(b) A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The Medical Board may order discipline of the licensee in accordance with Section 2227 or the Medical Board may order the denial of the license when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

COST RECOVERY

13. Section 125.3 of the Code states:

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the

2 violations of the licensing act to pay a sum not to exceed the reasonable costs of the
3 investigation and enforcement of the case.

10 investigative and enforcement costs up to the date of the hearing, including, but not
11 limited to, charges imposed by the Attorney General.

12 (d) The administrative law judge shall make a proposed finding of the amount
13 of reasonable costs of investigation and prosecution of the case when requested
14 pursuant to subdivision (a). The finding of the administrative law judge with regard

16 may reduce or eliminate the cost award, or remand to the administrative law judge if
17 the proposed decision fails to make a finding on costs requested pursuant to
18 subdivision (a).

19 (e) If an order for recovery of costs is made and timely payment is not made as
20 directed in the board's decision, the board may enforce the order for repayment in any

(i) Nothing in this section shall preclude a board from including the recovery of
the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in
that board's licensing act provides for recovery of costs in an administrative
disciplinary proceeding.

1 **FIRST CAUSE FOR DISCIPLINE**

2 **(Mental Illness Affecting Competency)**

3 14. Respondent is subject to disciplinary action under section 822 of the Code in that his
4 ability to practice medicine safely is impaired due to mental illness affecting competency. The
5 circumstances are as follows:

6 15. On April 22, 2022, the Board received a complaint from Respondent's treating
7 psychiatrist, Dr. J.L., who stated that during her treatment session with Respondent on April 22,
8 2022, Respondent was delusional and using cannabis. According to the complaint, Respondent
9 declined Dr. J.L.'s recommendation to participate in an outpatient program and cease using
10 cannabis. He stated that he planned to use cannabis "if I need it." And he planned to resume
11 seeing patients next week. Dr. J.L. reported that she informed Respondent that she recommended
12 that he hold off on seeing patients, stop cannabis, and obtain a second psychiatric opinion. She
13 further informed Respondent that she would need to file a report to the Board for potential future
14 impairment due to cannabis use exacerbating his mania and triggering delusional symptoms.

15 16. The Board initiated an investigation of Respondent based upon the receipt of Dr.
16 J.L.'s complaint.

17 17. On May 11, 2022, Investigator L.A. made an unannounced visit to Respondent's
18 medical office, located at 243 Tenth Street in Santa Paula, California. Respondent voluntarily
19 spoke with Investigator L.A.

20 A. Respondent stated that he had been an employee and shareholder of Identity
21 Health Group and was discharged after he had admitted to other Identity employees that in 2019,
22 he was drinking heavily and sometimes took a vodka shot before seeing patients to relax.
23 Respondent stated that he quit drinking at the end of 2019, and began to use edible cannabis
24 instead. He stated that cannabis keeps him from abusing alcohol, that he had not used alcohol
25 since 2019, and goes to Alcoholics Anonymous when needed. He also told Identity employees
26 that he was going to run for President of the United States and voice his opinion on the state of
27 the country. He told Investigator L.A. that while he was aware that he would never actually be
28 President of the United States, the statement made the employees at Identity think he was crazy.

1 B. Respondent stated that he currently uses edible cannabis on the weekends and
2 at home. He never goes to work or provides patient care while under the influence of any
3 substance. He is not currently taking any prescription medications. He recently discovered that
4 he experiences hypomania when he overuses cannabis.

5 C. Respondent stated that he has been seeing Dr. J.L. for psychiatric treatment
6 since 2020. He stated that he does not feel that she listens to him. Dr. J.L. wanted to prescribe
7 Lithium but he does not want to take it because he is not bipolar and feels it is unnecessary. Dr.
8 J.L. wants Respondent to stop using cannabis, but he believes it helps him.

9 D. Respondent stated that he had an appointment with Dr. L.M. for a secondary
10 psychiatric opinion on May 10, 2022, and that Dr. L.M. stated that Respondent was healthy and
11 fit to work with patients.

12 18. On May 11, 2022, the Board requested that Respondent voluntarily submit to a drug
13 screening test. Respondent's test results were positive for marijuana and marijuana metabolites.

14 19. Respondent's records from Identity Medical Group reflect that he was placed on a
15 leave of absence on May 26, 2020, due to behaviors concerning for mania. On June 10, 2022,
16 Identity Medical Group sent Respondent a letter documenting concerning topics that he had
17 discussed with an Identity Medical Group employee, including: (1) his admission of being an
18 alcoholic, currently having six months of sobriety; (2) his admission of having a drink before
19 work in 2019 in order to help with the shakes when he was "really bad," documented; (3) his
20 interest in wanting to train a goose to fly with him while he paramotored; and (4) his interest in
21 wanting to run for President of the United States and wanting to use his videos of flying with his
22 goose as a way to market himself in his campaign run for President. The letter further set forth
23 requirements, including an evaluation by an independent behavioral health specialist, in order for
24 Respondent to return to work.

25 20. On July 27, 2020, psychiatrist, Dr. P.K. conducted an independent psychiatric
26 evaluation of Respondent at the request of Identity Medical Group. With respect to his past
27 employment history, Respondent reported that prior to working at Identity Medical Group, he
28 worked at Westside Family Practice where he engaged in use of opiate medication samples for

1 about one-and-one-half years. Once staff noticed that there were samples missing, Respondent
2 admitted that he was responsible and stopped using the narcotics. He could not recall the dates
3 that this had occurred. Respondent reported that he began working at Identity Medical Group in
4 approximately 2012. Respondent reported that in the two years prior to seeing Dr. P.K., he was
5 drinking excessively, developed acute hepatitis, quit using alcohol and replaced alcohol with
6 cannabis. Dr. P.K. noted that Respondent had a relatively acute change in thoughts and behavior
7 in May 2020 and displayed manic-like symptoms of rapid speech, grandiose beliefs and thought
8 content, and potentially racing thoughts and increased goal-directed activity. Based upon his
9 examination and evaluation of Respondent, Dr. P.K. was of the opinion that Respondent's
10 symptoms appeared to be temporally related to the level of his cannabis use, with relatively rapid
11 reduction in symptoms with cessation of use. Though a primary bipolar disorder could not be
12 ruled out, Respondent exhibits symptoms of a substance-induced bipolar disorder. In Dr. P.K.'s
13 opinion, to a reasonable degree of medical probability, Respondent was able to safely resume the
14 practice of medicine. Dr. P.K. recommended regular follow-up with a psychiatrist for at least six
15 months, for further diagnostic observations, and prevention and treatment of potential future
16 episodes. Dr. P.K. also recommended that Respondent abstain from using substances for a six-
17 month period because of the lack of clarity on etiology of his symptoms, and because significant
18 substance use has the potential to hasten the onset of a primary psychiatry disorder.

19 21. On August 4, 2020, Respondent entered into a "Last Chance Agreement" with
20 Identity Medical Group agreeing to abstain from the use of marijuana and alcohol for the next six
21 (6) months, at a minimum, and participate in counseling and psychiatric appointments as
22 recommended by Dr. J.L.

23 22. Sometime after September 2020, Respondent left employment with Identity Medical
24 Group and opened his own family practice.

25 23. In approximately 2021 to 2022, Respondent leased medical office space from Dr.
26 A.L. In February 2022, Dr. A.L. witnessed Respondent hallucinating outside of the office
27 building. Respondent stated that someone had fallen off the roof, was hurt, and possibly dead.
28 Dr. A.L. did not see what Respondent reported seeing and concluded that Respondent was

1 hallucinating. Dr. A.L. took Respondent inside his office to calm him down. Respondent locked
2 himself in Dr. A.L.'s private office and refused to come out. When Dr. A.L. was able to get into
3 the office, Respondent was sitting in the office completely undressed from the waist down. It
4 took several hours to get Respondent out of Dr. A.L.'s office. The next day, Dr. A.L. spoke to
5 Respondent's staff and was told that Respondent packed and left in the middle of the night to
6 drive to the East Coast to visit his family. Respondent was gone for five or six weeks.
7 Respondent returned to work and resumed seeing patients in early May 2022.

8 24. Respondent continued to receive psychiatric treatment from Dr. J.L. from March
9 2022 through May 2022. Dr. J.L. continued to recommend that Respondent not resume seeing
10 patients, stop using cannabis, and obtain a second psychiatric opinion with Dr. L.M.

11 25. Respondent did not undergo the secondary psychiatric evaluation with Dr. L.M. that
12 he told Investigator L.A. he had undergone. Dr. L.M. reported to Investigator L.A. that
13 Respondent had a scheduled Zoom appointment on April 10, 2022, with him for an evaluation.
14 Respondent got on the Zoom call and told Dr. L.M. that he did not need to be evaluated.
15 Respondent stated that he only agreed to speak with Dr. L.M. because his nurse threatened to
16 resign if he did not get help. Respondent ended the appointment and did not complete his
17 psychiatric evaluation. Respondent was not evaluated by Dr. L.M. and Dr. L.M. did not state that
18 Respondent was healthy and fit to work with patients. Dr. L.M. executed a certificate of no
19 records for Respondent.

20 26. On May 26, 2022, Respondent underwent a mental examination by psychiatrist, Dr.
21 A.S. Upon completion of his examination of Respondent, Dr. A.S. concluded that Respondent
22 suffers from a mental illnesses that impacts his ability to engage in the practice of medicine.
23 Specifically, Respondent meets the diagnostic criteria for alcohol use disorder, cannabis use
24 disorder, and substance/medication-induced Bipolar and related disorder.

25 27. In Dr. A.S.'s professional opinion, Respondent has a problematic pattern of alcohol
26 and cannabis use that has led to clinically significant impairment or distress. The substance
27 use/abuse has induced a prominent and persistent disturbance in mood, characterized by elevated,

28 ///

1 expansive, or irritable mood. Respondent has continued to use alcohol and cannabis and had not
2 been receiving treatment to address these issues.

3 28. It is the professional opinion of Dr. A.S. that Respondent's continued practice of
4 medicine poses a significant danger to public health, welfare, and safety. Respondent has a mood
5 disorder that is most likely caused by or unmasked by his use of cannabis; and, by his own
6 admission, he is an alcoholic. When Respondent uses cannabis he becomes manic or hypomanic
7 and is unstable; he experiences visual hallucinations. Respondent is not able to safely practice
8 medicine while he continues to use cannabis and alcohol. In order to practice medicine safely
9 without endangerment to the public, Respondent requires monitoring, treatment and an oversight
10 plan specifically tailored to address his alcohol use disorder and cannabis use disorder.

11 29. Respondent's ability to practice medicine safely is impaired due to a mental illness or
12 condition that affects his competency.

13 **SECOND CAUSE FOR DISCIPLINE**

14 **(Use of Cannabis and Alcohol in a Dangerous Manner)**

15 30. Respondent's license is subject to disciplinary action under section 2234, subdivision
16 (a) and section 2239 of the Code, in that he used cannabis and alcoholic beverages, to the extent,
17 or in such a manner as to be dangerous and injurious to Respondent, or to any other person or to
18 the public. The circumstances are as follows:

19 31. The allegations set forth in the First Cause for Discipline are incorporated herein as if
20 fully set forth.

21 **THIRD CAUSE FOR DISCIPLINE**

22 **(Unprofessional Conduct)**

23 32. Respondent's license is subject to disciplinary action under section 2234, subdivision
24 (a), of the Code in that he has engaged in unprofessional conduct which breaches the rules or
25 ethical code of the medical profession, or conduct which is unbecoming to a member in good
26 standing of the medical profession, and which demonstrates an unfitness to practice medicine.
27 The circumstances are as follows:
