4 3. On December 11, 1998, the Board issued Physician's and Surgeon's Certificate No. A
5 67112 to Tiffany Baer, M.D. (Respondent). That license was in full force and effect at all times
6 relevant to the charges brought in the First Amended Accusation No. 800-2018-049322, and will
7 expire on October 31, 2024, unless renewed.

8 **JURISDICTION**

9 4. First Amended Accusation No. 800-2018-049322 was filed before the Board, and is
10 currently pending against Respondent. The First Amended Accusation and all other statutorily
11 required documents were properly served on Respondent on June 13, 2022. Respondent timely
12 filed her Notice of Defense contesting the charges in the First Amended Accusation.

13 5. A copy of the First Amended Accusation in Case No. 800-2018-049322 is attached as
14 Exhibit A and is incorporated herein by reference.

15 **ADVISEMENT AND WAIVERS**

21 cross-examine the witnesses against her; the right to present evidence and to testify on her own
22 behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the

24 and all other rights accorded by the California Administrative Procedure Act and other applicable
25 laws.

26 8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and
27 every right set forth above.

28 ///

1 CULPABILITY

2 9. Respondent understands and agrees that the charges and allegations in First Amended
3 Accusation No. 800-2018-049322, if proven at a hearing, constitute cause for imposing discipline
4 upon her Physician's and Surgeon's Certificate.

5 10. Respondent agrees that, at a hearing, Complainant could establish a prima facie case
6 for the charges in the First Amended Accusation, and that Respondent hereby gives up her right
7 to contest those charges.

8 11. Respondent does not contest that, at an administrative hearing, Complainant could
9 establish a prima facie case with respect to the charges and allegations in First Amended
10 Accusation No. 800-2018-049322, a true and correct copy of which is attached hereto as Exhibit
11 A, and that he has thereby subjected her Physician's and Surgeon's Certificate, No. A 67112 to

18 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
19 Board of California may communicate directly with the Board regarding this stipulation and
20 settlement, without notice to or participation by Respondent. By signing the stipulation,
21 Respondent understands and agrees that she may not withdraw her agreement or seek to rescind
22 the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt
23 this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall
24 be of no force or effect, and except for this paragraph, it shall be inadmissible in any legal action
25 between the parties, and the Board shall not be disqualified from further action by having

13 exemptions to Patients A and B, respectively. The patients were exempted from

15 basis, as more fully described in First Amended Accusation No. 800-2018-049322.”

16 B. **EDUCATION COURSE.** In addition, within 60 calendar days of the effective

19 program(s) or course(s) shall be aimed at correcting any areas of deficient practice or knowledge
20 and shall be Category I certified. The educational program(s) or course(s) shall be at
21 Respondent’s expense and shall be in addition to the Continuing Medical Education (CME)
22 requirements for renewal of licensure. Following the completion of each course, the Board or its
23 designee may administer an examination to test Respondent’s knowledge of the course.
24 Respondent shall provide proof of attendance for 55 hours of CME of which 30 hours were in
25 satisfaction of this condition.

26 C. **INVESTIGATION/ENFORCEMENT COST RECOVERY.** Within 60 calendar
27 days of the effective date of this Decision, Respondent is hereby ordered to reimburse the Board
28 its cost of investigation and enforcement, including, but not limited to expert review, amended

1 accusations, legal reviews, joint investigations, and subpoena enforcement, in the amount of
2 \$5,060.00 (Five Thousand, and sixty dollars). Costs shall be payable to the Medical Board of
3 California.

4 The filing of bankruptcy by the Respondent shall not relieve Respondent of the
5 responsibility to repay enforcement or investigation costs.

6 Any failure to fully comply with the terms of this Disciplinary Order shall constitute
7 unprofessional conduct and will subject Respondent's Physician's and Surgeon's Certificate to
8 further disciplinary action.

9 D. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar
10 days of the effective date of this Decision, Respondent shall enroll in a professionalism program,
11 that meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1.
12 Respondent shall participate in and successfully complete that program. Respondent shall
13 provide any information and documents that the program may deem pertinent. Respondent shall
14 successfully complete the classroom component of the program not later than six (6) months after
15 Respondent's initial enrollment, and the longitudinal component of the program not later than the
16 time specified by the program, but no later than one (1) year after attending the classroom
17 component. The professionalism program shall be at Respondent's expense and shall be in
18 addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

19 A professionalism program taken after the acts that gave rise to the charges in the
20 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
21 or its designee, be accepted towards the fulfillment of this condition if the program would have
22 been approved by the Board or its designee had the program been taken after the effective date of
23 this Decision.

24 Respondent shall submit a certification of successful completion to the Board or its
25 designee not later than 15 calendar days after successfully completing the program or not later
26 than 15 calendar days after the effective date of the Decision, whichever is later.

28 //

JURISDICTION

1
2 3. This Accusation is brought before the Board under the authority of the following
3 laws. All section references are to the Business and Professions Code (Code) unless otherwise
4 indicated.

5 4. Section 2227 of the Code states:

6 (a) A licensee whose matter has been heard by an administrative law judge of
7 the Medical Quality Hearing Panel as designated in Section 11371 of the Government
8 Code, or whose default has been entered, and who is found guilty, or who has entered
9 into a stipulation for disciplinary action with the board, may, in accordance with the
10 provisions of this chapter:

11 (1) Have his or her license revoked upon order of the board.

12 (2) Have his or her right to practice suspended for a period not to exceed one
13 year upon order of the board.

14 (3) Be placed on probation and be required to pay the costs of probation
15 monitoring upon order of the board.

16 (4) Be publicly reprimanded by the board. The public reprimand may include a
17 requirement that the licensee complete relevant educational courses approved by the
18 board.

19 (5) Have any other action taken in relation to discipline as part of an order of
20 probation, as the board or an administrative law judge may deem proper.

21 (b) Any matter heard pursuant to subdivision (a), except for warning letters,
22 medical review or advisory conferences, professional competency examinations,
23 continuing education activities, and cost reimbursement associated therewith that are
24 agreed to with the board and successfully completed by the licensee, or other matters
25 made confidential or privileged by existing law, is deemed public, and shall be made
26 available to the public by the board pursuant to Section 803.1.

27 5. Section 2234 of the Code, states:

28 The board shall take action against any licensee who is charged with
unprofessional conduct. In addition to other provisions of this article, unprofessional
conduct includes, but is not limited to, the following:

 (a) Violating or attempting to violate, directly or indirectly, assisting in or
abetting the violation of, or conspiring to violate any provision of this chapter.

 (b) Gross negligence.

 (c) Repeated negligent acts. To be repeated, there must be two or more
negligent acts or omissions. An initial negligent act or omission followed by a
separate and distinct departure from the applicable standard of care shall constitute
repeated negligent acts.

 (1) An initial negligent diagnosis followed by an act or omission medically

1 appropriate for that negligent diagnosis of the patient shall constitute a single
2 negligent act.

3 (2) When the standard of care requires a change in the diagnosis, act, or
4 omission that constitutes the negligent act described in paragraph (1), including, but
5 not limited to, a reevaluation of the diagnosis or a change in treatment, and the
6 licensee's conduct departs from the applicable standard of care, each departure
7 constitutes a separate and distinct breach of the standard of care.

8 (d) Incompetence.

9 (e) The commission of any act involving dishonesty or corruption that is
10 substantially related to the qualifications, functions, or duties of a physician and
11 surgeon.

12 (f) Any action or conduct that would have warranted the denial of a certificate.

13 (g) The failure by a certificate holder, in the absence of good cause, to attend
14 and participate in an interview by the board. This subdivision shall only apply to a
15 certificate holder who is the subject of an investigation by the board.

16 COST RECOVERY

17 6. Section 125.3 of the Code provides, in pertinent part, that the Board may request the
18 administrative law judge to direct a licensee found to have committed a violation or violations of
19 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and
20 enforcement of the case, with failure of the licensee to comply subjecting the license to not being
21 renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be
22 included in a stipulated settlement.

23 FIRST CAUSE FOR DISCIPLINE

24 (Gross Negligence)

25 7. Respondent Tiffany Baer, M.D. is subject to disciplinary action under section 2234
26 (b) of the Code, in connection with her care of two minor patients, Patients A, and B. The
27 circumstances are as follows:

28 Patient A¹

8. On or about March 29, 2018, eleven-year-old Patient A was presented to Respondent
for her first, and only, visit. The purpose of the visit was to obtain a vaccine exemption.
Respondent was not Patient A's regular doctor. A history was obtained and a brief physical exam

¹ The patients herein are identified by letters to protect their privacy.

1 (absent vital signs) was taken. The history revealed that Patient A was adopted at three days of
2 age and little was known about her biological parents, other than their race, and that the biological
3 mother suffered from mental illness and used drugs. There is a note that at the time of the
4 assessment that Patient A was vaccinated as follows: 6/06, 8/06, 10/06: polio, DTaP, HBV, PCV;
5 1/07: influenza; 4/07: MMR, VZV, HAV, influenza; 10/07: HIV, PCV; and 11/07: HAV,
6 influenza. The intake form notes that Patient A's adoptive father is a chiropractor who had
7 treated many children who became autistic as a reaction to vaccines. There are notes from Patient
8 A's parent that she had fever and screaming after receiving vaccines and that she was diagnosed
9 with long periods of whooping cough, although the age that she had whooping cough (pertussis)
10 was not noted. Respondent's assessment for this initial visit included cold hands and feet and
11 menstrual cramping. The recommended plan outlined by Respondent was for homeopathic
12 remedies for detox and lab testing for NTs (saliva testing).

13 9. On May 24, 2018, Respondent had a phone consultation with Patient A. Respondent
14 documented that Patient A "qualifies for ME (medical exemption) based on history, family
15 history and genetics."

16 10. Included in the patient chart are records that were completed by Patient A's parents
17 including a "Vaccine reaction history" which lists many disorders (all unrelated to vaccination)
18 including Autism, ADHD, visual disturbances, anxiety, meningitis, seizures, celiac, Kawasaki
19 disease, bursitis, and lupus. The chart contains a "Parents' Special Acknowledgment about
20 Medical Exemptions," signed by both parents, allowing Patient A to attend school without
21 vaccinations. A genetic mutation analysis is in the chart, as well as the medical office's
22 explanation of gene mutation analysis.

23 11. Respondent issued Patient A a temporary medical exemption dated March 29, 2018,
24 exempting her from all vaccines for four months, through July 29, 2018, pending her genetic
25 analysis.

26 12. Respondent issued Patient A a permanent medical exemption dated May 24, 2018,
27 exempting the patient from all vaccines due to history of genetic defects, asthma, skin disorders,
28 developmental delay, and vaccine reactions. A family history of asthma, neuropsychiatric

1 disorders, and drug addiction is, also included as part of the rationale for the exemption.
2 Respondent's exemption letter references a publication from 2013 on Vaccine and
3 Autoimmunity.

4 13. Another copy of the May 24, 2018, exemption form is included in the records. The
5 copy included edits with the following vaccines crossed out of the listed permanent exemptions:
6 DTaP, Meningococcal, and Rotavirus.

7
8 Patient B

9 14. On June 22, 2017, Respondent first saw Patient B, who was at that time three years,
10 old. Her patient intake form for the visit was completed on April 17, 2017. It stated that the
11 patient had a family history of multiple conditions and stated that the family was interested in
12 "Seeing if we qualify medically for a medical exemption." The intake also stated that Patient B
13 had phobias to loud noises and a history of eczema. A history was taken. It documented that
14 Patient B received her first set of vaccinations at age two months, for DTaP, HBV, Hib, PCV,
15 Rotavirus, and Polio. The parents reported that after vaccination, Patient B had "vomiting,
16 diarrhea and excessive sleep." Thereafter, the patient had an emergency room visit and was
17 prescribed cephalexin. After Patient B's four-month vaccines, she became limp and had a fever
18 that reached 105 degrees. Patient B was again prescribed cephalexin. The family stopped
19 vaccinating Patient B at the age of one year. A limited physical exam was done at the visit. It
20 included the following observation by Respondent, "polite, plays, normal weight." No vital signs
21 were documented, nor was any significant physical exam.

22 15. Review of Patient B's records from Kaiser Permanente showed that the patient was
23 evaluated in the emergency department for fever. It was found that she had a urinary tract
24 infection. It was treated with cephalexin and her work-up was negative for urinary tract
25 abnormalities, but showed pelviectasis bilaterally, and she was placed on prophylactic antibiotics.

26 16. A telephone record from January 14, 2014, which was four days following Patient
27 B's four-month vaccinations, noted that the mother called the office due to decreased appetite,
28 spitting up, but no diarrhea. She reported that three days before, Patient B had a fever that

1 reached 101 degrees. However, there was no current fever. The mother was concerned that the
2 reaction was to the vaccines.

3 17. On January 30, 2014, Patient B had another emergency department visit. She had a
4 fever that reached 105 degrees. This was 20 days after her four-month vaccines.

5 18. Respondent wrote a vaccine exemption letter for Patient B, dated September 21,
6 2017. The letter reports that due to "genetic defect, gastrointestinal disorder, neurologic disorder,
7 skin disorder, and vaccine reactions, [the child] should be exempt from all vaccines." She also
8 noted that Patient B's family has a history of autoimmune disease, neurologic disorders, skin
9 disorders, neuropsychiatric disease, learning disability, autism, speech delay, and vaccine
10 reaction. For these reasons, Respondent permanently exempted Patient B from all vaccines.
11 Respondent cited, "ASIA" (Autoimmune / Inflammatory System Induced by Adjuvants) as the
12 condition medically exempting Patient B from all vaccines. This is not considered an evidence-
13 based condition for vaccine exemption.

14 19. Patient B's vaccine record shows that she received her two-and four-month vaccines
15 at Kaiser Permanente as follows: DTap-HBV-IPV 11/8/13 and 1/10/14; HiB 11/8/13 and 1/10/14;
16 MMR 9/22/14; PCV 11/8/13 and 1/10/14; Rotavirus 11/8/13 and 1/10/14; and VZ V 9/22/14.

17 20. Patient B's family completed a timeline that included reactions to vaccines. They
18 attributed symptoms such as constipation, ear pain, and painful urination to the MMR vaccine
19 given in 2014. They noted on the timeline that Patient B has been, "just fine and healthy ever
20 since we decided to discontinue vaccines." The family supplied an extensive family history on
21 the form provided by Respondent. It included such conditions as psoriasis in maternal aunts and
22 uncles, thyroid disease in maternal third cousins, eating disorders, and addictions in multiple
23 second- and third-degree relatives. The family also provided a vaccine reaction history. It
24 included diagnoses such as aggression, depression, autism, seizures, and febrile seizures.

25 21. Respondent issued Patient B a temporary medical exemption dated June 22, 2017,
26 exempting the patient from all vaccines for four months pending genetic testing. The rationale
27 for vaccine exemption included Patient B's history of genetic defect, gastrointestinal disorder,
28 neurologic disorder, allergies, skin disorders, and vaccine reactions. Also noted was a family

1 history of vaccine reactions and autoimmune diseases, neurological disorders, allergies, asthma,
2 skin disorders, neuropsychiatric disease, learning disability, and autism. Respondent named
3 "ASIA" (Autoimmune / Inflammatory Syndrome Induced by Adjuvants), as the reason for the
4 exemption.

5 22. Respondent issued Patient B a permanent medical exemption dated September 21,
6 2017. It provided a permanent exemption for all vaccines based on Patient B's history of genetic
7 defect, gastrointestinal disorder, neurologic disorder, allergies, skin disorders, and vaccine
8 reactions. Also noted, was a family history of vaccine reactions and autoimmune diseases,
9 neurological disorders, allergies, asthma, skin disorders, neuropsychiatric disease, learning
10 disability, and autism. Respondent named "ASIA" as the reason for the exemption from all
11 vaccines. Genetic testing results were also included in the records.

12 23. The standard of care requires physicians to provide complete preventive care as well
13 as acute care for their patients. For health care providers, this includes providing appropriate
14 anticipatory guidance and administering childhood vaccinations to prevent vaccine preventable
15 diseases, as well as communicating accurate and evidence-based information regarding the safety
16 of vaccines.

17 24. Respondent was grossly negligent and departed from the standard of care in that she
18 inappropriately issued a broad exemption from immunization for all vaccines without appropriate
19 indication, or an appropriate medical basis to Patient A.

20 25. Respondent was grossly negligent and departed from the standard of care in that she
21 inappropriately issued a broad exemption from immunization for all vaccines without appropriate
22 indication, or an appropriate medical basis to Patient B.

23 SECOND CAUSE FOR DISCIPLINE

24 (Repeated Negligent Acts)

25 26. Respondent Tiffany Baer, M.D. is subject to disciplinary action under section 2234,
26 subdivision (c) of the Code, in that she was repeatedly negligent in his care and treatment of
27 Patients A, and B. The circumstances are as follows:

28 27. Paragraphs 8 through 25 are incorporated by reference as though fully set forth.
