RE: Physician's and Surgeon's Certificate No. G 43044
Case No. 800-2021-084320

Public Letter of Reprimand

An investigation conducted by the Board revealed that you committed repeated negligent acts and failed to maintain adequate and accurate records in the care and treatment of five patients. As to four patients, you granted temporary immunization exemptions for longer than the established minimum required to catch up on immunizations and failed to document the rationale for the delayed immunization and catch-up plan. In the care and treatment of the fifth patient, you provided a permanent MMR immunization exemption without documentation of a medical condition supporting the exemption. These actions are in violation of Business and Professions Code sections 2234, subdivision (c), and 2266.

Pursuant to the authority of Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California, and you are required to complete a Medical Record Keeping Course.

Sincerely,

Reji Varghese
Executive Director
