MEDICAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

In the Matter of the Accusation Against:

Maia Ursula Chakerian, M.D.

**Physician's & Surgeon's
Certificate No. G 60149**

Respondent.

Case No. 800-2019-053206

DECISION

The attached Stipulated Settlement and Disciplinary Order is hereby adopted as the Decision and Order of the Medical Board of California, Department of Consumer Affairs, State of California.

This Decision shall become effective at 5:00 p.m. on April 10, 2024.

IT IS SO ORDERED: March 11, 2024.

MEDICAL BOARD OF CALIFORNIA

13 MAIA URSULA CHAKERIAN, M.D.
360 Dardanelli Lane, Suite 2G
14 Los Gatos, CA 95032-1421
15 Physician's and Surgeon's Certificate
No. G 60149,
16 Respondent.

Case No. 800-2019-053206

OAH No. 2023070583

**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

18
19 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
20 entitled proceedings that the following matters are true:

21 **PARTIES**

22 1. Reji Varghese (Complainant) is the Executive Director of the Medical Board of
23 California (Board). He brought this action solely in his official capacity and is represented in this
24 matter by Rob Bonta, Attorney General of the State of California, by Rebecca L. Smith, Deputy
25 Attorney General.

26 2. Maia Ursula Chakerian, M.D. (Respondent) is represented in this proceeding by
27 attorney Thomas E. Still, whose address is 12901 Saratoga Avenue, Saratoga, California 95070-
28 4110.

1 10. Respondent does not contest that, at an administrative hearing, Complainant could
2 establish a prima facie case with respect to the charges and allegations in Accusation No. 800-
3 2019-053206, a true and correct copy of which is attached hereto as Exhibit A, and that he has
4 thereby subjected her Physician's and Surgeon's Certificate, No. G 60149 to disciplinary action.

5 11. Respondent agrees that her Physician's and Surgeon's Certificate is subject to
6 discipline and she agrees to be bound by the Board's Disciplinary Order set forth below.

7 RESERVATION

8 12. The admissions made by Respondent herein are only for the purposes of this
9 proceeding, or any other proceedings in which the Medical Board of California or other
10 professional licensing agency is involved, and shall not be admissible in any other criminal or
11 civil proceeding.

12 CONTINGENCY

13 13. This stipulation shall be subject to approval by the Medical Board of California.
14 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
15 Board of California may communicate directly with the Board regarding this stipulation and
16 settlement, without notice to or participation by Respondent or her counsel. By signing the
17 stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek
18 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
19 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
20 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
21 action between the parties, and the Board shall not be disqualified from further action by having
22 considered this matter.

23 14. The parties understand and agree that Portable Document Format (PDF) and facsimile
24 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
25 signatures thereto, shall have the same force and effect as the originals.

26 15. In consideration of the foregoing admissions and stipulations, the parties agree that
27 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
28 enter the following Disciplinary Order:

1 **DISCIPLINARY ORDER**

2 **A. PUBLIC REPRIMAND.**

3 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 60149 issued
4 to Respondent Maia Ursula Chakerian, M.D. is Publicly Reprimanded pursuant to California
5 Business and Professions Code section 2227, subdivision (a)(4). This Public Reprimand, which
6 is issued in connection with Respondent's care and treatment of Patient 1, as set forth in
7 Accusation No. 800-2019-053206, is as follows:

8 You committed acts constituting negligence in violation of Business and
9 Professions Code section 2234, subdivision (c), in the placement of a nerve
10 stimulation device in a single patient in 2018, as set forth in Accusation No.
11 800-2019-053206.

12 **B. EDUCATION COURSE.** Within sixty (60) calendar days of the effective date of

13 this Decision, Respondent shall submit to the Board or its designee for its prior approval
14 educational program(s) or course(s) which shall not be less than forty (40) hours. The
15 educational program(s) or course(s) shall be aimed at correcting any areas of deficient practice or
16 knowledge and shall be Category I certified. The educational program(s) or course(s) shall be at
17 Respondent's expense and shall be in addition to the Continuing Medical Education ("CME")
18 requirements for renewal of licensure. Following the completion of each course, the Board or its
19 designee may administer an examination to test Respondent's knowledge of the course.
20 Respondent shall provide proof of attendance for forty (40) hours of CME in satisfaction of this
21 condition.

22 Respondent shall submit a certification of successful completion to the Board or its
23 designee not later than fifteen (15) calendar days after successfully completing the educational
24 program(s) or course(s), or not later than fifteen (15) calendar days after the effective date of the
25 Decision, whichever is later.

26 If Respondent fails to enroll, participate in, or successfully complete the educational
27 program(s) or course(s) within the designated time period, Respondent shall receive a notification
28 from the Board or its designee to cease the practice of medicine within three (3) calendar days

1 after being so notified. Respondent shall not resume the practice of medicine until enrollment or
2 participation in the educational program(s) or course(s) has been completed. Failure to
3 successfully complete the educational program(s) or course(s) outlined above shall constitute
4 unprofessional conduct and is grounds for further disciplinary action.

5 **C. INVESTIGATION/ENFORCEMENT COST RECOVERY.** Respondent is
6 hereby ordered to reimburse the Board its costs of investigation and enforcement, in the amount
7 of \$19,159.00 (nineteen thousand one hundred fifty-nine dollars and no cents), payable within
8 sixty (60) calendar days of the effective date of this Decision. Costs shall be payable to the
9 Medical Board of California. Failure to pay such costs shall constitute unprofessional conduct
10 and is grounds for further disciplinary action.

11 Any and all requests for a payment plan shall be submitted in writing by Respondent to the
12 Board.

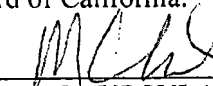

13 The filing of bankruptcy by Respondent shall not relieve her of the responsibility to repay
14 investigation and enforcement costs.

15 **D. FUTURE ADMISSIONS CLAUSE.** If Respondent should ever apply or reapply
16 for a new license or certification, or petition for reinstatement of a license, by any other health
17 care licensing action agency in the State of California, all of the charges and allegations contained
18 in Accusation No. 800-2019-053206 shall be deemed to be true, correct, and admitted by
19 Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or
20 restrict license.

21 **ACCEPTANCE**

22 I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully
23 discussed it with my attorney, Thomas E. Still. I understand the stipulation and the effect it will
24 have on my Physician's and Surgeon's Certificate. I enter into this Stipulated Settlement and
25 Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the
26 Decision and Order of the Medical Board of California.

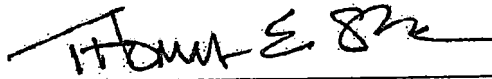

27 DATED: Dec. 12, 2023

3. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, or such other action taken in relation to discipline as the Board deems proper.

5. Section 2234 of the Code states, in pertinent parts:

“The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

“(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

“(b) Gross negligence.

“(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts.

“(1) An initial negligent diagnosis followed by an act or omission medically appropriate for that negligent diagnosis of the patient shall constitute a single negligent act.

“(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care.

“(d) Incompetence.”

//
//
//

1 COST RECOVERY

2 6. Business and Professions Code section 125.3 states that:

3
4 (a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary
5 proceeding before any board within the department or before the Osteopathic Medical Board
6 upon request of the entity bringing the proceeding, the administrative law judge may direct a
licensee found to have committed a violation or violations of the licensing act to pay a sum not to
exceed the reasonable costs of the investigation and enforcement of the case.

7 (b) In the case of a disciplined licentiate that is a corporation or a partnership, the order may
8 be made against the licensed corporate entity or licensed partnership.

9 (c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs
10 are not available, signed by the entity bringing the proceeding or its designated representative
11 shall be prima facie evidence of reasonable costs of investigation and prosecution of the case.
The costs shall include the amount of investigative and enforcement costs up to the date of the
hearing, including, but not limited to, charges imposed by the Attorney General.

12 (d) The administrative law judge shall make a proposed finding of the amount of reasonable
13 costs of investigation and prosecution of the case when requested pursuant to subdivision (a).
14 The finding of the administrative law judge with regard to costs shall not be reviewable by the
15 board to increase the cost award. The board may reduce or eliminate the cost award, or remand to
the administrative law judge if the proposed decision fails to make a finding on costs requested
pursuant to subdivision (a).

16 (e) If an order for recovery of costs is made and timely payment is not made as directed in
17 the board's decision, the board may enforce the order for repayment in any appropriate court.
18 This right of enforcement shall be in addition to any other rights the board may have as to any
licensee to pay costs.

19 (f) In any action for recovery of costs, proof of the board's decision shall be conclusive
20 proof of the validity of the order of payment and the terms for payment.

21 (g)(1) Except as provided in paragraph (2), the board shall not renew or reinstate the license
of any licensee who has failed to pay all of the costs ordered under this section.

22 (2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or
23 reinstate for a maximum of one year the license of any licensee who demonstrates financial
24 hardship and who enters into a formal agreement with the board to reimburse the board within
that one-year period for the unpaid costs.

25 (h) All costs recovered under this section shall be considered a reimbursement for costs
26 incurred and shall be deposited in the fund of the board recovering the costs to be available upon
appropriation by the Legislature.

27 (i) Nothing in this section shall preclude a board from including the recovery of the costs of
28 investigation and enforcement of a case in any stipulated settlement.

1 (j) This section does not apply to any board if a specific statutory provision in that board's
2 licensing act provides for recovery of costs in an administrative disciplinary proceeding.

3 **FIRST CAUSE FOR DISCIPLINE**

4 **(Unprofessional Conduct/ Repeated Negligent Acts/ Incompetence)**

5 7. Respondent is subject to disciplinary action under sections 2234 and/or 2234(c)
6 and/or 2234(d) in that Respondent engaged in unprofessional conduct and/or committed repeated
7 acts of negligence and/or incompetence in her care and treatment of Patient 1.¹ The
8 circumstances are as follows:

9 8. Respondent, a pain management physician with a solo practice in Los Gatos, CA, is
10 board-certified in anesthesiology with special qualifications in pain management.

11 9. Respondent first saw Patient 1 on August 6, 2018, after Patient 1 had been referred to
12 Respondent by a primary care physician. Patient 1 is a complex pain patient in her forties who
13 had been previously treated by pain management physicians at an academic medical center.
14 Patient 1 had chronic headaches, facial pain, and neck pain. Patient 1 was diagnosed with
15 occipital neuralgia, a disorder of the occipital nerve, which is located in the back of the neck and
16 scalp. A variety of medications and nerve blocks had been previously prescribed to Patient 1 for
17 her pain, but those treatments were not controlling her pain adequately. The pain management
18 physicians at the academic medical center recommended peripheral nerve stimulation treatment
19 for occipital neuralgia to Patient 1.² Before Patient 1 could proceed with getting the treatment at
20 the academic medical center, her health insurance changed and the academic medical center

21 _____
22 ¹ The patient is referred to as Patient 1 to protect privacy.

23 ² Peripheral nerve stimulation treatment for pain involves targeting the nerve(s) that
24 transmit pain signals to the brain. Peripheral nerve stimulation typically requires inserting a tiny
25 implant—a thin wire or small group of electrodes—into the body to deliver electrical impulses,
26 similar to a pacemaker, to a particular nerve or nerves. The treatment works by changing the way
27 a patient's brain perceives pain because the electrical pulses interrupt the pain signals sent from
28 the nerve to the brain. Peripheral nerve stimulation devices vary and are produced by multiple
medical device companies, but each device has three basic components: a power source; a wire or
lead to deliver the pulses to the peripheral nerve to be treated; and a remote control-type device
allowing a patient to adjust the pulse settings. Peripheral nerve stimulation devices are typically
implanted by anesthesiologists, physiatrists, neurologists, or neurosurgeons. The procedure is
usually an outpatient procedure taking less than one hour.

1 became out-of-network. Respondent was an in-network pain management physician under
2 Patient 1's new insurance plan. Respondent had done occipital nerve stimulation treatment on a
3 handful patients before, using devices which required the pulse generator implant sites to be on a
4 patient's back or buttocks. Respondent sought a better solution for her patients whereby the pulse
5 generator would be closer to the occipital nerve.

6 10. After a thorough initial pain evaluation of Patient 1 on August 6, 2018 and review of
7 her previous pain management medical records, Respondent diagnosed Patient 1 with occipital
8 neuralgia and, on August 22, 2018, ordered a psychological evaluation of Patient 1 for the
9 purpose of pre-operative evaluation. Patient 1 was evaluated by a licensed clinical psychologist
10 on September 19-20, 2018, and determined to have "fair" psychological suitability for implanted
11 device nerve stimulation treatment. On November 26, 2018, Respondent did a fifteen-minute
12 percutaneous trial occipital nerve stimulation on Patient 1 in her office, and Patient 1 experienced
13 relief from her pain. Also on November 26, 2018, Respondent approved a pre-operative order for
14 peripheral nerve stimulator placement surgery at a nearby surgery center as treatment for Patient
15 1's occipital neuralgia. The device to be used was one that Respondent had not implanted in any
16 patient before.

17 11. Patient 1's insurance company initially denied approval for the peripheral nerve
18 stimulator placement procedure. After a series of appeals in which she was assisted by
19 Respondent and her office staff, Patient 1 received authorization from her insurance company on
20 February 6, 2019. Respondent saw Patient 1 in her office on February 7, 2019 for a pre-operative
21 visit.

22 12. On February 11, 2019, Respondent saw Patient 1 at a local surgery center for
23 implantation of the peripheral nerve stimulation device. Patient 1 was placed in prone position
24 (on stomach) on an operating table and given intravenous sedation by a monitoring nurse. A
25 representative from the medical device company that manufactured the device that Respondent^{is} for
26 was then implanting for the first time in a patient was also in the operating room with Respondent
27 and Patient 1. Respondent began to prepare to inject local anesthetic into the back of Patient 1's
28 scalp in accordance with her planned implantation site and approach to reach the occipital nerve

1 with the wire lead of the stimulation device. However, the representative from the medical device
2 company stated that Respondent needed to implant in the back of Patient 1's neck instead, since
3 the wire lead of the device was not long enough to reach from a scalp implantation site to Patient
4 1's left shoulder, where the device transmitter would need to be located. Despite the implantation
5 site for Patient 1 being different than what Respondent had expected until that time, Respondent
6 went forward with the implantation procedure for Patient 1. Respondent made an incision at a
7 site low in the back of Patient 1's neck, and Respondent implanted the device into Patient 1 with
8 front and back fluoroscopy views only.³ Respondent did not properly use palpation techniques
9 and/or lateral view fluoroscopy during the procedure on Patient 1 to verify the position of the
10 implant in relation to Patient 1's skull. Patient 1 felt immense pain when Respondent inserted the
11 device into her but stated that she could not communicate that pain to Respondent due to sedation
12 during the procedure. Patient 1 was observed to have severe retching during the implantation.

13 13. In the recovery room, Patient 1 was noted to have severe vomiting and drowsiness.
14 Patient 1 subsequently developed signs of stroke and was transferred by ambulance from the
15 recovery room at the surgery center to a local hospital. Upon her own arrival at the hospital
16 shortly thereafter, Respondent learned that the lead wire of the peripheral nerve stimulation device
17 she had implanted earlier that day into Patient 1 had improperly gone into Patient 1's brain.
18 Patient 1 was taken into surgery, and a neurosurgeon removed the lead wire from Patient 1's
19 brain. Patient 1 subsequently experienced a prolonged hospitalization and persistent neurological
20 problems.

21 14. Respondent improperly placed the lead of a peripheral nerve stimulation device inside
22 Patient 1's skull and in her brain when it should have remained under the skin above Patient 1's
23 skull. Accordingly, Respondent is guilty of unprofessional conduct, and Respondent's certificate
24 is subjected to discipline pursuant to Sections 2234 and/or 2234(c) and/or 2234 (d) of the Code
25 based on repeated negligent acts and/or incompetence, including but not limited to the following:
26
27

28 ³ Fluoroscopy is medical imaging showing continuous x-ray views on a monitor.

1 A. Respondent's failure to locate and follow the lead wire introducer needle by palpation
2 throughout the course of doing the implantation and placement procedure on Patient 1, in order to
3 prevent improper intracranial placement of the lead wire;

4 B. Respondent's failure to use lateral fluoroscopic views when doing the implantation
5 and placement procedure on Patient 1, in order to prevent improper intracranial placement of the
6 lead wire;

7 C. Respondent's failure to better mitigate for her inexperience with using the particular
8 peripheral nerve stimulation device used on Patient 1 by more careful pre-planning and/or
9 training, in order to prevent improper intracranial placement of the lead wire.

10 **PRAYER**

11 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
12 and that following the hearing, the Medical Board of California issue a decision:

13 1. Revoking or suspending Physician's and Surgeon's Certificate Number G 60149,
14 issued to Maia Ursula Chakerian, M.D.;

15 2. Revoking, suspending or denying approval of Maia Ursula Chakerian, M.D.'s
16 authority to supervise physician assistants and advanced practice nurses;

17 3. Ordering Maia Ursula Chakerian, M.D., to pay the Board the costs of the
18 investigation and enforcement of this case, and if placed on probation, the costs of probation
19 monitoring; and

20 4. Taking such other and further action as deemed necessary and proper.
