20 medicine.

21 Respondent's period of non-practice while on probation shall not exceed two (2) years.

22 Periods of non-practice will not apply to the reduction of the probationary term.

23 Periods of non-practice for a Respondent residing outside of California will relieve

26 General Probation Requirements; and Quarterly Declarations.

3 days prior to the completion of probation. Upon successful completion of probation,
4 Respondent's certificate shall be fully restored.

5 12. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
6 of probation is a violation of probation. If Respondent violates probation in any respect, the
7 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
8 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke
9 Probation, or an Interim Suspension Order is filed against Respondent during probation, the
10 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall
11 be extended until the matter is final.

12 13. LICENSE SURRENDER. Following the effective date of this Decision, if
13 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
14 the terms and conditions of probation, Respondent may request to surrender his or her license.
15 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
16 determining whether or not to grant the request, or to take any other action deemed appropriate
17 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
18 shall within fifteen (15) calendar days deliver Respondent's wallet and wall certificate to the
19 Board or its designee and Respondent shall no longer practice medicine. Respondent will no
20 longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical
21 license, the application shall be treated as a petition for reinstatement of a revoked certificate.

23 with probation monitoring each and every year of probation, as designated by the Board, which
24 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
25 California and delivered to the Board or its designee no later than January 31 of each calendar

12 Plastic Surgery,¹ located at 8907 Wilshire Boulevard, Suite 100, Beverly Hills, California 90211.
13 At that time, he employed O.K., a licensed vocational nurse. O.K. performed aesthetic
14 procedures, including neurotoxin and filler injections. At that time, Respondent also subleased
15 space to another plastic surgeon, Dr. A.P., who also saw patients at Art & Science Plastic
16 Surgery.

17 14. On April 29, 2016, C.V., an investigator with the Department of Consumer Affairs
18 Division of Investigation, and G.V., a supervising investigator with the Department of Consumer
19 Affairs, Division of Investigation, performed an undercover operation (“U.C.”) wherein they
20 visited Art & Science Plastic Surgery for a pre-scheduled medical appointment.²

21 ///

22 ///

23 ///

24

25 ¹ Art & Science Plastic Surgery has never been issued a Fictitious Name Permit by the Board.

26 ² On April 12, 2016, Investigator C.V. contacted (213) 700-0678 by text, posing as someone
27 wanting lip fillers and Botox. Investigator C.V. subsequently received a series of replies throughout the
28 following days from an unidentified individual stating that the next available appointment was April 29,
2016 at 11:00 a.m. Investigator C.V. was instructed to go to Art & Science Plastic Surgery, 8907 Wilshire
Boulevard, Los Angeles, California 90211, for the appointment. She was also provided pre-procedure
instructions to reduce the risk of bruising and swelling.

1 15. Upon her arrival, C.V. was instructed by the front desk clerk to complete the
2 following forms: Art & Science Plastic Surgery Patient Information/Questionnaire; Art &
3 Science Plastic Surgery HIPAA Information and Consent Form; Art & Science Plastic Surgery
4 Photographic Release; Art & Science Plastic Surgery Informed Consent for Botox/Dysport
5 Botulinum Toxin Type A; Art & Science Plastic Surgery Disclosure and Consent – Restylane,
6 Juvederm, Hydrelle, Voluma, Belotero Balance, and/or Radiesse Injections; and Patient-Physician
7 Arbitration Agreement. C.V. completed the forms as instructed, returned them to the front desk
8 clerk and then remained in the waiting room to be called for her appointment.

9 16. C.V. was then called for her appointment. O.K. approached C.V. and identified
10 herself as the nurse who would be providing the treatment. O.K. then escorted C.V. and G.V. to
11 an examination room.

12 17. Once in the examination room, O.K. looked at the paperwork that C.V. had
13 previously completed and then asked C.V. what she wanted to have done. C.V. stated that she
14 was interested lip augmentation and Botox on her forehead. O.K. examined C.V., asked a series
15 of health questions and then explained the most beneficial treatments. O.K. pointed out several
16 areas of C.V.'s face that could use aesthetic treatments, included Botox to her forehead, fillers to
17 augment her lips and other fillers around her nose, under her eyes and on her cheeks to minimize
18 lines and give her face a more youthful appearance. O.K. explained the procedures, what
19 products she would use, the purpose of the products, the potential side effects and the costs for the
20 products. She identified the products to be used as Botox,³ Juvederm,⁴ Resylane,⁵ and Radiesse.⁶

21 ³ Botox is an acetylcholine release inhibitor and a neuromuscular blocking agent. It is a dangerous
22 drug pursuant to Business and Professions Code section 4022, and can only be dispensed upon a
prescription.

23 ⁴ Juvederm is a sterile, biodegradable, non-pyrogenic, viscoelastic, clear, colorless, homogeneous,

practitioner.

27 ⁶ Radiesse is an opaque, sterile, non-pyrogenic, semi-solid, cohesive implant, whose principle
28 component is synthetic calcium hydroxylapatite suspended in a gel carrier of sterile water for

1 The costs were \$300 for Botox on her forehead; \$550 for Juvederm to her lips; \$550 for Radiesse
2 around her eye/nose area; and \$600 for Restylane on her cheeks. O.K. also explained her
3 experience in doing aesthetics, including that she had been doing aesthetics for over 7 years,
4 treating on average 10 patients a day, 5 days a week.

5 18. O.K. then indicated that if C.V. was ready to start the procedures, O.K. would apply
6 the numbing cream to the areas being treated since it would take 20-30 minutes for the cream to
7 take effect. C.V. stated that she was nervous about having the procedures done and requested
8 time to speak with G.V. privately. O.K. exited the room to allow C.V. and G.V. to converse
9 privately.

10 19. When O.K. returned to the examination room, she was accompanied by another
11 female whom O.K. identified as "Dr. A.P." O.K. told C.V. that she wanted C.V. to see Dr.
12 A.P.'s lips in order to get an idea of the end results of aesthetic treatments.

13 20. Dr. A.P. stood by the doorway and stated that she recently had her lips augmented.
14 Dr. A.P. stated that O.K. was a very skilled nurse and had the ability to either subtly or obviously
15 augment C.V.'s lips. Dr. A.P. did not ask C.V. any questions about her health history. Dr. A.P.
16 then exited the examination room.

17 21. C.V. then told O.K. that she was ready to proceed with the procedures. Specifically,
18 the recommended lip augmentation and the filler injections.

19 22. O.K. applied a numbing cream to C.V.'s face. O.K. indicated that they would need to
20 wait 20 to 30 minutes before the fillers would be injected. O.K. then stepped out of the room and
21 returned with several items, including syringes. O.K. prepared the syringes with the fillers,
22 including Botox and Juvederm.

23 23. O.K. picked up one of the prepared syringes and indicated that she would start on
24 C.V.'s lips with the Juvederm. O.K. approached C.V. with the syringe and once she was about to
25 inject C.V.'s lips, C.V. instructed O.K. to stop and immediately identified herself as Investigator
26 C.V. At this time, Supervising Investigator G.V. also revealed his true identity.

27 injection. It also contains glycerin and sodium carboxymethylcellulose. It is a dangerous device
28 pursuant to Business and Professions Code section 4022, and can only be sold by or on the order of a
physician or licensed practitioner.

1 24. Investigators C.V. and G.V. explained the purpose of their visit: that O.K. was
2 practicing medicine without a license. O.K. denied that she was working independently and
3 identified Dr. A.P. and Respondent as her supervising physicians.

4 25. O.K. insisted that although she was the one to ask Investigator C.V. a series of health
5 questions, perform the examination and recommend the treatment plan, she consulted with Dr.
6 A.P. when she stepped out of the exam room. Dr. A.P. agreed that Investigator C.V. was a
7 suitable candidate for aesthetic services. She further insisted that with all patients she treats, they
8 are first examined by Dr. A.P. or Respondent and she is then instructed to carry out the treatment
9 plan.

10 26. O.K. then called Dr. A.P. and Respondent to the examination room. Both Dr. A.P.
11 and Respondent identified themselves as O.K.'s supervising physicians. O.K. then stated to Dr.
12 A.P., "I talked to you about her care and you agreed that I could perform the procedures." Dr.
13 A.P. stated that O.K. briefed her about the care and Dr. A.P. delegated the performance of the
14 treatment to O.K. Dr. A.P. also stated that when she entered the room, she performed the initial
15 examination. Dr. A.P. also added that by looking at Investigator C.V.'s face, she observed that
16 the investigator was a good candidate for fillers and Botox.

17 27. Prior to leaving the examination room, Investigator C.V. confiscated the following
18 items:

- 19 • A prescription topical ointment jar: 450 B-L-T (20%, 8%, 6%) Cream
- 20 prescribed to Respondent with an expiration date of February 23, 2016;
- 21 • One box containing Juvederm Ultra Plus XC;
- 22 • One box containing Botox Cosmetic for injection (100 units/vial);
- 23 • One box containing Radiesse Volume Advantage (1.5 cc);
- 24 • One box containing Restylane-L injectable Gel with Lidocaine (1 ml);
- 25 • Accessory Kit;
- 26 • One empty box labeled Botox Cosmetic (100 units/vial);
- 27 • Three 30-unit syringes filled with clear liquid;
- 28 • One Juvederm Ultra Plus XC 1.0 ml syringe filled with clear liquid;

- Three syringe needles; and
- Medical Chart for C.V.

STANDARD OF CARE

28. The standard of care requires that when a physician employs a nurse practitioner to perform esthetic injections, the physician must supervise the nurse. This supervision by the physician includes reviewing the patient's history and concerns, conducting an initial physical examination, discussing the best treatment options to offer with the nurse and obtaining informed consent from the patient prior to proceeding with the treatment. The physician must have policies and procedures in place to ensure proper protocol and treatment of emergency complications.

FIRST CAUSE FOR DISCIPLINE

(Aiding and Abetting Unlicensed Practice of Medicine)

29. By reason of the facts set forth above in paragraphs 13 through 28, Respondent is subject to disciplinary action pursuant to sections 2264, and 2234, subdivision (a), as defined by section 2052, subdivision (b), of the Code, in that he aided and abetted the unlicensed practice of medicine, as more particularly alleged hereinafter:

a. Respondent failed to supervise O.K. during Investigator C.V.'s April 29, 2016 medical visit at Art & Science Plastic Surgery.

30. Respondent's acts and/or omissions set forth in paragraphs 13 through 28, above, whether proven individually, jointly, or in any combination thereof, constitute aiding or abetting of any unlicensed person to engage in the practice of medicine in violation of sections 2264, and 2234, subdivision (a), as defined by section 2052, subdivision (b), of the Code. Therefore, cause for discipline exists.
