Case No. 800-2022-087538

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you deviated from the standard of care in that you mistakenly used an expired vial when testing a patient's finger for infection and for signing a patient's records nine months after an appointment and again two months after another appointment.

These actions constitute a violation of Business and Professions Code Section(s): 2234(a) and 2266.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
