1 effect at all times relevant to the charges brought in Fourth Amended Accusation and Petition to  
2 Revoke Probation No. 800-2017-037665 and will expire on August 31, 2020, unless renewed.

3 **JURISDICTION**

4 4. Fourth Amended Accusation and Petition to Revoke Probation No. 800-2017-037665  
5 was filed before the Board, and is currently pending against Respondent. Fourth Amended  
6 Accusation and Petition to Revoke Probation No. 800-2017-037665 and all other statutorily  
7 required documents were properly served on Respondent on September 25, 2019. Respondent  
8 filed his Notice of Defense contesting Accusation and Petition to Revoke Probation No. 800-

27 Amended Accusation and Petition to Revoke Probation No. 800-2017-037665, agrees that cause  
28 exists for discipline and hereby surrenders his Physician's and Surgeon's Certificate No. A 56294

1 for the Board's formal acceptance.

2 9. Respondent understands that by signing this stipulation he enables the Board to issue  
3 an order accepting the surrender of his Physician's and Surgeon's Certificate without further  
4 process.

5 **CONTINGENCY**

6 10. This stipulation shall be subject to approval by the Board. Respondent understands  
7 and agrees that counsel for Complainant and the staff of the Board may communicate directly  
8 with the Board regarding this stipulation and surrender, without notice to or participation by  
9 Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he  
10 may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board  
11 considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order,  
12 the Stipulated Surrender and Disciplinary Order shall be of no force or effect, except for this  
13 paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not

25 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 56294, issued  
26 to Respondent Donald Woo Lee, M.D., is surrendered and accepted by the Board.

27 1. The surrender of Respondent's Physician's and Surgeon's Certificate and the

1 against Respondent. This stipulation constitutes a record of the discipline and shall become a part  
2 of Respondent's license history with the Board.

4 California as of the effective date of the Board's Decision and Order.

5 3. Respondent shall cause to be delivered to the Board his pocket license and, if one was  
6 issued, his wall certificate on or before the effective date of the Decision and Order.

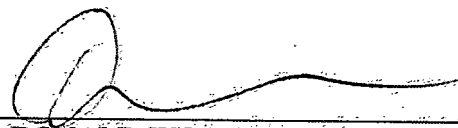

7 4. If Respondent ever files an application for licensure or a petition for reinstatement in  
8 the State of California, the Board shall treat it as a petition for reinstatement. Respondent must  
9 comply with all the laws, regulations and procedures for reinstatement of a revoked or  
10 surrendered license in effect at the time the petition is filed, and all of the charges and allegations  
11 contained in the Fourth Amended Accusation and Petition to Revoke Probation No. 800-2017-  
12 037665 shall be deemed to be true, correct and admitted by Respondent when the Board  
13 determines whether to grant or deny the petition.

14 5. If Respondent should ever apply or reapply for a new license or certification, or  
15 petition for reinstatement of a license, by any other health care licensing agency in the State of  
16 California, all of the charges and allegations contained in the Fourth Amended Accusation and  
17 Petition to Revoke Probation No. 800-2017-037665 shall be deemed to be true, correct, and  
18 admitted by Respondent for the purpose of any Statement of Issues or any other proceeding  
19 seeking to deny or restrict licensure.

22 discussed it with my attorney Vincent J. LaBarbera Jr., Esq. I understand the stipulation and the

OAH No. 2017120299

FOURTH AMENDED  
ACCUSATION AND  
PETITION TO REVOKE  
PROBATION

18 Complainant alleges:

19 PARTIES

20 1. Kimberly Kirchmeyer ("Complainant") brings this Fourth Amended Accusation and  
21 Petition to Revoke Probation solely in her official capacity as the Executive Director of the  
22 Medical Board of California, Department of Consumer Affairs (Board).

23 2. On or about August 21, 1996, the Medical Board issued Physician's and Surgeon's  
24 Certificate Number A56294 to Donald Woo Lee, M.D. ("Respondent"). The Physician's and  
25 Surgeon's Certificate was in full force and effect at all times relevant to the charges brought  
26 herein and will expire on August 31, 2020, unless renewed.

27 JURISDICTION

28 3. This Fourth Amended Accusation and Petition to Revoke Probation ("Accusation") is

1 brought before the Board, under the authority of the following laws. All section references are to  
2 the Business and Professions Code (Code) unless otherwise indicated.

3 4. Section 2227 of the Code provides that a licensee who is found guilty under the  
4 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed  
5 one year, placed on probation and required to pay the costs of probation monitoring, or such other  
6 action taken in relation to discipline as the Board deems proper.

7 5. Section 2234 of the Code states:

8 "The board shall take action against any licensee who is charged with unprofessional  
9 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not  
10 limited to, the following:

11 "(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the  
12 violation of, or conspiring to violate any provision of this chapter.

13 "(b) Gross negligence.

14 "(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or  
15 omissions. An initial negligent act or omission followed by a separate and distinct departure from  
16 the applicable standard of care shall constitute repeated negligent acts.

17 "(1) An initial negligent diagnosis followed by an act or omission medically appropriate  
18 for that negligent diagnosis of the patient shall constitute a single negligent act.

19 "(2) When the standard of care requires a change in the diagnosis, act, or omission that  
20 constitutes the negligent act described in paragraph (1), including, but not limited to, a  
21 reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the  
22 applicable standard of care, each departure constitutes a separate and distinct breach of the  
23 standard of care.

24 "(d) Incompetence.

25 "(e) The commission of any act involving dishonesty or corruption which is substantially  
26 related to the qualifications, functions, or duties of a physician and surgeon.

27 "(f) Any action or conduct which would have warranted the denial of a certificate.

28 "(g) The practice of medicine from this state into another state or country without meeting

1 the legal requirements of that state or country for the practice of medicine. Section 2314 shall not  
2 apply to this subdivision. This subdivision shall become operative upon the implementation of the  
3 proposed registration program described in Section 2052.5.

4 “(h) The repeated failure by a certificate holder, in the absence of good cause, to attend and  
5 participate in an interview by the board. This subdivision shall only apply to a certificate holder  
6 who is the subject of an investigation by the board.”

7 6. Section 2238 of the Code states: “A violation of any federal statute or federal  
8 regulation or any of the statutes or regulations of this state regulating dangerous drugs or  
9 controlled substances constitutes unprofessional conduct.”

10 7. Section 2266 of the Code states: “The failure of a physician and surgeon to maintain  
11 adequate and accurate records relating to the provision of services to their patients constitutes  
12 unprofessional conduct.”

### 13 INITIAL FACTUAL ALLEGATIONS

#### 14 Patient A

15 8. On or about January 29, 2014, Respondent, an internist, saw Patient A,<sup>1</sup> an 82-year-  
16 old male and his primary care patient. Patient A had fallen, landed on his left hand, and lacerated  
17 the anterior surface of his hand. Although Respondent addressed the laceration with sutures, he  
18 failed to order x-rays of the left hand, and failed to refer the patient to an orthopedics specialist.  
19 Respondent documented that he fixed a dislocation of Patient A's fifth finger by pulling the finger  
20 and popping it back into place. Respondent also ordered a seven-day supply of an antibiotic  
21 (Keflex) for the patient.

22 9. On or about February 5, 2014, Respondent reassessed Patient A. Although  
23 Respondent wrote that the wound was healing well, he failed to assess the neuromuscular  
24 function of the patient's hand and/or failed to adequately document that he did so.

25 10. On or about February 12, 2014, Respondent removed the sutures on the patient's left  
26 hand. Again, Respondent failed to perform a neuromuscular examination of the hand and/or  
27 failed to adequately document that he did so.

28 <sup>1</sup> Patient initials are used based on privacy concerns.

11. On or about February 24, 2014, Patient A called Respondent's office, reported that his left hand was swollen, and asked if he needed more antibiotics. Respondent then ordered a 10-day supply of an antibiotic (Augmentin) for Patient A without examining the patient.

12. On or about March 26, 2014, Respondent saw Patient A with complaints of pain and an inability to move the fingers of his left hand. However, Respondent failed to assess the neuromuscular function of the patient's hand and/or failed to adequately document that he did so. In addition, although Respondent advised Patient A to start exercising his left hand, he did not document the specific exercises he instructed the patient to perform.

13. On or about April 14, 2014, Patient A called Respondent's office and requested an x-ray of his left hand and a referral to a specialist because he could not make a fist or close his hand. Respondent then ordered x-rays of Patient A's left hand and referred the patient to an orthopedic surgeon.

14. On or about May 2, 2014, x-rays of Patient A's left hand revealed fractures of the proximal phalanges of the third and fourth fingers. Respondent admitted during his interview with the Board that he never viewed the patient's x-rays.

15. On or about May 21, 2014, an orthopedic surgeon, Dr. J.P., assessed Patient A and on or about September 8, 2014, Dr. J.P. operated on the Patient A's left hand. Nevertheless, the patient did not regain normal function of his hand.

## Pre-Signed Prescriptions

16. On or about October 8, 2015, agents of the federal government searched Respondent's office at 10241 Country Club Drive, Suite H, Mira Loma, California 91752 and found blank prescription scripts pre-signed by the Respondent. On or about, June 5, 2018, an investigator of the Health Quality Investigations Unit of California's Division of Investigations interviewed Respondent. During the interview, Respondent admitted that the pre-signed prescriptions seized by the federal agents were his scripts. He further explained that he pre-signed prescriptions and left them in unlocked drawers in his offices to facilitate the ability of his medical assistants to order medications for his patients when he was absent. He further explained that he thought the practice was legal and continued to engage in pre-signing blank prescriptions

1 until at least in or around October 2015 when his Mira Loma office was searched by federal  
2 agents. In addition, a letter dated August 13, 2015, stated that Respondent had terminated the  
3 employment of one of his medical assistants, M.B., because she had ordered narcotics for patients  
4 with prescription scripts that had been pre-signed by him. Respondent's practice of pre-signing  
5 prescriptions presented a risk to patients who could have received medications that had the  
6 potential to be ineffective and/or harmful for them, including without limitation, as a result of  
7 their issuance by his medical assistants.

### 8 FIRST CAUSE FOR DISCIPLINE

#### 9 (Gross Negligence)

10 17. Respondent is subject to disciplinary action under Code section 2234, subdivision (b),  
11 in that he committed gross negligence. The circumstances are as follows:

12 18. The allegations in paragraphs 8 through 16, inclusive, above are incorporated herein  
13 by reference as if fully set forth.

14 19. On or about January 29, 2014, and thereafter, Respondent was grossly negligent when  
15 he failed to either perform neuromuscular examinations on Patient A (who had been injured from  
16 a fall), and/or failed to document that he performed such neuromuscular examinations.

17 20. On or about January 29, 2014, and thereafter, Respondent was grossly negligent when  
18 he prescribed an antibiotic to Patient A before examining him.

19 21. On or about January 29, 2014, and thereafter, Respondent was grossly negligent when  
20 he failed to order x-rays for Patient A during his first appointment with this elderly patient who  
21 had fallen and injured his hand.

22 22. On or about January 29, 2014, and thereafter, Respondent was grossly negligent when  
23 he failed to investigate and/or review the results of the x-rays he had ordered for Patient A.

24 23. On or about January 29, 2014, and thereafter, Respondent was grossly negligent when  
25 he failed to promptly refer Patient A, an elderly patient with a hand injury, to an orthopedic  
26 surgeon.

27 24. From at least in or around 2000 and thereafter, Respondent's practice of pre-signing  
28 blank prescription scripts represents gross negligence, including without limitation, on or about

1 April 15, 2015, and July 29, 2015, when his medical assistant illicitly used Respondent's  
2 pre-signed prescriptions, and October 8, 2015.

3 **SECOND CAUSE FOR DISCIPLINE**

4 **(Gross Negligence - Patient C)**

5 25. Respondent is subject to disciplinary action under Code sections 2234,  
6 subdivision (b), in that he committed gross negligence related to the provision of medical services  
7 to Patient C. The circumstances are as follows:

8 **Patient C**

9 26. On or about January 30, 2016, Respondent saw Patient C, a 69-year-old woman with  
10 symptomatic vein disease of the bilateral lower extremities with a history of hypothyroidism and  
11 hypertension. Respondent failed to obtain an adequate history for Patient C, including her current  
12 list of medications at this visit. A receptionist asked Patient C to fill out her name and insurance  
13 information only. When she asked a member of his staff about HIPAA, the staff member seemed  
14 "confused," and she was not provided any information regarding privacy rights or asked to sign a  
15 form related to HIPAA. Initially, a nurse saw her and obtained minimal information from her. A  
16 technician then performed an ultrasound of her leg veins. Afterwards, she was brought to another  
17 room where Respondent and three other people were present and a table was set up to do a vein  
18 procedure on each leg. At that point, she felt very uncomfortable and wished to speak with her  
19 primary care physician before proceeding with the procedures. Respondent told her that other  
20 doctors would not understand the vein procedures. Thereafter, the patient sought treatment from  
21 a different doctor who performed bilateral greater saphenous vein ablations and a series of  
22 separate sessions of sclerotherapy.

23 27. Respondent's records for Patient C fail to adequately document her past medical  
24 history and/or surgical history. Respondent also failed to perform and/or document an adequate  
25 physical exam, including examination of the patient's heart, lungs, abdomen and extremities as  
26 related to veins. Respondent's certified records include an unsigned form acknowledging receipt  
27 of privacy practices and a health questionnaire which was not filled out. During his interview  
28 with an investigator of the Department of Consumer Affairs, Respondent stated that he did not

1 have much independent recollection of the patient, but that he did recall the unusual occurrence.  
2 that the patient initially stated that she had tried conservative therapy with stockings, but then  
3 later stated that she had not tried stockings. Respondent stated he advised her to try conservative  
4 therapy first. He also stated that he would not normally do vein procedures the same day as the  
5 ultrasound and that he did not plan procedures on this patient at that initial visit.

6 28. Respondent's records for Patient C fail to document that the patient received any  
7 notification of the office privacy practices. Further, they lack an adequately complete past  
8 medical history for her. Respondent also failed to document that the patient had a history of  
9 smoking and hypertension, and failed to record any vital signs for her. Her medications, allergies,  
10 smoking history were all not documented as well. Risk factors for peripheral vascular disease  
11 and cardiac disease are important for vein patients because this may influence treatment  
12 decisions. If the patient has significant vascular disease it may harm them to ablate veins which  
13 may be needed in the future for bypass surgery. The lower extremity pulses should also be  
14 examined because an abnormal exam may also influence the choice of compression therapy and  
15 decision to perform a procedure. A patient with abnormal peripheral pulses may not be a  
16 candidate for compression therapy and/or ablation without further non-invasive testing.

17 29. On or about January 30, 2016, and thereafter, Respondent was grossly negligent when  
18 he failed to provide and/or document the provision of office privacy practices to Patient C.

19 30. On or about January 30, 2016, and thereafter, Respondent was grossly negligent when  
20 he failed to perform and/or document an adequately complete history and physical exam for  
21 Patient C (a patient with vein disease).

### 22 THIRD CAUSE FOR DISCIPLINE

#### 23 (Repeated Negligent Acts)

24 31. Respondent is subject to disciplinary action under Code section 2234, subdivision (c),  
25 in that Respondent committed repeated negligent acts. The circumstances are as follows:

26 32. The allegations of the First and Second Causes for Discipline are incorporated herein  
27 by reference as if fully set forth.

28 33. Each of the alleged acts of gross negligence set forth above in the First and Second

1 Causes for Discipline is also a negligent act.

2 **FOURTH CAUSE FOR DISCIPLINE**

3 **(Failure to Maintain Adequate Medical Records)**

4 34. Respondent is subject to disciplinary action under Code section 2266 in that  
5 Respondent failed to maintain adequate and accurate records related to the provision of medical  
6 services to a patient. The circumstances are as follows:

7 35. The allegations of the First, Second and Third Causes for Discipline, inclusive, are  
8 incorporated herein by reference as if fully set forth.

9 36. In addition, Respondent failed to adequately document his medical care for the  
10 patients alleged herein, including without limitation, Patients A and C.

11 **FIFTH CAUSE FOR DISCIPLINE**

12 **(Violation of Drug Laws)**

13 37. Respondent is subject to disciplinary action under Code section 2238 and Title 21 of  
14 the Code of Federal Regulations (CFR) sections 1306.03 and 1306.05, subdivision (a), in that he  
15 violated a drug statute and/or regulation. The circumstances are as follows:

16 38. Respondent violated applicable federal drug laws that required that the only  
17 individuals who are entitled to issue prescriptions are individual practitioners who are (1)  
18 authorized to prescribe controlled substances by the jurisdiction in which he or she are licensed to  
19 practice his or her profession, and (2) either registered or exempted from registration pursuant to  
20 Secs. 1301.22(c) and 1301.23 of Title 21 of the CFR. However, Respondent's unlicensed medical  
21 assistants whom he authorized to issue his pre-signed prescriptions failed to meet the above  
22 requirements.

23 39. Respondent signed blank prescription scripts that were not dated as of, and signed on,  
24 the day when issued and failed to bear the full name and address of the patient, the drug name,  
25 strength, dosage form, quantity prescribed, and directions for use.

26 40. The allegations of the First, Second, Third and Fourth Causes for Discipline and in  
27 the First Cause for Probation Revocation below, are incorporated herein by reference as if fully  
28 set forth.

1 **SIXTH CAUSE FOR DISCIPLINE**

2 **(Dishonesty and/or Corruption)**

## DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 56294 issued to Respondent is revoked. However, the revocation is stayed and Respondent is placed on probation for six (6) years on the following terms and conditions.

1. COMMUNITY SERVICE - FREE SERVICES. Within sixty (60) calendar days of the effective date of this Decision, Respondent shall submit to the Board or its designee for prior approval a community service plan in which Respondent shall provide five hundred (500) hours of free services (e.g., medical or nonmedical) to a community or non-profit organization.

1 Respondent shall complete a minimum of one hundred (100) hours of his community service in  
2 each successive twelve (12) month period following the effective date of this Decision.

3 Respondent understands and agrees that he will not petition the Board for any modification of his  
4 probation unless, and until, he has completed his entire five hundred (500) hour community  
5 service requirement. Any such petition brought to hearing prior to completion of Respondent's  
6 entire community service requirement shall be null and void.

7 Prior to engaging in any community service hereunder, Respondent shall provide a true  
8 copy of this Decision to the chief of staff, director, office manager, program manager, officer, or  
9 the chief executive officer at every community or non-profit organization where Respondent  
10 provides community service and shall submit proof of compliance to the Board or its designee  
11 within 15 calendar days. This condition shall also apply to any change(s) in community service.

12 Community service performed prior to the effective date of this Decision shall not be  
13 accepted in fulfillment of this condition.

14 2. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within sixty (60) calendar  
15 days of the effective date of this Decision, Respondent shall enroll in a professionalism program,  
16 that meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.  
17 Respondent shall participate in and successfully complete that program. Respondent shall  
18 provide any information and documents that the program may deem pertinent. Respondent shall  
19 successfully complete the classroom component of the program not later than six (6) months after  
20 Respondent's initial enrollment, and the longitudinal component of the program not later than the  
21 time specified by the program, but no later than one (1) year after attending the classroom  
22 component. The professionalism program shall be at Respondent's expense and shall be in  
23 addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

24 A professionalism program taken after the acts that gave rise to the charges in the  
25 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
26 or its designee, be accepted towards the fulfillment of this condition if the program would have  
27 been approved by the Board or its designee had the program been taken after the effective date of  
28 this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than fifteen (15) calendar days after successfully completing the program or not later than fifteen (15) calendar days after the effective date of the Decision, whichever is later.

3. BILLING MONITOR. Within thirty (30) calendar days of the effective date of this Decision, Respondent shall submit to the Board or its designee for prior approval as a billing monitor, the name and qualifications of one or more licensed physicians and surgeons whose licenses are valid and in good standing, and who are preferably American Board of Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or personal relationship with Respondent, or other relationship that could reasonably be expected to compromise the ability of the monitor to render fair and unbiased reports to the Board, including but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

The Board or its designee shall provide the approved monitor with copies of this Decision, Accusation No. 09-2010-205998, and a proposed monitoring plan. Within fifteen (15) calendar days of receipt of the Decision, Accusation, and proposed monitoring plan, the monitor shall submit a signed statement that the monitor has read the Decision and Accusation, fully understands the role of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed statement for approval by the Board or its designee.

Within sixty (60) calendar days of the effective date of this Decision, and continuing throughout probation, Respondent's billing shall be monitored by the approved monitor. Respondent shall make all records available for immediate inspection and copying on the premises by the monitor at all times during business hours and shall retain the records for the entire term of probation.

If Respondent fails to obtain approval of a monitor within sixty (60) calendar days of the effective date of this Decision, Respondent shall receive a notification from the Board or its designee to cease the practice of medicine. Within three (3) calendar days after being so notified, Respondent shall cease the practice of medicine until a monitor is approved to provide monitoring

1 responsibility.

2 The monitor shall submit a quarterly written report to the Board or its designee which  
3 includes an evaluation of Respondent's performance, indicating whether Respondent's practices  
4 are within the standards of practice of medical billing, and whether Respondent is billing  
5 appropriately. It shall be the sole responsibility of Respondent to ensure that the monitor submits  
6 the quarterly written reports to the Board or its designee within ten (10) calendar days after the  
7 end of the preceding quarter.

8 If the monitor resigns or is no longer available, Respondent shall, within five (5) calendar  
9 days of such resignation or unavailability, submit to the Board or its designee, for prior approval,  
10 the name and qualifications of a replacement monitor who will be assuming that responsibility  
11 within fifteen (15) calendar days. If Respondent fails to obtain approval of a replacement monitor  
12 within sixty (60) calendar days of the resignation or unavailability of the monitor, Respondent  
13 shall receive a notification from the Board or its designee to cease the practice of medicine.  
14 Within three (3) calendar days after being so notified, Respondent shall cease the practice of  
15 medicine until a replacement monitor is approved and assumes monitoring responsibility.

16 4. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the  
17 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the  
18 Chief Executive Officer at every hospital where privileges or membership are extended to  
19 Respondent, at any other facility where Respondent engages in the practice of medicine,  
20 including all physician and locum tenens registries or other similar agencies, and to the Chief  
21 Executive Officer at every insurance carrier which extends malpractice insurance coverage to  
22 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15  
23 calendar days.

24 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

25 5. SUPERVISION OF PHYSICIAN ASSISTANTS. During probation, Respondent is  
26 prohibited from supervising physician assistants.

27 6. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules  
28 governing the practice of medicine in California and remain in full compliance with any court

1 ordered criminal probation, payments, and other orders.

2 7. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations  
3 under penalty of perjury on forms provided by the Board, stating whether there has been  
4 compliance with all the conditions of probation.

5 Respondent shall submit quarterly declarations not later than 10 calendar days after the end  
6 of the preceding quarter.

7 8. GENERAL PROBATION REQUIREMENTS.

8 Compliance with Probation Unit

9 Respondent shall comply with the Board's probation unit and all terms and conditions of  
10 this Decision.

11 Address Changes

12 Respondent shall, at all times, keep the Board informed of Respondent's business and  
13 residence addresses, email address (if available), and telephone number. Changes of such  
14 addresses shall be immediately communicated in writing to the Board or its designee. Under no  
15 circumstances shall a post office box serve as an address of record, except as allowed by Business  
16 and Professions Code section 2021(b).

17 Place of Practice

18 Respondent shall not engage in the practice of medicine in Respondent's or patient's place  
19 of residence, unless the patient resides in a skilled nursing facility or other similar licensed  
20 facility.

21 License Renewal

22 Respondent shall maintain a current and renewed California physician's and surgeon's  
23 license.

24 Travel or Residence Outside California

25 Respondent shall immediately inform the Board or its designee, in writing, of travel to any  
26 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty  
27 (30) calendar days.

28 In the event Respondent should leave the State of California to reside or to practice

1 Respondent shall notify the Board or its designee in writing thirty (30) calendar days prior to the  
2 dates of departure and return.

3 9. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be  
4 available in person upon request for interviews either at Respondent's place of business or at the  
5 probation unit office, with or without prior notice throughout the term of probation.

6 10. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or  
7 its designee in writing within fifteen (15) calendar days of any periods of non-practice lasting  
8 more than thirty (30) calendar days and within fifteen (15) calendar days of Respondent's return to  
9 practice. Non-practice is defined as any period of time Respondent is not practicing medicine in  
10 California as defined in Business and Professions Code sections 2051 and 2052 for at least 40  
11 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as  
12 approved by the Board. All time spent in an intensive training program which has been approved  
13 by the Board or its designee shall not be considered non-practice. Practicing medicine in another  
14 state of the United States or Federal jurisdiction while on probation with the medical licensing  
15 authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered  
16 suspension of practice shall not be considered as a period of non-practice.

17 In the event Respondent's period of non-practice while on probation exceeds eighteen (18)  
18 calendar months, Respondent shall successfully complete a clinical training program that meets  
19 the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary  
20 Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

21 Respondent's period of non-practice while on probation shall not exceed two (2) years.

22 Periods of non-practice will not apply to the reduction of the probationary term.

23 Periods of non-practice will relieve Respondent of the responsibility to comply with the  
24 probationary terms and conditions with the exception of this condition and the following terms  
25 and conditions of probation: Obey All Laws; and General Probation Requirements.

26 11. COMPLETION OF PROBATION. Respondent shall comply with all financial  
27 obligations (e.g., probation costs) not later than one hundred and twenty (20) calendar days prior to  
28 the completion of probation. Upon successful completion of probation, Respondent's certificate

1 shall be fully restored.

2 12. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
3 of probation is a violation of probation. If Respondent violates probation in any respect, the  
4 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
5 carry out the disciplinary order that was stayed. If an Accusation, Petition to Revoke Probation, or  
6 Petition for Interim Suspension Order is filed against Respondent during probation, the Board  
7 shall have continuing jurisdiction until the matter is final, and the period of probation shall be  
8 extended until the matter is final.

9 13. LICENSE SURRENDER. Following the effective date of this Decision, if  
10 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
11 the terms and conditions of probation, Respondent may request to surrender his or her license.  
12 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in  
13 determining whether or not to grant the request, or to take any other action deemed appropriate  
14 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
15 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its  
16 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
17 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
18 application shall be treated as a petition for reinstatement of a revoked certificate.

19 14. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
20 with probation monitoring each and every year of probation, as designated by the Board, which  
21 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of  
22 California and delivered to the Board or its designee no later than January 31 of each calendar  
23 year.

17 related to the qualifications, functions, or duties of a physician and surgeon.

18 A. Law Applicable to Unlawful Use of, and Fraudulent Alteration of, Another's

12 "As used in this section, "license" includes "certificate," "permit," "authority," and  
13 "registration" or any other indicia giving authorization to engage in a business or profession

25 afflicted in this state, or who diagnoses, treats, operates for, or prescribes for any ailment,  
26 blemish, deformity, disease, disfigurement, disorder, injury, or other physical or mental condition  
27 of any person, without having at the time of so doing a valid, unrevoked, or unsuspended  
28 certificate as provided in this chapter [Chapter 5, the Medical Practice Act], or without being

1 authorized to perform the act pursuant to a certificate obtained in accordance with some other  
2 provision of law, is guilty of a public offense, punishable by a fine not exceeding ten thousand  
3 dollars (\$10,000), by imprisonment in the state prison, by imprisonment in a county jail not  
4 exceeding one year, or by both the fine and either imprisonment."

5 10. Section 2261 of the Code states:

6 "Knowingly making or signing any certificate or other document directly or indirectly  
7 related to the practice of medicine or podiatry which falsely represents the existence or  
8 nonexistence of a state of facts, constitutes unprofessional conduct."

9 B. Law Applicable to Unlawful Use of X-ray (DEXA).

10 11. Section 107110 of the Health and Safety Code states, *inter alia*:

11 "It shall be unlawful for any licentiate of the healing arts to administer or use  
12 diagnostic...or therapeutic X-ray on human beings in this state after January 1, 1972, unless that  
13 person is certified pursuant to subdivision (e) of Section 114870...and is acting within the scope  
14 of that certification."

15 12. Section 114870 of the Health and Safety Code states, *inter alia*:

16 "The [Department of Public Health] shall do all of the following:

17 "(e) Provide, upon recommendation of the committee, for certification of licentiates of the  
18 healing arts to supervise the operation of X-ray machines or to operate X-ray machines, or both,  
19 prescribe minimum standards of training and experience for these licentiates of the healing arts,  
20 and prescribe procedures for examining applicants for certification."

21 13. Section 106965 of the Health and Safety Code states, *inter alia*:

22 "(a) It shall be unlawful for any person to administer or use diagnostic or therapeutic X-ray  
23 on human beings in this state after July 1, 1971, unless that person has been certified or granted a  
24 permit pursuant to subdivision (b) ["Radiologic Technologist"] or (c) ["Limited Permit X-ray  
25 Technician"] of Section 114870 or pursuant to Section 114885, is acting within the scope of that  
26 certification or permit, and is acting under the supervision of a licentiate of the healing arts."

1       14. Section 106980 of the Health and Safety Code states, *inter alia*:

2       “Certification in radiologic technology pursuant to subdivision (b) or (c) of Section 114870  
3 shall not authorize any of the following:

4       “(a) The use of diagnostic, mammographic, or therapeutic X-ray equipment except under  
5 the supervision of a certified supervisor or operator.”

6       15. Section 114850 of the Health and Safety Code states, *inter alia*:

7       “As used in this chapter [Chapter 6: “Radiologic Technology”]:

8       “(g) ‘Supervision’ means responsibility for, and control of, quality, radiation safety, and  
9 technical aspects of all X-ray examinations and procedures.”

10       16. Section 107075 of the Health and Safety Code states:

11       “Any person who violates or aids or abets the violation of any of the provisions of the  
12 Radiologic Technology Act (Section 27)<sup>3</sup> or regulation of the [Department of Public health]  
13 adopted pursuant to that act is guilty of a misdemeanor.”

14       C. Law Applicable to Submission of False Insurance Claims.

15       17. Section 810 of the Code states, *inter alia*:

16       “(a) It shall constitute unprofessional conduct and grounds for disciplinary action, including  
17 suspension or revocation of a license or certificate, for a health care professional to do any of the  
18 following in connection with his or her professional activities:

19       “(1) Knowingly present or cause to be presented any false or fraudulent claim for the  
20 payment of a loss under a contract of insurance.

21       “(2) Knowingly prepare, make or subscribe any writing, with intent to present or use the  
22 same, or to allow it to be presented or used in support of any false or fraudulent claim.

23       “(b) It shall constitute cause for revocation or suspension of a license or certificate for a  
24 health care professional to engage in any conduct prohibited under Section 1871.4 of the  
25 Insurance Code or Section 549 or 550 of the Penal Code.”

26  
27       <sup>3</sup> Health and Safety Code, section 27, provides that the *Radiologic Technology Act* is  
28 comprised of sections 106965 through 107120, and Chapter 6 of Part 9 of Division 104 (sections  
114840, et seq.)

1 18. Section 550 of the Penal Code states, *inter alia*:

2 "(a) It is unlawful to do any of the following or to aid, abet, solicit or conspire with any  
3 person to do any of the following:

4 "(1) Knowingly present or cause to be presented any false or fraudulent claim for the  
5 payment of a loss or injury, including payment of a loss or injury under a contract of insurance.

6 "(6) Knowingly make or cause to be made any false or fraudulent claim for payment of a  
7 health care benefit.

8 "(7) Knowingly submit a claim for a health care benefit that was not used by, or on behalf  
9 of, the claimant."

10 19. Section 1871 of the Insurance Code states, *inter alia*:

11 "The Legislature finds and declares as follows:

12 "(h) Health insurance fraud is a particular problem for health insurance policyholders.  
13 Although there are no precise figures, it is believed that fraudulent activities account for billions  
14 of dollars annually in added health care costs nationally. Health care fraud causes losses in  
15 premium dollars and increases health care costs unnecessarily."

17 FACTS RE: UNLAWFUL USE OF X-RAY (DEXA AND  
18 FLUOROSCOPY PERMIT, AND FRAUDULENT CREATION AND  
19 ALTERATION OF DOCUMENTS INCLUDING A FLUOROSCOPY PERMIT.

20 20. - Respondent specializes in internal medicine.

21 21. At all times relevant, Respondent was the President, CEO, and sole owner of Prime  
22 Partners Medical Group, Inc., located at 31720 Temecula Parkway (a.k.a. Highway 79 South),  
23 Suite 200, Temecula, California 92592.

24 22. At all times relevant, Respondent was also the founder, owner, and Medical Director  
25 of Prime Partners IPA<sup>4</sup>, which was located in the same office suite as Prime Partners Medical  
26 Group, Inc.

27 <sup>4</sup> "IPA" stands for Independent Physician Association, a group of physicians that contracts  
28 with Health Maintenance Organizations ("HMOs") to provide medical services to member  
(continued...)

1        23. Prime Partners IPA contracted with Prime Partners Medical Group, Inc. to provide  
2 internal medicine services to the member patients of the HMOs with which Prime Partners IPA  
3 contracted.

4        24. In 2006, Respondent purchased, Prime Partners Medical Group, Inc., a DEXA<sup>5</sup>  
5 machine, in order to be able to perform X-ray bone densitometry scans in his office.

6        25. Respondent was not a Certified Supervisor or Operator, as defined in Health and  
7 Safety Code section 114850, subdivision (i), i.e. he was not certified, pursuant to Health and  
8 Safety Code section 114870, subdivision (e), to operate the DEXA machine or to supervise the  
9 operation of the DEXA machine. As such, he was aware that it was unlawful for him to operate  
10 the DEXA machine.

11       26. Two of Respondent's employees, Gina Bae and Cindy Estacio, each obtained, from  
12 the Radiologic Health Branch of the Department of Public Health ("DPH"), a "Limited Permit in  
13 X-ray Technology," authorizing them to perform procedures in "X-ray Bone Densitometry," and  
14 to use the title, "X-ray Technician." Said Limited Permits, as defined in Health and Safety Code  
15 section 114850, subdivision (g), were issued pursuant to Health and Safety Code section 115870,  
16 subdivision (c), authorizing issuance of "limited radiologic technology permits" to persons who  
17 qualify to become a "limited permit X-ray technician."

18       27. Respondent was aware that, pursuant to Health & Safety Code section 10695,  
19 subdivision (a), and section 10690, subdivision (a), it was unlawful for his X-ray Technicians to  
20 perform DEXA bone scans without supervision by a Certified Supervisor or Operator who had  
21 been issued such certification by the Radiologic Health Branch of the DPH. However, as noted  
22 above, Respondent was not so certified.

23       28. In January, 2006, Respondent approached his colleague, Allen K. Chan, M.D. ("Dr.  
24 Chan"), a vascular surgeon, and asked if Dr. Chan would be willing to loan Respondent his  
25 Fluoroscopy X-ray Supervisor and Operator Permit No. RHC 160940 ("Fluoroscopy Permit"), in  
26 patients of the HMOs.

27       <sup>5</sup> "DEXA" is an acronym for "Dual Energy X-ray Absorptiometry." DEXA scans  
28 measure bone mineral density using two X-ray beams with differing energy levels.

1 return for payment of the sum of One Thousand Dollars (\$1,000.00). Dr. Chan agreed, accepted  
2 the payment, and provided Respondent with a copy of his Fluoroscopy Permit. Dr. Chan's  
3 Fluoroscopy Permit had an expiration date of February 28, 2007.

4 29. Respondent wrote, on a blank piece of paper, a purported handwritten "agreement,"  
5 dated "1/06," which stated, "*I Alan [sic] Chan agree to be supervisor of DEXA for Prime*  
6 *Partners Medical Group. Dr. Alan [sic] Chan has right to quit anytime if he wished to do [sic].*"  
7 The document ("Agreement") was signed by Respondent and Dr. Chan.

8 30. Pursuant to section 30462 of Title 17 of the CCR, Dr. Chan's Fluoroscopy Permit did  
9 not authorize him to perform, or supervise, DEXA bone densitometry scans.

10 31. Moreover, the Radiologic Health Branch of the DPH requires that facilities utilizing  
11 the services of an *off-site* supervisor of X-ray services: (a) enter into a written agreement for said  
12 supervisory services, (b) possess a written "X-ray Policy and Procedure Manual" approved by the  
13 off-site supervisor, and (c) visit the site, on at least a quarterly basis, to observe the X-ray  
14 procedures, and to inspect and review specified matters.

15 32. At the time of the Agreement, Dr. Chan had not been trained in the operation of, or  
16 supervision of the operation of, DEXA bone densitometry scanning machines. Nor did he have  
17 any experience in the operation of, or the supervision of the operation of, DEXA bone  
18 densitometry scanning machines. After signing the Agreement and accepting the \$1,000.00  
19 payment, Dr. Chan never actually supervised a single DEXA scan in Respondent's office, nor did  
20 he perform any of the other duties of an off-site supervisor. Nevertheless, Respondent: (a)  
21 displayed Dr. Chan's Fluoroscopy Permit in his office, falsely representing that Dr. Chan was, in  
22 fact, serving as the off-site supervisor of the DEXA scans performed by Respondent's X-ray  
23 Technicians, and (b) sent the Fluoroscopy Permit to KMS Strategic Services, a.k.a Hemet  
24 Community Medical Group ("Hemet"), which was the management company for Prime Partners  
25 IPA. Hemet was responsible for drafting Prime Partners IPA's contracts and for the credentialing  
26 of physicians who contracted with Prime Partners IPA. By sending the Fluoroscopy Permit to  
27 Hemet, Respondent falsely represented that his practice, Prime Partners Medical Group, which  
28

1 was under contract to Prime Partners IPA, had a proper Supervisor/Medical Director in place to  
2 supervise the DEXA scans Respondent was conducting.

3 33. On August 6, 2007, Respondent was contacted by Sophia Chang at Hemet, and was  
4 asked to provide a copy of Respondent's radiology license for credentialing purposes. That same  
5 day, Respondent sent a letter to Hemet, enclosing a copy of Dr. Chan's then-expired Fluoroscopy  
6 Permit and stating, *inter alia*, "Attached is a copy of the supervising physicians certificate (Dr.  
7 Allen Chan) for the Bone Density machine which is being operated in my office. A contract is in  
8 place with Dr. Chan who has agreed to be the supervising physician pending the completion of  
9 my passing the state supervisor test which is currently in the process. Please note that the  
10 certificate is expired but the updated one will be faxed to you as soon as I receive it."

11 34. Shortly thereafter, Respondent, with the assistance of employee Cindy Estacio,  
12 altered Dr. Chan's Fluoroscopy Permit, to make it appear that the permit was issued in  
13 Respondent's name and was current through February 28, 2009. He asked employee Tanya Uribe  
14 to fax the altered permit to Hemet, but she refused. Respondent tore the altered permit in half and  
15 threw it at Ms. Uribe.

16 35. Approximately one week later, Respondent asked Ms. Uribe to sign an affidavit that  
17 Respondent had prepared, purporting to have her state that Respondent did not alter Dr. Chan's  
18 Fluoroscopy Permit. Ms. Uribe refused. Ms. Uribe resigned from her employment with Prime  
19 Partners Medical Group in November, 2007.

20 36. While employed by Respondent, between January, 2006 and November, 2007, Ms.  
21 Uribe witnessed Respondent performing DEXA scans himself on numerous occasions.

22 37. On February 23, 2011, in an interview with Board Investigator Jennifer Doll and  
23 others, Respondent falsely claimed that:

- 24 (a) Respondent never operated the DEXA machine himself;
- 25 (b) Dr. Chan's Fluoroscopy Permit qualified him to act as the Supervisor/Medical Director,  
26 supervising Respondent's use of the DEXA scans;
- 27 (c) From January, 2006 through approximately July of 2008, when he "resigned," Dr. Chan  
28 acted as the Supervisor/Medical Director of Respondent's practice;

1 (d) There is no legal requirement that a designated supervisor of DEXA scans must  
2 actually ever show up and be present to supervise the operation of the machine by the X-ray  
3 Technicians;

4 (e) Respondent did not pay Dr. Chan the \$1,000.00 in 2006 at the time he borrowed Dr.  
5 Chan's Fluoroscopy Permit and wrote the Agreement; instead, he paid him the \$1,000.00 in 2007  
6 after learning that that the Fluoroscopy Permit Dr. Chan provided Respondent in 2006, at the time  
7 of the Agreement, had expired on February 28, 2007;

8 (f) The \$1,000.00 payment was partly to get a copy of Dr. Chan's then-current Fluoroscopy  
9 Permit, partly in return for Dr. Chan's continued service as Supervisor/Medical Director, and  
10 partly "out of appreciation of what he's been [sic] done for us";

11 (g) Dr. Chan's Fluoroscopy Permit was not altered by Respondent, nor was it altered at his  
12 direction; instead, his employee, Cindy Estacio, made a copy of the document, replacing Dr.  
13 Chan's name with Respondent's name, for the sole purpose of showing Respondent what his own  
14 permit would look like if he obtained one, i.e., showing him that "this would be yours if you ever,  
15 you know, get it certified on this and don't have to hassle with it"; and

16 (h) Respondent believes that Dr. Festus Dada, with whom he was having business disputes,  
17 altered Dr. Chan's Fluoroscopy Permit and submitted it to Hemet "to try to got [sic] me in trouble  
18 in some directions."

#### 19 FACTS RE SUBMISSION OF FALSE INSURANCE CLAIMS

##### 20 A. Claims for Interpretation of DEXA Scan Results.

21 38. Patients GG, WP, BA and YD<sup>6</sup> were referred to Respondent, by their own treating  
22 physicians, for DEXA bone densitometry scans. Upon such referrals, Respondent had his X-ray  
23 technicians perform the scan and forward the written report of the scan results to the respective  
24 patients' physicians for interpretation.

25  
26  
27 <sup>6</sup> To protect their privacy, all patients referenced in this Accusation will be identified by  
28 their initials.

1 39. Despite the fact that Respondent did not provide any interpretation of the bone scan  
2 results for patients GG, WP, BA or YD, Respondent knowingly, and falsely, billed said patients  
3 respective health insurance providers and/or Medicare for interpretation of the bone scans.

4 B. Claims for Surgical Vein Procedures Not Performed.

5 40. In 2005 and 2006, Respondent performed non-surgical vein removal procedures in his  
6 office, with a machine identified as a Cutera XEO, which utilized a laser beam. With the patient  
7 under a local anesthesia applied to the surface of the skin, the procedure involves applying the  
8 laser beam to the surface of the skin, heating the vein until the vein collapses.

9 41. In 2005 and 2006, Respondent performed non-surgical laser vein removal procedures  
10 on over twenty (20) patients. For each of these procedures, Respondent, through his billing  
11 contractor, Pinnacle Billing Service<sup>7</sup>, fraudulently billed Medicare and/or each patient's health  
12 insurance provider three thousand dollars (\$3,000.00), for a total in excess of sixty-thousand  
13 dollars (\$60,000.00) utilizing the erroneous CPT Codes<sup>8</sup> "36478" and "36479."<sup>9</sup>

14 42. As a result of Respondent's fraudulent billing practices, as described in paragraph 40,  
15 he wrongfully received in excess of thirty-five thousand dollars (\$35,000.00) in reimbursements.

16 43. Upon reviewing an insurance company check, payable to Respondent, for an amount  
17 that appeared excessive, Respondent's employee, Tanya Uribe, researched the CPT Code utilized  
18 by Respondent and determined that it was for a surgical vein procedure not performed by  
19 Respondent. She printed out a description of the procedure and showed it to Respondent, who  
20 looked at the printout and promptly threw it in the trash, without explanation.

21  
22 <sup>7</sup> Complainant does not allege that Pinnacle Billing Service had any knowledge of  
Respondent's fraudulent billing practices until July of 2008, when Pinnacle brought it to  
Respondent's attention and terminated its contract with Respondent.

23 <sup>8</sup> "CPT" stands for "Current Procedural Terminology." These codes, developed by the  
24 American Medical Association, describe every type of service a healthcare provider may provide  
to a patient. They are used to make a list of those services, then to submit to insurance or  
25 Medicare or another payer for reimbursement purposes.

26 <sup>9</sup> CPT Codes 36478 and 36479 refer to surgical vein removal procedures which require  
entry through the skin into the vein, and use ultrasound to monitor the vein collapse. CPT Code  
36478 refers to the "first vein treated" on a particular patient. CPT Code 36479 refers to the  
27 "second and subsequent veins treated in a single extremity" on that patient. These codes were  
readily available to Respondent on the American Medical Association's website. Respondent is  
28 not a vascular surgeon, and has never performed these procedures.

1           44. In an interview with a Board investigator and others, on February 23, 2011,  
2 Respondent falsely claimed that he was unaware of the erroneous billings until he was informed,  
3 in July of 2008, of same by Pinnacle Billing Service. (*See paragraph 45, below.*)

4           45. On July 10, 2008, Pinnacle Billing Service informed Respondent that it had  
5 discovered Respondent's wrongful use of the 36478 and 36479 CPT Codes and was, therefore,  
6 exercising its contractual right to terminate its contract with Respondent, citing Respondent's  
7 "improper and perhaps illegal conduct."

8           46. Despite actual knowledge, no later than July of 2008, that he had received substantial  
9 payments for a surgical vein removal procedure he never performed, Respondent did not advise  
10 the affected patients, or Medicare, of the "billing error" until July of 2010. As of this date, no  
11 portion of those payments has been returned by Respondent.

24 Chan was acting as Respondent's off-site supervisor of Respondent's DEXA bone densitometry  
25 scans, and (ii) fraudulently altering Dr. Chan's expired Fluoroscopy Permit to make it appear that  
26 the permit had been issued in Respondent's name and was current.

1                                    SEVENTH CAUSE FOR DISCIPLINE

2                                    (Unprofessional Conduct: Dishonesty)

3                                    (Submission of False Claims for Surgical Vein Procedures)
