Case No. 800-2019-056375

OAH No. 2022100576

**STIPULATED SETTLEMENT AND**  
**DISCIPLINARY ORDER**

19  
20 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-  
21 entitled proceedings that the following matters are true:

22 **PARTIES**

23 1. Reji Varghese (Complainant) is the Interim Executive Director of the Medical Board  
24 of California (Board). William Prasifka was the Executive Director of the Board when this action  
25 was brought in his official capacity, and both are represented in this matter by Rob Bonta,  
26 Attorney General of the State of California, by Aaron L. Lent, Deputy Attorney General.

27 2. Respondent Carl R. Ahroon, M.D. (Respondent) is represented in this proceeding by  
28 attorney Michael F. Ball, whose address is: 7647 North Fresno Street Fresno, CA 93720-8912.

3. On or about July 28, 1967, the Board issued Physician's and Surgeon's Certificate No. G 13598 to Carl R. Ahroon, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2019-056375, and will expire on June 30, 2024, unless renewed.

## JURISDICTION

4. Accusation No. 800-2019-056375 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on June 2, 2022. Respondent timely filed his Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 800-2019-056375 is attached as Exhibit A and incorporated herein by reference.

## **ADVISEMENT AND WAIVERS**

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2019-056375. Respondent has also carefully read, fully discussed with his counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

## CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 800-2019-056375, if proven at a hearing, constitute cause for imposing discipline upon his Physician's and Surgeon's Certificate.

10. Respondent agrees that, at a hearing, Complainant could establish a *prima facie* case or factual basis for the charges in the Accusation, and that Respondent hereby gives up his right to contest those charges.

11. Respondent does not contest that, at an administrative hearing, complainant could establish a *prima facie* case with respect to the charges and allegations in Accusation No. 800-2019-056375, a true and correct copy of which is attached hereto as Exhibit A, and that he has thereby subjected his Physician's and Surgeon's Certificate, No. G 13598 to disciplinary action.

12. Respondent agrees that his Physician's and Surgeon's Certificate is subject to discipline and he agrees to be bound by the Board's imposition of discipline as set forth in the Disciplinary Order below.

## CONTINGENCY

13. This stipulation shall be subject to approval by the Medical Board of California. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

14. Respondent agrees that if he ever petitions for early termination or modification of probation, or if an accusation and/or petition to revoke probation is filed against him before the Board, all of the charges and allegations contained in Accusation No. 800-2019-056375 shall be deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any other licensing proceeding involving Respondent in the State of California.

15. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

16. The parties agree that copies of this Stipulated Settlement and Disciplinary Order, including copies of the signatures of the parties, may be used in lieu of original documents and signatures and, further, that such copies shall have the same force and effect as originals.

17. This Stipulated Settlement and Disciplinary Order is intended by the parties herein to be an integrated writing representing the complete, final, and exclusive embodiment of the agreements of the parties in the above-entitled matter.

18. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

## DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 13598 issued to Respondent Carl R. Ahroon, M.D. shall be and is hereby publicly reprimanded pursuant to California Business and Professions Code, section 2227, subdivision (a) (4). This public reprimand, which is issued in connection with Respondent's failure to document Patient 1's medical records as set forth in Accusation No. 800-2019-056375, is as follows:

“You failed to properly document a physical examination, a review of systems, and a treatment plan. Thereafter, you also failed to document a medical reason for prescribing the patient a controlled substance.”

1. PREScribing PRACTICES COURSE. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in prescribing practices approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent. Respondent shall participate in and successfully complete the classroom component of the course not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully complete any other component of the course within one (1) year of enrollment. The prescribing

1 practices course shall be at Respondent's expense and shall be in addition to the Continuing  
2 Medical Education (CME) requirements for renewal of licensure.

3 A prescribing practices course taken after the acts that gave rise to the charges in the  
4 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
5 or its designee, be accepted towards the fulfillment of this condition if the course would have  
6 been approved by the Board or its designee had the course been taken after the effective date of  
7 this Decision.

8 Respondent shall submit a certification of successful completion to the Board or its  
9 designee not later than 15 calendar days after successfully completing the course, or not later than  
10 15 calendar days after the effective date of the Decision, whichever is later. Any violation of this  
11 condition or failure to complete the program and program recommendations shall be considered  
12 unprofessional conduct and grounds for further disciplinary action.

13 2. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective  
14 date of this Decision, Respondent shall enroll in a course in medical record keeping approved in  
15 advance by the Board or its designee. Respondent shall provide the approved course provider  
16 with any information and documents that the approved course provider may deem pertinent.  
17 Respondent shall participate in and successfully complete the classroom component of the course  
18 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully  
19 complete any other component of the course within one (1) year of enrollment. The medical  
20 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing  
21 Medical Education (CME) requirements for renewal of licensure.

22 A medical record keeping course taken after the acts that gave rise to the charges in the  
23 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
24 or its designee, be accepted towards the fulfillment of this condition if the course would have  
25 been approved by the Board or its designee had the course been taken after the effective date of  
26 this Decision.

27 Respondent shall submit a certification of successful completion to the Board or its  
28 designee not later than 15 calendar days after successfully completing the course, or not later than

1 15 calendar days after the effective date of the Decision, whichever is later. Any violation of this  
2 condition or failure to complete the program and program recommendations shall be considered  
3 unprofessional conduct and grounds for further disciplinary action.

4 3. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby  
5 ordered to reimburse the Board its costs of investigation and enforcement, including, but not  
6 limited to, expert review, amended accusations, legal reviews, investigation(s), and subpoena  
7 enforcement, as applicable, in the amount of \$15,000.00 (fifteen thousand dollars). Costs shall be  
8 payable to the Medical Board of California.

9 Payment must be made in full within 30 calendar days of the effective date of the Order, or  
10 by a payment plan approved by the Medical Board of California. Any and all requests for a  
11 payment plan shall be submitted in writing by respondent to the Board. Failure to fully reimburse  
12 the Board the total amount of costs within twelve (12) months of the effective date of this  
13 Decision, unless the Board or its designee agrees in writing to an extension of that time, shall  
14 constitute general unprofessional conduct and may serve as the grounds for further disciplinary  
15 action.

16 The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to  
17 repay investigation and enforcement costs, including expert review costs.

18 4. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for  
19 a new license or certification, or petition for reinstatement of a license, by any other health care  
20 licensing action agency in the State of California, all of the charges and allegations contained in  
21 Accusation No. 800-2019-056375 shall be deemed to be true, correct, and admitted by  
22 Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or  
23 restrict license.

## JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 2227 of the Code states:

(a) A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

(1) Have his or her license revoked upon order of the board.

(2) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.

(3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.

(4) Be publicly reprimanded by the board. The public reprimand may include a requirement that the licensee complete relevant educational courses approved by the board.

(5) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper.

(b) Any matter heard pursuant to subdivision (a), except for warning letters, medical review or advisory conferences, professional competency examinations, continuing education activities, and cost reimbursement associated therewith that are agreed to with the board and successfully completed by the licensee, or other matters made confidential or privileged by existing law, is deemed public, and shall be made available to the public by the board pursuant to Section 803.1.

5. Section 2228.1 of the Code states:

(a) On and after July 1, 2019, except as otherwise provided in subdivision (c), the board and the Podiatric Medical Board of California shall require a licensee to provide a separate disclosure that includes the licensee's probation status, the length of the probation, the probation end date, all practice restrictions placed on the licensee by the board, the board's telephone number, and an explanation of how the patient can find further information on the licensee's probation on the licensee's profile page on the board's online license information internet website, to a patient or the patient's guardian or health care surrogate before the patient's first visit following the probationary order while the licensee is on probation pursuant to a probationary order made on and after July 1, 2019, in any of the following circumstances:

(1) A final adjudication by the board following an administrative hearing or admitted findings or prima facie showing in a stipulated settlement establishing any of the following:

1 (A) The commission of any act of sexual abuse, misconduct, or relations with a  
2 patient or client as defined in Section 726 or 729.

3 (B) Drug or alcohol abuse directly resulting in harm to patients or the extent  
4 that such use impairs the ability of the licensee to practice safely.

5 (C) Criminal conviction directly involving harm to patient health.

6 (D) Inappropriate prescribing resulting in harm to patients and a probationary  
7 period of five years or more.

8 (2) An accusation or statement of issues alleged that the licensee committed any  
9 of the acts described in subparagraphs (A) to (D), inclusive, of paragraph (1), and a  
10 stipulated settlement based upon a nolo contendere or other similar compromise that  
11 does not include any prima facie showing or admission of guilt or fact but does  
12 include an express acknowledgment that the disclosure requirements of this section  
13 would serve to protect the public interest.

14 (b) A licensee required to provide a disclosure pursuant to subdivision (a) shall  
15 obtain from the patient, or the patient's guardian or health care surrogate, a separate,  
16 signed copy of that disclosure.

17 (c) A licensee shall not be required to provide a disclosure pursuant to  
18 subdivision (a) if any of the following applies:

19 (1) The patient is unconscious or otherwise unable to comprehend the  
20 disclosure and sign the copy of the disclosure pursuant to subdivision (b) and a  
21 guardian or health care surrogate is unavailable to comprehend the disclosure and  
22 sign the copy.

23 (2) The visit occurs in an emergency room or an urgent care facility or the visit  
24 is unscheduled, including consultations in inpatient facilities.

25 (3) The licensee who will be treating the patient during the visit is not known to  
26 the patient until immediately prior to the start of the visit.

27 (4) The licensee does not have a direct treatment relationship with the patient.

28 (d) On and after July 1, 2019, the board shall provide the following  
information, with respect to licensees on probation and licensees practicing under  
probationary licenses, in plain view on the licensee's profile page on the board's  
online license information internet website.

(1) For probation imposed pursuant to a stipulated settlement, the causes  
alleged in the operative accusation along with a designation identifying those causes  
by which the licensee has expressly admitted guilt and a statement that acceptance of  
the settlement is not an admission of guilt.

(2) For probation imposed by an adjudicated decision of the board, the causes  
for probation stated in the final probationary order.

(3) For a licensee granted a probationary license, the causes by which the  
probationary license was imposed.

(4) The length of the probation and end date.

(5) All practice restrictions placed on the license by the board.

(e) Section 2314 shall not apply to this section.

### STATUTORY PROVISIONS

6. Section 741 of the Code, states:

(a) Notwithstanding any other law, a prescriber shall do the following:

(1) Offer a prescription for naloxone hydrochloride or another drug approved by the United States Food and Drug Administration for the complete or partial reversal of opioid depression to a patient when one or more of the following conditions are present:

(A) The prescription dosage for the patient is 90 or more morphine milligram equivalents of an opioid medication per day.

(B) An opioid medication is prescribed concurrently with a prescription for benzodiazepine.

(C) The patient presents with an increased risk for overdose, including a patient with a history of overdose, a patient with a history of substance use disorder, or a patient at risk for returning to a high dose of opioid medication to which the patient is no longer tolerant.

(2) Consistent with the existing standard of care, provide education to patients receiving a prescription under paragraph (1) on overdose prevention and the use of naloxone hydrochloride or another drug approved by the United States Food and Drug Administration for the complete or partial reversal of opioid depression.

(3) Consistent with the existing standard of care, provide education on overdose prevention and the use of naloxone hydrochloride or another drug approved by the United States Food and Drug Administration for the complete or partial reversal of opioid depression to one or more persons designated by the patient, or, for a patient who is a minor, to the minor's parent or guardian.

(b) This section does not apply to a prescriber when prescribing to an inmate or a youth under the jurisdiction of the Department of Corrections and Rehabilitation or the Division of Juvenile Justice within the Department of Corrections and Rehabilitation.

7. Section 2234 of the Code, states:

The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

(b) Gross negligence.

1 (c) Repeated negligent acts. To be repeated, there must be two or more  
2 negligent acts or omissions. An initial negligent act or omission followed by a  
3 separate and distinct departure from the applicable standard of care shall constitute  
4 repeated negligent acts.

5 (1) An initial negligent diagnosis followed by an act or omission medically  
6 appropriate for that negligent diagnosis of the patient shall constitute a single  
7 negligent act.

8 (2) When the standard of care requires a change in the diagnosis, act, or  
9 omission that constitutes the negligent act described in paragraph (1), including, but  
10 not limited to, a reevaluation of the diagnosis or a change in treatment, and the  
11 licensee's conduct departs from the applicable standard of care, each departure  
12 constitutes a separate and distinct breach of the standard of care.

13 (d) Incompetence.

14 (e) The commission of any act involving dishonesty or corruption that is  
15 substantially related to the qualifications, functions, or duties of a physician and  
16 surgeon.

17 (f) Any action or conduct that would have warranted the denial of a certificate.

18 (g) The failure by a certificate holder, in the absence of good cause, to attend  
19 and participate in an interview by the board. This subdivision shall only apply to a  
20 certificate holder who is the subject of an investigation by the board.

21 8. Section 2266 of the Code states: The failure of a physician and surgeon to maintain  
22 adequate and accurate records relating to the provision of services to their patients constitutes  
23 unprofessional conduct.

### 24 COST RECOVERY

25 9. Section 125.3 of the Code provides, in pertinent part, that the Board may request the  
26 administrative law judge to direct a licensee found to have committed a violation or violations of  
27 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and  
28 enforcement of the case, with failure of the licensee to comply subjecting the license to not being  
renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be  
included in a stipulated settlement.

### 29 FACTUAL ALLEGATIONS

30 10. On or about November 8, 2018, Patient 1<sup>1</sup> first presented to Respondent as a new  
31 patient. Respondent obtained a medical history, and documented complaints of hypothyroidism,

32 <sup>1</sup> The patient's name has been redacted to protect her privacy.

1 for which the patient took 25 mcg levothyroxine; anxiety, related to which the patient had an  
2 echocardiogram performed; a prior breast augmentation, which was later reduced; and  
3 endometriosis, which was being treated by her gynecologist. Related to the endometriosis, the  
4 patient reported depression associated with menstruation, for which she was prescribed  
5 antidepressants that she did not take. Respondent stated in an investigative interview that he  
6 performed a physical examination, but no such examination is documented in the patient's chart,  
7 other than height, weight, and blood pressure. Respondent stated in the interview that he "looked  
8 at" the patient's breasts and that she "showed" him her breasts, but Respondent did not document  
9 any breast examination. Respondent ordered lab work for the patient.

10 11. On or about November 15, 2018, the patient next presented to Respondent.  
11 Respondent did not document a chief complaint or reason for the visit. Respondent documented  
12 "irregular menses" but did not document a history or treatment plan related to this complaint.  
13 Respondent documented the results of the patient's lab work. In the section of his note for  
14 "Review of Symptoms," Respondent drew a line and made an illegible mark.

15 12. On or about February 19, 2019, the patient presented again to Respondent.  
16 Respondent noted "depression, anxiety," and complaints of sore throat and trouble breathing.  
17 Respondent prescribed the antidepressant sertraline and the benzodiazepine Xanax for anxiety.  
18 Respondent also prescribed 30 tabs of the opioid Tramadol, but did not document a reason for this  
19 prescription other than "need." Xanax and Tramadol are both controlled substances. Respondent  
20 did not document a treatment plan. Respondent made a diagnosis of "hoarseness" and counseled  
21 the patient on respiratory health. Under "Review of Symptoms," Respondent again drew a line  
22 and made an illegible mark. Respondent made a requisition for a stat chest x-ray, but did not  
23 document a reason for this referral or any subsequent review of a chest x-ray.

24 13. On or about June 4, 2019, the patient presented to Respondent for the fourth and final  
25 time. The patient complained of earache and gastrointestinal distress. Respondent examined the  
26 patient's ear and noted no inflammation and good hearing. Under "Review of Symptoms,"  
27 Respondent again drew a line and made an illegible mark. The following day, the patient filed a  
28 complaint with the Board.

14. On or about February 25, 2020, Respondent sent a letter to the patient which read, "I feel we would both be best served if you found another doctor. The termination of our physician/patient relationship will be effective immediately. I will be available for emergent care only for 30 days." Respondent did not document a reason for terminating the physician-patient relationship. In an investigative interview, Respondent stated that he terminated the relationship because the patient was "not completely stable," but Respondent did not document that concern in his chart.

**FIRST CAUSE FOR DISCIPLINE**

**(Repeated Negligent Acts)**

15. Respondent Carl R. Ahroon, M.D. is subject to disciplinary action under section 2234, subdivision (c), in that he engaged in repeated acts of negligence. The circumstances are set forth in paragraphs 10 through 14, above, which are incorporated here by reference. Additional circumstances are as follows:

16. The standard of care requires that a primary care physician document a chief complaint or reason for a patient visit, a patient history, a review of systems, relevant past medical treatment, an assessment or diagnosis, and a treatment plan. Respondent's repeated failures to fully document each patient visit, and his failure to document a reason for terminating the physician-patient relationship, individually and collectively, constitute negligence.

17. The standard of care for prescribing controlled substances requires that the prescribing physician document a reason for the prescription, a diagnosis or assessment, and a treatment plan. The standard of care requires that the prescribing physician check CURES<sup>2</sup> when prescribing a controlled substance. Beginning January 1, 2019, when prescribing an opioid and benzodiazepine concurrently, a physician must educate the patient regarding the use of naloxone hydrochloride or another similar drug for the complete or partial reversal of opioid depression. Respondent prescribed the opioid Tramadol and the benzodiazepine Xanax simultaneously, but
