11 and conditions.

12 1. CONTROLLED SUBSTANCES- MAINTAIN RECORDS AND ACCESS TO  
13 RECORDS AND INVENTORIES. Respondent shall maintain a record of all controlled  
14 substances ordered, prescribed, dispensed, administered, or possessed by Respondent, and any  
15 recommendation or approval which enables a patient or patient's primary caregiver to possess or

6 requirements for renewal of licensure.

7 A prescribing practices course taken after the acts that gave rise to the charges in the  
8 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
9 or its designee, be accepted towards the fulfillment of this condition if the course would have  
10 been approved by the Board or its designee had the course been taken after the effective date of  
11 this Decision.

12 Respondent shall submit a certification of successful completion to the Board or its

25 (CME) requirements for renewal of licensure.

26 A medical record keeping course taken after the acts that gave rise to the charges in the  
27 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board

2 Executive Officer at every insurance carrier which extends malpractice insurance coverage to  
3 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15  
4 calendar days.

5 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

6 6. SUPERVISION OF PHYSICIAN ASSISTANTS. During probation, Respondent is  
7 prohibited from supervising physician assistants.

8 7. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules  
9 governing the practice of medicine in California and remain in full compliance with any court  
10 ordered criminal probation, payments, and other orders.

11 8. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations  
12 under penalty of perjury on forms provided by the Board, stating whether there has been  
13 compliance with all the conditions of probation.

14 Respondent shall submit quarterly declarations not later than 10 calendar days after the end  
15 of the preceding quarter.

16 9. GENERAL PROBATION REQUIREMENTS.

18 Respondent shall comply with the Board's probation unit and all terms and conditions of  
19 this Decision.

20 Address Changes

21 Respondent shall, at all times, keep the Board informed of Respondent's business and  
22 residence addresses, email address (if available), and telephone number. Changes of such  
23 addresses shall be immediately communicated in writing to the Board or its designee. Under no  
24 circumstances shall a post office box serve as an address of record, except as allowed by Business  
25 and Professions Code section 2021(b).

26 Place of Practice

28 of residence, unless the patient resides in a skilled nursing facility or other similar licensed

1 facility.

2 License Renewal

3 Respondent shall maintain a current and renewed California physician's and surgeon's  
4 license.

5 Travel or Residence Outside California

6 Respondent shall immediately inform the Board or its designee, in writing, of travel to any  
7 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty  
8 (30) calendar days.

9 In the event Respondent should leave the State of California to reside or to practice  
10 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of  
11 departure and return.

12 10. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be  
13 available in person upon request for interviews either at Respondent's place of business or at the  
14 probation unit office, with or without prior notice throughout the term of probation.

15 11. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or  
16 its designee in writing within 15 calendar days of any periods of non-practice lasting more than  
17 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is  
18 defined as any period of time Respondent is not practicing medicine in California as defined in  
19 Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month  
20 in direct patient care, clinical activity or teaching, or other activity as approved by the Board. All  
21 time spent in an intensive training program which has been approved by the Board or its designee  
22 shall not be considered non-practice. Practicing medicine in another state of the United States or  
23 Federal jurisdiction while on probation with the medical licensing authority of that state or  
24 jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall  
25 not be considered as a period of non-practice.

26 In the event Respondent's period of non-practice while on probation exceeds 18 calendar  
27 months, Respondent shall successfully complete a clinical training program that meets the criteria  
28 of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and

1 Disciplinary Guidelines” prior to resuming the practice of medicine.

2 Respondent’s period of non-practice while on probation shall not exceed two (2) years.

3 Periods of non-practice will not apply to the reduction of the probationary term.

4 Periods of non-practice will relieve Respondent of the responsibility to comply with the  
5 probationary terms and conditions with the exception of this condition and the following terms  
6 and conditions of probation: Obey All Laws; and General Probation Requirements.

7 12. COMPLETION OF PROBATION. Respondent shall comply with all financial  
8 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the  
9 completion of probation. Upon successful completion of probation, Respondent’s certificate shall  
10 be fully restored.

11 13. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
12 of probation is a violation of probation. If Respondent violates probation in any respect, the  
13 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
14 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke  
15 Probation, or an Interim Suspension Order is filed against Respondent during probation, the  
16 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall  
17 be extended until the matter is final.

18 14. LICENSE SURRENDER. Following the effective date of this Decision, if  
19 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
20 the terms and conditions of probation, Respondent may request to surrender his or her license.  
21 The Board reserves the right to evaluate Respondent’s request and to exercise its discretion in  
22 determining whether or not to grant the request, or to take any other action deemed appropriate  
23 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
24 shall within 15 calendar days deliver Respondent’s wallet and wall certificate to the Board or its  
25 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
26 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
27 application shall be treated as a petition for reinstatement of a revoked certificate.

28 ///

1 15. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
2 with probation monitoring each and every year of probation, as designated by the Board, which  
3 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of  
4 California and delivered to the Board or its designee no later than January 31 of each calendar  
5 year.

1 JURISDICTION

2 3. This Accusation is brought before the Medical Board of California (Board),  
3 Department of Consumer Affairs, under the authority of the following laws. All section

6 "The board shall have the responsibility for the following:

7 "(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice  
8 Act.

9 "(b) The administration and hearing of disciplinary actions.

10 "(c) Carrying out disciplinary actions appropriate to findings made by a panel or an  
11 administrative law judge.

12 "(d) Suspending, revoking, or otherwise limiting certificates after the conclusion of  
13 disciplinary actions.

14 "(e) Reviewing the quality of medical practice carried out by physician and surgeon  
15 certificate holders under the jurisdiction of the board.

16 "(f) Approving undergraduate and graduate medical education programs.

17 "(g) Approving clinical clerkship and special programs and hospitals for the programs in  
18 subdivision (f).

19 "(h) Issuing licenses and certificates under the board's jurisdiction.

20 "(i) Administering the board's continuing medical education program."

21 5. Section 2227 of the Code provides that a licensee who is found guilty under the  
22 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed  
23 one year, placed on probation and required to pay the costs of probation monitoring, or such other  
24 action taken in relation to discipline as the board deems proper.

25 6. Section 2234 of the Code, states:

26 "The board shall take action against any licensee who is charged with unprofessional  
27 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not  
28 limited to, the following:

1           (a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the  
2 violation of, or conspiring to violate any provision of this chapter.

3           (b) Gross negligence.

4           (c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or  
5 omissions. An initial negligent act or omission followed by a separate and distinct departure from  
6 the applicable standard of care shall constitute repeated negligent acts.

7           (1) An initial negligent diagnosis followed by an act or omission medically appropriate  
8 for that negligent diagnosis of the patient shall constitute a single negligent act.

9           (2) When the standard of care requires a change in the diagnosis, act, or omission that  
10 constitutes the negligent act described in paragraph (1), including, but not limited to, a  
11 reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the

22           (h) The repeated failure by a certificate holder, in the absence of good cause, to attend and

11 using or will use the drugs or substances for a nonmedical purpose.

12           "(c) Notwithstanding subdivision (a), prescription drugs or controlled substances may also

18 restraint and control, or in city or county jails or state prisons.

22 actions are characterized by craving in combination with one or more of the following:

23           "(A) Impaired control over drug use.

24           "(B) Compulsive use.

25           "(C) Continued use despite harm.

3 without an appropriate prior examination and a medical indication, constitutes unprofessional  
4 conduct.

5           "(b) No licensee shall be found to have committed unprofessional conduct within the  
6 meaning of this section if, at the time the drugs were prescribed, dispensed, or furnished, any of  
7 the following applies:

8           "(1) The licensee was a designated physician and surgeon or podiatrist serving in the  
9 absence of the patient's physician and surgeon or podiatrist, as the case may be, and if the drugs  
10 were prescribed, dispensed, or furnished only as necessary to maintain the patient until the return  
11 of his or her practitioner, but in any case no longer than 72 hours.

12           "(2) The licensee transmitted the order for the drugs to a registered nurse or to a licensed  
13 vocational nurse in an inpatient facility, and if both of the following conditions exist:

14           "(A) The practitioner had consulted with the registered nurse or licensed vocational nurse  
15 who had reviewed the patient's records.

16           "(B) The practitioner was designated as the practitioner to serve in the absence of the  
17 patient's physician and surgeon or podiatrist, as the case may be.

18           "(3) The licensee was a designated practitioner serving in the absence of the patient's  
19 physician and surgeon or podiatrist, as the case may be, and was in possession of or had utilized  
20 the patient's records and ordered the renewal of a medically indicated prescription for an amount  
21 not exceeding the original prescription in strength or amount or for more than one refill.

22           "(4) The licensee was acting in accordance with Section 120582 of the Health and Safety  
23 Code."

24           9.     Section 2266 of the Code states: "The failure of a physician and surgeon to maintain

2 including antidepressants, a muscle relaxant (Soma/Carisoprodol), and a dangerous opiate  
3 (Oxycodone in the form of Percocet).<sup>4</sup>

4 13. Respondent departed from the standard of care by failing to appropriately risk stratify  
5 Patient 1 for opioid therapy, failing to formulate and document a treatment plan, failing to obtain  
6 informed consent, failing to have a pain management agreement with Patient 1, failing to discuss  
7 overdose risk with the patient and/or family, failing to adequately assess and document Patient 1's  
8 progress during treatment, failing to adequately monitor patient compliance, and failing to  
9 maintain adequate and accurate medical records, as Respondent's progress notes are, for the most  
10 part, the same review of systems and physical examination copied and pasted forward for  
11 subsequent encounters. Also, the records show no justification for any action that was taken.  
12 These acts and omissions in the treatment of Patient 1 constitute simple departures from the  
13 standard of care.

14 14. Respondent also exhibited a lack of knowledge regarding the use of pain management  
15 agreements when prescribing opioids in the primary care setting,<sup>5</sup> and regarding the issuance of  
16 multiple prescriptions for the same Schedule II controlled substance. These acts and omissions in  
17 the treatment of Patient 1 also constitute simple departures from the standard of care.

27 <sup>3</sup> In March 2018, Patient 1 had also been diagnosed by another physician with Severe

helped the pain, whereas Norco and Tramadol were not as effective.

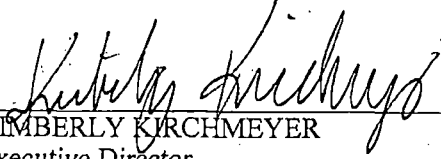

<sup>5</sup> Respondent stated in her interview that pain contracts are used "only when they
