6 or factual basis for the charges in the Second Amended Accusation, and that Respondent hereby
7 gives up his right to contest those charges.

8 11. Respondent does not contest that, at an administrative hearing, complainant could
9 establish a prima facie case with respect to the charges and allegations in Second Amended
10 Accusation No. 800-2018-047018, a true and correct copy of which is attached hereto as Exhibit
11 A, and that he has thereby subjected his Physician's and Surgeon's Certificate, No. G 78024 to

4 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
5 action between the parties, and the Board shall not be disqualified from further action by having
6 considered this matter.

The remaining balance is to be paid in three quarterly payments of \$2,000.00, each, to be made during the first year of probation, resulting in the full payment of \$8,000.00, by the end of the first year of probation. Failure to comply with the payment plan shall be considered a violation of probation.

The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to repay investigation and enforcement costs, including expert review costs.

12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and

1 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
2 patient care, clinical activity or teaching, or other activity as approved by the Board. If
3 Respondent resides in California and is considered to be in non-practice, Respondent shall
4 comply with all terms and conditions of probation. All time spent in an intensive training
5 program which has been approved by the Board or its designee shall not be considered non-
6 practice and does not relieve Respondent from complying with all the terms and conditions of
7 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
8 on probation with the medical licensing authority of that state or jurisdiction shall not be
9 considered non-practice. A Board-ordered suspension of practice shall not be considered as a

11 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
12 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
13 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program

16 Respondent's period of non-practice while on probation shall not exceed two (2) years.

17 Periods of non-practice will not apply to the reduction of the probationary term.

18 Periods of non-practice for a Respondent residing outside of California will relieve
19 Respondent of the responsibility to comply with the probationary terms and conditions with the
20 exception of this condition and the following terms and conditions of probation: Obey All Laws;
21 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
22 Controlled Substances; and Biological Fluid Testing..

23 13. COMPLETION OF PROBATION. Respondent shall comply with all financial
24 obligations (e.g., probation costs) not later than 120 calendar days prior to the completion of
25 probation. This term does not include cost recovery, which is due within 30 calendar days of the
26 effective date of the Order, or by a payment plan approved by the Medical Board and timely
27 satisfied. Upon successful completion of probation, Respondent's certificate shall be fully
28 restored.

1 14. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
2 of probation is a violation of probation. If Respondent violates probation in any respect, the
3 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
4 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
5 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
6 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
7 the matter is final.

8 15. LICENSE SURRENDER. Following the effective date of this Decision, if
9 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
10 the terms and conditions of probation, Respondent may request to surrender his or her license.
11 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
12 determining whether or not to grant the request, or to take any other action deemed appropriate
13 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
14 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
15 designee and Respondent shall no longer practice medicine in California. Respondent will no
16 longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical
17 license in California, the application shall be treated as a petition for reinstatement of a revoked
18 certificate.

19 16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
20 with probation monitoring each and every year of probation, as designated by the Board, which
21 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
22 California and delivered to the Board or its designee no later than January 31 of each calendar
23 year.

24 17. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
25 a new license or certification, or petition for reinstatement of a license, by any other health care
26 licensing action agency in the State of California, all of the charges and allegations contained in
27 Second Amended Accusation No. 800-2018-047018 shall be deemed to be true, correct, and
28 admitted by Respondent for the purpose of any Statement of Issues or any other proceeding

1 seeking to deny or restrict license.

12 licensee who demonstrates financial hardship and who enters into a formal agreement
13 with the board to reimburse the board within that one-year period for the unpaid
14 costs.

15 (h) All costs recovered under this section shall be considered a reimbursement
16 for costs incurred and shall be deposited in the fund of the board recovering the costs

23 disciplinary proceeding.

24 **FIRST CAUSE FOR DISCIPLINE**

25 **(Gross Negligence – Patient A)**

26 8. Respondent Richard David Chen, M.D. is subject to disciplinary action under section
27 2234, subdivision (b) of the Code for gross negligence in his care and treatment of Patient A, a
28 minor. The circumstances are as follows:

9. On or about July 16, 2018, three-year-old Patient A was presented by her mother to
Respondent for her first and only visit with him. The purpose of the visit was to obtain a vaccine
exemption. Respondent was not Patient A's regular physician. Respondent either failed to
examine the patient, or did not document an examination of the patient. During the visit,
Respondent provided a permanent medical exemption for all school-required immunizations
recorded on the American Academy of Pediatrics / California Academy of Family Physicians
form, as well as some vaccines which are not required for school entry. The reasons stated on the

1 form for issuing this broad exemption were, "family history of genetic variant, autoimmune
2 disease, neurological disorders, allergies, asthma, neuropsychiatric disease, autism, and vaccine
3 reaction." Respondent also cited links between vaccines and vaccine adjuvants and excipients
4 with risks of allergies, asthma, eczema, and autoimmune disease as well as autoimmune /
5 inflammatory syndrome induced by adjuvants.

6 10. Respondent noted in the patient record that the mother stated that Patient A tolerated
7 the first dose of the polio vaccine but had a fever up to 103-104 degrees after the second dose.
8 Patient A's fever lasted three to four days, she said. She also relayed that the patient's sister had a
9 fever, excessive sleepiness, and vomiting after immunization. Also included in the patient chart
10 were results from genetic testing.

11 11. The medical record maintained by Respondent does not contain any documentation
12 demonstrating that he examined Patient A.

13 12. The standard of care under such circumstances requires that a physician follow
14 national standards for pediatric vaccination practices and immunization recommendations from
15 the Centers for Disease Control and Prevention issued through the Advisory Committee on
16 Immunization Practices in concert with medical organizations. Contraindications and precautions
17 are conditions under which medical exemptions are appropriate. A licensed physician provides
18 immunizations in California in a written statement that includes the following: (1) the patient has
19 a physical condition or medical circumstance such that the required immunization is not
20 indicated; (2) which vaccines are exempted; and (3) whether the exemption is permanent or
21 temporary, and, if temporary, the expiration date.

22 13. Respondent was grossly negligent and departed from the standard of care in that he
23 issued a broad and permanent exemption from immunization without appropriate indication. In
24 addition, Respondent was grossly negligent in that he inappropriately issued an exemption for all
25 vaccines. Furthermore, Respondent was grossly negligent in providing a permanent exemption to
26 all vaccines. Whether proven as a whole or individually, Respondent committed gross negligence
27 in the care and treatment he provided to Patient A.

SECOND CAUSE FOR DISCIPLINE

(Gross Negligence – Patient B)

14. Respondent Richard David Chen, M.D. is subject to disciplinary action under section 2234, subdivision (b) of the Code for gross negligence in his care and treatment of Patient B, a minor. The circumstances are as follows:

15. Patient B's primary care physician filed a complaint with the Medical Board indicating that Respondent wrote an inappropriate medical exemption for the patient. The physician reported being Patient B's physician for several years, and advised that the patient does not have a medical condition exempting her from receiving immunizations. The Board investigated these matters.

16. The investigation revealed that Respondent issued three-year-old Patient B a vaccine exemption dated August 6, 2018. Respondent is not a pediatrician. Respondent was not Patient B's regular physician. Respondent either failed to examine the patient, or did not document an examination of the patient. Nonetheless, Respondent provided a permanent medical exemption for all vaccines, including school-required immunizations recorded on the American Academy of Pediatrics / California Academy of Family Physicians form, as well as some vaccines which are not required for school entry. The reasons stated for issuing this broad exemption were, "family history of allergies, vaccine reaction, developmental delay," and one additional reason which cannot be deciphered as written. Respondent indicated that Patient B is at increased risk for adverse effects from vaccination due to family history of genetic variant, allergies, skin disorders, developmental disorder, and vaccine reaction. The vaccine exemption states that Patient B is at an increased risk for adverse effects from vaccination due to family history of genetic variant, allergies, skin disorders, developmental disorder, and vaccine reaction. Respondent also cited risks of allergies, asthma, eczema, autoimmune disease and autoimmune/inflammatory syndrome induced by adjuvants.

17. The parent form states that Patient B has not received any immunizations. It also indicates that Patient B was dropped on the floor after birth, resulting in a skull fracture and bleeding, had an ear infection as an infant, but is otherwise healthy.

18. Respondent was grossly negligent and departed from the standard of care in that he issued a broad and permanent exemption from immunization without appropriate indication. In addition, Respondent was grossly negligent in that he inappropriately issued an exemption for all vaccines. Furthermore, Respondent was grossly negligent in providing a permanent exemption to all vaccines. Whether proven as a whole or individually, Respondent committed gross negligence in the care and treatment he provided to Patient B.

THIRD CAUSE FOR DISCIPLINE

(Gross Negligence – Patient C)

19. Respondent Richard David Chen, M.D. is subject to disciplinary action under section 2234, subdivision (b) of the Code for gross negligence in his care and treatment of Patient C, a minor. The circumstances are as follows:

20. Respondent issued twelve-year-old Patient C a vaccine exemption dated September 25, 2017. Respondent was not Patient's regular physician. Respondent either failed to examine the patient, or did not document an examination of the patient. The vaccine exemption was noted to be temporary for four months pending testing. The exemption is for all vaccines. The reasons stated for issuing this broad exemption were, "family history of autoimmune disease, neurologic disorders, neuropsychiatric disease, cancer, and attention deficit disorder." Respondent, also cited risks of allergies, asthma, eczema, autoimmune disease and autoimmune/inflammatory syndrome induced by adjuvants.

21. Patient C was noted to have been diagnosed with cerebral palsy at birth, had ASD and VSD with heart surgery at either ten months as in the chart note, or between 1-5 years of age per the parent questionnaire that was completed, and pyloric stenosis surgery at four months.

22. Respondent was grossly negligent and departed from the standard of care in that he issued a broad exemption from immunization without appropriate indication. In addition, Respondent was grossly negligent in that he inappropriately issued an exemption for all vaccines. Furthermore, Respondent was grossly negligent in providing a temporary exemption to all vaccines pending testing, and for lack of documenting a testing plan. Whether proven as a whole

1 or individually, Respondent committed gross negligence in the care and treatment he provided to
2 Patient C.

3 **FOURTH CAUSE FOR DISCIPLINE**

4 **(Repeated Negligent Acts)**

5 23. Respondent Richard David Chen, M.D. is subject to disciplinary action under section
6 2234, subdivision (c) of the Code, in that he was repeatedly negligent in his care and treatment of
7 Patients A, B. and C. The circumstances are as follows:

8 24. Paragraphs 8 through 22 are incorporated by reference as though fully set forth.

9 **FIFTH CAUSE FOR DISCIPLINE**

10 **(Failure to Maintain Adequate and Accurate Records)**

11 25. Respondent Richard David Chen, M.D. is subject to disciplinary action under section
12 2266 of the Code, in that he failed to maintain adequate and accurate records related to the care
13 and treatment of Patients A, B, and C.

14 26. Specifically, Respondent did not document conducting a physical examination of the
15 patients.

16 27. Respondent failed to document a testing plan for Patient C.
