PARTIES

He brought this action solely in his official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Marsha E. Barr-Fernandez, Deputy Attorney General.

///

///

1 3. On or about September 4, 2013, the Board issued Physician's and Surgeon's
2 Certificate No. A 66731 to Respondent. The Physician's and Surgeon's Certificate was in full
3 force and effect at all times relevant to the charges brought in Accusation No. 800-2022-088656,
4 and will expire on September 30, 2027, unless renewed.

JURISDICTION

6 4. On May 7, 2025, Accusation No. 800-2022-088656 was filed before the Board and is
7 currently pending against Respondent. A true and correct copy of the Accusation and all other
8 statutorily required documents were properly served on Respondent on May 7, 2025. Respondent
9 timely filed his Notice of Defense contesting the Accusation.

10 5. A copy of Accusation No. 800-2022-088656 is attached as Exhibit A and
11 incorporated herein by reference.

ADVISEMENT AND WAIVERS

13 6. Respondent has carefully read, fully discussed with counsel, and fully understands the
14 charges and allegations in Accusation No. 800-2022-088656. Respondent has also carefully read,
15 fully discussed with his counsel, and fully understands the effects of this Stipulated Settlement
16 and Disciplinary Order.

17 7. Respondent is fully aware of his legal rights in this matter, including the right to a
18 hearing on the charges and allegations in the Accusation; the right to confront and cross-examine
19 the witnesses against him; the right to present evidence and to testify on his own behalf; the right
20 to the issuance of subpoenas to compel the attendance of witnesses and the production of
21 documents; the right to reconsideration and court review of an adverse decision; and all other
22 rights accorded by the California Administrative Procedure Act and other applicable laws.

23 8. Having the benefit of counsel, Respondent voluntarily, knowingly, and intelligently
24 waives and gives up each and every right set forth above.

25 9. Respondent acknowledges the fact that, if adopted by the Board, the Board will report
26 this Stipulated Settlement and Disciplinary Order to the National Practitioner Data Bank (NPDB)
27 and Federation of State Medical Boards (FSMB) and publicly post such enforcement action, and
28 Respondent hereby waives any and all objections thereto.

CULPABILITY

10. Respondent understands and agrees that the charges and allegations in Accusation No. 800-2022-088656, if proven at a hearing, constitute cause for imposing discipline upon his Physician's and Surgeon's Certificate.

11. Respondent agrees that, at a hearing, Complainant could establish a *prima facie* case or factual basis for the charges in the Accusation, and that Respondent hereby gives up his right to contest those charges.

12. Respondent does not contest that, at an administrative hearing, Complainant could establish a *prima facie* case with respect to the charges and allegations in Accusation No. 800-2022-088656, a true and correct copy of which is attached hereto as Exhibit A, and that he has thereby subjected his Physician's and Surgeon's Certificate No. A 66731 to disciplinary action.

13. Respondent agrees that his Physician's and Surgeon's Certificate is subject to discipline and agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

14. This stipulation shall be subject to approval by the Medical Board of California. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

15. This Stipulated Settlement and Disciplinary Order is intended by the parties herein to be an integrated writing representing the complete, final, and exclusive embodiment of the agreement of the parties in this above-entitled matter.

16. Respondent agrees that if he ever petitions for early termination or modification of probation, or if an accusation and/or petition to revoke probation is filed against him before the Board, all of the charges and allegations contained in Accusation No. 800-2022-088656 shall be deemed true, correct, and fully admitted by Respondent for purposes of any such proceeding or any other licensing proceeding involving Respondent in the State of California.

17. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

18. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

10 A medical record keeping course taken after the acts that gave rise to the charges in the
11 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board

13 been approved by the Board or its designee had the course been taken after the effective date of
14 this Decision.

15 Respondent shall submit a certification of successful completion to the Board or its

15 payment plan shall be submitted in writing by Respondent to the Board. Failure to comply with
16 the payment plan shall be considered a violation of probation.

17 The filing of bankruptcy by Respondent shall not relieve Respondent of the responsibility
18 to repay investigation and enforcement costs, including expert review costs.

19 7. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
20 under penalty of perjury on forms provided by the Board, stating whether there has been
21 compliance with all the conditions of probation.

3 residence addresses, email address (if available), and telephone number. Changes of such
4 addresses shall be immediately communicated in writing to the Board or its designee. Under no
5 circumstances shall a post office box serve as an address of record, except as allowed by Business
6 and Professions Code section 2021, subdivision (b).

7 Place of Practice

8 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
9 of residence unless the patient resides in a skilled nursing facility or other similar licensed
10 facility.

11 License Renewal

12 Respondent shall maintain a current and renewed California physician's and surgeon's
13 license.

14 Travel or Residence Outside California

15 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
16 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
17 (30) calendar days.

18 In the event Respondent should leave the State of California to reside or to practice
19 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
20 departure and return.

21 9. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
22 available in person upon request for interviews either at Respondent's place of business or at the
23 probation unit office, with or without prior notice throughout the term of probation.

24 10. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
25 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
26 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
27 defined as any period of time Respondent is not practicing medicine as defined in Business and
28 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct

1 patient care, clinical activity or teaching, or other activity as approved by the Board. If
2 Respondent resides in California and is considered to be in non-practice, Respondent shall
3 comply with all terms and conditions of probation. All time spent in an intensive training
4 program which has been approved by the Board or its designee shall not be considered non-
5 practice and does not relieve Respondent from complying with all the terms and conditions of
6 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
7 on probation with the medical licensing authority of that state or jurisdiction shall not be
8 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
9 period of non-practice.

10 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
11 months, Respondent shall successfully complete the Federation of State Medical Boards' Special
12 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program

14 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

15 Respondent's period of non-practice while on probation shall not exceed two (2) years.

16 Periods of non-practice will not apply to the reduction of the probationary term.

17 Periods of non-practice for a Respondent residing outside of California will relieve
18 Respondent of the responsibility to comply with the probationary terms and conditions with the
19 exception of this condition and the following terms and conditions of probation: Obey All Laws;
20 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
21 Controlled Substances; and Biological Fluid Testing.

22 11. COMPLETION OF PROBATION. Respondent shall comply with all financial
23 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
24 completion of probation. This term does not include cost recovery, which is due within 30
25 calendar days of the effective date of the Order, or by a payment plan approved by the Medical
26 Board and timely satisfied. Upon successful completion of probation, Respondent's certificate
27 shall be fully restored.

28 ///

1 12. **VIOLATION OF PROBATION.** Failure to fully comply with any term or condition
2 of probation is a violation of probation. If Respondent violates probation in any respect, the
3 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
4 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke
5 Probation, or an Interim Suspension Order is filed against Respondent during probation, the
6 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall
7 be extended until the matter is final.

8 13. **LICENSE SURRENDER.** Following the effective date of this Decision, if
9 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
10 the terms and conditions of probation, Respondent may request to surrender his or her license.
11 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
12 determining whether or not to grant the request, or to take any other action deemed appropriate
13 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
14 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
15 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
16 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
17 application shall be treated as a petition for reinstatement of a revoked certificate.

18 14. **PROBATION MONITORING COSTS.** Respondent shall pay the costs associated
19 with probation monitoring each and every year of probation, as designated by the Board, which
20 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
21 California and delivered to the Board or its designee no later than January 31 of each calendar
22 year.

23 15. **FUTURE ADMISSIONS CLAUSE.** If Respondent should ever apply or reapply for
24 a new license or certification, or petition for reinstatement of a license, by any other health care
25 licensing action agency in the State of California, all of the charges and allegations contained in
26 Accusation No. 800-2022-088656 shall be deemed to be true, correct, and admitted by
27 Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or
28 restrict license.

10. Section 125.3 of the Code states:

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licensee that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be *prima facie* evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) If an order for recovery of costs is made and timely payment is not made as directed in the board's decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licensee to pay costs.

(f) In any action for recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licensee who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licensee who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

111

(j) This section does not apply to any board if a specific statutory provision in that board's licensing act provides for recovery of costs in an administrative disciplinary proceeding.

FACTUAL ALLEGATIONS

11. Respondent Roland Kuo-Yang Tang, M.D. is a Board-certified pediatrician employed by Kaiser Permanente.

12. Patient 1¹ was a 5-week-old baby who was delivered at Kaiser via cesarean section at 32 weeks' gestation due to maternal pre-eclampsia. Shortly after delivery, Patient 1 was admitted to the neonatal intensive care unit (NICU) for prematurity and respiratory distress. Patient 1 did well in the NICU and was discharged home on January 5, 2020.

13. After discharge, Patient 1 was seen at Kaiser for a well-baby exam on January 7, 2020, for a lactation consultation on January 8, 2020, and for a weight check on January 14, 2020. As of January 14, 2020, Patient 1 was noted to be "doing great" with "no current probs (sic)."

14. On or about January 17, 2020, Patient 1 became very fussy, crying every time he was picked up. Patient 1's mother called Kaiser's advice nurse and reported that Patient 1 had "painful crying," was "agitated," and had "rapid/noisy breathing" starting January 16, 2020. Patient 1's mother also reported that Patient 1 was unable to lay flat on his back and was eating less than usual, having consumed only 1 ounce of expressed breast milk (EBM) in the past two feedings. Patient 1's mother was instructed to call 911 and have Patient 1 transported to the emergency department for evaluation. Patient 1 was transported to the emergency department at Sherman Oaks Hospital where Patient 1 was diagnosed with colic (frequent, prolonged, and intense crying or fussiness in a healthy infant).

15. On or about January 18, 2020, Patient 1 had decreased energy, decreased appetite, and red spots in his diaper. Patient 1's mother took Patient 1 to the urgent care clinic at Kaiser. Patient 1's mother reported Patient 1 had a crying episode the day prior for a few hours and had been seen in the emergency department where Patient 1 was diagnosed with colic. Patient 1's mother reported that since the crying episode, she had noticed a loss of appetite in Patient 1, reporting that Patient 1 had only taken 3.5 ounces of EBM in the last 20 hours whereas Patient 1

¹ To protect the privacy of the patient involved, the patient's name has not been included in this pleading. Respondent is aware of the identity of the patient referred herein.

1 normally would take 2.5 ounces of EBM every 3 to 4 hours. Patient 1 was determined to be
2 dehydrated. An IV was attempted to be placed, but the attempt was not successful. The
3 pediatrician in the urgent care ordered blood work, including a complete blood count (CBC) with
4 differential.² Patient 1 was observed in the urgent care and discharged home after Patient 1 was
5 able to take 2 ounces of EBM in 10 to 15 minutes and had one wet diaper. Patient 1's mother was
6 told, among other things, to keep a feeding diary and to follow up in urgent care the next
7 morning.

8 16. On or about 0900 on January 19, 2020, Patient 1's mother returned to Kaiser urgent
9 care with Patient 1 for follow up. On this date, Patient 1 was seen by Respondent. Respondent
10 did not obtain a complete set of vital signs, including pulse, respiratory rate, or oxygenation
11 saturation levels. Respondent's history and physical for a baby under 2 months of age presenting
12 with irritability with position change, new onset poor feeding, and a temperature of 99.4° F, did
13 not include, among other things, any inquiry and/or documentation regarding pre-hospital
14 treatments or fever-reducing medication intake. Respondent's physical examination did not
15 include documentation of an examination of Patient 1's anterior fontanelle and/or finding, the
16 capillary refill time (CRT),³ or findings regarding the presence or absence of upper respiratory
17 symptoms, such as congestion, runny nose, or cough. Respondent reviewed the laboratory studies
18 from the previous day, but Respondent did not recognize abnormal lab results that were
19 concerning for bacterial infection, including but not limited to, bandemia (increased number of
20 immature white blood cells in the bloodstream). Respondent's differential diagnosis did not
21 include bacterial infection, and Respondent did not admit Patient 1 to the hospital for further
22 evaluation and work-up. Instead, Respondent discharged Patient 1 with instructions to follow up
23 at Kaiser the next day.

27 ² A complete blood count (CBC) with differential is a blood test that measures the number
28 of red blood cells, white blood cells, and platelets in the blood. The "differential" part of the test
measures the percentage of each type of white blood cell.

³ Capillary refill time is a simple test to determine peripheral perfusion adequacy.

1 17. On or about 1800 on January 19, 2020, Patient 1's mother called 911 because Patient
2 1 stopped breathing. Patient 1 was transported via ambulance to Children's Hospital Los
3 Angeles. Patient 1 was intubated and admitted for management of apnea (slowed or stopped
4 breathing), respiratory failure, tachycardia (faster than normal heart rate), and metabolic acidosis
5 (excess acid in the blood) concerning for sepsis. Patient 1 was diagnosed with late-onset Group B
6 streptococcus (GBS) sepsis (invasive GBS infection occurring between 7 days to 3 months of
7 age). Patient 1 remained hospitalized until he passed away on January 22, 2020.

FIRST CAUSE FOR DISCIPLINE

(Repeated Negligent Acts)

10 18. Respondent Roland Kuo-Yang Tang, M.D. is subject to disciplinary action under
11 section 2234, subdivision (c), of the Code, in that Respondent was negligent in his care and
12 treatment of Patient 1. The circumstances are as follows:

13 19. The facts and allegations set forth in paragraphs 11 through 17, above, are realleged
14 herein as if fully set forth.

Inadequate History and Physical

16 20. The standard of care requires a thorough history be taken for a baby under 2 months
17 of age presenting with irritability with position change, sudden and new onset poor feeding,
18 possible blood in the urine, and a temperature of 99.4° F, including but not limited to, relevant
19 inquiries into any treatment or medication administered at home, in order to formulate a
20 reasonable differential diagnosis and treatment plan. Respondent's failure to take a thorough and
21 appropriate history given Patient 1's age and presenting symptoms was a simple departure from
22 the standard of care.

Inadequate Physical Examination

24 21. The standard of care requires the performance and documentation of a thorough
25 physical examination to include, among other things, obtaining a complete set of vital signs,
26 including pulse, respiratory rate, and oxygenation saturation levels, as well as examining
27 measures of hydration status, including the appearance of the anterior fontanelle and capillary

28 | //

1 refill times. Respondent's failure to perform and/or document a thorough physical examination
2 of Patient 1 was a simple departure from the standard of care.

3 **Failure to Recognize Abnormal Lab Results Concerning For Infection**

4 22. The standard of care when caring for an infant presenting with irritability and poor
5 feeding requires a physician to review the results of laboratory studies performed in the time
6 period since the last presentation and to be aware of the significance of laboratory results in
7 newborns, including but not limited, that a white blood cell count can be paradoxically low in the
8 face of an infection and that bandemia is an abnormal finding concerning for bacterial infection or
9 other serious condition. Respondent's failure to recognize that Patient 1's laboratory results
10 included abnormal laboratory values that were concerning for a possible bacterial infection was a
11 simple departure from the standard of care.

12 **Failure to Include Infection on Differential Diagnosis/Failure to Admit for Workup**

13 23. The standard of care for a pediatrician is to recognize the symptoms and signs of an
14 ill infant, as well as be familiar with risk factors that increase the risk of infection in infants, such
15 as prematurity; to be familiar with late-onset GBS infection, including but not limited to, that late-
16 onset GBS is a potentially life-threatening infection that is more common in infants under 3
17 months of age; to be aware that infants born prematurely are at higher risk for developing late-
18 onset GBS; to be aware that antibiotics given during labor do not generally prevent late-onset
19 GBS; and to be aware that signs of infection do not always include fever in infants under 2 to 3
20 months of age. Based on Patient 1's age, history of prematurity, duration of symptoms, and
21 laboratory results, the standard of care required Respondent to include infection in his differential
22 diagnosis and to admit Patient 1 to the hospital for further work-up and treatment. Respondent
23 stated during his interview with the Board that Respondent was falsely reassured about Patient 1's
24 condition based on Patient 1's contacts with other providers in the days before Respondent treated
25 Patient 1. The standard of care requires physicians to make their own clinical assessment and
26 form their own differential diagnosis and treatment plan by taking an appropriate history,
27 performing appropriate examinations, reviewing and/or ordering necessary labs, and forming
28 their own differential diagnosis and treatment plans. Respondent's failure to include infection on

1 his differential diagnosis and failure to admit Patient 1 to the hospital for work-up and treatment
2 was a simple departure from the standard of care.

3 **SECOND CAUSE FOR DISCIPLINE**

4 **(Failure to Maintain Adequate and Accurate Records)**

5 24. Respondent Roland Kuo-Yang Tang, M.D. is subject to disciplinary action under
6 section 2266 of the Code, in that he failed to maintain adequate and accurate medical records
7 during his care of Patient 1. The circumstances are as follows:

8 25. The facts and allegations set forth in the First Cause for Discipline are incorporated
9 by reference as if fully set forth.

10 **PRAYER**

11 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
12 and that following the hearing, the Medical Board of California issue a decision:

14 issued to Respondent Roland Kuo-Yang Tang, M.D.;

15 2. Revoking, suspending or denying approval of Respondent Roland Kuo-Yang Tang,
16 M.D.'s authority to supervise physician assistants and advanced practice nurses;

17 3. Ordering Respondent Roland Kuo-Yang Tang, M.D., to pay the Board the costs of
18 the investigation and enforcement of this case, and if placed on probation, the costs of probation
19 monitoring; and
