved monitor with copies of the Decision(s)
12 and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the
13 Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed
14 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role
15 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees
16 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the
17 signed statement for approval by the Board or its designee.

18 Within 60 calendar days of the effective date of this Decision, and continuing throughout
19 probation, Respondent's practice and billing shall be monitored by the approved monitor.
20 Respondent shall make all records available for immediate inspection and copying on the
21 premises by the monitor at all times during business hours and shall retain the records for the
22 entire term of probation.

23 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
24 date of this Decision, Respondent shall receive a notification from the Board or its designee to
25 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
26 shall cease the practice of medicine until a monitor is approved to provide monitoring
27 responsibility.

28 The monitor(s) shall submit a quarterly written report to the Board or its designee which

1 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
2 are within the standards of practice of medicine and billing, and whether Respondent is practicing
3 medicine safely and billing appropriately. It shall be the sole responsibility of Respondent to
4 ensure that the monitor submits the quarterly written reports to the Board or its designee within
5 10 calendar days after the end of the preceding quarter.

6 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
7 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
8 name and qualifications of a replacement monitor who will be assuming that responsibility within
9 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
10 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
11 notification from the Board or its designee to cease the practice of medicine within three (3)
12 calendar days after being so notified. Respondent shall cease the practice of medicine until a
13 replacement monitor is approved and assumes monitoring responsibility.

14 In lieu of a monitor, Respondent may participate in a professional enhancement program
15 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
16 review, semi-annual practice assessment, and semi-annual review of professional growth and
17 education. Respondent shall participate in the professional enhancement program at Respondent's
18 expense during the term of probation.

19 7. NOTIFICATION. Within seven (7) days of the effective date of this Decision,
20 the Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or
21 the Chief Executive Officer at every hospital where privileges or membership are extended to
22 Respondent, at any other facility where Respondent engages in the practice of medicine,
23 including all physician and locum tenens registries or other similar agencies, and to the Chief
24 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
25 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15
26 calendar days.
27

28 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

1 8. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
2 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
3 advanced practice nurses.

4 9. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all
5 rules governing the practice of medicine in California and remain in full compliance with any
6 court ordered criminal probation, payments, and other orders.

7 10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly
8 declarations under penalty of perjury on forms provided by the Board, stating whether there has
9 been compliance with all the conditions of probation.

10 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
11 of the preceding quarter.

12 11. GENERAL PROBATION REQUIREMENTS:

13 Compliance with Probation Unit

14 Respondent shall comply with the Board's probation unit.

15 Address Changes

16 Respondent shall, at all times, keep the Board informed of Respondent's business and
17 residence addresses, email address (if available), and telephone number. Changes of such
18 addresses shall be immediately communicated in writing to the Board or its designee. Under no
19 circumstances shall a post office box serve as an address of record, except as allowed by Business
20 and Professions Code section 2021(b).

21 Place of Practice

22 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
23 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
24 facility.

25 License Renewal

26 Respondent shall maintain a current and renewed California physician's and surgeon's
27 license.

28 ///

1 Travel or Residence Outside California

2 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
3 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
4 (30) calendar days.

5 In the event Respondent should leave the State of California to reside or to practice
6 ,Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
7 departure and return.

8 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
9 available in person upon request for interviews either at Respondent's place of business or at the
10 probation unit office, with or without prior notice throughout the term of probation.

11 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board
12 or its designee in writing within 15 calendar days of any periods of non-practice lasting more than
13 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
14 defined as any period of time Respondent is not practicing medicine as defined in Business and
15 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
16 patient care, clinical activity or teaching, or other activity as approved by the Board. If
17 Respondent resides in California and is considered to be in non-practice, Respondent shall
18 comply with all terms and conditions of probation. All time spent in an intensive training
19 program which has been approved by the Board or its designee shall not be considered non-
20 practice and does not relieve Respondent from complying with all the terms and conditions of
21 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
22 on probation with the medical licensing authority of that state or jurisdiction shall not be
23 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
24 period of non-practice.

25 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
26 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
27 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
28 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model

1 Disciplinary Orders and Disciplinary Guidelines” prior to resuming the practice of medicine.

2 Respondent’s period of non-practice while on probation shall not exceed two (2) years.

3 Periods of non-practice will not apply to the reduction of the probationary term.

4 Periods of non-practice for a Respondent residing outside of California will relieve
5 Respondent of the responsibility to comply with the probationary terms and conditions with the
6 exception of this condition and the following terms and conditions of probation: Obey All Laws;
7 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
8 Controlled Substances; and Biological Fluid Testing..

9 14. COMPLETION OF PROBATION. Respondent shall comply with all financial
10 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
11 completion of probation. Upon successful completion of probation, Respondent’s certificate shall
12 be fully restored.

13 15. VIOLATION OF PROBATION. Failure to fully comply with any term or
14 condition of probation is a violation of probation. If Respondent violates probation in any
15 respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke
16 probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to
17 Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation,
18 the Board shall have continuing jurisdiction until the matter is final, and the period of probation
19 shall be extended until the matter is final.

20 16. LICENSE SURRENDER. Following the effective date of this Decision, if
21 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
22 the terms and conditions of probation, Respondent may request to surrender his or her license.
23 The Board reserves the right to evaluate Respondent’s request and to exercise its discretion in
24 determining whether or not to grant the request, or to take any other action deemed appropriate
25 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
26 shall within 15 calendar days deliver Respondent’s wallet and wall certificate to the Board or its
27 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
28 to the terms and conditions of probation. If Respondent re-applies for a medical license, the

1 application shall be treated as a petition for reinstatement of a revoked certificate.

2 17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
3 with probation monitoring each and every year of probation, as designated by the Board, which
4 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
5 California and delivered to the Board or its designee no later than January 31 of each calendar
6 year.

FIRST CAUSE FOR DISCIPLINE

(Gross Negligence)

8. Respondent Alireza Pessaran, M.D., has subjected his Physician's and Surgeon's Certificate No. A 89855 to disciplinary action under sections 2227 and 2234, as defined by 2234, subdivision (b), of the Business and Professions Code, in that he was grossly negligent in his care and treatment of Patients A, B, C, and D¹ and in his practice of medicine, as more particularly alleged hereinafter:

BOARD'S INVESTIGATION

9. On or about July 19, 2016, the Board received a complaint alleging Respondent did not keep up-to-date medical records for patients, billed for services not provided, asked patients for money, and had cameras throughout his office.

10. On or about July 29, 2016, the Board received an 805 Report from S.I.P. (SIP) terminating Respondent's contract with SIP. During its investigation in 2016 of Respondent, SIP requested Respondent provide his medical charts for Patients A, B, C, and D. SIP also requested Respondent provide sign-in sheets for Patients A, B, C, and D. Respondent produced some of the medical records, but not all. Respondent claimed he could not obtain all of the patient records as

¹ To protect the privacy of the patients involved, the patient names have not been included in this pleading. Respondent is aware of the identity of the patients referred herein.

1 some of them had been stored in an electronic program he could not access. SIP provided the
2 medical records they obtained from Respondent for Patients A, B, C, and D to the Board.

3 11. On or about August 31, 2016, a Division of Investigation Investigator (DOI
4 Investigator) was assigned to investigate the complaints on behalf of the Board. On or about
5 September 6, 2016, a DOI Investigator interviewed Dr. J.A., Chief Medical Officer for SIP. Dr.
6 J.A. was contacted by a person alleging that Respondent only kept minimal notes for patient
7 visits, and when charts were requested, he would have to create the charts from his minimal notes.
8 The person also informed Dr. J.A. that Respondent left for a vacation and gave his medical
9 assistant blank signed prescriptions with instructions to fill them out for patients who requested
10 prescriptions. The person provided Dr. J.A. with the pre-signed prescriptions. When Dr. J.A.
11 queried Respondent regarding the pre-signed blank prescriptions, Respondent response was, "I
12 usually don't do that."

13 12. In or about February 2019, as part of the Board's investigation, a DOI Investigator
14 requested that Respondent provide medical records for Patients A, B, C, and D by, on or about
15 March 15, 2019. Respondent only provided records for Patient C prior to that deadline.

16 13. On or about March 20, 2019, Respondent finally provided the medical records for
17 Patient B. Respondent's staff advised the medical records for Patient D would be available the
18 following day.

19 14. On or about March 20, 2019, Respondent was asked to provide medical records for
20 Patient A as soon as possible. Respondent was eventually given a deadline of April 4, 2019, to
21 produce those records.

22 15. On or about March 21, 2019, Respondent's staff informed the DOI Investigator the
23 medical records for Patient D were at Respondent's home. These records were not provided until
24 hours later.

25 16. On or about April 8, 2019, Respondent had yet to provide the medical records for
26 Patient A. Respondent's staff advised Patient A's medical records were at Respondent's home.

27 17. On or about April 9, 2019 Respondent finally provided Patient A's medical records.

28 ///

1 **PATIENT A**

2 18. Patient A was a patient with chronic pain from osteoarthritis, back surgery, peripheral
3 vascular disease, and heart disease. Patient A was treated by Respondent from approximately
4 2015 through 2016.

5 19. On or about June 19, 2015, Patient A's insurance company was billed \$415.30 for
6 services rendered. The medical records that Respondent provided to SIP in 2016 did not include
7 any chart notes for this date. The medical chart Respondent produced to the DOI Investigator on
8 April 9, 2019, contained notes supporting the June 19, 2015 visit.

9 20. On or about July 24, 2015, Patient A's insurance company was billed \$150 for
10 services rendered. The medical records that Respondent provided to SIP in 2016 included a
11 medical chart note with a recommendation for Norco without any other supporting documentation
12 for that drug. The medical chart Respondent produced to the DOI Investigator on April 9, 2019,
13 contained notes supporting the July 24, 2015, visit.

14 21. On or about September 23, 2015, Patient A's insurance company was billed \$383 for
15 services rendered. The medical records provided to SIP in 2016 included a medical chart note
16 with a recommendation for Norco² and Soma³ without any other supporting documentation for
17 those drugs. Additionally, Respondent provided a patient sign-in sheet for September 23, 2015,
18 and notably, Patient A's name was not on that sheet. The medical chart Respondent produced to
19 the DOI Investigator on April 9, 2019, contained notes supporting the September 23, 2015, visit.

20 22. On or about November 12, 2015, Patient A's insurance company was billed \$95 for
21 services rendered. The medical records that Respondent provided to SIP in 2016 did not include a
22 chart note for this date. Respondent has yet to provide the medical note supporting this service.
23 Respondent provided a patient sign-in sheet for November 12, 2015, and notably, Patient A's
24 name was not on that sheet.

25
26 ² Norco is a trade name for hydrocodone. It is a Schedule III controlled substance pursuant
27 to Health and Safety Code section 11056, subdivision (e), and a dangerous drug pursuant to
28 Business and Professions Code section 4022.

³ Soma is a trade name for carisoprodol tablets. It is a Schedule IV controlled substance
pursuant to Health and Safety Code 11057, subdivision (c), and a dangerous drug pursuant to
Business and Professions Code section 4022.

1 23. On or about December 14, 2015, Patient A's insurance company was billed \$150 for
2 services rendered. The medical records that Respondent provided to SIP in 2016 included a
3 medical chart note for Norco and Soma without any other supporting documentation for those
4 drugs. Additionally, Respondent provided a patient sign-in sheet for December 14, 2015, and
5 notably, Patient A's name was not on that sheet. The medical chart Respondent produced to the
6 DOI Investigator on April 9, 2019, contained notes supporting the December 14, 2015, visit.

7 24. On or about January 20, 2016, Patient A's insurance company was billed \$150 for
8 services rendered. The medical records that Respondent provided to SIP in 2016 included a
9 medical chart note for Norco and Soma without any other supporting documentation for those
10 drugs. Additionally, Respondent provided a patient sign-in sheet for January 20, 2016, and
11 notably, Patient A's name was not on that sheet. The medical chart Respondent produced to the
12 DOI Investigator on April 9, 2019, contained notes supporting the January 20, 2016, visit.

13 25. On or about July 1, 2016, Patient A's insurance company was billed \$300 for services
14 rendered. The medical records that Respondent provided to SIP in 2016 had one small note "L hip
15 (unintelligible)." This medical documentation was not included as part of Patient A's record that
16 Respondent provided to the DOI Investigator on April 9, 2019.

17 26. Respondent committed gross negligence in his care and treatment of Patient A
18 including, but not limited to, the following:

19 (a) Respondent's office visit notes for Patient A are either missing, illegible,
20 disorganized and/or missing time annotations such that the chart notes do not support the level of
21 services billed; and

22 (b) Respondent billed for office visits that are not documented.

23 **PATIENT B**

24 27. Patient B started seeing Respondent in 2013. Respondent provided the DOI
25 Investigator 91 pages of medical records for Patient B, but only 27 pages pertain to Respondent's
26 care and treatment of Patient B. The 27 pages consist of fairly illegible hand written notes.

27 28. On or about April 21, 2016, Patient B broke her wrist at work. As a result, Patient B
28 opened a Worker's Compensation claim. Patient B's insurance company, Traveler's Insurance

1 Company, sent Patient B notice to provide them with her medical records in order to process the
2 claim. Patient B attempted to obtain copies of medical records from Respondent for over a year.
3 Patient B called and left messages at Respondent's office with no response. Patient B physically
4 went to Respondent's office and Respondent's office staff repeatedly advised Patient B the
5 records were not ready. Patient B even had a family member, an attorney, attempt to retrieve the
6 records to no avail. After one year of failing to obtain medical records from Respondent, Patient
7 B dropped her Worker's Compensation claim.

8 29. On or about March 6, 2015, Patient B's insurance company was billed \$150 for
9 services rendered. Respondent provided a patient sign-in sheet for that same date, and notably,
10 Patient B's name was not on that sheet.

11 30. On or about May 9, 2016, Patient B's insurance company was billed \$95 for services
12 rendered. Patient B's medical chart did not reflect treatment on that date. Additionally,
13 Respondent provided a patient sign-in sheet for that same date, and notably, Patient B's name was
14 not on that sheet.

15 31. Respondent committed gross negligence in his care and treatment of Patient B
16 including, but not limited to, the following:

17 (a) Respondent's office visit notes for Patient B are either missing, illegible,
18 disorganized and/or missing time annotations such that the chart does not support the level of
19 services billed;

20 (b) Respondent failed to provide Patient B with her medical chart after repeated
21 requests by the patient; and

22 (c) Respondent billed for office visits that are not documented.

23 **PATIENT C**

24 32. Patient C was a patient with lymphoma and coronary artery disease who saw
25 Respondent from, in or around, 2014 through 2018. Respondent provided the DOI Investigator
26 approximately 300 pages of medical records for Patient C, but only approximately twelve (12)
27 pages pertain to Respondent's care and treatment of Patient C. The twelve (12) pages consist of

28 ///

1 fairly illegible hand written notes and there were no office visits documented before December 2,
2 2016.

3 33. A 36 month Controlled Substance Utilization Review and Evaluation System
4 (CURES) report was reviewed. The CURES report showed prescriptions from Respondent from
5 January 6, 2014 through December 2, 2016 on a regular basis for controlled substances to Patient
6 C. During this period, Respondent prescribed hydrocodone, lorazepam, temazepam, and Lyrica to
7 Patient C. There are no medical records from Respondent supporting these prescriptions.

8 34. On or about March 19, 2015, Patient C's insurance company was billed \$150. Patient
9 C's medical chart simply reflects medications for Norco and Zetonna without any other
10 supporting documentation for those drug recommendations. Additionally, Respondent provided a
11 patient sign-in sheet for that same date, and notably, Patient C's name was not on that sheet.

12 35. On or about September 17, 2015, Patient C's insurance company was billed \$150 for
13 services rendered. Patient C's medical chart simply reflected "Req blood work" without any other
14 supporting documentation for that request. Additionally, Respondent provided a patient sign-in
15 sheet for that same date, and notably, Patient C's name was not on that sheet.

16 36. In or about March 2019, Respondent provided approximately 300 pages of medical
17 records for Patient C to the DOI Investigator. The medical records only cover the periods between
18 on or about December 2, 2016 through July 9, 2018. Of those 300 pages, only twelve (12) pages
19 appear to contain Respondent's hand-written notes. Those twelve (12) pages documented six (6)
20 visits in 2016, and none in 2014 and 2015. As a comparison, in the medical records for Patient C
21 that Respondent provided to SIP in 2016, Patient C's medical chart showed Patient C being
22 treated on September 17, 2015 and March 19, 2015. Respondent was not able to explain why or
23 how the medical records he provided to SIP and to the DOI Investigator were different.

24 37. Respondent committed gross negligence in his care and treatment of Patient C,
25 including, but not limited to, the following:

26 (a) Respondent's office visit notes for Patient C are either missing, illegible,
27 disorganized and/or missing time annotations such that the chart does not support the level of
28 services billed; and
