3 was in full force and effect at all times relevant to the charges brought in Accusation No. 800-  
4 2021-081588, and will expire on December 31, 2025, unless renewed.

## **JURISDICTION**

6       4.     Accusation No. 800-2021-081588 was filed before the Board and is currently pending  
7     against Respondent. The Accusation and all other statutorily required documents were properly  
8     served on Respondent on July 25, 2024. Respondent timely filed his Notice of Defense contesting  
9     the Accusation.

10       5. A copy of Accusation No. 800-2021-081588 is attached as Exhibit A and  
11 incorporated herein by reference.

## **ADVISEMENT AND WAIVERS**

13       6. Respondent has carefully read, fully discussed with counsel, and understands the

16 Disciplinary Order.

17       7. Respondent is fully aware of his legal rights in this matter, including the right to a  
18 hearing on the charges and allegations in the Accusation; the right to confront and cross-examine  
19 the witnesses against him; the right to present evidence and to testify on his own behalf; the right  
20 to the issuance of subpoenas to compel the attendance of witnesses and the production of  
21 documents; the right to reconsideration and court review of an adverse decision; and all other  
22 rights accorded by the California Administrative Procedure Act and other applicable laws.

23       8.    Respondent voluntarily, knowingly, and intelligently waives and gives up each and  
24       every right set forth above.

2 discipline and agrees to be bound by the Board's probationary terms as set forth in the  
3 Disciplinary Order below.

## **CONTINGENCY**

5        11. This stipulation shall be subject to approval by the Medical Board of California.  
6        Respondent understands and agrees that counsel for Complainant and the staff of the Medical  
7        Board of California may communicate directly with the Board regarding this stipulation and  
8        settlement, without notice to or participation by Respondent or his counsel. By signing the  
9        stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek  
10      to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails  
11      to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary  
12      Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal  
13      action between the parties, and the Board shall not be disqualified from further action by having  
14      considered this matter.

15        12. This Stipulated Settlement and Disciplinary Order is intended by the parties herein to  
16 be an integrated writing representing the complete, final and exclusive embodiment of the  
17 agreement of the parties in this above-entitled matter.

18       13. Respondent agrees that if he ever petitions for early termination or modification of  
19 probation, or if an accusation and/or petition to revoke probation is filed against him before the  
20 Board, all of the charges and allegations contained in Accusation No. 800-2021-081588 shall be  
21 deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any  
22 other licensing proceeding involving Respondent in the State of California.

23       14. The parties understand and agree that Portable Document Format (PDF) and facsimile  
24 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile  
25 signatures thereto, shall have the same force and effect as the originals.

26        15. In consideration of the foregoing admissions and stipulations, the parties agree that  
27 the Board may, without further notice or opportunity to be heard by the Respondent, issue and  
28 enter the following Disciplinary Order:

## **DISCIPLINARY ORDER**

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 105000 issued to Respondent Sonny Garcha, M.D. is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions:

## 1. MAINTAIN RECORDS AND ACCESS TO RECORDS AND INVENTORIES.

Respondent shall maintain a record of all controlled substances ordered, prescribed, dispensed, administered, or possessed by Respondent, and any recommendation or approval which enables a patient or patient's primary caregiver to possess or cultivate marijuana for the personal medical purposes of the patient within the meaning of Health and Safety Code section 11362.5, during probation, showing all of the following: 1) the name and address of the patient; 2) the date; 3) the character and quantity of controlled substances involved; and 4) the indications and diagnosis for which the controlled substances were furnished.

Respondent shall keep these records in a separate file or ledger, in chronological order. All records and any inventories of controlled substances shall be available for immediate inspection and copying on the premises by the Board or its designee at all times during business hours and shall be retained for the entire term of probation.

2. **EDUCATION COURSE.** Within 60 calendar days of the effective date of this

Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee for its prior approval educational program(s) or course(s) which shall not be less than 40 hours per year, for each year of probation. The educational program(s) or course(s) shall be aimed at correcting any areas of deficient practice or knowledge and shall be Category I certified. The educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure. Following the completion of each course, the Board or its designee may administer an examination to test Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65 hours of CME of which 40 hours were in satisfaction of this condition.

### 3. CLINICAL COMPETENCE ASSESSMENT PROGRAM. Within 60 calendar days

of the effective date of this Decision, Respondent shall enroll in a clinical competence assessment

1 program approved in advance by the Board or its designee. Respondent shall successfully  
2 complete the program not later than six (6) months after Respondent's initial enrollment unless  
3 the Board or its designee agrees in writing to an extension of that time.

4 The program shall consist of a comprehensive assessment of Respondent's physical and  
5 mental health and the six general domains of clinical competence as defined by the Accreditation  
6 Council on Graduate Medical Education and American Board of Medical Specialties pertaining to  
7 Respondent's current or intended area of practice. The program shall take into account data  
8 obtained from the pre-assessment, self-report forms and interview, and the Decision(s),  
9 Accusation(s), and any other information that the Board or its designee deems relevant. The  
10 program shall require Respondent's on-site participation as determined by the program for the  
11 assessment and clinical education and evaluation. Respondent shall pay all expenses associated  
12 with the clinical competence assessment program.

13 At the end of the evaluation, the program will submit a report to the Board or its designee  
14 which unequivocally states whether the Respondent has demonstrated the ability to practice  
15 safely and independently. Based on Respondent's performance on the clinical competence  
16 assessment, the program will advise the Board or its designee of its recommendation(s) for the  
17 scope and length of any additional educational or clinical training, evaluation or treatment for any  
18 medical condition or psychological condition, or anything else affecting Respondent's practice of  
19 medicine. Respondent shall comply with the program's recommendations.

20 Determination as to whether Respondent successfully completed the clinical competence  
21 assessment program is solely within the program's jurisdiction.

22 If Respondent fails to enroll, participate in, or successfully complete the clinical  
23 competence assessment program within the designated time period, Respondent shall receive a  
24 notification from the Board or its designee to cease the practice of medicine within three (3)  
25 calendar days after being so notified. The Respondent shall not resume the practice of medicine  
26 until enrollment or participation in the outstanding portions of the clinical competence assessment  
27 program have been completed. If the Respondent did not successfully complete the clinical  
28 competence assessment program, the Respondent shall not resume the practice of medicine until a

1 final decision has been rendered on the accusation and/or a petition to revoke probation. The  
2 cessation of practice shall not apply to the reduction of the probationary time period.

3 Within 60 days after Respondent has successfully completed the clinical competence  
4 assessment program, Respondent shall participate in a professional enhancement program  
5 approved in advance by the Board or its designee, which shall include quarterly chart review,  
6 semi-annual practice assessment, and semi-annual review of professional growth and education.  
7 Respondent shall participate in the professional enhancement program at Respondent's expense  
8 during the term of probation, or until the Board or its designee determines that further  
9 participation is no longer necessary.

10 4. **MONITORING - PRACTICE.** Within 30 calendar days of the effective date of this  
11 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice  
12 monitor(s), the name and qualifications of one or more licensed physicians and surgeons whose  
13 licenses are valid and in good standing, and who are preferably American Board of Medical  
14 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal  
15 relationship with Respondent, or other relationship that could reasonably be expected to  
16 compromise the ability of the monitor to render fair and unbiased reports to the Board, including  
17 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree  
18 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

19 The Board or its designee shall provide the approved monitor with copies of the Decision(s)  
20 and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the  
21 Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed  
22 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role  
23 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees  
24 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the  
25 signed statement for approval by the Board or its designee.

26 Within 60 calendar days of the effective date of this Decision, and continuing throughout  
27 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall  
28 make all records available for immediate inspection and copying on the premises by the monitor

1 at all times during business hours and shall retain the records for the entire term of probation.

2 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective  
3 date of this Decision, Respondent shall receive a notification from the Board or its designee to  
4 cease the practice of medicine within three (3) calendar days after being so notified. Respondent  
5 shall cease the practice of medicine until a monitor is approved to provide monitoring  
6 responsibility.

7 The monitor(s) shall submit a quarterly written report to the Board or its designee which  
8 includes an evaluation of Respondent's performance, indicating whether Respondent's practices  
9 are within the standards of practice of medicine, and whether Respondent is practicing medicine  
10 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure  
11 that the monitor submits the quarterly written reports to the Board or its designee within 10  
12 calendar days after the end of the preceding quarter.

13 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of  
14 such resignation or unavailability, submit to the Board or its designee, for prior approval, the  
15 name and qualifications of a replacement monitor who will be assuming that responsibility within  
16 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60  
17 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a  
18 notification from the Board or its designee to cease the practice of medicine within three (3)  
19 calendar days after being so notified. Respondent shall cease the practice of medicine until a  
20 replacement monitor is approved and assumes monitoring responsibility.

21 In lieu of a monitor, Respondent may participate in a professional enhancement program  
22 approved in advance by the Board or its designee that includes, at minimum, quarterly chart  
23 review, semi-annual practice assessment, and semi-annual review of professional growth and  
24 education. Respondent shall participate in the professional enhancement program at Respondent's  
25 expense during the term of probation.

26 5. **SOLO PRACTICE PROHIBITION.** Respondent is prohibited from engaging in the  
27 solo practice of medicine. Prohibited solo practice includes, but is not limited to, a practice  
28 where: 1) Respondent merely shares office space with another physician but is not affiliated for

1 purposes of providing patient care, or 2) Respondent is the sole physician practitioner at that  
2 location.

3 If Respondent fails to establish a practice with another physician or secure employment in  
4 an appropriate practice setting within 60 calendar days of the effective date of this Decision,  
5 Respondent shall receive a notification from the Board or its designee to cease the practice of  
6 medicine within three (3) calendar days after being so notified. The Respondent shall not resume  
7 practice until an appropriate practice setting is established.

8 If, during the course of the probation, the Respondent's practice setting changes and the  
9 Respondent is no longer practicing in a setting in compliance with this Decision, the Respondent  
10 shall notify the Board or its designee within five (5) calendar days of the practice setting change.  
11 If Respondent fails to establish a practice with another physician or secure employment in an  
12 appropriate practice setting within 60 calendar days of the practice setting change, Respondent  
13 shall receive a notification from the Board or its designee to cease the practice of medicine within  
14 three (3) calendar days after being so notified. The Respondent shall not resume practice until an  
15 appropriate practice setting is established.

16 6. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the  
17 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the  
18 Chief Executive Officer at every hospital where privileges or membership are extended to  
19 Respondent, at any other facility where Respondent engages in the practice of medicine,  
20 including all physician and locum tenens registries or other similar agencies, and to the Chief  
21 Executive Officer at every insurance carrier which extends malpractice insurance coverage to  
22 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15  
23 calendar days.

24 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

25 7. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE  
26 NURSES. During probation, Respondent is prohibited from supervising physician assistants and  
27 advanced practice nurses.

28 8. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules

1 governing the practice of medicine in California and remain in full compliance with any court  
2 ordered criminal probation, payments, and other orders.

3       9. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby  
4 ordered to reimburse the Board its costs of investigation and enforcement, including, but not  
5 limited to, expert review, amended accusations, legal reviews, investigation(s), and subpoena  
6 enforcement, as applicable, in the reduced amount of \$44,676.40 (forty-four thousand six hundred  
7 seventy-six dollars and forty cents). Costs shall be payable to the Medical Board of California.  
8 Failure to pay such costs shall be considered a violation of probation.

9       Payment must be made in full within 30 calendar days of the effective date of the Order, or  
10 by a payment plan approved by the Medical Board of California. Any and all requests for a  
11 payment plan shall be submitted in writing by respondent to the Board. Failure to comply with  
12 the payment plan shall be considered a violation of probation.

13       The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to  
14 repay investigation and enforcement costs, including expert review costs.

15       10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations  
16 under penalty of perjury on forms provided by the Board, stating whether there has been  
17 compliance with all the conditions of probation.

18       Respondent shall submit quarterly declarations not later than 10 calendar days after the end  
19 of the preceding quarter.

20       11. GENERAL PROBATION REQUIREMENTS.

21       Compliance with Probation Unit

22       Respondent shall comply with the Board's probation unit.

23       Address Changes

24       Respondent shall, at all times, keep the Board informed of Respondent's business and  
25 residence addresses, email address (if available), and telephone number. Changes of such  
26 addresses shall be immediately communicated in writing to the Board or its designee. Under no  
27 circumstances shall a post office box serve as an address of record, except as allowed by Business  
28 and Professions Code section 2021, subdivision (b).

1                   Place of Practice

2                   Respondent shall not engage in the practice of medicine in Respondent's or patient's place  
3 of residence, unless the patient resides in a skilled nursing facility or other similar licensed  
4 facility.

5                   License Renewal

6                   Respondent shall maintain a current and renewed California physician's and surgeon's  
7 license.

8                   Travel or Residence Outside California

9                   Respondent shall immediately inform the Board or its designee, in writing, of travel to any  
10 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty  
11 (30) calendar days.

12                  In the event Respondent should leave the State of California to reside or to practice  
13 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of  
14 departure and return.

15                  12. **INTERVIEW WITH THE BOARD OR ITS DESIGNEE.** Respondent shall be  
16 available in person upon request for interviews either at Respondent's place of business or at the  
17 probation unit office, with or without prior notice throughout the term of probation.

18                  13. **NON-PRACTICE WHILE ON PROBATION.** Respondent shall notify the Board or  
19 its designee in writing within 15 calendar days of any periods of non-practice lasting more than  
20 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is  
21 defined as any period of time Respondent is not practicing medicine as defined in Business and  
22 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct  
23 patient care, clinical activity or teaching, or other activity as approved by the Board. If  
24 Respondent resides in California and is considered to be in non-practice, Respondent shall  
25 comply with all terms and conditions of probation. All time spent in an intensive training  
26 program which has been approved by the Board or its designee shall not be considered non-  
27 practice and does not relieve Respondent from complying with all the terms and conditions of  
28 probation. Practicing medicine in another state of the United States or Federal jurisdiction while

1 on probation with the medical licensing authority of that state or jurisdiction shall not be  
2 considered non-practice. A Board-ordered suspension of practice shall not be considered as a  
3 period of non-practice.

4 In the event Respondent's period of non-practice while on probation exceeds 18 calendar  
5 months, Respondent shall successfully complete the Federation of State Medical Board's Special  
6 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program  
7 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model  
8 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

9 Respondent's period of non-practice while on probation shall not exceed two (2) years.

10 Periods of non-practice will not apply to the reduction of the probationary term.

11 Periods of non-practice for a Respondent residing outside of California will relieve  
12 Respondent of the responsibility to comply with the probationary terms and conditions with the  
13 exception of this condition and the following terms and conditions of probation: Obey All Laws;  
14 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or  
15 Controlled Substances; and Biological Fluid Testing.

16 14. COMPLETION OF PROBATION. Respondent shall comply with all financial  
17 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the  
18 completion of probation. This term does not include cost recovery, which is due within 30  
19 calendar days of the effective date of the Order, or by a payment plan approved by the Medical  
20 Board and timely satisfied. Upon successful completion of probation, Respondent's certificate  
21 shall be fully restored.

22 15. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
23 of probation is a violation of probation. If Respondent violates probation in any respect, the  
24 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
25 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,  
26 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have  
27 continuing jurisdiction until the matter is final, and the period of probation shall be extended until  
28 the matter is final.

1       16. LICENSE SURRENDER. Following the effective date of this Decision, if  
2 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
3 the terms and conditions of probation, Respondent may request to surrender his or her license.  
4 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in  
5 determining whether or not to grant the request, or to take any other action deemed appropriate  
6 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
7 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its  
8 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
9 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
10 application shall be treated as a petition for reinstatement of a revoked certificate.

11       17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
12 with probation monitoring each and every year of probation, as designated by the Board, which  
13 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of  
14 California and delivered to the Board or its designee no later than January 31 of each calendar  
15 year.

16       18. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for a  
17 new license or certification, or petition for reinstatement of a license, by any other health care  
18 licensing action agency in the State of California, all of the charges and allegations contained in  
19 Accusation No. 800-2021-081588 shall be deemed to be true, correct, and admitted by  
20 Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or  
21 restrict license.

14 **FACTUAL ALLEGATIONS**

15 17. At all relevant times, Respondent Sonny Garcha, M.D., was a licensed physician and  
16 surgeon, Board Certified in Internal Medicine and Anesthesia, providing medical care at Lodi  
17 Memorial Hospital (LMH) as a locum tenens anesthesiologist, located in San Joaquin County,  
18 California.

19 **Patient 1<sup>2</sup>**

20 18. On or about May 29, 2021, 84 year-old 57 kg female Patient 1 was treated in the  
21 emergency room (ER) of LMH due to suffering a fall. Patient 1 presented with a history of  
22 diabetes and hypertension. Imaging of Patient 1's right hip showed a new suspected non-  
23 displaced fracture of the sub-capital neck of the right femur which resulted in Patient 1 being  
24 admitted for treatment and surgery for her right hip fracture. Patient 1 was documented to be an  
25 ASA III.<sup>3</sup>

26 <sup>2</sup> To protect the privacy of the patients and witnesses involved, the patients' and witnesses' names  
27 were not included in this pleading. Respondent is aware of the identity of each patient and witness. All  
patients and witnesses will be fully identified in discovery.

28 <sup>3</sup> The American Society of Anesthesiologists (ASA) Physical Status Classification System is a

1       19. On or about May 29, 2021, Patient 1's right hip surgery commenced at approximately  
2 10:37 a.m. and ended at approximately 12:04 p.m. Prior to the start of the surgery, Respondent  
3 dispensed 4 mg of hydromorphone, 500 mcg of Fentanyl, and 2 mg of Versed. Based on Patient  
4 1's medical records, Respondent proceeded to give the patient 2 mg of Versed, 250 mcg of  
5 Fentanyl, and 2 mg of hydromorphone. Respondent noted in the records that the intravenous (IV)  
6 was infiltrated, and he then started a new IV which he repeated the dosages of 100 mcg of  
7 Fentanyl and 0.5 mg of hydromorphone.

8       20. Approximately twenty minutes after Patient 1 arrived at the post-anesthesia care unit  
9 (PACU), her respiratory rate was documented at 16–20 with a pain score of five and she was  
10 medicated by the registered nurse (RN) with 0.5 mg of hydromorphone. Patient 1's pain score  
11 dropped to zero and she was discharged to the floor at approximately 1:05 p.m.

12       21. According to the medical records, Patient 1 was comfortable for hours after her  
13 discharge from the PACU. At approximately 2:30 p.m., over an hour after she left the PACU,  
14 Respondent dispensed 50 mg of ketamine, 2 mg of hydromorphone, and 250 mcg of Fentanyl for  
15 Patient 1. Less than ten minutes later, Respondent was documented wasting 30 mg of ketamine,  
16 1.5 mg, 1.5 mg of hydromorphone and 150 mcg of Fentanyl.

17 Patient 2

18       22. On or about June 3, 2021, 36 year-old 118 kg female Patient 2 was admitted at LMH  
19 for a bilateral tubal ligation laparotomy. Patient 2 presented with a history of obesity and  
20 gestational diabetes, and was scheduled for a post-partum tubal ligation surgery. Patient 2's  
21 recorded pain score was zero the day of her scheduled procedure.

22       23. Respondent was scheduled to perform the anesthetic for Patient 2's surgery which  
23 occurred at approximately 12:46 p.m. and concluded at 1:46 p.m. According to Patient 2's  
24 medical records, at approximately 8:16 a.m., Respondent dispensed 2 mg of Versed, 250 mcg of  
25 Fentanyl and 2 mg of hydromorphone. At approximately 9:19 a.m., Respondent then dispensed an

26 tool used in preparation for surgery to help predict risks in a given patient. The system uses a scale based  
27 on the patient's medical history, severity of known medical conditions, and current physical state to help  
28 predict if they can tolerate anesthesia and the conditions of surgery. The scale runs from I to VI, with I  
being a healthy patient with minimal risks, to VI being a brain-dead patient. A patient with a score of ASA  
III has a severe systemic disease with significant functional limitation.

1 additional 250 mcg of Fentanyl and 2 mg of hydromorphone. At approximately 11:46 a.m.,  
2 Respondent then dispensed an additional 250 mcg of Fentanyl and 2 mg of hydromorphone.

3 24. At approximately 12:09 p.m., prior to Patient 2's surgery procedure, a second  
4 anesthesiologist contacted Respondent, dismissed him for the day, and informed Respondent that  
5 she would take over Patient 2's case. At approximately 12:20 p.m., the second anesthesiologist  
6 entered Patient 2's operating room to log in and dispense drugs for Patient 2's surgery when she  
7 observed three unattended and unlocked syringes sitting on the anesthesia cart. The three syringes  
8 had pre-printed labels on them identifying them for Patient 2 and dispensed by Respondent. One  
9 syringe was a 10 cc syringe labeled as Fentanyl with an observed volume of 10 ml, another  
10 syringe was labeled as 2 ml of hydromorphone, and the last syringe was labeled as 2 ml of  
11 Versed. This second anesthesiologist contacted Respondent who then wasted the medications  
12 syringes. The second anesthesiologist successfully conducted Patient 2's surgery with just 2 mg  
13 of Versed and 100 mcg of Fentanyl.

14 Patient 3

15 25. On or about May 29, 2021, 10 year-old 50 kg male Patient 3 was admitted at LMH  
16 and scheduled to undergo a laparoscopic appendectomy for appendicitis. Patient 3 was  
17 documented to be an ASA IE.<sup>4</sup> Patient 3's surgery commenced at approximately 4:02 p.m. and  
18 ended at approximately 5:49 p.m. Prior to the start of Patient 3's surgery, Respondent dispensed 2  
19 mg of hydromorphone, 250 mcg of Fentanyl, 50 mg of ketamine, and 2 mg of Versed.

20 26. According to the medical records, Respondent proceeded to give Patient 3 2 mg of  
21 Versed, 100 mcg of Fentanyl, 10 mg of ketamine, and 1 mg of hydromorphone at the time of  
22 induction. Later, during Patient 3's surgery, Respondent gave Patient 3 an additional dose of 100  
23 mcg of Fentanyl. Prior to the end of Patient 3's surgery, Respondent gave Patient 3 an additional  
24 2 mg of Versed at approximately 5:05 p.m. and 2 mg of Versed at approximately 5:20 p.m.  
25 However, the records also reflect that these last two vials of Versed for Patient 3 were dispensed  
26 at approximately 5:32 p.m. and 5:39 p.m., respectively. Patient 3's medical records contained no

28 surgery. An emergency is defined as existing when delay in treatment of the patient would lead to  
a significant increase in the threat to life or body part.

1 documented medical justification requiring an additional 4 mg of Versed prior to the end of his  
2 surgery.

3       27. At the conclusion of Patient 3's surgery and upon arrival at the PACU, according to  
4 the medical records, he was alert and had a respiratory rate of 25. By approximately 6:16 p.m.,  
5 the PACU RN gave the patient 25 mcg of Fentanyl for pain which was then well controlled.  
6 Respondent wasted 50 mcg of Fentanyl, 40 mg of ketamine, and 0.5 mg of hydromorphone at  
7 approximately 5:51 p.m., and then subsequently wasted an additional 0.5 mg of hydromorphone  
8 at approximately 6:13 p.m.

9       Patient 4

10       28. On or about May 29, 2021, 7 year-old 37 kg male Patient 4 was admitted at LMH and  
11 scheduled to undergo a laparoscopic appendectomy for appendicitis. Patient 4 was documented to  
12 be an ASA IE. Patient 4's surgery commenced at approximately 1:27 p.m. and ended at  
13 approximately 3:15 p.m.

14       29. At the time of Patient 4's induction at approximately 1:32 p.m., Respondent  
15 administered 2 mg of Versed, 100 mcg of Fentanyl, and 1 mg of hydromorphone. Respondent  
16 also documented administering 100 mg of lidocaine and 100 mg of propofol for Patient 4's  
17 induction. At approximately 2:39 p.m., Respondent dispensed 2 mg of Versed, 100 mcg of  
18 Fentanyl, and 2 mg of hydromorphone for Patient 4. Respondent returned the 100 mcg of  
19 Fentanyl and then dispensed 250 mcg of Fentanyl. Respondent then documented the  
20 administration of 50 mcg of Fentanyl at 2:25 p.m. and again at 2:50 p.m. to Patient 4. Patient 4's  
21 medical records contained no documented medical justification requiring the last two additional  
22 Fentanyl doses.

23       30. At the conclusion of Patient 4's surgery and upon arrival at the PACU, according to  
24 the medical records, he had a respiratory rate of 20, and by 3:49 p.m. reported having pain at  
25 10/10, which resulted in the administration of 25 mcg of Fentanyl for pain by the RN, which  
26 resulted in good pain control for the remainder of Patient 4's time in the PACU. At  
27 approximately 3:24 p.m., Respondent wasted 50 mcg of Fentanyl and 1 mg of hydromorphone.

1           Patient 5

2           31. On or about May 29, 2021, 85 year-old 51 kg female Patient 5, with a medical history  
3 of hypertension, hypothyroidism, and mitral valve prolapse, was scheduled to undergo an open  
4 reduction internal fixation of a hip fracture. Patient 5's surgery was subsequently postponed to the  
5 following day when it commenced on May 30, 2021, at approximately 8:05 a.m. and ended at  
6 approximately 11:27 a.m. Patient 4 was documented to be an ASA III.

7           32. On or about May 29, 2021, at approximately 2:50 p.m., Respondent dispensed 250  
8 mcg of Fentanyl, 2 mg of Versed, and 4 mg of hydromorphone for Patient 5's surgery. At  
9 approximately 10:37 p.m., Respondent dispensed an additional 250 mcg of Fentanyl, 2 mg of  
10 Versed, and 4 mg of hydromorphone. At approximately 11:00 p.m., Respondent wasted 250 mcg  
11 of Fentanyl, 4 mg of hydromorphone, and 2 mg of Versed.

12           33. On or about May 30, 2021, at approximately 4:16 a.m., Respondent dispensed 250  
13 mcg of Fentanyl for Patient 5's surgery. At approximately 8:10 a.m., Respondent administered  
14 200 mg of propofol, 2 mg of Versed, 250 mcg of Fentanyl, and 2 mg of hydromorphone to induce  
15 Patient 5 for her surgery. At approximately 9:10 a.m., Respondent administered an additional 100  
16 mcg of Fentanyl, 0.5 mg of hydromorphone and 20 mg of ketamine.

17           34. At the conclusion of Patient 5's surgery and upon arrival at the PACU at  
18 approximately 11:25 a.m., according to the medical records, she had a respiratory rate of 16. At  
19 approximately 12:39 p.m., Respondent dispensed 50 mg of ketamine, and approximately four  
20 minutes later at 12:43 p.m. he wasted 30 mg of ketamine, 150 mcg of Fentanyl and 1.6 mg of  
21 hydromorphone.

22           Patient 6

23           35. On or about May 29, 2021, 95 year-old 52 kg female Patient 6, with a medical history  
24 of hypertension, was scheduled to undergo an open reduction internal fixation of a hip fracture.  
25 Patient 6 was documented to be an ASA III. Patient 6's surgery commenced at approximately  
26 7:05 p.m. and ended at approximately 8:43 p.m.

27           36. At approximately 1:28 p.m. Respondent dispensed 250 mcg of Fentanyl, 4 mg of  
28 hydromorphone and 2 mg of Versed for Patient 6's surgery. At the time of Patient 6's induction at

1 approximately 7:10 p.m., Respondent administered 200 mg of propofol, 100 mg of Fentanyl, 2  
2 mg of hydromorphone, and 2 mg of Versed. Just prior to 8:00 p.m., Respondent administered 20  
3 mg of ketamine. At approximately 8:30 p.m., Respondent administered 50 mcg of Fentanyl and  
4 0.5 mg of hydromorphone to Patient 6.

5 37. At the conclusion of Patient 6's surgery and upon arrival at the PACU at  
6 approximately 8:40 p.m., according to the medical records, she had a respiratory rate of 18–21.  
7 Less than half an hour later, Patient 6 reported a pain score of 4. At approximately 9:15 p.m., the  
8 PACU RN administered a small dose of meperidine to Patient 6 for pain, which was then  
9 controlled. At approximately 11:14 p.m., Respondent dispensed 50 mg of ketamine for Patient 6,  
10 and at 11:29 p.m. Respondent wasted 100 mcg of Fentanyl, 1.6 mg of hydromorphone, and 30 mg  
11 of ketamine.

12 Patient 7

13 38. On or about May 30, 2021, 30 year-old 93 kg male Patient 7, with a medical history  
14 of substance use disorder, smoking and hepatitis C, was to undergo an incision and drainage of a  
15 leg wound. Patient 7 was documented to be an ASA III. Patient 7's surgery commenced at  
16 approximately 2:25 p.m. and ended at approximately 3:39 p.m.

17 39. At approximately 1:04 p.m. Respondent dispensed 2 mg of Versed, 4 mg of  
18 hydromorphone, and 250 mcg of Fentanyl for Patient 7's surgery. At the time of Patient 7's  
19 induction at approximately 2:30 p.m., Respondent administered 200 mg of propofol, 250 mcg of  
20 Fentanyl, 2 mg of hydromorphone and 2 mg of Versed. Respondent documented that Patient 7's  
21 IV was infiltrated and that those administered medications were wasted. Respondent began  
22 another IV and gave an additional dose of Fentanyl 250 mcg and 2 mg of hydromorphone.

23 40. At approximately 2:59 p.m., the surgical incision of Patient 7 occurred and  
24 Respondent dispensed 50 mg of ketamine at approximately 3:11 p.m. but administered only 20  
25 mg of ketamine.

26 41. At approximately 3:12 p.m., Patient 7's surgery concluded however, approximately  
27 one minute later, but prior to Patient 7 leaving the operating room, Respondent dispensed 250  
28 mcg of Fentanyl and 2 mg of hydromorphone. Due to documentary ambiguities in Respondent's

1 anesthetic record, at some point Respondent also administered an additional dose of 100 mcg of  
2 Fentanyl and 0.5 mg of hydromorphone to Patient 7.

3 42. After Patient 7 arrived at the PACU, Respondent wasted 30 mg ketamine, 1.5 mg  
4 Hydromorphone, and 150 mcg of Fentanyl.
